Kes naik, MAEPS diaktifkan

Oleh **PETAH WAZZAN ISKANDAR**
utusannews@mediamulia.com.my

PUTRAJAYA: Jumlah positif Covid-19 dijangka meningkat dalam tempoh empat minggu akan datang, kata Ketua Pengarah Kesihatan, Tan Sri Dr. Noor Hisham Abdullah.

Susulan itu, Pusat Kuarantin dan Rawatan Covid-19 Berisiko Rendah di Taman Ekspo Pertanian Malaysia Serdang (PKRC MAEPS) 2.0 diaktifkan semula.

Menurutnya, peningkatan kes positif itu adalah berikutan perluasan saringan ke atas pekerja khususnya warga asing di kilang dan juga tapak binaan.

Katanya, kebanyakan kes positif itu adalah daripada kategori 1 (iaitu individu yang tidak bergejala) dan kategori 2 (iaitu

pesakit yang bergejala ringan) di mana mereka dimasukkan ke Pusat Kuarantin dan Rawatan Covid-19 Berisiko Rendah serta hospital.

“Selain itu, jumlah kes positif dijangkakan akan kekal tinggi susulan perluasan saringan atas pekerja warga asing yang juga dijalankan oleh Pertubuhan Keselamatan Sosial (Perkeso) di enam negeri iaitu Selangor, Kuala Lumpur, Pulau Pinang, Negeri Sembilan, Sabah dan Labuan.

“Atas jangkaan terbabit, Pusat Kesiapsiagaan dan Tindak Cepat Krisis Kebangsaan (CPRC) mengaktifkan semula PKRC MAEPS 2.0 sebagai langkah kesiapsiagaan bagi menghadapi isu peningkatan kes susulan perluasan saringan dalam kalangan

pekerja warga asing dan juga peningkatan kes di Lembah Klang,” katanya pada sidang akhbar di sini semalam.

Mengulas lanjut mengenai PKRC MAEPS 2.0, Noor Hisham berkata, ia akan dibuka secara berfasa dengan kapasiti maksimum sebanyak 1,000 buah katil.

Katanya, fasa pertama bermula hari ini, dengan kapasiti sebanyak 650 buah katil yang kemudian akan ditambah secara berperingkat.

“Ia akan menempatkan pesakit bukan warganegara yang sebelum ini diasingkan di Institut Latihan KKM (ILKKM) Sungai Buloh iaitu seramai 250 orang.

“Malah, kita jangkakan bilangan pesakit akan meningkat minggu ini di mana seramai 400

orang pesakit baharu kategori 1 akan ditempatkan di fasiliti terbabit,” katanya.

Noor Hisham menambah, pentadbiran PKRC MAEPS 2.0 ini akan diletakkan di bawah kawalan Ketua Komander Wilayah Tengah iaitu Pengarah Jabatan Kesihatan Selangor.

“Ia merupakan satu kolaborasi di antara Kementerian Kesihatan dengan pelbagai agensi Kerajaan yang lain termasuk Agensi Pengurusan Bencana Negara (Nadma), Angkatan Tentera Malaysia (ATM), Polis Diraja Malaysia (PDRM), Jabatan Bomba dan Penyelamat Malaysia, Angkatan Pertahanan Awam Malaysia (APM), Jabatan Kebajikan Masyarakat (JKM), Jabatan Kerja Raya (JKR) dan MAEPS sendiri,” katanya.

Lot 850: Penduduk mahu saman

KUALA LUMPUR: Pertubuhan Bukit Antarabangsa Task Force (BATF) tidak teragak-agak untuk mengambil tindakan undang-undang terhadap Majlis Perbandaran Ampang Jaya (MPAJ) kerana meluluskan projek pembangunan mega Lot 850 di Bukit Antarabangsa.

Pengerusi BATF, Datuk Al Bakri Ali berkata, sehingga sekarang, MPAJ masih tidak memberikan jawapan mengapa kelulusan pembangunan diberikan kepada pemaju meskipun terdapat bantahan penduduk.

“Selepas kami meminta supaya MPAJ menunjukkan salinan kelulusan bersyarat yang dibuat dengan pemaju tempoh hari, kami menghantar satu surat peringatan kepada Yang Dipertua MPAJ, namun, masih tiada jawapan bertulis sehingga

AL BAKRI ALI

hari ini.

“Sudah lima tahun kami memperjuangkan isu ini, tetapi jika masih tiada jawapan dari MPAJ, kita tidak teragak-agak

untuk bawa isu ini ke muka pengadilan,” katanya kepada *Utusan Malaysia* di sini, semalam.

Pada masa sama, Al Bakri juga mempersoalkan sikap MPAJ yang seolah-olah mengenyepikan suara persatuan penduduk.

“Perbincangan status projek ini melibatkan pelbagai pihak tetapi malangnya NGO penduduk tidak dilibatkan bersama. Kami hanya memohon supaya MPAJ memberikan penjelasan dan jaminan dari kerajaan negeri bahawa tidak akan berlaku bencana alam,” katanya.

Projek Lot 850 yang terletak di Batu 6 1/4, Jalan Ulu Klang, Mukim Ulu Klang, Daerah Gombak telah mendapat bantahan penduduk sejak 2015.

Projek itu akan membina dua blok kondominium di atas lapan hingga 12 ekar tanah

yang terletak di kawasan cerun, bersebelahan Lebuhraya Lingkar Tengah 2 (MRR2) dan berhampiran dengan Highland Towers.

Projek tersebut dilaporkan tergantung sementara berdasarkan Mesyuarat Tindakan Ekonomi Selangor (MTES) pada 18 Ogos 2016 bagi meneliti bantahan penduduk.

Namun, penduduk dikejutkan dengan papan tanda pada Julai lalu yang menunjukkan bahawa pemaju sudah mendapat kelulusan pembangunan, dengan tarikh projek bermula 22 Jun 2020 dan akan tamat pada 5 Julai 2021.

MPAJ pada Oktober lalu berkata, permohonan cadangan pembangunan Lot 850 telah pun diluluskan pada 8 Januari 2019.

Kuala Lumpur

Memalsukan logo Jabatan Agama Islam Selangor (Jais) pada dokumen pendaftaran nikah. Itu antara taktik 'kadi celup' yang dikesan menjadi ejen sindiket perkahwinan dan memperdaya ramai pasangan warga tempatan serta asing untuk menggunakan khidmat ditawarkan.

Kegiatan ejen sindiket perkahwinan itu mula dikesan bergerak aktif sejak 2013 selain sudah menguruskan perkahwinan ribuan pasangan pengantin dengan bayaran RM3,000 bagi setiap pasangan.

Sumber berkata, siasatan Jais bagaimanapun hanya menemui rekod 402 pasangan yang diuruskan sindiket itu bermula 2017 hingga Disember 2020.

"Daripada jumlah itu, 70 peratus atau 281 kes per-

'Kadi celup' palsukan logo Jais

Sindiket dikesan bergerak aktif bermula 2013 sudah uruskan ribuan pasangan pengantin

kahwinan ini berlaku di Selangor. Bakinya pula adalah kes yang berlaku di negeri lain seperti Pulau Pinang, Perak, Wilayah Persekutuan,

Terengganu, Sabah dan Sarawak.

"Siasatan mendapati suspek berusia 50-an itu dipercayai menguruskan pernikahan bagi pasangan tempatan bermasalah membabit-

kan 'kahwin lari' atau berpogami. Malah sindiket ini turut membantu menguruskan perkahwinan antara orang tempatan dengan pasangan dalam kalangan warga asing," katanya.

Kegiatan itu bagaimanapun dibongkar Jais susulan penahanan dalang utama warga tempatan terbabit di sebuah rumah di sini, jam 12.30 tengah hari, kelmarin.

"Hasil pemeriksaan itu, Jais menyita dokumen, rekod dan maklumat pasangan nikah sindiket. Turut dirampas adalah buku resit, komputer riba dan telefon bimbit yang disyaki mempunyai kaitan dengan aktiviti pernikahan sindiket diuruskan suspek.

"Berdasarkan dokumen itu, suspek dipercayai mengenakan bayaran tempahan majlis akad nikah sebanyak RM500. Bagi melengkapkan proses pernikahan itu, pelanggan (pasangan yang mahu bernikah) perlu membayar sejumlah RM3,000," katanya.

Menurutnya, berdasarkan barang kes disita, suspek juga didapati menghasilkan dokumen nikah palsu dengan melekatkan logo Jais.

"Mungkin ini bertujuan meyakinkan pasangan yang berurusan dengannya. Malah lelaki itu turut dikesan menguruskan perkahwinan bagi pasangan yang mahu 'nikah lari' di negara jiran.

"Jais akan menyasat kes

Undang banyak masalah

Shah Alam: Tindakan pasangan bernikah menggunakan khidmat ejen atau sindiket perkahwinan hanya akan mengundang lebih banyak masalah kepada masa depan anak dilahirkan dan pasangan.

Ketua Hakim Syarie Jabatan Kehakiman Syariah Selangor, Datuk Mohammad Adib Husain (gambar) berkata, pernikahan yang tidak diktrif undang-undang ditetapkan di negara ini memabatkan isu antaranya keengganan pasangan mendapatkan kebenaran pejabat agama Islam negeri untuk bernikah ataupun berpogami.

"Pasangan yang bernikah tanpa kebenaran ini akan memberikan kesukaran kepada mereka kelak untuk memperolehi dokumen penting seperti mendaftarkan kelahiran anak jika tiada sijil kelahiran maka ini akan memberikan kesan pula kepada masa depan mereka untuk bersekolah.

"Malah timbul lebih banyak masalah apabila ditakdirkan suami meninggal dunia dan pernikahan mereka belum diktrif oleh undang-undang. Justeru, ini boleh mendatangkan kesukaran kepada isteri untuk mendapatkan hak harta pusaka dan sebagainya," katanya.

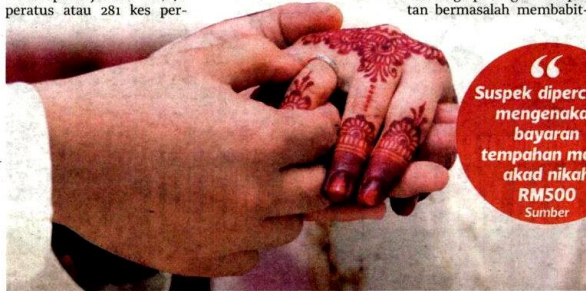

Menurutnya, mahkamah akan melihat semula semua kaitan antara si isteri dan si mati berdasarkan dokumen yang sah

ini mengikut Seksyen 134, Enakmen Undang-Undang Keluarga Islam (Negeri Selangor) 2007 - Percubaan & Subahat," katanya.

Sehubungan itu, katanya, orang ramai yang pernah berurusan dengan mana-mana ejen bagi apa-apa tujuan berkaitan urusan pernikahan tampil memberikan maklumat kepada Jais bagi membantu siasatan.

"Maklumat boleh disalurkan di talian 1-800-88-2424 Hotline Penguatkuasaan Jais atau berhubung terus dengan Unit Siasatan Jenayah, Bahagian Pengurusan Penguatkuasaan Jais," katanya. Sementara itu Pengarah Jais, Mohd Shahzihan Ahmad ketika dihubungi wartawan mengesahkan berhubung penahanan suspek lelaki terbabit, namun enggan mengulas lanjut.

"Suspek dipercayai mengenakan bayaran tempahan majlis akad nikah RM500"

PKRC MAEPS 2.0 DIAKTIFKAN

Berikutan peningkatan mendadak kes Covid-19 membabitkan warga asing

Oleh Ekhwani Haque
 fazulhaque@metro.com.my

Kuala Lumpur

Kerajaan mengaktifkan Pusat Kuarantin Dan Rawatan Covid-19 (PKRC) Taman Ekspo Pertanian Malaysia Serdang 2.0 (PKRC Maeps 2.0), semalam. Menteri Kanan (Kluster Keselamatan), Datuk Seri Ismail Sabri Yaakob berkata, keputusan itu dibuat kerajaan berikutan peningkatan kes Covid-19 dengan mendadak membabitkan warga asing dan pelaksanaan program saringan pekerja asing Pertubuhan Keselamatan Sosial (Perkeso).

Menurutnya, skop operasi kali ini akan membabitkan pesakit Covid-19 kategori tanpa gejala dan kategori bergelambir yang membabitkan bukan warganegara. "PKRC Maeps 2.0 ini membabitkan tiga fasa yang menyediakan 10,000 katil untuk kegunaan rawatan berbanding 604 katil sebelum ini. "Memandangkan PKRC Maeps 2.0 akan menempatkan warganegara asing dalam peringkat Angkutan Tentera Malaysia (ATM) dan Polis Diraja Malaysia (PDRM), katanya dalam sidang media harian Covid-19, semalam. Dalam fasa pertama, PKRC Maeps ini beroperasi bermula

16 April hingga 15 Julai lalu untuk merawat 1,962 pesakit majoritinya warga asing. Dalam perkembangan berasingan, Sidang Khas Majlis Keselamatan Negara (MKN) turut mendengar pembentangan MKN Selangor untuk melaksanakan saringan secara bersasar dan berskala besar di Central Spectrum (Sektor A), Pulau Indah. "Dianggarkan saringan ini akan membabitkan 45 syarikat, 102 premis dengan seramai 1,200 penghuni yang majoritinya adalah warganegara asing. "Sektor A diberi keutamaan kerana majoriti kes direkodkan di kawasan berkenaan manakala sektor lain mengikut keperluan," katanya.

PETUGAS kesihatan melakukan ujian saringan Covid-19 terhadap pekerja kilang warga asing kumpulan varnik kawasan di Mera, Klang.

KADANGAN trafik lancar di persimpangan utama Lebuh AMJ berhampiran Melaka Sentral berikutan kerajaan membenarkan pergerakan merentas daerah dan negeri di seluruh negara kecuali di kawasan yang dikenakan Perintah Kawalan Pergerakan Diperketat (PKPD).

Enam negeri rekod rizab margin air terawat rendah

Kuala Lumpur: Enam negeri merekodkan rizab margin air terawat yang rendah berbanding kapasiti yang ditetapkan Majlis Air Negara (MAN) di bawah 15 peratus.

Timbalan Menteri Alam Sekitar dan Air, Datuk Dr Ahmad Masrizal Mohamad berkata, antara negeri itu ialah Johor sebanyak 11.3 peratus, Sabah (8.3 peratus), Perlis (7.1 peratus), Selangor (1.5 peratus), Kelantan (-0.2 peratus) dan Kedah (-2.3 peratus).

Menurutnya, bagi beberapa negeri lain seperti Selangor, Kelantan dan Kedah, rizab air terawat di negeri itu dijangka dapat ditingkatkan sebaik loji rawatan air baharu dibina untuk tempoh antara ta-

hun depan hingga 2023.

“Bagi konteks di Selangor, Loji Rawatan Air Langat 2 Fasa Satu yang dijangka siap dibina pada 2023 mampu meningkatkan kapasiti rizab air terawat sebanyak 10 peratus.

“Manakala pembinaan Loji Rawatan Air di Kampung Telok di Kelantan juga dijangka mampu meningkatkan rizab air terawat sebanyak empat peratus.

“Manakala di Kedah pula terdapat lima loji rawatan air yang sudah diluluskan pembinaannya dan mampu meningkatkan rizab air terawat sebanyak 21 peratus,” katanya pada Sesi Pertanyaan-Pertanyaan Bagi Jawab Lisan di Dewan Rakyat di sini, semalam.

GANGGUAN ketukan misteri turut menghantui penduduk di Jalan 11, Pandamaran Jaya, Klang sejak Ahad lalu.

SHAMSUL AMAR (tengah) mendengar sendiri keluhan penduduk Pandamaran Jaya berhubung gangguan ketukan yang tular baru-baru ini.

Pengamal perubatan Islam dipanggil

Oleh **NOR AZIHAN MD. GHAZALI**

KLANG – Penduduk Pandamaran Jaya yang hidup dalam ketakutan tidak menolak kemungkinan untuk menggunakan khidmat pengamal perubatan Islam bagi menghentikan gangguan ketukan misteri di kawasan tersebut.

Ini berikutan, rondaan yang dilakukan penduduk tidak menemui sebarang petunjuk utama berhubung punca kejadian.

Ketua Kampung Pandamaran Jaya, Mohamad Zahiruddin Mohamad berkata, rata-rata penduduk menyatakan waktu tidur mereka kini tidak tenang apabila bimbang berlaku insiden buruk.

Bellau memberitahu, pihaknya tidak menolak akan menggunakan khidmat pengamal pengamal perubatan Islam sebagai langkah menghentikan gangguan berkenaan.

"Perbincangan masih dijalankan bersama pihak Masjid Kam-

pung Pandamaran Jaya di sini dalam mengesan sama ada kesemua misteri ini dikaitkan dengan perbuatan mistik.

"Dalam masa sama, kita juga akan menghantar surat permohonan kebenaran mengadakan solat hajat di masjid daripada Jabatan Agama Islam Selangor (JAIS) susulan Perintah Kawalan Pergerakan Bersyarat (PKPB) yang masih dilaksanakan di Selangor," katanya kepada *Kosmo!* di sini semalam.

Kosmo! semalam melaporkan misteri ketukan dan gangguan makhluk berlari atas bumbung rumah bermula Ahad lalu menyebabkan penduduk Pandamaran Jaya hidup dalam serba ketakutan.

Katanya, setakat ini sebanyak 13 laporan daripada penduduk telah diterima pihaknya berhubung ketukan itu, manakala empat kes mengenai larian di atas bumbung.

"Setakat ini, rondaan dilaku-

kan bermula pukul, 12 malam hingga 4 pagi tidak menemui pergerakan mana-mana individu terlibat," katanya.

Sementara itu, Ketua Polis Daerah Klang Selatan, Asisten Komisioner Shamsul Amar Ramli telah turun padang menemui penduduk bagi mengetahui punca sebenar kejadian berkenaan.

Malah, beliau turut memberi jaminan bahawa anggotanya akan menjalankan rondaan berkala bagi memantau kejadian itu.

Muka Surat	:	17

MULYANA dan Ruzin menjaga Arsyad Ruzin (tengah) yang kini hanya terlantar di rumah mereka di Kampung Sungai Kandis semalam.

Arsyad terlantar sakit ketumbuhan otak

Oleh **ABDUL RAZAK IDRIS**

KLANG – Harapan seorang ibu melihat anaknya kembali lincah hancur apabila disahkan menghidap ketumbuhan otak buat kali kedua tahun lalu.

Arsyad Ruzin, 16, yang merupakan pelajar tingkatan empat di Sekolah Menengah Sultan Abdul Samad di sini diagnosis ketumbuhan tersebut selepas kepalanya terhantuk tiang semasa bermain di kawasan rumah di Kampung Sungai Kandis di sini.

Menurut Mulyana Mokmin, 42, anak keduanya daripada empat beradik itu sebelum ini telah menunjukkan tahap kesihatan memberangsangkan selepas menjalani rawatan kemoterapi dan radioterapi di Hospital Kuala Lumpur (HKL).

Katanya, rawatan tersebut diterima ketika Arsyad berusia 7 tahun.

"Penyakit tersebut mula dikesan apabila dia sering pening

kepala dan muntah selama dua minggu ketika tahun satu sebelum dirujuk ke HKL hasil ujian Pengimejan Resonans Magnetik di Hospital Tengku Ampuan Rahimah.

"Arsyad menerima rawatan kemoterapi dan radioterapi selama setahun dengan keadaan kesihatannya semakin pulih," katanya ketika ditemui *Kosmo!* di sini semalam.

Bercerita lanjut, Mulyana memberitahu, doktor pakar yang merawatnya telah berpesan sekiranya dalam tempoh lima tahun penyakitnya tidak berulang bermakna

Arsyad sudah pulih sepenuhnya. Bagaimanapun, kata wanita itu, anaknya kembali sakit selepas terhantuk di tiang semasa sedang bermain di kawasan rumah tahun lalu.

"Hasil pemeriksaan mendapati ketumbuhan di dalam otak Arsyad didapati kembali membesar dan telah menjalani pembedahan pada 26 November tahun lalu.

"Keadaannya selepas itu hanya terlantar dan amat memilukan kami," ujarnya.

Mengulas lanjut, Mulyana menjelaskan menerima bantuan dari Lembaga Zakat Selangor (LZS) berupa susu formula, lampin pakai buang dan ubat sawan.

"Pendapatan keluarga sebanyak RM4,000 sebulan dan perlu menanggung tiga lagi anak yang masih bersekolah," jelasnya.

Orang ramai yang ingin menyumbang bagi kos rawatan Arsyad boleh menyalurkannya ke akaun CIMB **7627413602** atas nama Mulyana Mokmin.

Tawar semua kelengkapan sekolah di bawah satu bumbung dengan harga berpatutan.

Oleh ASMALIZA MANSOR

KUALA LUMPUR

Tesco Stores (Malaysia) Sdn Bhd (Tesco) melancarkan kempen 'Kembali ke Sekolah' 2020 yang menawarkan semua kelengkapan sekolah di bawah satu bumbung dengan harga berpatutan.

Pengarah Bahagian Bukan Makanan dan Pelbagai Saluran Tesco, Janice Chan berkata, sesi persekolahan tahun depan sangat dinanti-nantikan oleh anak-anak dan ibu bapa kerana terlalu banyak gangguan berlaku pada sesi persekolahan tahun 2020.

Menurutnya, memahami kegembiraan dan antipaksi itu, Tesco menyediakan kepelbagaian dalam semua kategori, daripada pakaian seragam se-

kolah hinggalah peralatan menulis untuk memastikan murid-murid bersedia apabila sekolah dibuka semula pada Januari ini.

"Kami tahu ibu bapa dan anak-anak tentunya bersemangat untuk penggal persekolahan yang baharu, selain berharap kehidupan kembali kepada keadaan normal yang 'lama'.

"Perbelanjaan kembali ke sekolah untuk anak-anak mungkin tinggi terutama bagi keluarga yang mempunyai ramai anak yang masih bersekolah dan mereka yang terjejas secara ekonomi disebabkan pandemik Covid-19 yang berlarutan ini," katanya dalam satu kenyataan baru-baru ini.

Beliau berkata, sesuai dengan nilai 'Setiap Bantuan Bermakna', Tesco bekerja keras untuk memastikan barang keperluan kembali ke sekolahnya ditawarkan pada harga

yang berpatutan.

Menurutnya, bagi menangani kebimbangan yang mungkin dihadapi oleh ibu bapa semasa membeli-belah di luar, pakaian, kasut dan stoking sekolah juga boleh dibeli untuk pertama kalinya di kedai rasmi Tesco menerusi Lazada.

"Ia adalah salah satu cara yang kami tawarkan, bukan sahaja nilai untuk wang tetapi juga kemudahan kepada semua pelanggan kami," katanya.

Janice berkata, sempena kempen 'Kembali ke Sekolah', Tesco turut menyediakan set pakaian seragam sekolah rendah A-Star yang lengkap dengan tiga pasang stoking dan kasut pada harga kurang dari RM38 untuk setiap kanak-kanak.

Menurutnya, kemeja dan blaus lengan pendek A-Star Primary pula ditawarkan pada harga serendah RM9 sementara stok masih ada.

Kemudahan

Bagi membantu ibu bapa dan anak-anak mencari saiz pakaian yang sesuai secepat mungkin, Janice berkata, Tesco menyiapkan garis panduan ukuran dalam katalog mingguan yang dapat diakses dengan mengimbas kod QR 'Kembali ke Sekolah' yang akan tersedia sepanjang tempoh kempen.

Beliau berkata, Tesco juga membawa barangan keperluan kebersihan seperti pelutp muka dan pelindung muka bersaiz kanak-kanak, cecair pembersih tangan, sabun tangan

Tesco menyediakan set pakaian seragam sekolah rendah A-Star lengkap dengan tiga pasang stoking dan kasut pada harga kurang dari RM38 untuk setiap kanak-kanak.

dan seumpamanya supaya anak-anak kekal sihat serta selamat semasa di sekolah.

"Ibu bapa juga akan gembira apabila mengetahui bahawa Tesco menawarkan beg galas dengan harga serendah RM10.90, manakala beg troli akan bermula dari RM49.90.

"Set Beg Galas yang merangkumi beg galas 16 inci, beg serbaguna, botol air dan kotak pensel pula hanya berharga RM79.90.

"Bekas makanan dan botol air akan dijual dari harga serendah RM2 dan RM5 masing-masing, sementara pelbagai alat tulis, buku nota dan folder terpilih akan mendapat potongan sebanyak 50 peratus sepanjang tempoh kempen ini," katanya.

Janice berkata, watak-watak popular daripada filem *Frozen 2*, *Marvel*, *My Little Pony*, *Boboiboy*, *Spiderman* dan *unicorn mitos* yang popular juga dipaparkan pada item terpilih, jus-

teru anak-anak dapat membawa watak fiksyen kegemaran bersama mereka ke sekolah pada tahun depan.

Jelasnya, kempen 'Kembali ke Sekolah' Tesco akan berlangsung dari 7 Disember 2020 sehingga 20 Januari 2021.

Sementara itu, katanya, Tesco kekal bekerjasama dengan Lembaga Zakat Selangor-Majlis Agama Islam Selangor untuk tahun kedua dalam menyediakan barangan keperluan sekolah kepada penerima zakat B40.

Beliau berkata, melalui kerjasama itu, penerima mendapat pakaian, kasut, stoking, beg dan alat tulis sekolah dengan harga disediakan MyKad mereka di cawangan-cawangan Tesco terpilih.

"Kira-kira 75,000 penerima zakat dijangka mendapat manfaat daripada kerjasama itu yang akan berlangsung dari 12 Disember 2020 hingga 28 Februari 2021," katanya.

Janice melihat barang-barang kelengkapan sekolah yang dijual di Tesco.

SPRM sedia soalan kaji selidik untuk kakitangan PBT

KLANG - Seramai 12,098 kakitangan memabitkan pihak berkuasa tempatan (PBT) di Selangor akan menjawab kaji selidik sempena sambutan Hari Anti Rasuah Antarabangsa (HARA) yang bermula semalam.

Timbalan Pengarah (Pencegahan) Suruhanjaya Pencegahan Rasuah Malaysia (SPRM) Selangor, Abdul Razak Deraof berkata, kaji selidik itu bagi memudahkan SPRM

menilai dan membantu PBT membuat perancangan inisiatif pencegahan rasuah pada masa depan.

“Kaji selidik ini diadakan menerusi imbasan kod QR di telefon pintar bermula hari ini (semalam) dan dijangka selesai dalam masa terdekat.

“Dijangka seramai 12,098 kakitangan PBT seluruh negeri ini akan menjawab kaji selidik berkenaan,” katanya selepas Majlis Pelancaran Sam-

butan HARA PBT Perangi Rasuah peringkat Majlis Perbandaran Klang (MPK) di Dewan Raja Mahadi semalam.

Terdahulu, warga kerja MPK melafazkan ikrar integriti korporat (CIP) dan menandatangani memorandum persefahaman (MoU) bersama SPRM Selangor.

Warga kerja MPK diwakili oleh Yang Dipertua MPK, Dr Ahmad Fadzli Ahmad Tajuddin.

Ahmad Fadzli (tiga dari kiri) bersama Abdul Razak memegang bingkai Janji Warga PBT selepas Majlis Pelancaran Sambutan HARA PBT Perangi Rasuah peringkat MPK di Dewan Raja Mahadi, di Klang semalam.

4 wilayah terima bekalan, 3 masih dalam proses

Oleh Nurzamia Che Noh - Disember 9, 2020 @ 2:28pm
 bhnews@bh.com.my

SHAH ALAM. Empat daripada tujuh wilayah yang terjejas akibat gangguan bekalan air sejak awal pagi semalam pulih sepenuhnya sehingga jam 1 petang tadi.

Ketua Komunikasi Korporat Pengurusan Air Selangor Sdn Bhd (Air Selangor), Elina Basri, berkata empat wilayah berkenaan adalah Petaling, Kuala Lumpur, Hulu Selangor dan Kuala Selangor.

"Tiga lagi wilayah masih dalam proses pemulihan bekalan air iaitu Kuala Langat (80 peratus), Klang/Shah Alam (74.9) dan Gombak (70).

DISYORKAN UNTUK ANDA

- Bekalan air stabil sepenuhnya di 7 wilayah terjejas
- Pencemaran Sungai Semenyih: 336,930 akaun terjejas
- Bekalan air di 664 kawasan pulih
- Air Selangor tidak dapat jangka bila bekalan air akan pulih

"Secara keseluruhan, sehingga jam 12 tengah hari tadi, bekalan air sudah stabil di 731 atau 84.9 peratus dari 861 kawasan yang terjejas.

"Usaha menstabilkan agham bekalan air terus giat dilakukan bagi memastikan 130 kawasan yang masih lagi terjejas mendapat bekalan air," katanya dalam kenyataan hari ini.

Beliau berkata, bantuan bekalan air alternatif melalui pili awam dan Pusat Khidmat Setempat (PKS) masih lagi disediakan untuk kemudahan pengguna yang masih lagi terjejas.

Katanya, Air Selangor turut memisahkan pengguna untuk mematuhi peraturan Pelaksanaan Perintah Kawalan Bersyarat (PKSB) semasa mengambil bekalan air daripada Lori Tangki, PKS dan pili-pili awam yang disediakan.

"Maklumat bekalan air akan dimaklumkan dari semasa ke semasa menerusi semua medium komunikasi Air Selangor termasuk Twitter, Facebook, Instagram, aplikasi Air Selangor dan laman sesawang kami di www.airselangor.com," katanya.

Semalam, Air Selangor memaklumkan bertukar henti tugas Lori Rawatan Air (LRA) Rantau Panjang pada 11.30 malam, 7 Disember serta LRA Sungai Selangor (SSP) 1, 2 dan 3 pada 1 pagi semalam, berikutan pencemaran sumber air mentah di Sungai Selangor.

Henti tugas berkenaan menyebabkan gangguan bekalan air tidak berjadual di 1,274 kawasan di tujuh wilayah.

Dalam pada itu, semalam media melaporkan Pengerusi Jawatankuasa Tetao Pelandangan, Alam Sekitar dan Teknologi Hijau dan Hal Ehsan Orang Asli Selangor; Hee Loy Stan, berkata pembuangan air kolam temakan ikan keli secara haram dikenal pasti menjadi punca pencemaran bau yang mengakibatkan kedua-dua LRA dihenti tugas.

Proactive measure to ease future water woes

Two developers on board with MBPJ's plan for extra storage facilities

Petaling Jaya City Council is planning to make it mandatory for extra water storage facilities to be included in building plans for future high-rises in the city. Stakeholders are receptive to the idea and hope to see the plan implemented soon. >2&3

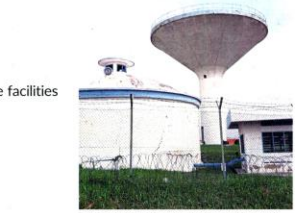

MBPJ is keen to make it mandatory for future high-rise developments to have extra water tanks with reserve lasting for four days.

With the installation of tanks at future high-rise developments, water disruption need not become a hardship for residents, especially when they have to carry heavy loads of water to the store to get to their units.

MBPJ is keen to make it mandatory for future high-rise developments to have extra water tanks with reserve lasting for four days. MBPJ councillor Derek Fernandez said the idea was supported by several developers as part of sustainable development and long-term water resource planning. It was agreed at the One Stop Centre (OSC) meeting that there should be water reserve for a minimum of four days at all high-rise buildings, said Fernandez, who has led the matter at the recent full board meeting. "This will include new condominiums, affordable housing schemes and even the people's housing project (PH) projects," Fernandez said although full implementation of the policy would require further discussions with housing government and other parties. MBPJ had at its recent OSC meeting approved the requirement with the agreement by two developers. Both B1 Builders Sdn Bhd and Everest Promex Sdn Bhd welcomed the plan for sustainable water management for their Banting Selangor projects in Petaling Jaya. "Having four days' water reserve is a 100% increase from the two-day requirement that was imposed on developers. And this may be the first affordable housing project in Selangor to have four days' water reserve capacity," said Fernandez. "There are many new developments, so longer build reservation and water storage facilities on site, the more to have extra storage tanks built at new projects will help future property owners. It means there will be more usage of water." "It just means there will be more water reserve capacity at these developments," he added. Drawing Jaya Group (JG) welcomed the plan on the condition that the state government and Petaling Jaya City Council (PJCC) were on board with the idea. He said it was encouraging that the two developers had agreed to build extra storage facilities to meet water. "We have always been the pioneer in setting new standards and later on Selangor and there should be further discussion on the matter at state level," said Sanyal. Selangor local government, public transport and new village development committee chairman Ng Jui Hin, who supported the idea, described the plan for larger storage capacity tanks as good. "It would ensure continuous supply in the event of supply disruption. It will be the correct energy requirement by Air Selangor was sought around one and a half days." Factors such as where the water tanks would be placed in a development and if Air Selangor could supply enough water had to be looked into, Ng pointed out. "I want to know where the reserve tanks will be placed in the new developments." "There are many pockets of land for development left in Petaling Jaya, along the one in Bukit Kemuning. It may not be practical to have water towers for each and every project so it will not be placing on the site and will incur extra cost. "We need to look into Air Selangor's ability to provide extra water and if there will be enough treated water to top up the reserve tanks at this moment," he added. Speaking on behalf of B1 Builders and Everest Promex Sdn Bhd, Alan Cheong, B1 water resource manager, said he was happy to comply with the plan imposed at the OSC meeting as it would benefit home buyers. Cheong said erecting tanks for

Treated water in the neighbourhood reservoirs are able to hold more water but there aren't too many on hand tank. - Bhat

Sanyal welcomes the idea for extra storage tanks at high-rises but wants the state government and Petaling Jaya City Council to be on the same page.

With the installation of tanks at future high-rise developments, water disruption need not become a hardship for residents, especially when they have to carry heavy loads of water to the store to get to their units.

Ng is concerned about where the tanks will be placed at the new high-rise developments. "Water disruption need not become a hardship for residents, especially when they have to carry heavy loads of water to the store to get to their units." "We have residents don't have to carry loads of water on their homes every day there is an unobstructed water tap. It is straight coming up with such policies to help build a sustainable city," added Cheong. Malaysian Institute of Planners president Bhanu Zainal Maklun said increasing water storage and development was a positive step, especially for high-rises. He said while developers might incur extra cost to build the storage tanks but having water reserve was an advantage. "Having four days' water reserve will be a good idea of having extra water reserve association and Banting Selangor welcomed the idea. "It will be a fantastic idea if it becomes a mandatory policy. "While we want the water cut to be just too and have enough reserve at all developments will be ideal."

While we want the water cut to be just too and have enough reserve at all developments will be ideal."

Three business premises near Sungai Rawang demolished

By GRACE CHEN
 gracechen@thestar.com.my

A CATTLE farm, a heavy machinery workshop and a recycling centre near Taman Garing Permai in Rawang were demolished in a joint operation by the Selayang Municipal Council (MPS) and Gombak Land and District Office (PTDG).

MPS president Shamsul Shahril Badliza Mohd Noor said the three premises, which were located 10m from the banks of Sungai Rawang, had been issued a notice to vacate under Section 245 of the National Land Code as they were squatting on government land.

"The land was leased out to a cement plant operations company.

"The leaseholder rented out the lots to these business premises.

"However, the lease expired five years ago and the land has reverted to the government.

"The premises currently occupying the land are located on a river reserve and the government will not issue business licences to the operators," he added.

He said while the demolition exercise had gone well, the only trouble received was from the cattle farm owner, who was reluctant to remove his 20 animals and two chickens.

Asked why other heavy machinery and equipment workshops were spared the excavator's claw, Shamsul said these premises had

A worker removing equipment from a heavy machinery workshop as the excavator's claw came crashing down on illegal business premises.

appealed to PTDG for time to remove their machinery to protect their investments.

"We will give them one or two days. If they do not comply, we will take action," he explained.

He added that it was best for the owners of these premises to demolish their structures and vacate the land instead of waiting for MPS to come after them.

"By taking initiative, they can ensure minimal damage to their equipment," he said.

At the time of the demolition, no pollution to the river was detected.

To ensure that the river reserve land would not be encroached by illegal businesses again, Shamsul said MPS would do constant patrols to monitor the area.

MPS goes digital for faster access to land matters

MANUAL checks on land use will soon be a thing of the past as Selayang Municipal Council (MPS) has adopted the "MPS Local Plan Land Use" system.

Operational since August, this system allows officers inspecting a site to search for relevant information about the land on their mobile device.

Council president Shamsul Shahril Badliza Mohd Noor said this simplified data checks and site location.

"Our officers can search for related information on-site. Before this, they had to go to the office to access the same information.

"This system saves time and allows them to get data on zone types and land use fast," he said, adding that the system that cost RM20,000 took a month to develop.

Apart from the system, Shamsul said the council had also developed other online platforms to improve its services to ratepayers.

He said a new app called MyMPS would be launched this month to allow for online

payment of assessment.

Starting Jan 1, 2021, MPS will do away with sending bills via post and opt for electronic billing instead.

Shamsul said some 35,000 account owners had updated their contact details while the rest had been reminded to follow suit.

"They can update their details by visiting MPS' website or scan the quick response (QR) code on the bill for this year's second term.

"The assessment bill will be sent via SMS and e-mails starting next year," he said at the "Hari Inovasi dan Integriti 2020" launch at Menara MPS in Selayang.

The MPS president hoped the use of this digital platform would reduce bureaucracy and administrative cost.

"Among the platforms we have prepared are eAduan, eTaksiran, eBayaran, eLesen, eTender, dog licence system, ePayment and digitalising assessment," he said.

On the Covid-19 pandemic and standard operating procedure during the movement

control order period, he said the council was complying with the requirement for 30% staff to be at the office and this had minimal impact on productivity.

"The council still conducts meetings and decisions via digital apps such as GoToMeeting and Zoom.

"We have also conducted seminars and programmes via webinars and Facebook," he said.

Shamsul also urged employees to stay clear of abuse of power and corruption as stern action would be taken.

"The MPS integrity unit is constantly monitoring employees. Employees who want to take on part-time jobs to earn a side income or get involved in politics are advised to submit a formal application to this unit.

"Anyone found guilty of inappropriate conduct will face the consequences, including termination of service," he said.

Shamsul reminded that they should also avoid becoming the middlemen or runner

for any business related to MPS.

"The management has issued several warnings, yet complaints about this matter continues," he said.

Shamsul touched on asset declaration, reminding staff to update details periodically.

"If there is a new purchase or disposal of property or asset, this must be updated in the system.

"This is to avoid negative perception among the public towards council employees whose asset value exceeds their monthly earnings," adding that an anti-bribery management system that was being developed to detect irregularities among employees would be implemented soon.

Shamsul reminded all employees to abide by the state government's directive to report for duty during the conditional MCO.

"This includes those who are working from home. Failure to do so will be considered an offence that warrants disciplinary action," he said. — **By FARID WAHAB**

Stop-work order on Bukit Enggang road project

Action taken as developer not complying with terms and conditions, says MPKj

By FARID WAHAB
 faridwahab@thestar.com.my

A PROJECT developer in Bukit Enggang, Bandar Sungai Long, Cheras has been slapped with a stop-work order for violating terms and conditions set out by the local authority.

Kajang Municipal Council (MPKj) public relations head Kamarul Izlan Sulaiman said the non-compliance came to light during a site visit by the Engineering Department on Nov 24.

"The initial approval for a road construction project was issued on July 15 and was subject to the developer complying with the

terms set.

"Now the developer is required to submit a new infrastructure plan for approval," he said.

Among the terms set by the council included building a drainage system equipped with silt traps to prevent pollution in waterways and maintaining the slopes at the site to prevent landslides.

The matter came to light when hikers to the hill complained about the development project there.

This was highlighted in a *StarMetro* report on Nov 11.

They feared the project that began last year would contaminate the natural lake and streams in the area.

They also said the project had shortened their hiking trail as they were no longer able to use the site which turned muddy when it rained.

The hill, known as Sungai Long Hike, is a popular spot for hiking and recreation among locals in the area and from nearby townships.

In the report, MPKj said the project was to develop the East Klang Valley Expressway and it was undertaken by Ahmad Zaki Resources Bhd (AZRB).

However, a spokesperson for AZRB had denied that the work site in question was under its purview.

Clearing the dispute, Kamarul said the

StarMetro's report on the project.

project was to construct a road for an upcoming development by a different developer.

He said, however, that MPKj had yet to receive any application for other developments at the site.

In response to whether hikers could use the site for exercise, Kamarul said this depended on the land ownership status.

"If it is privately owned either by a company or an individual, then doing so is considered trespassing," he said.

A local, who spoke on condition of anonymity, said that when she visited the site on Dec 9, works were still ongoing.

She questioned if the developer had obtained a permit from Hulu Langat Land and District Office to conduct earthworks. "The developer should also show proof that it was allowed to carry out the project," she said.

The land office had earlier said it was aware of the project but declined to comment further.

A check by StarMetro found piles of gravel and steel culverts at the site. — Filepic

Akhbar	:	The Star
Tajuk Berita	:	Six states still have low treated water reserves
Muka Surat	:	9

Six states still have low treated water reserves

KUALA LUMPUR: Six states recorded a reserve margin of below 15% in treated water during the second quarter of the year, says Deputy Environment and Water Minister (KASA) Datuk Ahmad Masrizal Muhammad.

They are Johor (11.3%), Sabah (8.3%), Perlis (7.1%), Selangor (1.5%), Kelantan (-0.25) and Kedah (-2.3%).

“Through the National Water Services Commission (SPAN) which acts as the regulatory body of the national water services industry, KASA has set the key performance indicators of treated water margin reserves that need to be complied with and achieved by all state water operators at 10 to 15%,” he told the Dewan Rakyat yesterday.

Ahmad Masrizal was responding to a question from Datuk Ahmad Nazlan Idris (BN-Jerantut) on the ministry’s initiative to address the low treated water reserve margin in the country and plans to increase

water sources.

For Selangor, he said the completion of the Langat 2 Plant in 2023 would increase the treated water margin reserve to 10%.

For Kelantan, he said completion of the water treatment plant in Kg Teluk, scheduled next year, would increase the water margin reserve to 4%.

“For Kedah, five plants, for which tenders have been approved, are expected to be completed in 2023 and they will increase the water reserve margin to 21%,” he said.

On the treated water margin reserve for the whole country, Ahmad Masrizal said: “It is at 11.5% or 1.943 million litres per day as of the second quarter of this year.”

Apart from the construction of new water treatment plants and upgrading of existing treatment plants, the initiative to reduce non-revenue water (NRW), through replacement of old and damaged pipes, as well as repair of service

tanks, is carried out to increase the national treated water margin reserve.

In response to a question from Datuk Seri Tiong King Sing (GPS-Bintulu) on the approach to be taken to improve the drainage system, especially in urban areas that are prone to flash floods, Ahmad Masrizal said the Irrigation and Drainage Department (JPS) is working closely with the local authorities to address the problem.

“This can be done by further strengthening the mechanism for compliance with drainage reviews by JPS in the process of applying for planning permission for a development.

“The importance of working with local government authorities has been emphasised in several papers presented at the National Water Council and the Environmentally-Friendly Drainage Manual has also been approved for use by local authorities since 2000 through the

Local Government National Council,” he said.

Malaysian Water Forum president Saral James Maniam said a good water reserve margin should be between 25% and 30%.

“With this margin, we will be able to accommodate all unstable water disruption. The water will be there for them to supply, though it takes 48 hours to restore the water,” she said when contacted.

She pointed out that states such as Kelantan and Kedah do not have any reserves.

“The demand is higher than what they can produce, that is why there is a negative reading. They also have significant NRW, which means they can produce that much treated water but they lose it before it can be supplied to end users.

“The capacity is there, not to say it isn’t there, but the water might be lost during the transfer. It is a serious problem to have a negative water margin,” she said.

Highlighting export opportunities

Webinar series to give insight into areas with high growth potential

KUALA LUMPUR: Companies keen to seek opportunities outside the country can tune in to the first webinar under the Export Excellence Awards (EEA) 2021 Webinar Series to find out more.

Titled "Shaping The Future: Broadening Economic Networks and Opportunities", the webinar will be held virtually on Dec 15 from 8pm via the video conferencing platform Zoom.

Those keen to attend can register at bit.ly/eeawebinar1.

To kick off the webinar, International Trade and Industry Minister Datuk Seri Azmin Ali will give the keynote address on the Regional Comprehensive Economic Partnership (RCEP).

Among the topics he will touch on are RCEP's impact and its benefits for Malaysia and the country's economy, the best ways for Malaysian exporters to take advantage of the free trade agreement, as well as the government's role.

Malaysia External Trade Development Corporation (Matrade) exporters development deputy chief executive officer Sharimahton Mat Saleh will share the export outlook for the coming year, including trade performance indicators and export assistance available for business recovery.

Expert advice: Azmin, Ang and Sharimahton are among the speakers featured in the EEA 2021 Webinar Series.

In addition, she will briefly outline opportunities and strategies to explore new markets, especially in areas with high growth potential, where Malaysian exporters can excel.

Sharimahton has been with Matrade in various capacities since she joined the trade promotion agency in 2005 as a trade commissioner for Matrade Los Angeles.

Prior to that, she was with the Malaysia Industrial Development Authority for 12 years starting in 1989, after completing her Master of Business Administration at Saint Louis University in the United States.

During the session, Standard Chartered Malaysia transaction

banking and cash products head Wendy Ang will share information on trade financing, including various trade risk elements and how best to manage them, the benefits of trade financing as well as insight into how export financing works.

In Ang's capacity, she is responsible and accountable for the transaction banking profit and loss, executing strategies in line with global agendas and commercialising innovative solutions for growth in the transaction banking business for Standard Chartered Malaysia.

The banker, who holds First Class Honours in BEng Electronic and Electrical Engineering from the University of Birmingham, England,

completed her Professional Credit Certification in Business and Malaysian Financial Markets Certificate with the Asian Institute of Chartered Bankers (formerly known as Institute of Bankers Malaysia).

Ang has close to 18 years of experience in banking, previously holding senior roles covering transaction banking and relationship management for Deutsche Bank and HSBC.

The EEA awards programme – aimed at recognising Malaysia's leading exporters who have contributed to the country's economy in the face of the Covid-19 pandemic – is back for the second year to acknowledge the contribution of businesses for their export achieve-

ments and success in the international arena.

This year, a total of 33 awards across five award categories will be honoured through the awards programme. The main award categories are machinery, electrical and electronics; agriculture, food and beverage; industrial products; consumer products and services, with special awards for halal products and Exporter of the Year.

There will be two tiers of the award, which are based on annual sales turnover, namely for small and medium enterprises with up to RM50mil revenue for products and up to RM20mil revenue for services; and mid-tier and large companies with more than RM50mil revenue for products and over RM20mil for services.

Companies can submit their entries from today until July 31, 2021. Winners will be announced at the EEA Gala Night, which will tentatively be held in October 2021.

EEA 2021 is organised by Star Media Group in partnership with Standard Chartered, with Matrade as patron. It is audited by BDO.

Those keen to apply can visit exportawards.com.my, contact Pei Wen at peiwen@thestar.com.my or call 03-7967 1388 (ext. 1857, Events Department).

Value, affordability in Tesco's Back to School campaign

KUALA LUMPUR

TESCO Stores (Malaysia) Sdn Bhd (Tesco) has launched its one-stop centre and value-for-money back to school campaign, 'Kembali ke Sekolah' 2020, offering parents affordable deals for the upcoming school year.

Due to the multiple disruptions to the school session this year, next year's schooling session will be very much anticipated by both children and parents alike.

Tesco has arranged the best offerings across all categories, from school uniforms to writing utensils, to help children get prepared when school reopens in January.

"We know that both parents and children are eager for the new schooling term and for our life to return to some semblance of the 'old' normal.

"However, we also know that back to school expenses can be significant for families especially for those with several school going children and those who have been economically affected by the pandemic," said Tesco Non-Food and Multichannel director, Janice Chan during the launch of the campaign on Monday.

"True to our value of Every Little Helps here at Tesco, we have worked hard at ensuring that back to school staples such as uniforms, shoes and stationery are priced as affordably as possible.

"In addressing the concerns of parents of having to go out to shop, our school uniforms, shoes and socks are also available for purchase for the first time in our official store on Lazada. This is just one of the many ways that we offer not only value for money, but also convenience to our customers," said Chan.

For the 'Kembali ke Sekolah' campaign, Tesco is offering the A-Star starter set of primary school uniforms, complete with three pairs of socks and shoes for less than RM38 per child.

Tesco Non-Food and Multichannel director, Janice Chan with the selection of products offered under its 'Kembali ke Sekolah' 2020 campaign.

Back to school staples such as uniforms are priced as affordably as possible.

Both A-Star Primary short-sleeved shirts and blouses, which are staple attire for most schoolchildren, are priced as low as RM9, while stocks last.

To assist parents and children find their right sizes as quickly as possible, Tesco has also prepared a sizing guideline in its weekly catalogue, which can also be accessed through scanning the 'Kembali ke Sekolah' QR code which will be made available throughout the campaign period.

As part of the new normal, Tesco is also carrying hygiene necessities such as children-sized face masks and shields; hand sanitizers and soaps; and more so that children can stay as safe while at school.

"Among the affordable deals at Tesco include backpacks from as low as RM10.90, trolley bags priced from RM49.90 and the Backpack Set which includes a 16-inch backpack, a multipurpose bag, a water bottle and a pencil case will be sold at RM79.90.

"Lunch boxes and water bottles will be sold from as low as RM2 and RM5 respectively, while selected variants of writing instruments, notebooks and folders will be on 50 per cent discount throughout the 'Kembali ke Sekolah' campaign period," added Chan.

Popular characters from movies such as *Frozen 2*, *Marvel*, *My Little Pony*, *Boboiboy*, *Spiderman* and the ever-popular mythical unicorns are also featured on selected items, so

kids can bring their favourite fictional character with them when school reopens next year.

The 'Kembali ke Sekolah' campaign runs until Jan 20.

Meanwhile, Tesco is also collaborating for the second year with Lembaga Zakat Selangor-Majlis Agama Islam Selangor in providing school essentials to B40 Zakat recipients.

"Through this collaboration, beneficiaries will be able to obtain school uniforms, shoes, socks, bags and writing instruments by just providing their MyKad at selected Tesco stores.

"Some 75,000 Zakat recipients are expected to benefit from this collaboration which will run from Dec 12 to Feb 28," added Chan.

Akhbar	:	New Straits Times
Tajuk Berita	:	Gombak voters' suit against Azmin will determine if MPs are our fiduciary
Muka Surat	:	10

VOTER-MP RELATIONSHIP

Gombak voters' suit against Azmin will determine if MPs are our fiduciary

A COMPANY lawyer can tell us without difficulty the fiduciary duties of a member of the company's board of directors because it is clearly spelt out in the Companies Act and judicially explained at great length in a large body of case law.

The same thing cannot be said of the fiduciary duties of a member of parliament (MP), but that will perhaps soon change because of a case that had been filed at the Kuala Lumpur High Court last week.

As the case is now *sub judice*, we have to be extra careful to comment. The facts are as follows. The plaintiffs are 10 Gombak voters who had voted for the defendant (Datuk Seri Azmin Ali) as their MP in the 14th General Election (GE14).

The plaintiffs claimed that the defendant had made false representations and deceived them when campaigning, and he had subsequently breached his fiduciary duties to them after they had entrusted him to be their elected representative.

In the run-up to GE14, the defendant campaigned for the Gombak parliamentary seat as well as the Bukit Antarabangsa state seat.

In their statement of claim, the

SALLEH BUANG

plaintiffs gave examples of the defendant's representation in the GE14 campaign, that his party, Pakatan Harapan (PH), would replace Barisan Nasional (BN) as the federal government because of the latter's wrongdoings, and that he would (together with PH) ensure the wrongdoings were addressed.

The plaintiffs stated that the defendant had acted to further his own interests and had breached his duties as a trustee of the voters by acting against his representations (breaking his

Datuk Seri Azmin Ali

promises) to the voters, including by "orchestrating the Sheraton move" and working with BN leaders to topple the PH government.

The plaintiffs seek various court orders, including a declaration that the defendant (as an MP for their constituency) owes a fiduciary duty or is a trustee due to his relationship with Gombak voters, and he has breached these duties.

They also seek a court order declaring that the defendant had committed the tort of deceit against them, and had also breached his constitutional oath. They also seek compensation to be paid.

The local media's initial comment on this pending litigation is that the plaintiffs had filed this lawsuit against the defendant

over his alleged deceitful role in the Sheraton Move plan, which caused the PH government to collapse in February ("10 Gombak residents file suit against Azmi Ali for deceiving constituents" — Dec 1).

According to Laith K. Nasrawin, professor of public law at the University of Jordan, legislators and ministers are in a fiduciary relationship with the voting public, based upon the trust granted them to act solely in the public's interest, and not in their own best interests.

Legislators are fiduciaries in terms of acting with honesty, integrity and the utmost good faith in the interest of the electors, the beneficiaries, who are vulnerable to the misuse of power. They owe an exclusive loyalty to their constituents to promote matters of concern to them in parliament and assemblies, and not to allow their personal financial interests to conflict with their public duties.

Nasrawin added that the fiduciary duty of elected members is to represent the interests of their constituents in parliament, which is truly at the heart of the mandate of an elected MP. Without constituents to advance their own matters of concern, there

would be no system of representative democracy to uphold, and there would be no role for political parties and their candidates to play in the system of parliamentary government.

A similar sentiment is expressed by Lindsay Agaard. In her paper, *Fiduciary Duty and Members of Parliament* published in the *Canadian Parliament Review* (2008), she states that the obligation MPs have to represent the interests of their constituents is truly at the heart of the mandate of an MP.

Without constituents to represent, there would be no role for MPs to play in our system of government, no need for an oath of office, no system of representative democracy to uphold, no need for parties to effect change or safeguard the status quo. The obligations MPs have flow from the power they gain from the citizenry.

We will wait and see how our courts decide on this important constitutional issue on whether your MP is your fiduciary.

The writer, a former federal counsel at the Attorney-General's Chambers, is deputy chairman of the Kuala Lumpur Foundation to Criminalise War

Akhbar	:	Malaysiakini (English)
Tajuk Berita	:	SELANGKAH launches Malaysia's first integrated Covid-19 screening & contact tracing system
Muka Surat	:	-

SELANGKAH launches Malaysia's first integrated Covid-19 screening & contact tracing system

SELANGKAH is pleased to announce the release of Malaysia's first integrated digital solution for Covid-19 contact tracing and rapid screening via its Community Screening Portal.

Launched in May this year as the country's first contact tracing system, SELANGKAH now again pioneered a new digital solution to ensure that individuals who were traced before can now be screened and tested safely. This is to close the gap of Contact Tracing technology that are currently working down the healthcare system.

The SELANGKAH Community Screening Portal provides a system with integration between contact tracing, rapid testing and diagnosis, reporting as well as monitoring that is currently implemented. Our development primarily rapidly builds on the Covid-19 Test Index Support (TIS) system as recommended by the World Health Organization (WHO).

Well received by the community

Available through <https://www.selangor.gov.my>, the portal was initially deployed on Wednesday (Dec 2) in Meru, Klang where a targeted screening for residents took place by the Selangor state government.

Local community leaders Selva Kumaran and other stakeholders were excited with proposing that community to get together on the portal edge in substance. This is to increase workforce efficiency, as many of the frontlines were divided in HRM and this capacity to register patients could be limited.

100% of the participants had pre-registered. This shows that digitalisation helps expedite contact tracing matters in cutting the spread of the virus. "Selangor Menteri Besar" YB Gan Sri Aman (Sel) lauded.

100% of the rapid digital solution was then managed to cover 40% of the targeted population within five hours, exceeding the set target of early 10%, with results being made available within 24 hours.

In order to ensure proper understanding of case reporting, the results of this test are shared seamlessly with the health Ministry through its integrated Public Health Laboratory Test Result System (PHLRS) and in real-time portal.

All parties coordinated

In line with WHO's advice of government and whole of society approaches, the programme mobilises local community, media, private organisations, the state government and its agencies (SIC, CAGI, a non-governmental organisation (NGO)) and the Klang district health office.

"We are proud to close gaps between a structured system integration and analysis solution that is decentralised and transparent in its implementation," said SELANGKAH Director for the duration of "New Order".

"We hope to see that our best practice is replicable nationwide, so we can together navigate this pandemic without leaving anyone behind."

The public is encouraged to register in order to receive alerts from the state government when a new screening programme will be made available soon from.

For more information on SELANGKAH, visit www.selangor.gov.my. Alternatively, follow the official SELANGKAH social media channels on Facebook (<https://www.facebook.com/selangorkorporat>) and Twitter (<https://twitter.com/selangorkorporat>).

Water supply to Petaling, KL, Hulu Selangor, Kuala Selangor restored

By Bernama - December 9, 2020 @ 11:02pm

As at 6 pm today, water supply has been restored to 805 or 93.5 per cent of the 861 areas in seven localities in the Klang Valley that have experienced water cuts since yesterday. - NSTP/MUHD ASYRAF SAWAL.

KUALA LUMPUR: As at 6 pm today, water supply has been restored to 805 or 93.5 per cent of the 861 areas in seven localities in the Klang Valley that have experienced water cuts since yesterday.

Pengurus Air Selangor Sdn Bhd (Air Selangor) corporate communications head Elina Baseri said water supply in areas in Petaling, Kuala Lumpur, Hulu Selangor and Kuala Selangor had been fully restored, while in Klang/Shah Alam it was 91.6 per cent, Kuala Langat (90 per cent) and Gombak (85.6 per cent).

"Alternative water supply is still available at public taps and local service centres (PKS) for the convenience of consumers who are still affected," she said in a statement today.

Water supply disruption occurred when the Water Treatment Plant (WTP) in Rantau Panjang and the WTP in Sungai Selangor Phases 1, 2 and 3 stopped operations yesterday due to raw water pollution in Sungai Selangor.

Water supply was disrupted yesterday after pollution was detected in Sungai Selangor. — Picture by Miera Zulyana.

KUALA LUMPUR, Dec 9 — Water supply resumed fully by noon today in four areas in the Klang Valley — Petaling, Kuala Lumpur, Hulu Selangor and Kuala Selangor — which faced disruption since early morning yesterday, according to Pengurusan Air Selangor Sdn Bhd.

Air Selangor corporate communications head Elina Baseri said supply had been restored to most places in three other affected areas, namely Kuala Langat (80 per cent); Klang/Shah Alam (74.9 per cent) and Gombak (70 per cent).

"As at noon today, water supply was stable in 731 of the 861 affected areas. Air Selangor is striving to stabilise distribution of supply in the remaining 130 areas," she said in a statement.

Elina said alternative supply of water through public taps and local service centres is still available for the affected consumers.

Air Selangor advised consumers to comply with the conditional movement control order (CMCO) standard operating procedure when fetching water from tanker lorries, local service centres and public taps.

Water supply was disrupted yesterday after detection of pollution of the raw water in Sungai Selangor, which triggered the shutdown of the Rantau Panjang Water Treatment Plant and the Sungai Selangor water treatment plants Phase 1, 2 and 3. — Bernama

KERATAN AKHBAR		
10 December 2020		
Akhbar	:	The Malaysian Reserve
Tajuk Berita	:	Alarming water margins of below 15% in 6 states
Muka Surat	:	6

Alarming water margins of below 15% in 6 states

THE volume of treated water reserve margin for six states were recorded at an alarming level of below 15%. Deputy Environment and Water Minister Senator Datuk Dr Ahmad Masrizal Muhammad said.

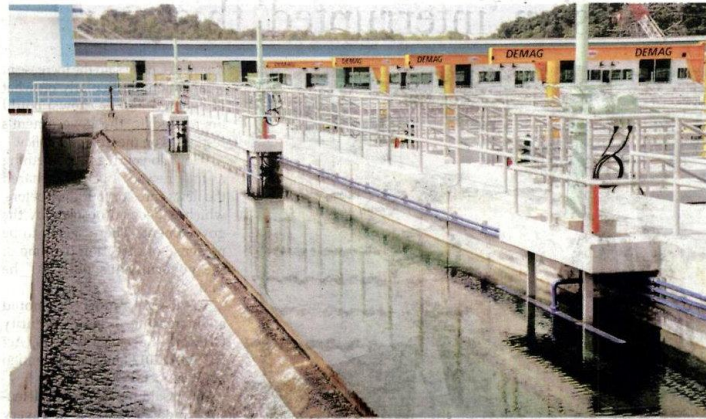

Ahmad Masrizal told the Dewan Rakyat yesterday that two out of the six states have a negative margin, recorded as of the second quarter of this year (2Q20).

He said the states are Johor (11.3%), Sabah (8.3%), Perlis (7.1%), Selangor (1.5%), Kelantan (-0.2%) and Kedah (-2.3%).

"Among the approaches that have been implemented to increase the rate of treated water reserves for these states are the construction of new water treatment plants and upgrading the existing plants so that the production capacity can be increased.

"We also implemented the non-revenue water programme involving the replacement of obsolete pipes and the repair of damaged and leaking service tanks," he said.

He was responding to a query

Phase 1 of the Langkat 2 LRA is expected to finish in 2023 and is slated to increase Selangor's margin reserves by 10%

by Datuk Ahmad Nazlan Idris (Barisan Nasional-Jerantut) on the government's initiatives to overcome the issue of low treated water reserve margins and the long-term plan to increase water resources.

Ahmad Masrizal said a total of seven water treatment plants are being constructed in Selangor, Kelantan and Kedah to increase the reserve margin levels for the states. He said the development of the

Langkat 2 Water Treatment Plant (LRA) in Selangor is not completed yet.

"Its Phase 1 is expected to finish in 2023 and is slated to increase Selangor's margin reserves by 10%.

The Kampung Teluk plant in Kelantan, which will have a capacity of 30 million litres per day (MLD), is expected to be completed next year and increase Kelantan's reserves by 4%," he said.

He added that five plants in Kedah are in the process of appointing contractors and will be completed in 2023, and the success of the project would increase the state's margin to 2%.

Ahmad Masrizal said Malaysia's treated water reserve margin was recorded at 11.5% or 1,943 MLD in 2Q20.

He said through the National Water Services Commission, the government has set the key performance indicator for Malaysia's margin reserves at 10% to 15%.

"Most water treatment plants in Malaysia use river water, or surface water, as the main raw water source.

"In line with climate change, the government has set a new policy for water exploration to increase the raw water resources through the off-river storage project known as TAPS, barrage and the horizontal collector well," he said.

(吉隆坡9日讯) 新冠肺炎疫情造成的冲击超乎想象，国家经济持续低迷，拖累多个地方政府的财政收入；面对收入减少的情况下，绝大部分的县市议会主张“把钱花在刀口上”，凡事采取能省则省机制，唯独人民的基本服务开销保持不变。

全球疫情皆因新冠肺炎疫情持续蔓延，伤痕累累，包括我国也被列为今年面临经济衰退的150个国家之一，意味全国经济已陷入衰退，失业率恐将继续上升。各行各业深受其扰。连带影响国库收入，雪州各地方政府也无可幸免，所提呈的财政预算赤字创新高，甚有地方政府的财案，因税收大减而由“收支平衡”转为“预算赤字”。

梳邦再也市议员叶国荣接受《中国报》记者电访时指出，

碍于新冠肺炎疫情所带来的经济冲击，梳邦再也市2021年财政预算案的收入开支，时隔多年后，再次出现预算赤字，因此必须动用储备金缴付预估开支。

动用储备金

他说，往年市政厅的财务表现均取得收支平衡，奈何全球遭遇新冠肺炎疫情肆虐，各国经济能力下降，预料来年的税收将随之下跌。

“梳邦再也市2021年的财案总额，比2020年减少约4100万令吉，更出现1900万令吉的预算赤字，皆因人民缴税的能力下降，税收随之减少，所以必须节约支出，谨慎开销。”

度过2020年，有信心能安然

梳邦再也市廳節流

叶国荣提及，在面对收入减少的情况下，梳邦再也市政厅将采取“节流”模式。预算总开销会从2020年的3亿500万令吉，减少至2亿9700万令吉，将省却不必要的开销，如内部行政、会议与公司旅游等开支，但人民基本需求的服务开销，则保持不变。

“举例，如今许多会议改用线上进行，以往在酒店进行的会议而涉及的场地租金和其他经费，自然会删减；市政厅也透过减少内部行政开支，如减少用纸来维持人民服务的开销，则保持不变。”

他说，尽管必须动用储备金来缴付开支，但市政厅仍保持明年疫情舒缓与疫苗面世的希望，也有信心能安然度过2021年。

此外，他说，按照条例，倘若民众迟缴门牌税将面临罚款，但市政厅为体恤人民所承受的经济压力，议决豁免迟缴罚款，而这间接对收入造成影响。

民衆延遲繳稅

◆黄亚详 (沙白安南局議員)

受到新冠肺炎疫情影响，许多发展商减缓发展项目，估计是议会一些主要收入，如发展献金会随之下降；此外，不少企业无法承受低迷经济而结业，执照的收入来源首当其冲。

在收入减少的同时，县议会的开销却不必往年少，包括在行政开销出现上涨通胀履行职务，确保所有人民都遵从标准作业程序，而公务员的超时加班费，均由县议会所支付。

尽管如此，由于今年不少民众延迟缴付税务，县议会预料明年缴税率会出现反弹，税收收入也会因而增加，但我个人认为，税收收入不会如预期般理想，反而会与今年的缴税率，保持一样。

收入來源下降

◆苏仁强 (加影市議員)

除了各行各业外，各地方政府也会面对“行情不好”的难题，许多商业活动因受到新冠肺炎疫情的影响而减少，导致市议会的部分收入，如执照费和准证费等收入来源，均随之下降。

至于开销方面，大部分支出项目大同小异，但加影市议会的情况较为特殊，市议会至今仍向市民徵收80年代的税款，但却给予2020年代服务，长达30多年来不曾调涨税款。

■三井名牌城 (Mitsui Outlet) 生意深受打击，连带影响市议会的税收。(档案照)

錢用緊急項目 ◆蔡志雄 (雷邦市議員)

2021年雷邦市议会财政预算案保持收支平衡，并采取“节流”机制，在预算开销方面做出调整，只把用在紧急的发展项目，当然一些惠民措施还会继续，包括涉及小贩福利的计划、刺激经济的配套等。

如今经济低迷，市议会致力减轻人民的经济负担，包括允许一些大企业或挂牌公司，以分期付款的方式来缴付税务，也预料门牌税收入会因此而放缓。

其实，市议会辖内许多酒店和旅游业者受到的冲击超乎想象，包括一些挂牌公司、三井名牌城 (Mitsui Outlet) 的生意深受打击，连带影响市议会的税收，所以市议会尽量不加重人民与企业的经济负担，希望大家能一起共度患难。

在开销方面，市议会也降低成本，许多发展项目都已展展或暂时搁置，除了必须紧急处理的工程，至于用于防疫的拨款，多为市议员执行动用个人拨款，包括举办捐赠物资的活动，协助人民。

財政赤字增加 ◆洪友亮 (瓜拉冷岳市議員)

瓜冷市议会2021年财政预算案，是市议会于今年升格后，首个提呈的财政预算案，财政赤字比2020年的500万令吉，增至900万令吉。

由于市议会辖内有不少新的屋业发展，预计收入将有所增加，至于其他税务方面，则已设下目标，但一切皆视明年的经济状况而定，必有部分面对经济

问题，而延迟缴交税务。至于开销方面，发展开销与去年相比，并没有太大的差异，但行政开销则因升格后，所有市议员和官员皆已调整薪金至市议会的水平，故薪资方面的支出，随之提升。

王友泰：料門牌稅收入增漲

他说，非税收涵盖执照、准证、罚单、停车费和租金等收入来源，其中，在新冠肺炎疫情的笼罩下，许多商家包括购物广场的商铺关店结业，导致执照费预估减少1.13%。

“其实，下跌幅度最高的是租金收入，如一些停车格和活动场地没人租用，以致租金收入减少26%，而投资利润和营业额也下滑30%。”

他说，虽然灵市政厅近年皆提呈赤字财案，但今年的预算案明显受到疫情影响；在面对收入减少的情况下，市政厅明年将谨慎开销，主要执行一些紧急与关键的工程项目。

他解释，在收入减少的情况下，市政厅明年也将谨慎花费，不仅将行政开销控制在少于收入总额外，也精简发展开销，将财务花在一些紧急与关键的建设项目，包括会影响社会运作的维修工程。

“举例，市政厅将用于提供免费巴士的开销，即800万令吉 (2020年) 减少至500万令吉 (2021年)，包括删减一些无人问津的巴士路线降低低开销。”

八打灵再也市议员王友泰指出，灵市政厅因受到新冠肺炎疫情的冲击，预料明年的非税收收入整体下滑8.97%，反观门牌税收入，即门牌税收入则因辖内的房屋增加而上涨。

防疫工作欠透明緩慢

職場成主要感染群

(吉隆坡 8 日讯) 职场成为新冠肺炎确诊病例的主要来源, 卫生部没有透明化处理疫情、感染群有增无减、原有感染群已持续了数月之久、无法切断感染链、防疫工作缓慢、没有出现新冠肺炎症状的感染者隐藏在人群之中, 造成雪隆确诊病例高居不下。

根据雪州卫生局和雪州卫生局的新冠肺炎新增确诊病例, 在踏入 12 月后, 新增确诊病例还是高居不下, 截至 12 月 7 日, 单日新增确诊病例还是在 3 位数, 即是 426 宗。

根据雪州卫生局数据, 12 月 7 日 426 宗新增确诊病例中, 大部分是涉及到职场和感染群, 包括工厂、建筑工地、外劳和工人宿舍等。

根据雪州议员接受《中国报》记者采访时表示, 担忧新冠肺炎病毒已在雪州扩散, 尤其是目前许多确诊者是无症状。

他们重申, 由于目前许多确诊者没有新冠肺炎症状, 如果没有接受检测, 是无法确认其确诊的情况, 也成了社区中的隐忧。

感染鏈無法切斷

有者也炮轰卫生部和中央政府, 没透明化的处理新冠肺炎疫情, 包括没有提供疫情资讯给雪州政府, 造成州政府也无法在地方上提供更全面的援助。

他们说, 在雪州感染群是持续增加, 原有感染群也是持续了数月之久, 显示出感染链也无法切断, 是引发确诊病例出现的根源。

他们指出, 在雪州, 确诊病例主要是发生在职场, 其中包括建筑工地、工厂等, 大部分都是涉及外劳。

他们说, 相信是外劳宿舍的居住人数过于密集、没有遵守标准作业程序、厂商没有进行防疫工作等, 形成高感染风险区。

“在公寓或组屋区是有一些确诊病例, 主要也是源自职场, 也延伸到密切接触者, 但暂时没有出现社区感群。”

州政府無從下手

★班达马兰区州议员梁德志

巴生区目前还是红区, 尤其是从过去两个月迄今, 确诊的病例还是高居不下, 而且是持续性出现。

据了解, 目前确诊的病例主要都是涉及职场, 包括工厂、建筑工地等, 约有 70 至 80% 是涉及外劳。

工厂和工地主要都是涉及外劳宿舍, 太过密集的居住人数和没有保持社交距离、厂商等没有防疫等, 都是引发确诊病例的情况出现。

同时, 多个感染群迄今是持续出现, 包括密芒基感染群 (Kluster Bah Manggis)、柏立基感染群 (Kluster Perigi)、莲花路感染群 (Kluster Teratai) 等, 尤其是目前, 一些筛检活动也还在进行中, 相信还是会有确诊病例出现。

對衛生部失望

虽然卫生部是以避免引起恐慌为理由, 拒绝透露实际的资料, 但也因缺乏透明化的资讯, 造成感染链迄今还是无法被中断。

即使是雪州政府或者是国州议员等想从旁给予协助, 也是无从下手, 让我们对于卫生部和中央政府的防疫感到失望。

卫生部没有更加透明化的处理新冠肺炎疫情、无法切断感染链、防疫工作缓慢等, 都是形成雪州的新冠肺炎疫情还是高居不下的主要原因。

由于卫生部或者是卫生局也没有提供消毒方面的援助, 我们也接获一些有出现确诊病例的公寓管理委员会等的求助, 提供消毒援助。

巴生港口苏丹苏莱曼组屋 (Flat Bandar Sultan Sulaiman) 的确诊病例已持续了两个月, 居民常见到救护车的进出, 但卫生部也没有采取进一步的行动。

■无拉港火箭行动迄今已进行了多场消毒活动, 其中包括公寓、组屋和住宅区。

■一些确诊者并没有出现任何感染症状, 以致必须要进行检测。

免費檢測反應不佳

◆中路区州议员法鲁拉兹

据观察, 在中路一带的确诊者都是涉及工厂, 主要是来自于工人宿舍, 而且大部分感染者都是工人或者是外劳。

由于工人或外劳宿舍是设在住宅社区, 也是本地居民因此被感染, 但被感染的当地居民人数并不多。

雪州政府之前也在中路花园第 3 区礼堂 (Dewan Masyarakat Taman Meru 3) 进行筛检, 为居民提供免费检测, 目标是要 1000 人, 但后来接受免费检测的居民

人数只有 541 人, 从中也检出了一些确诊病例。

相信是因为居民担心会被检出确诊, 以至不敢来接受免费检测。

当一有感染群出现时, 卫生部应更快的采取行动, 包括在确诊区域进行筛检、追踪病源等, 切断感染链, 避免感染

群进一步扩散。同时, 只要涉及到工厂的感染群, 政府也应增加管制相关工厂和外劳宿舍, 也应即时中止工厂的运作, 直到解决感染群为主。

擔心無症狀病例

◆无拉港区州议员王诗棋

在无拉港州选区, 出现确诊的病例都是零零碎碎在各地区。

无拉港英比安英达 (Impian Indah) 组屋之前曾发生有 12 人确诊, 虽然地址是在无拉港, 但是属于双溪拉马州选区。

在雪州, 相信大新冠肺炎病毒已扩散, 最担心的是其中一些确诊者是属于无症状的情况, 如果是没有进行检测, 可能有一部分没有确诊的确诊者是不知他们已确诊。

由于一些确诊病例相续传出, 引起一些居民的恐慌, 例如可能有一个单位有人确诊, 但单位还有其他人居住, 居民要求管理层把其余的人全移出, 但管理层并没有相关的权力。

希望居民们合作, 如果有出现不适者是有接触过确诊者, 应该尽速的前往接受检测, 不要因为太过担心的情况, 如果是不敢前往接受检测, 只会让人或旁人面对感染的风险。

疫情仍持续严峻·政府却放宽管制

■巴生各地确诊频传，社区案例也节节高升，放宽管制恐怕形成一个传播大坑。

巴生人要自律自保

梅英权：频传社区感染 巴生不宜放宽管制

报导 ◆高志豪
 (巴生8日讯)“佛系抗疫”在疫情严峻的巴生县是个大坑，巴生人受促保持“放宽不放松”心态，毕竟大家难以辨别谁是确诊者，身边埋伏着许多“定时炸弹”，唯有自律、才能自保！

他，不仅没有推出加强管制措施，还进一步放宽，被斥如同“佛系抗疫”，制造防疫漏洞。
 班达马兰区议员梁德志就向《中国报》记者指出，中央政府的最新宣布，显示政府已经放弃抗疫。
 他说，巴生实行了2个月的有条件行动管制令2.0，也正式宣告失败。
病毒已深入社区
 “政府没有当机立断，第一时间采取强制措施，导致巴生的疫情越来越失控，我原本还以为政府的抗疫表现打5分，现在连5分也没有了，直接跌回0分，抗疫表现让人失望。”
 他说，巴生县病例有增无减，现在在外地人一听“巴生”2字，都感到害怕。
 他强调，巴生不适合放宽，加上目前资讯不透明，市民只能猜测哪个地点为“高危区”，而且现在病毒已经深入社区，过于宽松的防疫措施，只会让感染链更加难以切断。
 “很明显，现在政府选择经济高于健康，在疫苗面市前，大家只能靠自己，放宽但是不放松，只有拒绝群聚、保持距离、勤洗手、戴口罩等，才能把感染风险减到最低。”
 他无奈表示，现在他所能做的，就只是协助展开消毒工作，安抚民心。

梅英权
 在，因此不适合放宽管制。他说，现在病毒就埋藏在大家身边，巴生每天也3位数确诊，犹如一颗颗看不见的定时炸弹。
 “如果大家没有受到管制，还是到处乱跑，感染链就肯定无法切断，放松管制在郊区可以实行，但是在巴生确实存在大问题。”
 “管制虽然会影响经济，但是管制，一旦进一步失控的话，经济影响层面将比现在更加严重。”
 他说，政府应该以外国为借鉴，个人自由和经济，不比健康重要，况且巴生还是个外劳集中地。
 他表示，可能政府以为经过几个月的灌输后，大家已经有防疫意识，但是外劳、小孩、老人家的防疫意识还是普遍偏低，佛系抗疫非常危险。

李富豪：采佛系方式 政府开始不知所措

李富豪
 巴生市议员李富豪指出，从政府大放宽可以看出，中央政府已经开始感到不知所措，因此才会采取佛系方式。
 他说，国家安全已经不知道应该如何管控，即使卫生部想要更加严厉，也已经错过最佳时期，因为病毒已经开始在社区蔓延。
 “就以巴生的情况为例，确实不适合大放宽。”
 他说，现在是否跨州、跨县已经没有必要，最重要的是从各社区做起切断感染链，但是巴生北港苏丹苏莱曼镇、西港英达高疫情严重，却没有大群检和管制，这2个地方是主要港口，全国各地的货车司机必须经过的地区，但是却没有任何防疫程序，把风险降到最低。

■国安会放宽管制，巴生人唯有“放宽不放松”，才能自保。

巴生疫情越来越严峻，国家安全理事会却出其不意宣布全国同步放宽管制，但是巴生县过去几天又增加数百个感染群，包括社区感染群，同时个人因出现症状而检测确诊的病例也不断增加，显示病毒在巴生已经无处不在。然而，国安会反道而

“政府没有当机立断，第一时间采取强制措施，导致巴生的疫情越来越失控，我原本还以为政府的抗疫表现打5分，现在连5分也没有了，直接跌回0分，抗疫表现让人失望。”
 他说，巴生县病例有增无减，现在在外地人一听“巴生”2字，都感到害怕。
 他强调，巴生不适合放宽，加上目前资讯不透明，市民只能猜测哪个地点为“高危区”，而且现在病毒已经深入社区，过于宽松的防疫措施，只会让感染链更加难以切断。
 “很明显，现在政府选择经济高于健康，在疫苗面市前，大家只能靠自己，放宽但是不放松，只有拒绝群聚、保持距离、勤洗手、戴口罩等，才能把感染风险减到最低。”
 他无奈表示，现在他所能做的，就只是协助展开消毒工作，安抚民心。

李富豪：
县卫生单位官员已向负责的领导传达确诊者没被载走的事情，盼尽快获得安排。

楼下有外劳确诊的公司，自行跨用消毒人员到组屋进行消毒。

李富豪：疑衛生當局“遺忘”他們

巴生 確診者 沒送院

(巴生9日讯)巴生市议员李富豪揭露，巴生有至少9名筛检呈阳的冠病确诊者不只没有被卫生单位派救护车载往双溪毛糯医院，就连隔离手环也没有被规定戴上，导致一名本地华裔确诊者忧心忡忡，深恐会把病毒传染给同住的一名长者。

他透露，9名确诊者都是无症状患者，他们当中有7人是建筑工地外劳，已经历近14天的隔离期，都没被载走；另2人是住在巴生不同地方的同一家本地电子厂华裔员工。

李富豪今日向《大都会》社区报记者指出，他接获巴生一处建筑工地负责人的告知，指上月杪首次安排诊所医护人员到工地，为全部五六十名的次级承包商工人进行实时聚合

酶连锁反应 (RT-PCR) 冠病检测，结果在11月27至28日，测出有11人确诊。

隔离期将结束 仍没获安排

“不过，被卫生当局载走的只有4名确诊者，剩下7人都还继续留下，当局没有任何行动。基于他们的隔离期会在明日(10日)届满，所以负责人也不打算执意要求当局派员来把这7人载走。”

他说，负责人告知，之后还有为确诊的11人安排其中6人进行一小时可拿到结果的快速检测 (rapid test)，但全部6人都是阴性，显然这个快速检测并不能做准，质疑为何能继续在市面上获得使用。

他表示，负责人叮嘱确诊者就算没有被载走，也必须留在家或宿舍进行隔离，一步都不能跨出家门。

衛生當局沒聯繫事主

李富豪披露，除了上述7名确诊外劳似乎“被遗忘”，还有2名在巴生一家电子厂工作的华裔确诊者也面临同样遭遇，即在确诊冠病后，卫生当局都没有联系事主，更遑论说要安排把他们载走。

他说，其中一人因为必须与一名独居老人同住，所以更担心会把病毒传染给抵抗力较

弱的老人，只能被隔离在家忧心忡忡，不知如何是好。

“事主在上周四(3日)接受筛检，本周一(7日)被通知确诊，但直到今日都没人联系他。”

“我有一名朋友的妹夫住在巴生高阳苑一栋公寓，即也在同一间电子厂工作的员工确诊迄今，也没被载走。”

官員答應安排載走

也 是巴生市议会卫生委员的李富豪披露，他针对“确诊者没被载走”的疑问向有关当局，获悉根据程序，县卫生局在有冠病确诊者后，必须和卫生部传染病单位 (CDC) 协调，把确诊者载

走。“但以上9名确诊者似乎都被遗忘，不排除或是协调方面出了问题，我会再跟进。官员也答应会传达予负责的领导，以安排把确诊者载走。”

苏丹苏莱曼组屋区第21栋组屋，周三(9日)又有6名外劳住户被救护车载走。

在苏丹苏莱曼组屋区设有外劳宿舍的公司，近日把米粮食物送到被隔离的员工宿舍。

蘇丹蘇萊曼組屋疫情沒獲關注

李富豪揭露，北港苏丹苏莱曼组屋区第21栋组屋，今日又有6名怀疑确诊的外劳被救护车载走。

他形容，当地目前情况犹如“佛系抗疫”，卫生部门没有统一的指令发布，各家公司只能“自己顾自己”，安排人员到组屋区的员工宿舍做消毒，以及为被隔离的工人送粮送食物等。

他指出，各家企业开始为本身的外劳安排筛检，因此预料在接下来的时日，苏丹苏莱曼组屋区的病例会继续攀升。

他透露，据他所知，巴生县土地

局主导的县灾难委员会，接下来的防疫工作会着重在英达岛的柏立基感染群，但苏丹苏莱曼组屋区的疫情，却没获得专注讨论。

市面流传勿接触人士名单

与此同时，巴生市面流传一份有5家公司和工厂名单，要求市民避免与在这5家公司上班的室友、屋主和家庭成员有近距离接触，同时要求他们自我隔离，不要与任何人有接触。

留言还强调：“如果你知道他们被令接受检测了，请马上通知周遭人士。”

拉吉夫：可盡早發現新感染群 衛部應擴大篩檢範圍

(八打灵再也9日讯)
行动党武吉加星州议员拉吉夫认为，随着国安会放宽有条件行管令，卫生部应扩大冠病筛检范围至高风险职业、非密切接触者 (Casual Contacts) 及没密切接触但有冠病症状者，以尽早发现新的感染群。

他发表文告表示，随着有条件行管令免除了一些条件后，更多民众会跨州旅游，冠病传播风险将会提升，因此卫生部应扩大筛检范围至密切接触者及增加大型筛检工作。

他说，许多诊所使用快速检测试剂盒检测冠病，让扩大筛检工作更容易进行。因此，他认为高风险职业者，包括前线医护人员及电召车司机必须定期接受冠病检测。

“同时，我认为非密切接触者也必须给予机会接受快速检测试剂盒来检测冠病。”

他说，自冠病疫情严重后，世界卫生组织强调进行大型筛检工作的重要性，以阻冠病传播。因此，他吁请卫生部扩大冠病筛检范围，以减低民众的担忧。

(巴生9日讯)用了就丢!

巴生班达马兰奥河南岸,几乎成了不法人士暗中乱倒垃圾的天然垃圾场。巴生市议会环境组官员日前到南海峡20路(Jalan Selat Selatan)尾端的一处河畔非法垃圾场调查,发现该空地虽没再被人丢垃圾,但现场充斥片片塑料袋残骸,把大地和枯萎的红树弄得满目疮痍。

执法员发现现场没有焚烧垃圾的迹象,非法垃圾场也有一段时间没有运作,但有许多塑料垃圾遍布在河岸,一旦河水涨潮时,这些垃圾便会漂浮在河面。

**巴生奥河旁非法垃圾场
塑料垃圾遍佈河岸**

这片奥河旁荒废的空地成了非法垃圾场已久,虽没再被人倒垃圾和烧垃圾,但土地已被破坏,需要很久时间才能重新复原。

又发现新垃圾场

日前揭发奥河成了垃圾河这起环境公害的巴生市议员李富豪向《大都会》社区报记者指出,官员巡视的是一处旧垃圾场,但附近也有新的垃圾被倾倒。

他认为,若要解决该处的环境问题,需要联邦、州和地方政府的联手配合,才能打击这类破坏环境的不法勾当和复原被破坏的土地。

“我想知道,州或联邦政府会否拨款来修复被污染的河流?”

早市小商公会在3个地点挂上横幅，引人注目。

小商公會掛橫幅反對鬧雙包 “我們要永久早市”

焦點社區 雙溪龍鎮

(加影9日訊) 雙溪龍鎮早市小商公會掛橫幅表達堅決立場，聲明不要“雙包早市”，只要一個永久早市。

據觀察，該小商公會制作3條橫幅，分別長挂在3個地點包括1路的路口及早市和食肆一帶，以便把商會聲音傳達給居民。

該商會副主席林鳳君向《大都會》社區報指出，商會與陳明英達花園居協已于日前致函給加影市議會，要求當局重新檢討設立新早市的決

定，並表達反對新早市的立場。

她強調，市議會要解決早市問題，建設一個永久性的早市才是最佳方案，也是小販最渴望看到的，不要增設多一個早市打對台。

她指出，雪州行政議員兼加影市議員許來賢也知悉此事，商會正等待市議會及州議員的回复。

她重申，設立新早市與現有早市打對台，只會產生惡性競爭，現在小販生意不理想，再面對新早市的競爭，小販生意更難做。

她希望市議會採取適當做法解決早市問題，但商會肯定不同意設立新早市，且陳明英達花園居民也反對。

劉佳達：應覓地建永久性早市

加影市議員劉佳達說，現在是疫情非常時期，希望讓原有早市小販安心做生意，這個時候不要為難小販。

他表示，早期雙溪龍鎮在規劃上沒有把早市納入考量，這是一個根本的問題，如今當地成為發展成熟的城

鎮，是时候認真處理早市問題，建議當局舉行會議，認真聽取小販心聲，以及听取民意，集思廣益。

他認為，要解決早市問題，物色一個地段建設永久性早市，才是雙贏結果，既可解決早市問題，又可滿足小販的意願。

雙溪龍鎮早市小商公會掛橫幅表達“不要雙包早市”的堅定立場。

雙溪龍鎮早市小販生意在加強行管令實施期間，未如理想，面對即將启用新早市競爭，小販擔心生意更差。

首邦市州議員服務中心

撥6萬提升3公園設備

(八打灵再也9日讯)首邦市州議員服務中心拨款5万9965令吉提升3个公园的休闲设备。

行动党首邦市州議員黃美詩昨日召开新闻发布会后,发表文告表示,获得提升的公园包括USJ3/4路公园、PJS7/7路公园及USJ1体育中心。

她说,USJ3/4路公园是该地居民,尤其是长者的休闲地点,公园设备已陈旧,需要维修。该提升工程包括增设2个休闲用品、清洗及粉刷休闲用品、清理5个损坏椅子、增设5个石椅、维修跑道、增设扶手及栽种草地。

“PJS7/7路公园跑道已凹凸不平,居民难以在公园晨运及运动。该笔拨款用作重铺长约110公尺长、1.5公尺宽的跑道,让他们能在更安全的情况下运动。”

她说,USJ1体育中心藤球场的聚光灯已损坏,影响入夜后或放工后打球的民众。因此,该服务中心在藤球场增设2支聚光灯,用作照明用途。

“无论如何,我希望民众爱惜公物及休闲设备。”

黃美詩(前排左四)巡視USJ3/4路公園的休閒設備。

萬津直落崑崙民衆會堂前 籃球場加蓋動工

雪州行政議員黃思漢（左二）於今年6月間曾親臨萬津實地了解直落崑崙民衆會堂前面公共籃球場改建有蓋籃球場的申請。左一為劉永山，右起為居協理事林進興及洪俪容。

萬津直落崑崙民衆會堂前面公共籃球場加蓋工程如火如荼展開，預料數月內完工。

（萬津9日訊）萬津直落崑崙民衆會堂前面公共籃球場改建為有蓋籃球場工程日前正式動工興建，預料將會在數個月之內竣工。這也是該區居民十多年來所盼望期待的發展計劃。

雪州政府經批准25萬令吉撥款給瓜冷市議會，並且已經通過公開招標委任承包商施工，為原有的公共籃球場進行改建加蓋工程。預料在數個月之內將可完成，為區內青年提供一個安全舒適的運動場所。此外，有蓋籃球場也方便居民和社團及神廟組織等在該處舉辦活動，也因此可以省下租借帳篷的開支。

萬津州議員劉永山表示，為該籃球場改為有蓋籃球場一直是直落崑崙居民過去十多年的願望。從以前國陣時期到後來的州選區服務中

心前後超過12年，終於在今年獲得希盟執政下的雪州政府批准此項工程。

“在2018當我還是在甘榜東姑州議員時，便已經知道這項工程是萬津州選區代議士重中之重的任務，因此在中選之後就積極走訪各單位，以便能夠獲得這筆撥款來落實有關計劃。”

於今年6月間，在一個機緣下，劉永山邀請雪州行政議員黃思漢親臨直落崑崙，實地了解有關籃球場改建有蓋籃球場的申請。當時是在劉永山和該區市議員洪俪容陪同下一起前往巡視該籃球場，並積極爭取撥款，而黃思漢也表示會盡量協助爭取以獲得這筆撥款。

劉永山表示，讓人感到驚喜的是，州政府過後迅速處理。他也隨後和州財政司拿督諾阿茲米協調，順利從州政府獲得這筆撥款給瓜冷市議會，再由洪俪容協助與瓜冷市議會工程局進行協調。瓜冷市議會過後以公開招標方式，委任符合資格的承包商興建這項有蓋籃球場的工程。

上述工程經于日前如火如荼動工興建，相信再在數個月後即可竣工落成。劉永山與洪俪容日前在直落崑崙居民協會多名理事陪同下，到場巡視和了解工程進展。

景點主題提醒疫後重遊適耕莊

黃瑞林派月曆關懷選民

(巴生9日讯) 2020即将走入尾声, 为了让民众能以正能量心情迎接2021年的到来, 雪州议员纷纷别出心裁设计富有主题的月历, 希望能激励民众“疫”起对抗病毒, 也期盼民众拿到月历时, 能一扫过去负面的阴霾, 以喜悦心情迎接新的一年到来。

雪州议长兼适耕庄区州议员黄瑞林接受《大都会》社区报记者访问时说道,

派发月历是其服务中心常年活动之一, 也是关怀选民的一项活动。同时, 他在派发月历时, 可顺便与民众进行短暂交流, 继而了解民情需求, 从中给予协助。

今年受疫情影响, 适耕庄旅游业遭受前所未有的打击, 希望疫情结束后, 适耕庄能迎来脱胎换骨, 以全新面貌迎接游客到来。

梁德志(左三)在服务中心团队成员陪同下, 前往选区派发月历。陪同者有其助理洪建华(左一)、特别助理吴国民(右三)和巴生市议员谢秀(右一)等。

派月曆+5個口罩 梁德志提醒民衆防疫

巴生班达马兰区州议员梁德志披露, 他今年准备3000份月历, 并随月历派发5个口罩予每名民众。

他受询时表示, 明年月历以“防疫”三部曲为主题, 即呼吁民众勤洗手、外出戴口罩及保持一公尺的人身距离; 同时不群聚、不握手, 提醒民众防疫重要性。

“我和服务中心团队, 已到班达马兰池龙花园早夜市及关税路夜市, 派发月历予民众。”

梁德志也欢迎民众前往其服务中心领取月历, 直到派完为止。

他认为, 这场冠病疫情不会这么快结束, 因此民众要有心理准备打这一场“硬战”, 希望民众每天在翻阅月历时, 可看到印在月历上的相关资讯和防疫提醒步骤, 保护自己。

梁德志向记者展示, 明年月历的主题是防疫三部曲, 即教导人们勤洗手、戴口罩和保持人身距离。

为了让更多乐龄人士知道州政府提供购物券，王诗棋（右一）的服务中心已开始设立流动柜台提供申请便利。左二是陈狄源。

無拉港州議員服務中心 設6櫃台開放申請購物券

（加影9日讯）无拉港州议员服务中心从昨天开始的5天内，分别在6个地点设立申请农历新年购物券流动柜台，让符合资格的民众方便申领，以便在明年华人新年期间使用购物券购物。

该州议员王诗棋指出，新年购物券是州政府给予雪州子民福利，由于受到疫情影响，前来服务中心申请的人士不多，因此改以走入社区提供有关方便，不过民众也可以亲自前往其服务中心办理申请。

她表示，州政府是透过雪州乐龄亲善基金（SMUE），在每一年的开斋节、华人农历新年及屠妖节，提供州

选区各400个名额购物券，例如刚过不久的屠妖节，因为加强行管令的影响，人民减少出门，使到其选区无法派完这些购物券。

收集名单 明年办购物活动

“这个月收集申请者名单后，明年1月就会举办购物活动，不过，我必须强调，凡是在生日日期已申请过的

民众，不可以再申请多一次。”

她说，为了让更多乐龄人士知道这项福利，其服务中心今天从首都镇早市附近展开有关流动柜台服务，第二站于12月12日在无拉港斯里陈明花园好谊记茶餐室举行。

她披露，流动服务柜台除了提供申请购物券，也可以收集民众对民生课题的投诉。

購物券流動櫃檯地點時間

12月12日	无拉港斯里陈明花园 好谊记茶餐室	上午9时30分 至11时30分

縣市議員名單“偷龍轉鳳”？

許來賢：沒這回事

（烏雪9日訊）公正黨雪州署理主席許來賢否認雪州縣市議員名額出現“偷龍轉鳳”，以致讓某些領袖趁機擴張個人政治勢力的現象。

他也吁請區部領袖循黨內部機制解決異議和矛盾，不要發表聯署聲明，對外公開喊話。

“沒有這樣的事，我相信當中有誤解。”

96%委任依22區部主席推薦

也是縣市議員遴選委員會主席的許來賢指出，公正黨在雪州12個地方政府所獲的122個名額中，僅有5人因為雪州主席兼大臣拿督斯里阿米魯丁和全國主席拿督斯里安華有更理想的人選，而從名單上被撤下。

“換言之，有117人或相等于96%的委任是依據雪州22個區部主席的推薦行事。”

他說，雪州縣市議員遴選委員會共有7人，沒有人可以只手遮天，暗中行事來轉換各區部的縣市議員人員，而被8個區部在聯署中點名的公正黨雪州上議員亞谷僅是負責收集和整理名單。

許來賢呼雪州有異議的公正黨區部主席通過黨內管道解決問題，勿對外喊話。

雪州公正黨8名區部主席，即廖書慧（烏雪）、楊文來（巴生）、梁自堅（土拉央）、安巴（蒲種）、拉欣（沙白安南）、沙米（梳邦）、拉貞（烏冷）和古納拉加（哥打拉惹）早前發表聯署聲明，呼總秘書拿督斯里賽夫丁介入新屆縣市議員名單被指遭調包和偷龍轉鳳之事。

聯署也呼州領導層做出解釋和保證不會調換縣市議員名單。

聲明指出，在發生喜來登政變後，他們对党走向為各族和這些年為党付出與鬥爭的黨員，有更透明、公平與公正方向，懷抱著寄望和憧憬，但事實並非如此，却有一只幕后黑手在。

與王建民赴錫米山巴剎
王詩棋派月曆口罩夾

王詩棋（前排右四起）和王建民到錫米山巴剎分派月曆和口罩夾。

（加影9日讯）行动党无拉港州议员王诗棋今早联同万宜国会议员王建民博士到錫米山巴剎分派月曆和口罩夾给民众，短短半小时内派完500份月曆和500个口罩夾。

王诗棋说，民众对于他们分派月曆和口罩夾的反应非常热烈，在半小时内就把月曆和口罩夾派完。她说，为免进入巴剎造成人潮拥挤，他们也把50份月曆和50个口罩夾交给錫米山巴剎小販公會，由該會转交给小販。

“今年我们共印制了6000份月曆，昨早是到蕉赖11英里新村早市分派，下星期会到无拉港新村巴剎。”

她也说，万宜消毒队也在场筹消毒经费，共筹得810令吉70仙。
