Mengaku tidak bersalah terima RM36,000 babit tender khidmat pembersihan awam

Oleh Norzamira Che Noh

Shah Alam: Seorang pegawai tadbir Majlis Bandaraya Shah Alam (MBSA) dihadapkan ke Mahkamah Sesyen di sini, semalam, atas empat pertuduhan menerima suapan berjumlah RM36,000 pada 2014.

Azlan Dolah, 45, bagaimanapun mengaku tidak bersalah selepas semua pertuduhan dibacakan terhadapnya di hadapan Hakim Rozilah Salleh.

Mengikut kertas pertuduhan, Azlan sebagai pegawai tadbir Gred N44 didakwa menerima suapan berjumlah RM36,000 daripada seorang individu menerusi empat cek pada Jun dan Julai 2014.

Tertuduh didakwa menerima suapan berkaitan tender Perkhidmatan Pembersihan Awam di Zon SA25 (A) Seksyen 32, Shah Alam, untuk MBSA.

Justeru, tertuduh didakwa melakukan kesalahan yang boleh dihukum mengikut Seksyen 165 Kanun Keseksaan (Akta 574).

Jika sabit kesalahan, tertuduh boleh dihukum penjara hingga

dua tahun atau denda atau kedua-duanya.

Pendakwaan dikendalikan Timbalan Pendakwa Raya Suruhanjaya Pencegahan Rasuah Malaysia (SPRM), Fadhli Ab Wahab.

Pihak pendakwaan menawarkan jaminan RM20,000 dengan seorang penjamin warganegara berserta syarat tambahan perlu menyerahkan pasport bagi simpanan mahkamah dan melaporkan diri di Pejabat SPRM Selangor pada minggu pertama setiap bulan.

Peguam, Azizzul Shariman

Mat Yusoff yang mewakili tertuduh pula meminta mahkamah mengurangkan jaminan kerana tertuduh digantung tugas hingga kes selesai dan hanya akan menerima separuh gaji bulanan.

Beliau berkata, tertuduh juga perlu menyara tiga anak dan isteri, selain menanggung ibu menghidap penyakit kencing manis serta strok, dan bapa yang juga pesakit kanser.

Mahkamah kemudian menetapkan ikat jamin RM13,000 dengan syarat tambahan, dan tarikh sebutan semula kes pada 25 Ogos ini.

Selangor komited sedia kemudahan bantu PKS

Selangor akan terus menyediakan kemudahan bagi menyokong perusahaan kecil dan sederhana (PKS) serta syarikat pemula niaga mendepani cabaran dalam perniagaan dengan beralih ke arah digital.

Pengerusi Jawatankuasa Tetap Pelaburan, Industri dan Perdagangan, Perusahaan Kecil dan Sederhana, Datuk Teng Chang Khim, berkata pandemik yang melanda menjejaskan syarikat tradisional, akibat Perintah Kawalan Pergerakan (PKP) yang berlanjutan.

Beliau bagaimanapun berkata, masih terdapat perniagaan berkaitan teknologi pertanian, teknologi perbankan, teknologi hijau, e-dagang dan perbandaran pintar menunjukkan peningkatan memberangsangkan.

“Penyelesaian e-dagang, teknologi perbankan dan perbandaran pintar sangat relevan pada ketika ini bagi memastikan perniagaan masih dapat diteruskan walaupun dalam keadaan masih menjaga keselamatan.

“Ini adalah fokus utama kerajaan Selangor untuk memulihkan ekonomi melalui digitalisasi, penggunaan teknologi dalam operasi perniagaan dan menjamin keselamatan makanan,” katanya.

Beliau berkata demikian ketika melancarkan siri keempat Selangor Accelerator Programme

(SAP) 2021, inisiatif di bawah Selangor Information Technology and Digital Economy Corporation (SIDEK) secara maya, semalam.

Mengulas lanjut, Chang Khim berkata, Selangor melancarkan pelbagai siri program pendigitalan seperti empat pusingan kempen Selangor e-Bazar dengan jumlah pembiayaan sebanyak RM7 juta.

Teng Chang Khim

Beliau berkata, kempen e-Bazar itu memberi manfaat kepada hampir 300,000 peniaga dalam talian termasuk 75,000 peniaga baharu, menjana jualan langsung sebanyak RM145 juta, sekali gus memberi impak RM2.95 bilion kepada ekonomi Selangor.

Kerajaan Selangor juga, katanya, terus memberi sokongan kepada PKS melalui Geran Padanan Digitalisasi PKS Selangor yang bertujuan untuk membantu PKS mengambil langkah pertama untuk mendigitalisasikan perniagaan.

Inisiatif itu, tegasnya, diharap dapat memberi manfaat kepada 1,000 PKS Selangor dengan geran keseluruhan bernilai RM5 juta.

“Untuk kumpulan pertama, kami mengagihkan RM1.2 juta kepada 280 PKS daripada 492 pemohon. PKS boleh mula mendaftar untuk kumpulan kedua geran ini mulai 1 Ogos sehingga 31 Oktober 2021,” katanya.

'Saya risau JDT bukan Selangor'

Mora ambil sikap waspada bertandang ke laman Red Giants

Oleh Rizar Mohd Noor
 rizar@mediaprima.com.my

Johor Bahru: Johor Darul Ta'zim (JDT) mengambil pendekatan berwaspada apabila turun menentang Selangor FC pada aksi Liga Super di Stadium Majlis Bandaraya Petaling Jaya (MBPJ), malam ini.

Pengendali pasukan, Benjamin Mora mengakui tugas rumit bakal menanti mereka berdepan skuad kendalian Karsten Neitzel, namun sudah bersedia meneruskan momentum kemenangan.

"Sudah tentu saya inginkan kemenangan bertemu Selangor FC. Bermain dengan corak per-

mainan yang lebih konsisten selain pemain diturunkan nanti tampil dengan lebih agresif dan mengikut taktikal dirancang.

"Pemain perlu fokus apabila beraksi di padang dan ia penting untuk tampil dengan prestasi lebih baik dan itu yang saya harapkan. Dari situ baru saya dapat nilai kerana saya tidak bimbang dengan prestasi Selangor FC.

"Saya tidak terlalu risaukan Selangor FC, saya risau akan JDT. Saya risaukan permainan JDT, sebabnya jika JDT melakukan tugasnya secara 100 peratus, ia akan menjadi sangat sukar untuk pasukan lawan mendapatkan peluang tapi jika kami tidak fokus dan memberikan peluang, mereka akan hukum kami," katanya.

Pada pertembungan pusingan pertama di Stadium Sultan Ibrahim pada 17 Mac lalu, JDT terikat 1-1 dengan skuad The Red Giants dan aksi kedua dilihat menarik tatkala JDT mahu terus melebarkan rekod kemenangan untuk kekal di tangga teratas.

Tegas Mora lagi, aksi 90 minit

perlawanan pasti menarik kerana bukan sahaja JDT mahukan kemenangan malah Selangor FC juga berazam untuk bangkit selepas mencatat keputusan seri 1-1 ketika menentang KL City FC.

Katanya, JDT tidak boleh ambil sikap mudah kerana Selangor FC adalah pasukan yang bagus walaupun ia berada di tangga kelima tapi menunjukkan semangat untuk melawan bagi merebut kejuaraan liga.

Katanya, saingan pada musim ini jelas sengit berikutan Terengganu FC, Kedah Darul Aman FC dan Penang FC sudah mula mempamerkan aksi mantap sekali gus memaksa JDT tidak boleh silap percaturan dan kecikiran mata.

Kerajaan negeri siasat dakwaan

SHAH ALAM: Siasatan dan pengesahan sempadan hutan simpan perlu dilakukan terlebih dahulu bagi mengesahkan aktiviti pertanian yang didakwa melibatkan penanaman pokok durian di satu kawasan di Hutan Simpan Bukit Cerakah di Sungai Buloh benar-benar mencerooboh.

Hal itu dijelaskan Exco Pelancongan dan Alam Sekitar, Hee Loy Sian yang memaklumkan pihaknya akan menyiasat dan mendapatkan maklumat terperinci berhubung dakwaan terbabit.

Bagaimanapun, Exco itu mengakui setakat ini beliau tiada maklumat berhubung perkara itu dan menegaskan tindakan akan diambil jika benar aktiviti pertanian itu mencerooboh.

"Kita kena siasat dahulu sama ada tanah itu benar-benar di bawah hutan simpan ataupun tidak, kalau sah, kita kena ambil tindakan. Setakat ini yang saya tahu, pencerobohan hutan simpan di Selangor untuk penanaman durian tidak ada, tetapi pokok kelapa sawit banyak.

"Aduan boleh dibuat melalui Jabatan Perhutanan ataupun kepada saya," katanya ketika dihubungi semalam.

Sementara itu, Timbalan Pengarah (Operasi Hutan) Norddin Noor pula menjelaskan, pihaknya juga perlu melakukan siasatan bagi memastikan status tanah kawasan hutan yang ditebang.

"Kita siasat dan buat pengesahan sempadan, ia atau tidak (berlaku pencerobohan). Kita hendak mengesahkan sempadan untuk menentukan sama ada kawasan yang mereka buat aduan itu hutan simpan ataupun bukan.

"Selepas itu, kalau betul hutan simpan, kita kena ambil tindakan menggunakan akta kita (Akta Perhutanan Negara 1984). Kalau bukan hutan simpan, kita tidak akan ambil tindakan," kata beliau.

JDT sukar digugat jika semua 'menjadi'

Oleh **MOHAMAD FAIZAL HASHIM**
 utusannews@mediamulia.com.my

JOHOR BAHRU: Jika Johor Darul Ta'zim (JDT) mampu memberi aksi 100 peratus di atas padang, sukar untuk mana-mana lawan mengalahkannya, termasuk Selangor.

Itu amaran pengendali Harimau Selatan, Benjamin Mora menjelang pertemuan 'dua gergasi' bola sepak tempatan dalam saingan Liga Super di Stadium Majlis Bandaraya Petaling Jaya (MBPJ) malam ini.

Kemenangan akan mengukuhkan kedudukan JDT selaku pendahulu liga, sekali gus terus berada di landasan untuk memburu kejuaraan kelapan berturut-turut.

"Saya tak hirau sangat tentang Selangor. Sekiranya pemain dapat menjalankan tugas dengan baik dan memberi tumpuan penuh 100 peratus di atas padang, sukar untuk pasukan lawan berpeluang meraih kemenangan.

"Jika pemain hilang fokus, ia akan memberi ruang kepada lawan untuk mendatangkan masalah. Kunci perlawanan terletak di tangan pemain, sejauh

Mora juga lega beberapa pe-

main utama seperti Leandro Velazquez dan Mauricio Dos Santos akan kembali menyertai kem Harimau Selatan dan cergas untuk diturunkan.

"Velazquez akan kembali untuk aksi melawan Selangor.

"Dia sebelum ini digugurkan daripada kesebelasan utama menentang UiTM FC kerana mengalami kecederaan ringan dan kami tidak mahu mengambil risiko.

"Mauricio juga sudah pulih dan bersedia untuk aksi seterusnya," katanya.

Menurut jurulatih kelahiran Mexico itu, dia turut berharap Safawi Rasid yang menjangkakan satu gol ketika menewaskan UiTM FC 3-1 dalam aksi terakhir mampu mempamer taringnya menentang Gergasi Merah.

Sementara itu, Selangor tidak boleh kecikiran mata lagi jika mahu mencabar kelompok teratas selepas diikat 1-1 oleh Kuala Lumpur dalam aksi terakhir, Sabtu lalu.

Berita kapten mereka, Brendan Gan disahkan mengidap kanser testis akan menguatkan semangat untuk memberi keceriaan buat bintang tengah itu.

'Kami kini asnaf sementara'

Kuala Lumpur: Ini semua Allah yang atur. Dia nak bagi rezeki macam ini," kata isteri Man Kidal, Norlaila Yusof berkenaan kehadiran pegawai Lembaga Zakat Selangor (LZS) ke rumah mereka di Damansara, Petaling Jaya, Jumaat lalu untuk menghulurkan bantuan bimbingan keperluan asas.

Norlaila ketika dihubungi berkata, pada saat mereka mengalami kesempitan hidup akibat suaminya hilang mata pencarian sejak penularan Covid-19, bantuan ini amat berharga.

"Alhamdulillah, ada orang nak bagi. Kita dah dua tahun tak kerja. Ada orang bersimpati, kita nak tolak pun tak boleh. Saya tak minta apa-apa, tapi terkejut melihat mereka datang.

"Saya juga diminta isi borang bagi mendapatkan bantuan pada masa depan. Namun, nama Abang Man diletakkan asnaf dalam kurungan dan saya mulanya terkejut.

"Namun, saya fikir balik, apa nak malu. Orang nak cakap apa-apa terpulanglah. Kalau tak tolong tak apa, tapi janganlah kecam. Sebaliknya doakan yang baik-baik," katanya.

Menerusi bantuan ini, Man Kidal, 57, yang turut positif Covid-19 baru-baru ini, diletakkan dalam kategori asnaf sementara sehingga dapat bangkit semula.

MAN Kidal bersama isteri, Norlaila.

Bantuan terbabit berupa wang bulanan, tunggakan bil utiliti dan sewa rumah.

Norlaila berkata, dia tidak mahu sesetengah pihak tersalah anggap yang mereka meminta-minta.

"Memang ada kes begini sehingga sanggup hubungi anak saya kata macam-macam antaranya kamu tidak malu, kamu adik-beradik tak boleh tolong ibu bapa.

"Kami juga dikata meminta sana sini seperti permintaan sedekah. Mestilah dia sedih sehingga menangis. Dia pun susah dan ada keluarga.

"Saya cakap terus terang kami bukan keturunan orang kaya yang banyak duit dan harta. Bila orang hulurkan bantuan apa salahnya saya terima. Orang ta-

nya apa lagi yang perlu. Saya luahkan benda yang jujur," katanya.

Menurutnya, tanpa disangka luahannya menerusi media mendapat respons yang baik termasuk dari LZS.

"Wakil LZS puji saya kerana jujur cerita semua masalah tanpa perlu berselindung. Tiada sebab untuk saya malu.

"Saya sedar ramai yang pertikai kenapa tak jual gitar? Ia samalah dengan kereta. Kalau perlu sangat nak cari rezeki ke sana dan ke sini, takkan nak dijual?"

"Gitar itu Abang Man guna 40 tahun untuk bagi keluarga makan. Saya sangat menghargainya. Dia pun pesan kalau dia tiada nanti jangan bagi orang lain," katanya.

Shah Alam: Kerajaan Selangor terus memberi sokongan kepada perusahaan kecil dan sederhana (PKS) melalui Geran Padanan Digitalisasi PKS Selangor bagi membantu golongan itu mengambil langkah pertama untuk mendigitalisasikan perniagaan mereka.

Exco Perdagangan dan Industri Selangor, Datuk Teng Chang Khim berkata, akibat pandemik Covid-19 ini, banyak syarikat tradisional terjejas akibat Perintah Kawalan Pergerakan (PKP) yang berlanjutan.

Namun katanya, perniagaan berkaitan teknologi pertanian, teknologi perbankan, teknologi hijau, e-dagang dan perbandaran pintar semakin berkembang pesat.

"Penyelesaian e-dagang, teknologi perbankan dan perbandaran pintar adalah sangat relevan ketika ini bagi memastikan perniagaan masih dapat diteruskan walaupun dalam keadaan mencabar sekarang.

"Ini fokus utama kerajaan Selangor untuk memulihkan ekonomi melalui digitalisasi, penggunaan teknologi dalam operasi perniagaan dan dalam memastikan keselamatan negara terjamin," katanya pada majlis pelancaran *Selangor Accelerator Programme (SAP) 2021* secara maya, semalam.

30 syarikat pemula sertai SAP 2021

SHAH ALAM - Sebanyak 30 daripada 165 syarikat pemula terpilih menyertai kohort keempat Program Accelerator Selangor (SAP) 2021 anjuran Perbadanan Teknologi Maklumat dan Ekonomi Digital Selangor (Sidec).

Exco Pelaburan, Perindustrian dan Perdagangan, Industri Kecil dan Sederhana (IKS), Datuk Teng Chang Khim berkata, lima fokus utama tahun ini ialah bidang pertanian, teknologi perbankan, teknologi hijau, e-dagang dan perbandaran pintar atau Smart City Solutions.

Menurutnya, sembilan daripada syarikat terpilih menawarkan penyelesaian e-dagang, diikuti teknologi pertanian (6), teknologi perbankan (6), penyelesaian teknologi hijau (6), teknologi pendidikan (3) dan perbandaran pintar (1).

“Sebanyak 10 syarikat terbaik bakal membawa pulang faedah tambahan manakala lima lagi akan membawa pulang wang daripada kumpulan hadiah

wang tunai bernilai RM50,000 serta faedah tambahan lain,” katanya pada perasmian SAP 2021 secara maya pada Selasa.

Turut hadir ialah penaja utama SAP 2021, Affin Bank diwakili Pengarah Eksekutif Perbankan PKS, Affin Bank, Lim Kee Yeong dan Ketua Pegawai Eksekutif Sidec, Yong Kai Ping.

Antara 30 syarikat terpilih ialah Arleta Tech Sdn Bhd, Boss Boleh Sdn Bhd, Bukit Bunga Dinamik Sdn Bhd, Deepagi Enterprise, Duittech International Sdn Bhd, EdaBeran Group Sdn Bhd, Emerging Payments Sdn Bhd, EMLAB Sdn Bhd, Geomax Rubber Innovative Products Sdn Bhd dan GFI Fintech Sdn Bhd.

Chang Khim berkata, pandemik Covid-19 menjejaskan syarikat lama sementara perniagaan teknologi pertanian, teknologi perbankan, teknologi hijau, e-dagang dan perbandaran pintar dilihat semakin berkembang. Jelasnya,

situasi itu menunjukkan penyelesaian e-dagang, teknologi perbankan dan perbandaran pintar sangat relevan bagi memastikan perniagaan dapat diteruskan walaupun dalam keadaan pandemik.

“Ini adalah fokus utama kerajaan Selangor memulihkan ekonomi melalui digitalisasi, penggunaan teknologi dalam operasi perniagaan, dan juga dalam memastikan keselamatan makanan terjamin.

“Selangor berjaya melancarkan pelbagai siri program pendigitalan seperti empat pusingan kempen Selangor E-Bazar dengan jumlah pembiayaan sebanyak RM7 juta memberi manfaat kepada hampir 300,000 peniaga dalam talian termasuk 75,000 peniaga baharu, menjana jualan langsung sebanyak RM145 juta,” katanya.

SAP merupakan program berstruktur yang berlangsung selama tiga bulan bertujuan memberi persiapan agar 30 syarikat pemula itu bersedia untuk menerima pelaburan.

Lima syarikat terbaik juga akan berpeluang mendapatkan pelaburan.

Pendahulu Liga Super, Johor Darul Ta'zim (JDT) tekad untuk meraih tiga mata penuh ketika menentang Selangor FC di Stadium Majlis Bandaraya Petaling Jaya (MBPJ), Kelana Jaya pada Rabu.

Pengendali JDT, Benjamin Mora berkata, dia mengharapkan permainan terbaik dapat dipamerkan para pemainnya sekali gus membolehkan mereka membawa pulang tiga mata berharga di gelanggang Red Giants.

"Sudah tentu saya mahu sentiasa menang. Saya sentiasa harapkan satu permainan yang bagus dan saya harap pemain dapat lakukan yang terbaik serta fokus di atas padang.

"Saya juga tidak risaukan sangat mengenai Selangor. Saya lebih risaukan pasukan saya sendiri. Jika pemain JDT dapat lakukan kerja dengan bagus, maka tiada ruang untuk lawan mencipta peluang.

"Namun, jika kita tidak fokus dan beri peluang kepada lawan, maka lawan akan boleh mendatangkan masalah kepada pasukan. Selangor juga sebuah pasukan yang bagus dan ia akan menjadi perlawanan yang sukar buat kami," katanya.

Pengendali Selangor FC, Karsten Neitzel pula berkata, dia sudah merangka strategi terbaik buat Gergasi Merah bagi memerangkap skuad Harimau Selatan kali ini.

"Menentang JDT sentiasa menjadi perlawanan yang istimewa bukan sahaja kepada Selangor, tetapi juga kepada JDT.

Untuk rekod, pertemuan pertama antara JDT dan Selangor FC musim ini me-

nyaksikan kedua-dua pasukan terikat 1-1 di Stadium Sultan Ibrahim pada 17 Mac lalu.

Selepas mengharungi 14 perlawanan, JDT masih gah menerajui carta Liga Super apabila mengumpul 33 mata manakala Selangor di tangga kelima dengan 20 mata.

Govt is all for making workplaces safer for employees

By ZAKIAH KOYA
 newsdesk@thestar.com.my

PETALING JAYA: All efforts will be made to assist employers who only allow vaccinated employees on site as long as the intent is to make workplaces safer and better, says International Trade and Industry Minister Datuk Seri Mohd Azmin Ali.

"Non-vaccinated staff may (cause) a spike that would lead to operations closing down, loss of income, and workers being laid off.

"As much as possible, the International Trade and Industry Ministry wants to work with private employers not just to preserve existing employment, but also to create new jobs," said the Senior Minister.

"Employees are the backbone of the economy and must be protected at all costs."

Azmin said that the government introduced the Public-Private Partnership Covid-19 Industry Immunisation Programme (Pikas) because it realised that many companies need to operate but were wary of Covid-19.

"Employees have no choice but to be exposed at the workplace during the movement control order because essential goods and services sectors (under manufacturing) need to operate to minimise the disruption of supply to the rakyat.

"However, because the current government policy on vaccination is voluntary, there is an urgent need to speed up the process so that more economic sectors can open up.

"Hence, the government and private employers have come together under Pikas to safeguard their employees by getting them

Shared responsibility: Azmin believes all precautions must be taken to ensure workers' safety at the workplace.

all vaccinated.

"Since its launch on June 12, the total number of employees vaccinated under Pikas as at July 26 is

348,852 (first dose at least). Of these, 35,790 have received their second dose," he added.

Azmin said many private companies had been very supportive of Pikas.

"Pikas has been very successful with full support and cooperation from companies. We urge more to come on board as I believe they want their employees to be protected against infections in the workplace," he added.

Separately, the Human Resources Ministry said that it was not against labour laws to have a company policy demanding all staff present in the workplace be fully vaccinated.

The ministry's Labour Department chief Asri Ab Rahman said that as long as the effort was to make the workplace safer and better for employees, such rulings are permissible but must be done

through the right procedure.

"Companies that want to make it a ruling that only staff who are vaccinated can be present at the workplace should make it a company policy to ensure that this is applicable across the board, among all employees.

"For those companies where workers are part of a union, we advise them to work with the unions with such a ruling so as to ensure a better and safer workplace for all.

"What is important in applying such policies in the workplace is that there must be sufficient notice and information before enforcing the ruling.

"On the part of the Human Resources Ministry, we welcome all efforts by employers who strive to make their workplaces better and safer for their employees," said Asri when contacted.

Untimely increase

Klang Municipal Council is mulling a 25% hike in assessment tax rates on all properties over five years, beginning January. However, the move, if carried through, is bound to enrage residents and businesses already struggling due to the Covid-19 pandemic. >2&3

More revenue needed for Klang city aspirations

Proposed assessment tax hike not sitting well with residents and businesses

By EDWARD RAJENDRA
 edward@thestar.com.my

THE Klang Municipal Council (MPC) has plans to increase assessment tax rates on all properties by up to 25% over the next five years from January.

The move would see residential and commercial property owners paying more for the assessment and registration of the type or category of buildings they possessed, said a source in MPC.

"Buildings or houses, whether in their original structure or renovated, will see a hike in assessment rates," the source added.

MPC has the power to impose the new rates under the Local Government Act 1976 and its decision was based on Section 127 of the Act, which touches on "any kind of charge or rate or tax, and the amount, adding that the assessment tax had not been revised since 1976.

Speculation has been rife in recent weeks regarding the proposed move, which would be deeply unpopular with Klang residents and property owners as many of them continue to feel financial hardship amid the Covid-19 pandemic.

The source said the council had allowed to impose the rates earlier this month but decided to postpone the move due to the pandemic and the government's current order to Selangor, which ended on July 15.

"MPC's valuation Department had need to its meeting earlier this year that the current valuation of property was outdated as the valuation was carried out 28 years ago, and this had impacted tax collection," said the source.

The council's plan to introduce the increased rates in about five months.

"We are going through economic and social disruption and people risk falling into extreme poverty, due to unemployment. Those with low income are trying to get mental help to survive and it's getting even more difficult now," he said.

Zaidi added that MPC must stop the idea.

"With the current pandemic, the people will have to take a reasonable time frame where people return to work and there is reasonable income activity," he added.

Meanwhile, Tunan Melawis Residents Association member Sajeet Singh said the people demanded justification for the proposed hike as the more increase in property value was a weak point.

"MPC's assessment increase cannot be justified or accepted as its planning works are not up to mark. Clean-ups are not satisfactory to check the safety of roads to food and basic amenities need to be improved," he said.

Sajeet added that councilors who are appointed as people's representatives are not really voiced out the problems faced by the residents.

"The ageing population might not have the financial resources to maintain a decent standard of living especially when being impacted with the effects of the pandemic that has seen prices of food items increase."

"It will be better for MPC to freeze the increase in assessment tax indefinitely as retirees would struggle with high rates," he said.

The people's well-being must be taken to heart as many are going through hardship now, says Zaidi.

Sajeet says MPC's reason that properties have increased in value is a weak point and cannot be accepted as its planning services and road upkeep need improvement.

MPC and its leadership are totally disconnected from the people's hardship, says Tan.

Raman is of the view that the council should look at other methods of generating revenue

was not listening to the voice of taxpayers.

"We must MPC to put a stop to the proposed increase and find other alternative methods to generate revenue and such measures fail to fulfil contracts, be it for building jobs or infrastructure construction," he added.

Raman added that if the council were ahead with the assessment tax increase, it would see a "most definite".

One way to meet rising expectations or service delivery was for MPC to create new revenue streams through land ownership and rental of selected council properties in commercial areas," said the businessman.

Klang MCA Youth chief Thang BK Tan said the MPC plan revealed that its leadership was disconnected from the people's hardship.

"We see no public engagement, consultation or attempt to get feedback from the people. About people's right to conduct a resolution, but the council should not even think of an increase in assessment tax."

"MPC does not have to rush to increase tax on the Federal Government give grants under the Malaysian Road Revival Initiative to help in upgrading roads and repair broken drains. It also has the Department of Transport Plan a better collection from developers to offset the impact of new roads on all roads. As for the, who is also Selangor MCA Youth deputy chairman, said Klang residents were stunned that MPC was in a rush to increase the tax, at a time when all Malaysians were going through challenging times.

When contacted, Selangor local government public transport and new village development committee chairman Ng Sze Han declined to comment on the issue.

Under the plan, MPC will impose higher assessment tax for residential and commercial properties.

City council open to feedback from public on its 2022 budget

By **SHEILA SRI PRIYA**
 sheilasripriya@thestar.com.my

PETALING Jaya stakeholders and residents have been given an important role to play in the development of the city.

They are encouraged to voice their opinions and provide input on Petaling Jaya City Council's (MBPJ) annual development budget for next year.

The theme of Budget 2022 is "Petaling Jaya a Responsive and Sustainable City"

City folk have been advised to give their feedback, opinions and ideas on the budget through a link that can be found on the council's website at www.mbpj.gov.my.

The link will be available until Aug 1.

"MBPJ wants to provide the best service while adapting to the crisis brought on by the Covid-19 pandemic," said acting deputy

mayor Sharipah Marhaini Syed Ali when she chaired the full board meeting yesterday.

Apart from that, MBPJ has decided to allow the public to follow the monthly full board meeting starting next month.

Since May, residents and the media have not been able to follow the sessions.

At yesterday's full board meeting, councillor Derek Fernandez highlighted the issue and stressed that it was compulsory for the public to be able to view the full board meeting.

"The media and the public have not been able to follow MBPJ's full board proceedings for the past few months.

"Based on the Local Government Act 1976, full board meetings must be made public.

"The public should also be able to see a recorded version of the meetings.

"Recordings of past meetings should be uploaded on the council's website so that they can be accessed by the public anytime," he said.

Derek said Sharipah agreed to the request and said the live link for the proceeding would be available online next month.

The meeting also heard that MBPJ has uncollected assessment tax amounting to RM177.638mil

from ratepayers.

It urged the public to settle outstanding tax before Aug 31 to avoid a penalty.

The city council has 266,111 payees in its assessment roll.

Stakeholders can view their online assessment bill for July to December 2021 at <https://ecukai.mbpj.gov.my/mbpj/esalinanbil> and payment can be made online using eCukai@MBPJ or ePay@MBPJ app.

MBPJ also announced that it carried out 13,117 inspections on premises and public spaces such as parks for adherence to the Covid-19 standard operating procedure and violation of council laws.

Fifteen premises were issued closure notices, 26 were sealed or instructed to be vacated, while 30 more were ordered to be closed.

MBPJ also collaborated with the police for 155 operations.

Seven caught dumping rubbish in market area

SEVEN individuals in Selayang were fined RM1,000 each after they were caught on camera throwing rubbish at an undesignated area in Taman Sri Gombak.

Selayang Municipal Council (MPS) Corporate Communications director Mohamad Zin Masoad said in a statement that its officers tracked down the offenders who threw domestic waste at a rubbish disposal area meant for traders of Pasar Taman Sri Gombak.

“The issue of garbage overflow in this market has dragged on for almost two years as the disposal area built for the use of market traders are used by irresponsible individuals to dispose of their rubbish, causing hygiene issues in the surrounding area.

“On July 23, compound notices were sent to the offenders’ resi-

dences by checking the vehicle registration number in the i-Sikap application that was obtained from closed-circuit television (CCTV) cameras installed in the area,” said Mohamad Zin.

He added that since January, 34 compounds were issued to offenders for dumping rubbish illegally based on CCTV monitoring at several hotspot areas within the municipality.

“MPS would like to remind residents to dispose of their domestic waste in their residential rubbish bins and be aware of garbage collection schedules in their neighbourhoods.

Special committee to hear objections to Selayang draft plan

By **SHALINI RAVINDRAN**
 shaliniravindran@thestar.com.my

OBJECTIONS to Selayang Municipal Council's (MPS) Draft Local Plan (Replacement) 2030 will be tabled before a special committee in September, says its new council president Mohd Yazid Sairi.

He said MPS received 166 objections to proposed developments in the draft plan after going through a public inspection process for two months.

"Each objection submitted will be discussed and taken into account in the Local Investigation and Hearing Committee before the draft plan is finalised," he said during the council's full board meeting yesterday.

The new local plan will replace the existing MPS Local Plan 2020, which was gazetted in January 2011 and expired at the end of last year.

The plan will be the main reference point in terms of development within a local area, to avoid conflict in land usage.

Due to the lockdown, MPS extended public inspection of the draft plan from May to the end of June to get feedback from stakeholders.

On another matter, Mohd Yazid said MPS continued to take necessary steps to eradicate illegal and unlicensed factories within the municipality.

"Following a census, only 30% of 1,513 factories in Selayang submit-

ted feedback as part of the local council's factory legalising programme that started last year.

"A consultant will be appointed to carry out another census to determine if there are more such factories in areas not yet covered.

"We estimate about 500 factories remain unlicensed," he said.

Part of the programme was to clear river reserve areas of factories that could potentially cause water pollution and the shutdown of the state's water treatment plants.

In December last year, *StarMetro* reported on MPS demolishing eight business premises to clear the banks of Sungai Rawang and Sungai Gong of illegal factories.

Prior to yesterday's meeting,

Mohd Yazid was sworn in as the new MPS president.

He clocked in on July 19 after former president Shamsul Shahril Badliza Mohd Noor was promoted to a Federal Government post in May.

Mohd Yazid was most recently deputy director (management) of Selangor Islamic Religious Department (JAIS) and was Sepang district officer prior to being appointed MPS president.

He pledged to continue the vision to lead MPS towards upgrading to a city council by 2030.

He also aimed to upgrade and develop the municipality as an eco-tourism destination.

"About 33% of the area under our jurisdiction is made up of for-

est reserves and recreational sites. Places like Taman Rimba Bukit Lagong, Hutan Lipur Sungai Tua, Taman Ekstrem Gua Damai and Selayang Hot Springs have potential to generate returns on any investment," he added.

Mayor's contribution kick-starts Subang Jaya food bank project

SUBANG Jaya mayor Noraini Roslan kick-started a food bank project by MBSJ Charity Fund by contributing some essential items to the initiative.

"The Covid-19 pandemic has had a major impact on the community, with some suffering job losses and lack of significant income and this includes Subang Jaya City Council (MBSJ) employees," said MBSJ Corporate and Strategic Management Department deputy director Azfarizal Abdul Rashid in a statement.

"This food bank project was mobilised to alleviate the burden of MBSJ staffers, who are particularly affected by the pandemic and implementation of the enhanced movement control order in Selangor."

To date, 10 sets of food baskets filled with essential items such as

rice, cooking oil, mee hoon, sardine, lentils, onions and eggs have been distributed to affected employees.

"This project will continue throughout the year and is estimated to cost RM2,000," said Azfarizal.

"In addition, close to RM20,000 from MBSJ Charity Fund has been spent this year to assist various groups affected by the pandemic."

He added that MBSJ welcomed any individuals, organisations or groups who want to contribute to its charity fund.

Monetary donations can be transferred through the following channels: online bank transfer

(Maybank account number: 562366652566), Maybank QR Pay (see MBSJ's social media platforms for QR code) or cheque addressed to Tabung Amal MBSJ.

"Contributions in the form of food and other basic necessities can be handed over to Koperasi Subang Jaya's office, located next to the Commissioner of Building Department at MBSJ's headquarters, on the first and second Wednesdays of the month.

"MBSJ also hopes this initiative offers an opportunity for all parties to work together and help those in need, while strengthening relations across all levels of society," he said, adding that the food bank project was in line with MBSJ's "No One Left Behind" aspiration.

Five pillars to give Selangor's economy a lift

SHAH ALAM: The Selangor Accelerator Programme (SAP) 2021, a startup programme funded by the state government, is focusing on five major pillars this year to help put the state's economy back on track.

Selangor executive councillor for Industry and Trade Datuk Teng Chang Khim said the SAP, managed by the

Selangor Information Technology and Digital Economy Corp would focus on agritech; fintech; greentech; e-commerce; and smart city solutions.

Traditional brick and mortar companies in Selangor have been hit hard by the lockdowns but businesses related to those five pillars are booming, Teng noted.

"E-commerce, fintech and smart city solutions are especially relevant.

"With the current pandemic these pillars can ensure that businesses continue to run while following the standard operating procedures," he said in his speech at the online opening ceremony of the SAP 2021 yesterday.

Return to the House of Altercation

At their first gathering after seven months, our MPs couldn't wait to draw blood.

PARLIAMENT came back with its opening act on Monday. I tried to follow the live streaming of the day-long proceedings as best as I could on YouTube and came away rather entertained, with my emotions ranging from irritation, frustration and wry amusement to, surprisingly, hope.

As expected, the Opposition MPs were chafing at the bit after waiting for so long to be able to gather in the Dewan Rakyat. For them, it was a chance to slam the Perikatan Nasional government's handling of the Covid-19 pandemic.

From the outset, they tried very hard to get the Speaker to change the "special sitting" – as it was termed – to a full-blown parliamentary meeting where elected representatives of the people had the right to question the government of the day on what it has done to fight the pandemic, especially in its use of emergency powers granted by the Yang di-Pertuan Agong, and to debate the National Recovery Plan.

From their standpoint, this was what the King's decree was about and not for the government to fudge around with a special meeting that it could control as a briefing session.

But Speaker Datuk Azhar Azizan Harun would have none of it and maintained that the July 26-Aug 2 dates were indeed a special meeting with the agenda set by the government as listed on the order paper, which were "explanations by ministers" for all five days (there is no meeting on Friday.)

Azhar was mauled by Pakatan Harapan MPs for sticking to his guns – he got called a government lapdog – and when he had enough, he

JUNE HL WONG

So aunty, so what?

snarled back to shut his critics up.

The meeting is a prime example of the power and advantage of incumbency and the Perikatan government used it to the hilt. During a heated exchange when Opposition MPs kept insisting they wanted to debate the emergency ordinances, de facto Law Minister Datuk Seri Takiyuddin Hassan suddenly announced that the government had decided to revoke all emergency ordinances promulgated during the proclamation of emergency in January. What's more, he added the government would not advise the King to extend the emergency beyond Aug 1.

Takiyuddin acted like everyone should know this, which was, of course, ridiculous since there was no announcement of that decision made during last week's Cabinet meeting.

It was a Machiavellian move that knocked the wind out of the Opposition's sails but it leaves the whole nation rather confused. What exactly does this revocation mean? No more summons and fines for violating SOP, even though many places are under restricted move-

ment and enhanced MCOs? Under what powers will enforcement of the restrictions be made?

As expected, Constitutional law experts are giving their learned opinions on the legality, implications and consequences. All the public can do is wait and see. Does anyone want to test the waters by venturing out without a mask, having five people in a car and inviting friends over for dinner?

Although watching the House proceedings online had its shortcomings, like low resolution quality, it did allow public participation through the posting of immediate comments.

This, to me, was a good indication of public sentiments, which were mostly angry and resentful. This is, of course, not a situation unique to our country. Australians, Italians, Greeks and the French are so furious that thousands of them are protesting their governments' handling of the pandemic.

Knowing how immensely unpopular a couple of ministers are, the Opposition couldn't resist gunning for them in the House. Health Minister Datuk Seri Dr Adham Baba's two-week old "Spanish fly" gaffe was still fresh meat for sly jokes thrown at him and the attack on International Trade and Industry Minister Datuk Seri Mohamed Azmin Ali was quite relentless.

When he tried to defend his ministry's position and actions on factories and workplaces during the lockdowns, they mercilessly mocked the posters with economic charts and statistics he had brought along to show them.

There were moments of wry humour like when veteran Arau MP

Datuk Seri Shahidan Kassim complained to the Speaker that the Opposition had repeatedly heckled and interrupted his speech. Vexed, he likened them to unschooled children. Seizing the moment, a witty but unknown MP intoned, "Sekolah tutup" (schools are closed).

Much as I was irritated and frustrated with the time-wasting shouting and mud-slinging that went back and forth, I was glad to see signs of boisterous life back in our Dewan Rakyat.

What's more, I was impressed with some of the MPs who did manage to speak sense and show they were really in touch with what's happening on the ground.

Among them were MP for Permatang Pauh Nurul Izzah Anwar who urged caution against depending on mass vaccinations to save the economy. She cited Iceland's example of opening up their country to vaccinated tourists after 85% of its citizens were fully vaccinated, only to reimpose restrictions after infections spiked again with the Delta variant.

Among other points they raised, Muar MP Syed Saddiq Syed Abdul Rahman and Bukit Mertajam MP Steven Sim made an appeal for the new loan repayment moratorium to be automatic, without conditions and interest. This I fully agree with because it's unfair for banks to recover the unpaid interest during the Covid-19 years by increasing the instalments from their affected clients once the moratorium is over.

In contrast, so many other businesses are struggling to survive and if they can reopen, they will never make back what they lost. So why should the government be so kind

to banks that are famous for providing an umbrella that they take away when it rains?

Jejebu MP Datuk Jalaluddin Alias was a surprise in his strong criticism of the government's failure to resolve the contract doctors' issue which led to their strike on Monday. He said he raised the issue in November and that the Health Minister had promised to look into it. He also pointed out that more private hospitals in the country should share the burden with government hospitals of taking in Covid-19 patients. He added that according to a July 6 Health Ministry report, only about 50%, or 112, private hospitals were doing their part.

I also support his call to get insurance companies to change their policy requiring Covid-19 patients to "pay and claim" as it is another hardship on them.

Listening to these people gave me some hope that there are intelligent elected representatives who do have the smarts, compassion and interest to serve the nation and not just themselves. I would like to think there are more of them in both Opposition and among government backbenchers.

The Perikatan government may think it has headed the Opposition off at the pass by setting up a special meeting and revoking the emergency ordinances. But whether Perikatan ministers like it or not, Pakatan Harapan and other Opposition MPs will definitely counterattack in the days to come. So on with the show, parliamentarians!

The views expressed here are entirely the writer's own.

SAP 2021: Five major pillars to reboot Selangor economy

SHAH ALAM: The Selangor Accelerator Programme 2021 (SAP 2021), a startup programme funded by the state government, is focusing on five major pillars this year to help put the state's economy back on track.

Selangor Executive Councillor for Industry and Trade Datuk Teng Chang Khim said SAP, managed by Selangor Information Technology and Digital Economy Corporation (Sidec), will focus on agritech, fintech, greentech, e-commerce, and smart city solutions.

Traditional brick-and-mortar companies in Selangor have been hit hard by the Covid-19 lockdowns but businesses related to those five pillars are booming, Teng noted.

"E-commerce, fintech and smart city solutions are especially relevant with the current pandemic to ensure that businesses continue to run while following the standard operating procedures (SOP)," he said in his speech at the online opening ceremony of SAP 2021 yesterday.

Teng said the Selangor government will also continue to help small and medium enterprises (SMEs) by initiating the Selangor SME digitalisation matching grant to assist more SMEs to take their first steps to digitalise their businesses.

The initiative is expected to benefit 1,000 Selangor SMEs with an initial grant worth RM5 million. SMEs can start to apply for the second batch from Aug 1 to Oct 31. - Bernama

Assemblyman claims received complaint about food supply problems at Serdang Hospital

By New Straits Times - July 27, 2021 @ 8:40pm

KUALA LUMPUR: A woman has complained about food supply problems at the Serdang Hospital of late.

Seri Kembangan assemblyman Ean Yong Hian Wah said a Covid-19 patient's wife claimed her husband, who has been at the hospital for four days has not gotten breakfast since the first day.

"Aside from that, lunch and dinner also came late. Lunch was served between 1.30pm and 2pm while dinner was served between 8.30pm and 9pm. Yesterday's dinner was only a packet of char kway teow.

"Imagine how physically and mentally stressed they are due to the situation... they can only eat in the late afternoon. Covid-19 patients need sufficient food and nutrition to fight the virus," he said in a statement today.

He said such an incident should not have happened, especially at a hospital.

"The complainant is very concerned about the condition of her family members who are in the hospital and not getting good care. Hospital services are declining. This is due to the lack of capacity and staff."

"The federal government's failure to plan a long-term strategy to handle the Covid-19 outbreak has caused hospitals in the Klang Valley to operate beyond capacity thus affecting the efficiency and quality of treatment."

Traditional brick-and-mortar companies have been hit hard by the lockdowns due to the pandemic

by SHAFIQUL ALIFF

THE Selangor Information Technology and Digital Economy Corp (Sidec) announce its Fourth Cohort of the Selangor Accelerator Programme 2021 yesterday, focusing on opportunities created under the new norms such as Agrotech, Fintech, Greentech, e-Commerce and Smart City Solutions (PropTech, Mobility and Logistics).

Selangor Investment, Industry and Commerce, Small and Medium Enterprises executive councillor and standing committee chairman Datuk Teng Chang Khim said traditional brick-and-mortar companies have been hit hard by the lockdowns as a result of the Covid-19 pandemic.

However, businesses related to Agrotech, Fintech, Greentech, e-Commerce and Smart City are booming in the pandemic.

"E-commerce, Fintech and Smart City solutions are especially relevant with the current pandemic to ensure that businesses continue to run while following the standard operating procedures.

"It is Selangor's focus to recover the economy through digitalisation, adoption of tech in business operations and ensuring food security," he said.

Teng added that the Selangor government also continues to uplift small and medium enterprises (SMEs) by initiating the Selangor SME Digitalisation Matching Grant to assist

SMEs to take the first step to digitalise their businesses.

"The initiative is expected to benefit 1,000 Selangor SMEs with an initial grant worth a total of RM5 million.

"For the first batch, we have managed to disburse RM1.2 million to 280 SMEs out of 492 applicants. SMEs can start to apply for the second batch from Aug 1 to Oct 31," said Teng.

Meanwhile, Sidec CEO Yong Kai Ping said their focus is to address Selangor's very own problem statements and the needs for solutions to provide the best facilities and

assistance to the Selangor residents.

The agency is providing launchpads or beta testing facilities through a number of state subsidiaries.

"This will be a perfect avenue for these high potential start-ups to get their solution tested by real users in real environments, which is essential to prove their concept.

"For example, agrotech start-ups will be channelled to relevant agriculture agencies to help them with testing in a real environment. Their solution might be picked up and adopted by the agencies in their operations," he said.

李富豪：不戴隔离手环恐失控

戴上隔离手环已难以管控，若确诊也不须戴隔离手环会不会更失控而加剧社区“流动病毒”的出现？巴生市议会卫生小组委员李富豪市议员认为，大家要有心理准备迎接更糟的局面。

李富豪向媒体指出，卫生部日前宣布，无症状或轻微症状者不需要再到冠病评估中心进行评估和领取隔离手环，而无症状密切接触者也无需进行检测，他认为，这将是另一个

灾难性的措施，或进一步把疫情推向失控发展的地步。

“就过去的案例可见，一些戴隔离手环者仍继续在外趴趴走，包括没获卫生部信函而被迫继续上班、外出采购等，不自律态度叫人傻眼，如今卫生部却允许确诊者不戴手环，也就等同于‘放任自由’，让病毒更无所不在地出现在社区内。”

他说，尽管目前社区感染已非常普及，但仍未到最糟情

况，不过，上述措施落实后，大家需有心理准备。

“我在今年2、3月期间已提醒，社区感染最大问题是没做好居家隔离措施，或是无法揪出隐藏确诊者而扩大感染群。”

他补充，一个无症状者的感染者，或者无碍本身健康状况，但是却难保不会把冠病传染给其他人，甚至导致其他人产生重症，因而成为危害社区安全的隐忧。

“早前，密切接触者在一些疫情严峻的县署里一早就无需接受检测，如今卫生部直接宣布无需检测了，这无形中让人担忧将有更多无症状患者在社区内走动，以致扩大病毒感染之余，也让目前确诊数据无法反映我国真实染疫情况了。”

他说，谁能确保密切接触者不会是下一个感染者呢？再说，如今病毒越来越“凶狠”，放任病患和密切接触者居家隔离也容易因住家环境隔离措施不佳，最终导致全家被感染，甚至蔓延至社区。

消毒团队前往患者住家消毒时，发现房内安置一个大型的氧气筒。

国人受促提高防疫措施

李富豪提醒国人务必提高防疫措施，在外活动期间切勿随意脱下口罩，包括抽烟，喝水之类，而且前往人群众多的接种疫苗中心后，则务必回家洗澡和换衣服。

他说，目前人们防疫依然不能松懈，身边就有一名朋友

到修车厂修车时，就算与员工保持距离抽上一根烟，结果也遭感染。

脱口罩易感染

“此外，坊间指接种疫苗后不能洗澡，避免针孔施打部位发炎，然而，这些都是无稽

之谈，反倒是前往人多的疫苗接种中心后，更应该回家洗澡和换衣服。”

他补充，早前他曾提及落跑的确诊印尼妇案例，曾收留她的友人那户人家，7人当中有3、4人确诊，该住家的屋主是其邻居，也疑收租时被感染，包括前往收租的屋主70岁姐姐和逾百岁妈妈中招，姐姐目前还在加护病房。

刘贵城：放松或加剧疫情 完成接种仍须守SOP

(巴生 27 日讯) 接种疫苗后请勿放松防疫，巴生市议员刘贵城提醒民众，疫苗需要在接种后 45 天才会发挥最大效用，而且接种疫苗不代表 100% 不会再染疫。

他向媒体指出，本身近期接获多宗投诉，指许多已完

成接种的市民开始不遵守防疫作业指南，为此担心此现象将让病毒有机可乘。

“一些人以为接种了疫苗，有了抗体就不将口罩戴好、没有勤于洗手或开始到处走动，这不仅让人担心或加剧疫情传播问题。”

他也披露，截止本月 24 日，巴生接种第一剂疫苗的总人口已达到 34%，相信月底就可以超过 40%。

“巴生接种人次于上周的每日 1 万 2000 人次，增加至本周的每日 2 万 2000 人次，而早前确实接获多宗各年龄层

的巴生人投诉迟迟未获安排接种，但他们近期皆获 MySJ 的预约通知了。”

他说，至于那些还没有接种的乐龄人士，则可直接登门向“求助柜台”(helpdesk) 寻求协助即可。

“由于现在疫情严重，若被安排到较远的地区接种疫苗，如吉隆坡，在情况允许下马上去接种，勿错过接种的机会，否则又得等待新预约。”

涉清潔服務招標收賄 市廳官員控4罪

(沙亚南27日讯)一名沙亚南市政厅行政人员因涉嫌在公共区域清域服务招标事宜上，收贿总值3万6000令吉，今天在沙亚南地庭面对4项控状，惟他不认罪。

这名被告是45岁的阿兹兰多拉(44级公务员)，是沙亚南市政厅哥打哥文宁分局官员。

他是被控于2014年6月13日

和2014年7月9日，在沙亚南15区一家银行向同一个人收取4张支票。

首控状指他于在公务上没报备的情况下，涉嫌在沙亚南第32区的SA25(A)公共区域清洁服务招标事宜上，收取莫哈末沙哈伦阿里亚斯2000令吉的支票。至于

第二、三及四项控状，被告在同一个目的下，各别向同一人接收1万令吉、1万7000令吉及7000令吉的支票，因此被告触犯刑事法典第165条文(574条文)。

根据有关条文阐明，一旦罪成，最高可被判监禁2年或罚款，或两者兼施。由于被告否认有罪，审理此案的法官为罗兹拉莎烈最终让被告以1万3000令吉

和1名担保人，保释外出，同时需要呈交护照给法庭，并每个月到雪州反贪会报到一次。负责此案的副检察司是法迪，而被告的代表律师则是阿兹祖。(TSI)
