Kuala Lumpur: Lembaga Urus Air Selangor (LUAS) mengadakan pemeriksaan berkala dan mengambil sampel air setiap minggu di tujuh empangan di Selangor termasuk Empangan Semenyih bagi memastikan tidak berlaku pencemaran.

Pengarah Lembaga Urus Air Selangor (LUAS), Datuk Hashim Osman berkata, hasil pemeriksaan berkala mendapati ia dalam keadaan terkawal dan mencukupi walaupun cuaca panas.

"Saya minta semua pihak terutama pengilang jangan sesuka hati mencemarkan sungai dengan membuang bahan sisa kumbahan atau

Periksa sampel setiap minggu

toksik ke dalam sungai kerana ia menjejaskan sumber empangan air.

"Dalam keadaan cuaca panas dan musim kering saya menggesa semua pihak bekerjasama, jangan membuang sampah ke sungai.

"Kita sentiasa membuat pemantauan di tujuh empangan setiap minggu untuk memastikan ia tidak tercemar," katanya ketika dihubungi di sini, semalam.

Hashim berkata, antaranya Empangan Tasik Subang, Empangan Semenyih, Empangan Langat, Empa-

ngan Klang Gates, Empangan Batu, Empangan Sungai Selangor dan Empangan Sungai Tinggi.

"Jika di dapati kandungan air diambil mempunyai pencemaran yang tinggi kita ambil tindakan segera.

"Setakat ini, LUAS belum menerima laporan pencemaran sungai di mana-mana empangan termasuk di Empangan Semenyih.

FAKTA
Tujuh empangan termasuk Empangan Tasik Subang, Semenyih, Langat, Klang Gates, Batu, Sungai Selangor dan Sungai Tinggi

Tugas kita memantau air mentah sebelum diproses.

"LUAS dan Pengurusan Air Selangor Sdn Bhd (Air Selangor) sentiasa melakukan pemantauan sungai dan empangan di Selangor bagi memastikan tidak berlaku pencemaran air," katanya.

Sementara itu, Naib Presiden EcoKnights, Amlir Ayat berkata, kesedaran dan pembabit sektor industri

terhadap peranan mereka dalam pengurusan sungai secara mampan adalah lemah.

Beliau berkata, pihak industri diberi lebih banyak pendedahan kepada isu pengurusan sumber alam, perundangan yang berkaitan dan peranan mereka dalam mencapai kemampanan.

"Kesedaran dan kefahaman orang ramai mengenai kepentingan pengurusan air secara mampan harus dimantapkan bermula dari usia muda atau tahap pra-sekolah.

"Ia supaya mereka boleh memainkan peranan positif dan pro-aktif serta pantas

dalam memastikan pihak industri tidak sewenang-wenangnya mencemarkan alam," katanya.

Amlir berkata, kerajaan harus memainkan peranannya secara aktif dan pantas seperti kes Sungai Lalang untuk memastikan pencemaran air berada pada tahap terkawal supaya tidak mengancam keselamatan awam.

"Ia juga harus peka dengan sebarang pandangan atau aduan orang ramai mengenai pencemaran di pihak tempatan. Dua peranan utama dalam aspek ini ialah pemantauan dan penguatkuasaan," katanya.

Tindakan tegas buang sisa toksik ke Sungai Klang

SUNGAI BESAR - Tindakan tegas perlu diambil terhadap pihak tidak bertanggungjawab yang melakukan pencemaran sisa toksik di Sungai Klang, berhampiran Taman Eng Ann, Klang, Khamis lalu.

Exco Alam Sekitar, Teknologi Hijau, Hal Ehwal Pengguna, Sains Teknologi Dan Inovasi, Hee Loy Sian berkata, pencemaran sisa kimia bukan kali pertama berlaku di negeri ini.

Malah, katanya, perbuatan sama juga pernah berlaku di Kampung Sungai Lalang, Semenyih, yang dicemari sisa baja kimia mengandungi 'ethyl ether', pada 14 Februari lalu.

"Sesetengah pihak mengambil jalan mudah membuang sisa toksik sama ada di tepi jalan mahupun di dalam sungai," katanya.

Beliau berkata demikian pada sidang media selepas Majlis Perasmian Karnival Jelajah 360 Smart Selangor di Stadium Sungai Besar, di sini, semalam.

Loy Sian berkata, kerajaan negeri memandang serius perkara itu dan sentiasa memantau keadaan itu.

"Kami mengambil langkah berja-

Loy Sian (dua kanan) turut melawat gerai dan pameran selepas Majlis Perasmian Karnival Jelajah 360 Smart Selangor di Stadium Sungai Besar, di sini.

ga-jaga supaya bahan bertoksik ini tidak mencemari kolam takungan air yang membekalkan air terawat kepada penduduk sekitar," katanya.

Loy Sian berkata, kerajaan negeri turut mendapat kerjasama dengan Lembaga Urus Air Selangor (LUAS) dan Unit Pengurusan Bencana Negeri (UPBN) bagi menangani isu pembuangan sisa toksik.

"Selepas meneliti perkara ini, kita serahkan kepada pihak polis untuk tindakan lanjut kerana kesan jika tidak kejadian pencemaran akan terus berulang," katanya.

Bandar pintar perlu sistematik, ikut kehendak rakyat

SABAK BERNAM - Pihak Berkuasa Tempatan (PBT), pentadbiran daerah dan agensi kerajaan negeri perlu sedar kepentingan strategi serta konsep bandar raya pintar mengikut keperluan dan kehendak rakyat.

Exco Alam Sekitar, Teknologi Hijau, Sains, Teknologi Inovasi dan Hal Ehwal Pengguna, Hee Loy Sian berkata, bandar raya pintar bukan hanya dilihat dari sudut teknologi tetapi cara adaptasi dalam mentadbir negeri.

"Menjadi pintar bukanlah hanya berbandukan keperluan untuk menjadikan semuanya digital tetapi melibatkan keputusan dan penyampaian perkhidmatan sama ada dengan teknologi moden mahu pun tidak, agar kehidupan rakyat lebih sistematik," katanya.

Loy Sian menyampaikan penghargaan kepada pemenang dalam acara yang dianjurkan sempena Program Jelajah 360 Smart Selangor di Stadium Sungai Besar.

Beliau berkata demikian ketika berucap pada Program Jelajah 360 Smart Selangor di Stadium Sungai Besar, di sini, semalam.

Program anjuran bersama Pembedaan Menteri Besar

MBI Selangor dengan kerjasama Jawatankuasa Tetap Alam Sekitar, Teknologi Hijau, Sains Teknologi dan Inovasi dan Hal Ehwal Pengguna Negeri Selangor serta Universiti Selangor (Unisel).

Loy Sian berkata, menurut kajian menjelang 2050 sebanyak 70 peratus masyarakat seluruh dunia akan menduduki kawasan bandar yang mempunyai lebih daripada 10 juta penduduk.

"Pada mulanya, ramai pemimpin hanya melihat teknologi pintar sebagai alat memudahkan kerja.

"Tetapi kini ramai sedar teknologi dan kaitannya penting dan menjadi asas kepada kehidupan yang berkualiti," katanya.

Menurut beliau, 'Internet of things' (IOT) adalah kunci kepada bandar pintar yang membolehkan informasi terkini diperoleh di hujung jari.

"Ramalan dan keadaan cuaca, keadaan trafik, berita, maklumat kesihatan dan keselamatan, semuanya boleh didapati dengan pantas.

"Data yang didapati bukan sahaja menjadi bahan kajian, malah digunakan untuk tujuan pembangunan dan pemacu ke arah negeri pintar," katanya.

Gempur kilang haram

**Kerajaan negeri
perkemas
tindakan, selesai
pencemaran
alam sekitar**

NORAFIZA JAAFAR

SHAH ALAM

Kerajaan negeri mengaktifkan penguatkuasaan ke atas kilang haram dan sedang mendapatkan khidmat pakar undang-undang bagi memperkemas tindakan agar pencemaran alam sekitar diselesaikan secara berkesan.

Menteri Besar, Amirudin Shari berkata, ia termasuk mengkaji semula hukuman dan jumlah saman yang setimpal dengan kesalahan bagi menakutkan pelaku.

Menurutnya, pengaktifan penguatkuasaan kilang haram itu diputuskan bulan lalu di bawah portfolio, Exco Kerajaan Tempatan, Pengangkutan Awam dan Pembangunan Kampung Baru, Ng Sze Han yang akan mengetuai dan meneliti masalah itu.

"Dalam masa sama saya akan rujuk penasihat undang-undang, melihat penguatkuasaan lebih kemas dan berkesan dalam menangani isu alam sekitar.

Amirudin bersama pegawai dan anggota Rela sempena Hari Ulang Tahun Rela ke-47.

"Mungkin jumlah saman dan hukuman sedia ada kurang menakutkan pelaku dan kita akan lihat

mekanisme sesuai bagi menangani masalah atau mengelak penguasaan kilang buat kesalahan itu,"

katanya selepas hadir Hari Ulang Tahun Rela ke-47 peringkat Selangor di Dewan Al-Jazari Politeknik

Shah Alam, semalam.

Dalam perkembangan lain, Amirudin berkata, proses pembersihan Sungai Klang yang tercemar dengan sisa disyaki bahan kimia mampu diselesaikan.

"Sehingga jam 10 malam kelmarin sebanyak 60 peratus kerja pembersihan telah dilakukan dan setiap perkembangan kerja dikemas kini menerusi laporan semasa ke semasa," katanya.

"Pencemaran itu sudah dikawal, proses menyedut minyak yang perangkap dalam kolam takungan tersebut untuk dibuang ke tempat yang sepatutnya," katanya.

Ahli SRS dilindungi insurans

AMPANG – Ahli SRS boleh menjalankan tanggungjawab mereka dengan lebih yakin kerana dilindungi insurans dan pemakaian lengkap ketika bertugas.

Pengerusi Jawatankuasa Permuafakatan Kawasan Rukun Tertangga (JPKRT) Zon Ampang, Mohd Dahan Shamsudin berkata, Jabatan Perpaduan Negara dan Integrasi Nasional (JP-NIN) menyediakan kemudahan itu selain disarankan memakai vest SRS.

Menurutnya ketika rondaan mereka dibenar membawa peralatan seperti lampu suluh, alat komunikasi dan kayu belantan.

"Kesedaran masyarakat mengenai kepentingan bersama menjaga kesela-

matan tempat kediaman menerusi Kelab Rukun Tetangga (KRT), secara tidak langsung mewujudkan suasana harmoni dalam kawasan komuniti masing-masing," katanya.

Beliau berkata, SRS dapat menarik pembabitian masyarakat dalam mengawal keselamatan di kawasan masing-masing.

Menurutnya, ahli KRT juga berpeluang mendengar taklimat berkaitan tugas dan standard operasi prosedur (SOP) yang diperuntukkan kepada ahli SRS.

"Jika peronda SRS mengesyaki ada aktiviti yang mencurigakan segera menghubungi polis, peronda SRS tugasnya adalah

untuk mencegah jenayah bukan membuat tangkapan," katanya kepada Sinar Harian pada Program Pendidikan Keselamatan dan Ronda SRS JPKRT Zon Ampang.

Hadir sama, Ketua Balai Polis Ampang Asisten Superitenden Norazman Zakaria; Ahli Majlis Perbandaran Ampang Jaya, R Subramaniam dan Pegawai Khas Komunikasi ADUN Lembah Jaya, Abdul Rani Saad.

Program turut melibatkan gabungan tiga KRT iaitu Taman Sri Watan, Taman Kesuma/Bukit Ampang dan Taman Halaman yang akan melakukan rondaan bersepadu bersama anggota polis.

Mohd Dahan (duduk, kiri) berharap penduduk setempat dapat membantu membanteras jenayah dengan menyalurkan maklumat kepada polis.

Bantu sebar bahaya kanser

PANDAN INDAH – Masyarakat khususnya wanita perlu mempunyai kesedaran untuk melakukan pemeriksaan kanser pada peringkat awal.

Ahli Majlis, Majlis Perbandaran Ampang Jaya (MPAJ), Norhayati Haron berkata, pemeriksaan berkenaan satu keperluan walaupun mereka tidak mempunyai sejarah keluarga yang menghidap penyakit itu.

Menurutnya, pelbagai usaha dilakukan kerajaan termasuk NGO bagi meningkatkan kesedaran mengenai antara pembunuh utama wanita di negara ini.

"Usaha sudah dilakukan agensi kerajaan dan NGO bagi menyebarkan pengetahuan mengenai kanser," katanya.

Menurutnya, masyarakat juga perlu mengamalkan gaya hidup sihat yang bermula dari rumah.

"Kerjasama daripada

Norhayati (tiga, kanan) menyarankan golongan wanita peka terhadap penyakit kanser.

da pelbagai agensi terlibat seperti MPAJ, pusat khidmat masyarakat dan hospital juga dapat meningkatkan pengetahuan, kefahaman dan kemahiran pencegahan kepada komuniti mengenai kesihatan," katanya kepada Sinar Harian pada program Jom Hidup Sihat Tanpa Kanser di Taman Kencana.

Turut hadir, Pengerusi Persatuan Penduduk Taman Kencana, Mohamad Zoolkefli Hanafiah dan Pengurus Pusat Khidmat Masyarakat DUN Pandan

Indah, Nariza Zain.

Antara program yang dilaksanakan adalah pemeriksaan mamogram untuk wanita berusia 35 tahun dan ke atas.

"Kita turut melaksanakan aktiviti kecergasan diri dengan melakukan senaman aerobik untuk wanita. Diharapkan aktiviti yang diadakan sepanjang majlis ini dapat memberikan gambaran kepada orang ramai mengenai penyakit kanser ini," katanya.

FOOTBALL

DIFFERENT REACTIONS OVER TM ISSUE

Mixed response to MFL's decision to end sponsorship deal

FARAH AZHARIE
farahazharie@nstp.com.my

WORRIES, unease and support. These were among the mixed responses from some of Malaysian Football League's (MFL) affiliates following the decision to cancel an eight-year sponsorship contract with Telekom Malaysia (TM) worth RM480 million.

On Friday, the MFL announced they had ended the eight-year contract with TM after reaching a unanimous decision in a board meeting in Johor Baru.

FA of Selangor secretary general Dr Johan Kamal Hamidon has urged MFL to quickly find a replacement.

"It's definitely a big blow as a lot of teams depend on the annual grant (RM3 million for Super League and RM1 million for Premier League)," he said.

"If the MFL is not able to find a replacement, then more players and coaches will suffer from non-payment of salaries."

PJ City deputy president Chandragesan Suppiah admitted he was shocked by the news.

"We have not been informed officially of the problem but the impact would be everyone's concern especially when it comes to the grant because I'm sure that's the financial model each team depends on," said Chandragesan.

Chandragesan, who said his team have

not received the RM3 million, said he believes TM's decision could be due to financial reason and not "political" as speculated by some parties.

"I don't think so (political involvement) because there must be some financial reason to it but whatever it is, we will wait for the board meeting soon."

Kuala Lumpur FA secretary general Nokman Mustaffa remained calm about the situation as he considered other alternatives.

"We have to wait and accept the facts. We are not too worried about it because if we don't get the grant, then we have to find our own source of monetary means.

"If we don't receive it, then we need to turn to our sponsor, a developer, as we still have March and April salaries to meet," added Nokman.

Meanwhile, PKNS stand by MFL's board decision. Their secretary general Md Adi Harmizi Ariffin said: "PKNS trust the decision was made after a thorough evaluation for the sake of local football development."

Adi added he is sure the other affiliates are relieved to hear MFL chief executive officer Kevin Ramalingam has guaranteed that the annual grant will still be given to the 24 stakeholders despite TM's absence this season.

Perak FA honorary secretary Tajul Hasnan Omar said they are optimistic MFL are working hard to overcome the issue.

"We were informed of MFL board of

directors' decision to end the contract with TM and although it was shocking, Perak trust MFL will do its best to find a solution with another sponsor," he said.

Malaysian Football League have decided to cancel an eight-year sponsorship contract with Telekom Malaysia worth RM480 million.

TURNING 'FAS INTO FCS'

FAM's goal to make their affiliates self-reliant

FARAH AZHARIE
farahazharie@nstp.com.my

IT sounds like a simple equation, FA to FC. But for some of the FAM affiliates, there is apprehension in turning from a football association (FA) into football club (FC).

For them, it is not just about the change in abbreviation but the fear of the consequences.

Perhaps, they don't have a good understanding of the workings needed to be a modern professional operation for economic sustainability.

For FAM, the goal of transforming their affiliates into FCs is to make them self-reliant – like teaching a man how to fish and you feed him for a lifetime.

FAM secretary general Stuart Ramalingam stressed that such a move is essential as Malaysia is one of the last countries in the world to convert their FAs into FCs.

And their affiliates will need to reinvent themselves by this year in order to be eligible for licenses to play in Asian Football Confederation's (AFC) competitions.

"There's always that

debate whether it works or not. But all around the world, this exercise has been implemented and it's a two-fold process involving FAM and the Malaysian Football League (MFL)," said Stuart.

"As a licensing body (FAM), we inform the clubs of this modus of change. As they transition into FCs, they participate in MFL's competitions (as recipients of privatisation from FAs to FCs).

"We will ensure they (MFL) participate and engage in the FA to FC exercise.

"However, this does not mean the FAs will cease to exist but rather they will focus on development of the game, referees and local leagues. They will have different obligations and priorities compared to FCs.

"For example, Selangor FA will still exist while Selangor FC will operate as a Super League team."

Stuart pointed out that if not for the "FA to FC exercise", Perak wouldn't have been able to par-

Johor Darul Ta'zim celebrate winning their sixth Charity Shield after beating Perak 1-0 at Larkin Stadium in February.

ticipate in the recent AFC Champions League play-off.

Turning teams into FCs is the first step towards privatising Malaysian football and creating a vibrant football industry, but FAM are also studying the consequences of this change.

For it could result in corporate investors backing out if their clubs fail to produce good results.

"There are arguments of it being a short-term thing because a club can close down any time.

"It has happened before to clubs such as Felera, Public Bank, MBPJ and Sime Darby. Felera were promoted to the Super League and then they closed shop.

"Does that allow clubs to get out of football easier?" he asked.

Another argument would be how will the FAs survive on their own following the conversion?

"We need to protect our affiliates and teach them to survive and provide them with the tools to gain more stability," said Stuart.

"After we launched the F:30 Roadmap, we launched ACE which is an affiliate support system that allows our affiliates to fill out a form for the programmes they are interested in learning to help the transition.

"As we detach FAs from FCs, FAM will provide support services to ensure the landing is soft for our FAs," said Stuart who al-

so gave an example of the situation involving FAM and MFL.

FAM felt the pinch when their biggest asset, the MFL, "separated" from them last year to go fully professional.

The national association have to learn to survive by creating new assets like the launch of last month's Malaysian Premier Futsal League.

By creating their own assets, FAM have a sustainable plan. They are also responsible for the costs in running the national teams (including the men's and women's futsal teams) which don't come cheap.

On the conversion of FAs to FCs, Stuart said: "I'm sure it won't be like how FAM-MFL have become. It could work as a hybrid at first until they (FAs) are ready for a total detachment."

FAM hope to see the FCs become privatised entities whereby individuals or corporations could own the clubs which in turn lead to strong sponsorships and healthy revenues.

For investors, buying into an FC is more viable than having to go through political red tape, as has happened in state-run FAs.

Although FCs operate like companies and have to pay taxes, such a set-up could help eradicate issues like non-payment of players' salaries which has marred the M-League.

"FCs would be stable than FAs because they can get investors and grow the game professionally whereas FAs are too government-linked and may see a change of presidents every four years. So, there is not continuity.

"Because of this 'short-term' outlook, some FAs don't even have their own field, stadium, academy, development centre or

youth centre, and they are unable to make long-term investment plans."

Stuart said a good example of the privatisation of a Malaysian football club would be QI Group's investment in the PJ City team.

"It's great to see new money coming in (PJ City team). It would have been easier to take over an established team like Perak who come with their own fan base. But they (QI Group) prefer to build up their own 'baby'. This brings in the opportunity for new money to come into football to help the professional game grow," said Stuart.

And Johor Darul Ta'zim (JDT) should be an inspiration to others. The Southern Tigers, who are run professionally like a business, have done Malaysia proud by playing at the highest level in the continent - the Asian Champions League. So far, their performances against giants Kashima Antlers of Japan and Gyeongnam FC of South Korea are creditable.

Brazil's three-time World Player of the Year, Ronaldo also praised JDT's facilities when he visited them in Johor Bahru last week.

JDT, who have won the Super League title consecutively in the past five seasons, are not only focused on results on the field. They strive for financial sustainability, with the main goal of promoting the JDT brand and venturing into commercial activities like marketing and merchandising.

Football, if played properly in the boardroom, can be a good business. Manchester United, Liverpool, Barcelona, Real Madrid and other successful FCs will tell you that.

TO achieve economic sustainability, FAM want to convert all their affiliates from FAs (football associations) into FCs (football clubs). » FARAH AZHARIE REPORTS ON PAGE 69 MAKING FBALL A BUSINESS FT

P O R T C H E C K

F A M 's goal to make their affiliates self-reliant

IT sounds like a simple equation, FA to FC. But for some of the FAM affiliates, there is apprehension in turning from a football association (FA) into football club (FC).

Of sincerity and sacrifices

STORIES BY MOHSIN ABDULLAH

After sealing their "marriage", where do Umno and PAS go from here to show that they have the next step in their political collaboration figured out? They need something tangible to prove that it is more than just a marriage of convenience.

Electoral cooperation for the Rantau by-election on April 13 does not cut it as tangible proof of a functioning alliance, by my book. We have seen in the Cameron Highlands and Semenyih by-elections that Umno and PAS are capable enough in maintaining a strategic polls partnership.

In Rantau, the same modus operandi will be deployed. You can bet that the battle plans will be rolled out on a more upbeat tempo, considering that the candidate is Umno bigwig Datuk Seri Mohamad Hasan himself.

Surely Umno and PAS have more to offer that they want to show to the country — something solid.

Mohamad could have possibly offered just that when he said that Umno wants to form coalition governments in the four states run by the opposition.

Umno governs Perlis and Pahang while PAS controls Kelantan and Terengganu. Mohamad wants the administration in all four states to be called a "united ummah" government.

Another name, I suppose, would be UG, for unity government. UGs have been much talked about since BN/Umno lost the Selangor state government in 2008.

Umno and PAS need something tangible to show their alliance is more than just a marriage of convenience

Hence, this proposal by Mohamad would give the country the opportunity to see what a UG looks like, and more importantly, how it can work, besides showing that the Umno-PAS marriage is made in heaven and is one that will last till the end of time.

But like in any marriage, there must be sincerity and sacrifices to make it work.

Long-time PAS watcher Mohamad Sayuti Omar, who has written dozens of political books, in particular about PAS, has come up with a formula that he says Umno and PAS should implement to create a merged entity.

Writing in his blog, Sayuti suggested a formula that he dubs Formula 2,2,2,1. It requires Umno to reshuffle its state excos in Pahang and Perlis and PAS doing the

same in Kelantan and Terengganu.

In Kelantan, says Sayuti, PAS can appoint two of the eight Umno state assemblymen and, to "show its openness, PAS should also offer the post of deputy menteri besar to Umno".

As for Terengganu, PAS can also give Umno two excos positions — important portfolios — to "prove its sincerity", he adds. Umno has 10 representatives in the Terengganu state assembly.

As the veteran political writer sees it, Umno must also be willing to reciprocate. In Pahang, PAS has eight seats in the state assembly, and Umno can appoint two as state excos members.

"In Perlis, with the small numbers in the state assembly, it would be sufficient for Umno to give PAS an excos position," says Sayuti.

That, he says, explains his 2,2,2,1 formula: PAS to give two excos seats each in Kelantan and Terengganu to Umno, and Umno to give two excos positions in Pahang and one in Perlis to PAS.

Whether the parties agree or not, that is one way of showing their sincerity in wanting to foster a unity government. It's all about accommodation. An Umno-PAS unity government must have an excos lineup comprising state assemblymen from both parties.

But before going further, news portal Malaysiakini has reported that a senior PAS leader has downplayed Mohamad's plans to form unity governments in the four states.

The senior leader is none other than PAS

vice-president Datuk Iskandar Samad. He was quoted as telling the media that "it is too early" for the two parties to discuss the proposal as "we have just cooperated at the level of by-elections and we have not discussed anything else".

According to him, "preparations are being made to face the Rantau by-election" to be held in mid-April.

That's not being enthusiastic, is it? Rather like pouring cold water on the proposal.

Perhaps Umno should get the ball rolling by carrying out an excos reshuffle in Pahang and Perlis and make way for PAS state assembly members to be made excos members. After all, the idea of a unity government, or "unity ummah" as Mohamad describes it, came from Umno. Alright, it came from Mohamad, not the party per se. But then, he is currently the top man in Umno.

Anyway, that would mean current Umno excos members sacrificing their positions. I wouldn't want to comment on whether such a move would go down well in the party, let alone those directly involved lest I be accused of jumping the gun, or something worse.

However, there is another way to do it, which is to increase the number of portfolios. More portfolios means more excos members, albeit a bloated state excos. Umno and PAS would be happy, but it is simply not viable. ■

Setia Alamsari undergoes rejuvenation process

BY RACHEAL LEE
city.country@bizedge.com

The township of Setia Alamsari in Bangi has been undergoing a rejuvenation process since its new sales gallery was moved to the township last year. In an interview with *City & Country*, S P Setia general manager (niche development) Soh Wai Fong says Setia Alamsari was initially developed by its sister company, I&P Group Sdn Bhd, under the name Alam Sari.

Soh explains that Setia Alamsari has two parts. I&P Group started developing on the first 432.5-acre parcel in 2007. In 2017, S P Setia bought a 342.5-acre site (now the southern part of the township) and acquired I&P Group.

"We subsequently rebranded it Setia Alamsari — the name 'Alam Sari' had been there for 10 years, so we kept the name and added the brand 'Setia'. The merging has resulted in a freehold township of 775 acres in total," he adds.

"In tandem with the rebranding, we did a lot of things on the ground and the main thing is that we relocated the sales gallery from Bandar Baru Bangi to the township. We wanted to have a presence in the township — when potential buyers come to the sales gallery, they can visit the township. Also, we can get feedback from the residents [at the gallery]."

S P Setia has also started upgrading the landscape in the township, including along the roads and the three lakes that had been retention ponds. "The three lakes had not been maintained for a while and there are wild plants, so we are cleaning up the place now and we will do the landscaping to turn it into a recreation area where people can jog or fish," he says. "The whole area is eight acres. There will be a jogging track, a treehouse for children, fitness stations and a water pavilion. These amenities will provide healthy recreation activities for the residents as well as the people from the surrounding areas. We target to complete the works by the middle of this year."

The developer is also looking at improving accessibility and upgrading the roads. It recently completed a new link at the eastern side of the township and is awaiting approval from the Kajang Municipal Council (MPKJ) for its opening.

The new link will connect the residents to Jalan Bangi Lama and Semenyih, cutting the travel time by 20 minutes, according to Soh. He foresees that it will bring more people into the township.

There is also an upcoming link in the southwest that will link the township to Bangi Avenue and Bukit Mahkota. Soh adds that earthwork is being done and completion is scheduled for end-2020.

The developer is looking to upgrade the road leading to the UKM KTM station 2km away in a collaboration with MPKJ.

Mostly residential

Soh notes that Setia Alamsari — which has a total gross development value (GDV) of RM5.3 billion — will have mostly residential properties and very limited commercial units. It is targeted at families and investors seeking capital appreciation.

"The commercial component will be those retail units located under the upcoming serviced apartment developments and there won't be standalone shops. The population in the township is small, so it is difficult to cater for any form of commercial activities," he adds.

Since 2007, a total of 748 units have been launched and handed over in Setia Alamsari — representing about 20% of the land area. These units are semi-detached and terraced homes.

Soh explains that S P Setia will offer new property types such as bungalows, apartments, cluster homes and superlink homes in the township. There will also be three Rumah Selangorku schemes and six serviced apartment projects.

Upon its completion within 10 years, the town-

An artist's impression of one of the three lakes

In March or April, we will launch another semidee project, as well as the township's first bungalow and superlink house project." — Soh

New amenities such as a jogging track, a treehouse for children, fitness stations and a water pavilion will be available in Setia Alamsari

ship will have 6,500 units with an estimated population of 26,000, on the basis of four persons per household.

S P Setia also has two projects in the neighbouring Semenyih — Setia Ecohill and Setia Ecohill 2. Soh notes that to set Setia Alamsari apart from the townships in Semenyih, they have different target markets that result in distinctive designs. "The properties at Setia Ecohill and Setia Ecohill 2 have modern designs, while we offer a contemporary tropical design in our products at Setia Alamsari."

"Another feature of Setia Alamsari is that it is next to Universiti Kebangsaan Malaysia, which has 2,700 acres of land. Some 90% of the land are greenery, so there will always be a green lung next to the development," says Soh.

Since the relocation of the sales gallery last September, S P Setia has launched and previewed four landed property phases in Setia Alamsari — Avis 1, Avis 2, Clover and Middlemist. The RM35.8 million Avis 1 offers 48 units of 2-storey terraced houses with built-ups of 1,826 to 1,924 sq ft (land area: 22ft by 80ft). To be completed by end-2020, these units are priced at RM668,000 to RM1.053 million.

Avis 2 — with a GDV of RM47 million — offers 61 units of 2-storey terraced houses of 1,953 to 2,199 sq ft (land area: 22ft by 80ft). These units are selling at RM709,000 to RM1.031 million and are scheduled for completion in early 2021.

Clover is a RM34.3 million development with 28 units of 2-storey semi-detached houses. With a built-up of 2,597 sq ft (land area: 40ft by 80ft), these units are priced from RM1.183 million to RM1.354 million. They will be completed by end-2020.

Middlemist is a premium product featuring 2-storey semi-detached houses. All eight units will have a double frontage façade with park and lake/waterway views. With a built-up of 2,895 sq ft (land area: 40ft by 80ft), the units will have living rooms that are located at the back. They are selling at RM1.577 million to RM1.79 million.

"We are selling these projects without a show unit and since some of these units are above RM1 million, we expect sales to be slower. In March or April, we will launch another semidee project, as well as the township's first bungalow and superlink house project. A Rumah Selangorku scheme will also be launched by the middle of this year," says Soh.

Rural folks urged to prepare for Smart Selangor vision

THE Selangor government calls on rural communities in the state to prepare for the realisation of Selangor as a "smart state" by 2025.

State Environmental, Green Technology, Science, Technology and Innovation and Consumer Affairs Committee chairman Hee Loy Sian said the move is necessary for the rural communities to enjoy all the programmes provided by the state government via its smart state mission.

"That is why we are carrying out the Smart Selangor tour across the state including in the rural areas, so that the people in the area will be exposed to 'smart state' mission that focuses on the use of smart technology.

"Hence, we have another six years to jointly prepare the people and provide them the exposure, so that they can accept smart technology as a medium that can facilitate them in their work," he told reporters after attending the Smart Selangor tour programme at Sungai Besar Stadium in Selangor yesterday.

Also present were Selangor Menteri Besar Inc (MBI) CEO Raja Shahreen Raja Othman.

Hee said yesterday's carnival, the fourth in the series, was organised by MBI in collaboration with Universiti Selangor and the Selangor state government.

He said MBI also provides the "Smart Selangor Virtual Reality Simulator" truck that will give the people a glimpse and an idea of the future of the smart state.

"In today's tour and based on the feedback from the community here, we find them beginning to realise the importance of technology and its relevance, as they form the foundation of the quality of life of society," he added yesterday.

Meanwhile, Raja Shahreen said, in fulfilling the "smart state" vision, the Selangor government has also embarked on improving the quality of public safety monitoring and the state's digital infrastructure.

He said that through the move, it will help boost the state's economy, empower the people and prosper the state. — *Bernama*

► Selangor wants tougher environmental laws

THE Selangor government wants to enforce more stringent laws to address issues related to environmental pollution in the state, said Menteri Besar Amirudin Shari. He is of the opinion that the existing penalties and fines related to environmental pollution do not scare nor have any effect on offenders. "Perhaps the number of summons and penalties is less intimidating to the previous perpetrators. We will look at certain mechanisms on how to deal with this problem," he told reporters after officiating the state-level 47th Anniversary of the Malaysian Volunteer Corps Department (RELA) in Shah Alam, Selangor, yesterday. Amirudin said he would discuss with the Selangor State Legal Advisor to find a more effective way of enforcement to address environmental issues. Commenting on the pollution case in the flood catchment pond at Taman Eng Ann near Sungai Klang last Thursday, Amirudin said the cleaning work was expected to be completed yesterday. — *Bernama*

Fighting for the aerospace pie

As Malaysia loses its appeal compared to other SE Asia nations for labour-intensive industries, the country has tapped into the more lucrative and capital-intensive aerospace sector

by AFIQ AZIZ

THE sky is the limit for the country's aerospace industry. In 2017, aerospace products export growth rose to RM8.49 billion, 54% higher compared to the year before.

It contributed 48% to the industry a total revenue of RM13.5 billion — the first time aero manufacturing surpassed the long-established maintenance, repair and overhaul (MRO) sector.

In the last seven years, MRO activities generated a stable compound annual growth rate (CAGR) of 4% to 5%, while the manufacturing segment's CAGR rose 32% over the same period.

Many of the talents in this highly technical and capital-intensive industry are locals.

Sepang Aircraft Engineering Sdn Bhd (SAE) — a wholly owned subsidiary of Airbus Group — employs less than 2% of expatriates in its MRO facilities.

The 12-year-old company operating near the Kuala Lumpur International Airport (KLIA) has 600 workers, three times more compared to what it had in 2010.

The company aims to add more than 100 high-skilled workers as the company seeks to boost efficiency and productivity to cater for the boom in the commercial MRO activities in the region.

The sector has evolved so rapidly compared to the 1980s when the centrepiece of the country's aviation greatness was the battered and old looking Sultan Abdul Aziz Shah Airport in Subang.

As Malaysia loses its appeal compared to other South-East Asia countries for labour-intensive industries, the country has tapped into the more lucrative and capital-intensive aerospace sector.

Malaysia's second plan — the Aerospace Industry Blueprint 2015-2030 — is targeting an annual revenue of US\$14.3 billion (RM58.5 billion) and the creation of 32,000 high-income jobs.

Presently there are about 23,000 workers employed in the aerospace industry, largely medium- and high-skill talent. The aviation and aerospace ecosystem have also opened up opportunities for small and medium enterprises (SMEs), fuelling the demand for workers.

According to the National Aerospace Industry Coordinating Office (Naico), a unit under the Ministry of International Trade and Industry, there are about 230 players within this highly technical, but lucrative business chain.

SAE — a wholly owned subsidiary of Airbus Group — employs less than 2% of expatriates in its MRO facilities

Amirudin says most of the aerospace parks are still under-utilised and the utilisation rate in Serendah is only reaching 30% and 50% at the Sepang KLIA Aeropolis

Strong Global Outlook

According to Deloitte's 2019 Global Aerospace and Defence Outlook, the aerospace sector will continue its growth trajectory this year, led by the rising commercial aircraft production and strong defence spending.

"Aircraft order backlog remains at an all-time high as the demand for next-generation, fuel-efficient aircraft continues to surge with the rise in oil prices."

"With the aircraft backlog at its peak, manufacturers are expected to ramp up production, hence driving growth in the sector," Deloitte global aerospace and defence leader Robin Lineberger said in the report.

However, manufacturers could experience supply chain interrup-

tions as some suppliers may struggle to increase production to keep up with the growing backlog.

The number is rising as more than 14,000 of aircraft are waiting for production. It is estimated that about 38,000 planes will be produced over the next two decades.

"Manufacturers are ramping up production to accommodate growing aircraft demand, and we expect aircraft deliveries to end 2018 with slightly more than 1,600 units, adding another 100 aircraft to deliveries in 2019," the report said.

The report added that it is crucial for the original equipment manufacturers (OEMs) to deepen their focus on strengthening the supply chain, such as by adopting more advanced technologies in order to enhance productivity and efficiency.

1,000 High-skill Jobs a Year?

The industry's rapid growth is a wel-

come, but worries have heightened if the country can cope with the supply of the talent required by the industry. The manpower shortage has been a concern. Such shortage could result in Malaysia losing the fast growing market to neighbouring countries.

Frost and Sullivan (Australia) Pte Ltd revealed last month that the aerospace industry has failed to attract enough interest among local students.

Despite having more than 20 institutions offering various aerospace-related courses, the report said colleges are still not producing enough talents for the industry.

It was proposed that Malaysia should consider to build a drone city, similar to what is available in developed countries like the US, to spur the sector.

Frost and Sullivan associate director (aerospace, defence and security) Amartya De said this could inspire youths to appreciate the aerospace technology and systems.

Malaysia Aerospace Industry Association (MAIA) said the human capital element must be addressed to ensure there will not be shortages or gaps in supporting the rapid growth of the sector.

It said the industry has been trying to put together initiatives which include collaboration among aerospace players, institutions and training providers — especially with Majlis Amanah Rakyat.

"There is no doubt that Malaysia can produce sufficient talent for the industry with these initiatives, but it is a question of how the talent of the industry is maintained."

"Attractive job opportunities are (also) needed. Bringing more investment to Malaysia and the lucrative employment package will definitely increase graduates' interest," MAIA spokesperson told *The Malaysian Reserve* (TMR).

MAIA agreed that it is crucial for Malaysia to improve or risk losing to other countries.

"Countries like Japan, France and the US are looking to relocate their production to developing countries like Malaysia," it said.

MAIA is also looking to develop more Tier 3 and Tier 4 SMEs to support the Tier 1 and 2 players.

"In order to thrive as part of the global supply chain, Malaysia's human capital supply must be strengthened. MAIA's human capital steering committee is working on the industry TVET (technical and vocational education and training) frameworks with institutions to ensure Malaysia's competitiveness," MAIA said.

MAIA also believes that bringing foreign Tier 1 and 2 players into the country's ecosystem will accelerate the growth of local suppliers.

Selangor Leads the Way

Currently, there are three aerospace parks in Selangor — Sepang, Subang and Serendah — which represents 62% of the industry's total aerospace players.

These players include UMW Aerospace Sdn Bhd and Spirit AeroSystems Malaysia Sdn Bhd (manufacturing), Asia AeroTechnic Sdn Bhd (MRO) and GE Engine Services Malaysia Sdn Bhd (engine services).

In Serendah, UMW Aerospace manufactures fan cases for Trent 1000 TEN and Trent 7000 aero engines before supplying them to Rolls-Royce's aircraft engine assembly plant in Seletar Aerospace Park.

But according to Menti Besar Amirudin Shari, most of the aerospace parks are still under-utilised.

He said the utilisation rate in Serendah is only reaching 30% and while only half at the Sepang KLIA Aeropolis.

The state government via its investment arm Invest Selangor Bhd had signed a memorandum of understanding with UMW Development Sdn Bhd (UMWD) to leverage on Selangor's local and foreign network to attract investors to UMW High Value Manufacturing (HVM) Park in Serendah.

It serves to facilitate discussions leading to the marketing and promotion of the 348.4ha HVM Park. At the same time, the plan is to attract more foreign direct investments into Selangor through UMWD's land offerings.

The state government is also in talks with international aerospace players that are interested to relocate their operations to Selangor.

Malaysia Airports Holdings Bhd is currently working on its Subang Regeneration Initiative masterplan, expected to transform a 430.18ha site into a comprehensive aerospace hub.

In the next five years, the old Subang airport would house major aviation players.

"After a couple of decades, we will see Subang transformed into a real aerospace hub and, perhaps, one of the most comprehensive aerospace parks in the region," an industry source told TMR.

The industry is also discussing the possibility that Malaysia should tap into the aircraft disposal business, which is currently dominated by OEM countries like the US, as more old aircraft are being dismantled.

The government is expected to reveal the aerospace 2018 performance next week, in conjunction with the opening of the Langkawi International Maritime and Aerospace Exhibition slated on March 26-30, 2019. For now, the industry looks bright and could be a game changer to the country's old economic model.

City council to visit proposed development site in PJ

By SHEILA SRI PRIYA
sheilasripriya@thestar.com.my

PETALING Jaya City Council (MBPJ) has agreed to visit the site of a controversial proposed mixed development project on 1.91ha of land in Jalan 16/11.

This was decided after the council, residents, stakeholders and the developer involved in the project met for a public hearing at MBPJ headquarters chaired by councillor Derek Fernandez.

In a *StarMetro* story titled "High-rise project in Section 16 cause for concern", a city council notice displayed at the site next to Phileo Damansara 2 states the proposed development will consist of a 40-storey serviced condominium with 503 units, 36-storey small office virtual office (Sovo) with 608 units, 34-storey serviced apartments with 404 units and 24-storey Sovo with 112 units, affordable serviced apartments with 220 units, a commercial and car park complex and residents' facilities.

Bukit Gasing assemblyman R. Rajiv, who was present at the hearing, said he was concerned about added traffic congestion if the project were to take place.

"The city council should engage with traffic impact consultants to iron this out.

"The developer has his own traffic impact

StarMetro's report on March 14.

study and MBPJ should have one too," he said.

Rajiv also questioned the developer's basis for the proposed plot ratio of 7.2 for the project compared to 2.7 by the previous developer at the same site. Plot ratio is the gross

built-up area of a development in relation to the land it occupies.

Fernandez said the developer made his application based on the transit oriented development (TOD) format as the Phileo Damansara MRT station was nearby.

The 7.2 plot ratio was based on the developer's studies and reports.

"The city council will check on their reports and residents can study them too.

"For good governance and transparency, we are allowing stakeholders to view these reports," said Fernandez, who later handed the reports prepared by the developer to residents representatives.

Rajiv stressed that the TOD principle should be upheld.

"There must be cycling lanes and walkways to reflect this.

"I hope the city council will get a traffic impact assessment before giving approval," said Rajiv.

He added that the skyline of the proposed project should complement surrounding developments.

The residents are concerned about traffic dispersal and proposed elevated ramps from the development as well as the safety of their homes while the work takes place.

They want MBPJ to ensure that the project proposal adheres to government rules and regulations.

The developer said the proposed elevated ramps would not adversely affect traffic conditions on Jalan 16/1 and Jalan 16/11. Rather, the proposed work will alleviate traffic congestion there.

Homeless family gets a roof over their heads

A FAMILY with two kids squatting in a temple in Puchong, Selangor, has now been housed temporarily in a flat, reported Malaysia Nanban.

The family was sitting by the roadside when they were spotted by non-governmental organisation Naam Inam (Our Community) chief Dr Pannir Selvam who offered them a lift.

He dropped them off in Puchong as requested, only to find out that they were staying in the temple.

The father could not find employment due to problems with his identity card, while the wife worked odd jobs to support the family, said Dr Pannir.

With the help of Suresh Singh, who is assistant to Puchong MP Gobind Singh Deo, the family were given a PPR flat through the Subang Jaya Municipal Council.

Naam Inam donated RM1,000 to the family and is looking to find them long-term accommodation.

Councillors Meganathan and Mohan Singh donated household utensils, while a restaurant owner in Puchong has been providing food for the family the past week, added Dr Pannir.

Five new hospitals for Selangor

State plans to build medical centres for M40 and B40 groups

Stories by SHEILA SRI PRIYA
sheilasri@thestar.com.my

SELANGOR is one of the most populated states in the country with over six million people excluding foreigners and illegal immigrants.

The increase in population over the years has resulted in congestion at government-managed hospitals and clinics in the state.

This has resulted in a "lack of beds", which is a term commonly used for lack of hospitalisation space and the reason patients experience long waiting times.

To address this, the state government, through Selangor State Development Corporation's (PKNS) wholly-owned subsidiary, Selgate Corporation, plans to build five hospitals in five years.

The new hospitals will target patients from the medium-income group who are from the M40 category while the B40 group (about one million of the population) will be able to access these facilities through state programmes such as Skim Peduli Sihat and Skim Rawatan Jantung Selangor, state Health, Welfare, Women Empowerment and Family Committee chairman Dr Siti Mariah Mahmud told *StarMetro*.

The first phase of the 2.58ha Selgate Rawang Hospital at Persiaran Anggun in Sungai Bakau is expected to be completed in December.

The Rawang hospital, which is scheduled to start operations

Dr Siti Mariah says there are also plans to expand the network of GP clinics in the Klang Valley.

next year.

Once completed by 2023, the hospital will have 267 beds.

"The four other hospitals will be built in urban and suburban areas, namely Kota Damansara, Shah Alam, Gombak and Kuala Selangor.

"There are also plans to expand the network of general practice (GP) clinics in the Klang Valley," said Dr Siti Mariah.

The Selgate Kota Damansara Hospital will be in Section 3, Selangor Science Park, Petaling Jaya, on 1.46ha of land and have 150 beds.

This hospital will operate more

An artist's impression of Selgate Kota Damansara Hospital which will be in Section 3, Selangor Science Park, Petaling Jaya.

like a community hospital with a women and children centre.

The Selgate Setia Alam Hospital at Precinct 10, Section U13, Shah Alam, will be located on 4ha of land and have 160 beds while the Selgate Gombak Hospital at Kampung Seri Makmur, Mukim Batu in Gombak will sit on 0.9ha of land and have 150 beds.

Meanwhile, the Selgate Kuala Selangor will be at Jalan Kuala Selangor, Kuala Selangor.

The proposed 3.23ha site is along the federal road connecting Teluk Intan, Perak, to Kapar, Selangor, which would provide easy access to residents in Sekinchan, Tanjung Karang and Kapar.

Dr Siti Mariah added that at the moment, Selgate is operating 18 GP clinics in the Klang Valley but the hospitals need to be built as they were long overdue.

Based on statistics provided by the state, patient visits to government health clinics (Klinik

Kesihatan) in Selangor between 2014 and 2018 increased by 1.45 million patients, with 4.19 million in 2014 compared to 5.64 million in 2018.

Five health clinics in the state which have exceeded 200,000 patient visits last year were the Klinik Kesihatan Kajang, Klinik Kesihatan Ampang, Klinik Kesihatan Sungai Buloh, Klinik Kesihatan Selayang Baru and Klinik Kesihatan Bandar Botanic.

Dr Siti Mariah said the funds to build the hospitals would be through joint ventures and also projects financed by Selgate.

"Selgate will cover the payroll of the hospital employees such as the doctors and nurses.

"Johor has its own private healthcare arm and Melaka has Putra Specialist Hospital," she said, adding that other state government agencies such as Majlis Agama Islam also owned shares in private hospitals in the country.

Selgate Kuala Selangor Hospital will be at Jalan Kuala Selangor. This proposed site is along the federal road connecting Teluk Intan to Kapar, providing easy access to residents in Sekinchan, Tanjung Karang and Kapar.

Selgate Gombak Hospital will sit on 0.9ha of land and have 150 beds, catering to the densely populated town of Gombak.

An artist's impression of the Selgate Setia Alam Hospital to be built in Precinct 10, Section U13, Shah Alam.

"It is timely for Selangor to venture into healthcare and this is a strategic move by the state.

"The Selgate hospitals aim to offer private yet affordable medical facilities for middle-class families.

"These hospitals will offer multi-disciplinary services such as obstetrics, gynaecology, paediatrics, orthopaedic, general medicine and general surgery.

"However, there will be no specialist centres like cancer at these hospitals," she said.

Dr Siti Mariah added that in Selangor, the hospitals handled patients with both communicable and non-communicable diseases (NCDs).

"If you visit the emergency units of government hospitals in Selangor, you will see they are running at full capacity.

"The main hospitals in Selangor such as Hospital Tengku Ampuan Rahimah in Klang and Hospital Selayang are operating beyond capacity.

"We have a lot of private hospitals in Selangor but the cost is high for those from the B40 group so they opt for government institutions.

"With the Selgate hospitals and schemes available, we hope to provide services to the middle- and

lower-income groups, so they will have an alternative to government hospitals," she said.

The increasing burden of NCDs such as diabetes, hypertension and ischaemic heart diseases were of great concern, said Dr Siti Mariah.

"These diseases are mostly linked to our lifestyle and preventable when people choose to stay active, eat healthy and

quit smoking."

Since she was put in charge of the women, health and welfare portfolio, Dr Siti Mariah has realised there is a lack of health consciousness among the public.

"The public tend to overindulge in food.

"Obesity is among our biggest problems because it leads to diseases related to the kidney and

heart as well as high blood pressure and diabetes.

"We have to change our behaviour and it has to start from childhood," she said.

Dr Siti Mariah said vector-borne diseases such as dengue and tuberculosis was also increasing at an alarming rate.

"Prevention is the key to creating a healthier society," she said.

Focusing on mental, physical health

PREVENTION is better than cure.

As such, the Selangor government has allocated funds for mental healthcare programmes and to fight obesity.

State Health, Welfare, Women Empowerment and Family Committee chairman Dr Siti Mariah Mahmud said the budget was under its healthy lifestyle segment and Slim Selangor.

"Mental health is just as important as our physical body parts.

"We have negative stigmas in society associated with mental healthcare which need to be debunked.

"All of us can go through mental problems because of stress at any point in life.

"This can lead to depression. We just need to address it fast and seek help," said Dr Siti Mariah.

Individuals facing issues can call Talian Sahabat by Pusat Kaunseling Selangor at 03-5544 7668, 03-5521 2272, 03-5519 0500 or email kaunseling.selangor@gmail.com

Dr Siti Mariah added that the public could take a test called the Depression Anxiety Stress Scales (DASS) and get a recommendation based on the results at the state counselling unit.

She said for money-related problems, individuals could seek financial counselling.

"The Credit Counselling and Debt Management Agency can teach people how to manage their money."

The state is also planning to start lay counsellor training.

"Any person with a heart to help others, especially if they are active in society, will be given training.

"They will be able to refer people with signs of stress to trained counsellors. We have trained 100 of them so far."

As for Slim Selangor, there were many physical exercise-related activities such as cycling scheduled to be rolled out, said Dr Siti Mariah.

1.5km stretch of Sg Kim Kim cleaned up

➤ Yeo says teams from her ministry to monitor situation

■ BY KEVIN DAVASAGAYAM
newsdesk@thesundaily.com

PETALING JAYA: The cleaning up process along 1.5km of Sungai Kim Kim in Pasir Gudang, Johor, following toxic chemical dumping activities has been completed yesterday.

Energy, Technology, Science, Climate Change and Environment Minister Yeo Bee Yin said 30 teams from her ministry would continue to monitor the conditions there.

The teams comprised members of the environment and chemistry departments.

They were deployed to 30 schools located 3km to 9km from the river to monitor air quality using gas detectors.

"The 1.5km-stretch of Sg Kim Kim that was polluted has already been cleaned up, but today we want to see what 'touch-ups' we can do," she told members of the media at the state Disaster Management Committee's operations room.

"Before this, we monitored the air quality in several places within the affected perimeter and found it to be at a safe level. The 30 teams would be comprehensive in their further checks."

Yeo said the full report on the air quality in

Chemistry Department chemical safety director Muhammad Yazid Ibrahim (left) and a ministry staff use a gas detector to check the air quality at SMK Kota Masai yesterday. – **BERNAMAPIX**

the area would be announced today.

Meanwhile, cleaning works of a pond in Taman Eng Ann in Klang, which was contaminated due to illegal dumping, is 85% completed.

A Lembaga Urus Air Selangor (LUAS) spokesman said investigations into the parties involved in the dumping are ongoing.

LUAS is expected to release a progress

report on the clean-up today.

Another case of illegal waste dumping was detected at an oil palm estate in Bukit Teh in Bukit Mertajam, Penang.

State Fire and Rescue Department director Saadon Moktar said 15 barrels of chemical were found in a scrapyard in the estate.

Samples of the chemical were handed over to the Department of Environment for tests.

SELANGOR DAP LODGES REPORT OVER 'SHOT' TWEET

PETALING JAYA: Selangor DAP will lodge a police report today against former Umno Youth leader Razlan Rafii who had allegedly called for DAP members to be "shot" in a Tweet on Saturday. Seri Kembangan assemblyman Ean Yong Hian Wah who condemned Razlan's comments yesterday said it sounded like a call for violence. "This means all DAP members and supporters are in danger. He is threatening their lives. What did he mean by 'shoot'? Of course, it means by a weapon. If there are extremists out there, they might do something worse. We feel unsafe and uncomfortable with his statement. We urge the police to investigate him promptly to ensure the safety of the public," he told *theSun* when contacted.

Showcasing the **best** that Selangor has to offer

► Boosting the state's tourism potential

THE state of Selangor has a host of attractions for both domestic and international tourists which will be showcased at the March edition of MATTA Fair 2019 this month.

Tourism Selangor's general manager Noorul Ashikin Mohd Din said the agency aims to increase tourists arrivals by introducing new products and services.

"We will continue to concentrate on promoting Selangor's tourism products for both the domestic and international markets in line with our current #takemeanywhere and #discoverselangor campaign.

"There are several tourist destinations in the state which have great potential to be included in package tours such as Kuala Selangor, Kuala Kubu Bharu, Hulu Selangor and others," she said.

One of the places of interest that will be highlighted at Tourism Selangor's Pavillion this year is Resort Taman Eko Rimba

Komanwel. With a special promo price of RM160, tourists will enjoy a two days one night stay for a standard room with a specialised package of a Kapur Trail Experience and River Fun Trekking.

Families who wish to escape the urban jungle and see some unusual animals in their natural surroundings, can enjoy a non-traditional zoo experience at Farm In The City, with up to 50% discounts for entrance tickets.

"In our quest to be an active and thriving tourism industry, we at Tourism Selangor and the Selangor government are supportive of all efforts by our local industry players to develop the attractive products that are available right here in the heart of Malaysia. With the tourist target of 7.7 million for 2019,

we believe we can achieve the goal via participating in this number one tourism fair," she added.

Tourism Selangor's Pavillion at MATTA Fair will showcase its cultural and heritage theme and features tourist attractions such as Sky Mirror Tour & Travel, Amverton Cove Golf & Island Resort, Gold Coast Morib Resort, Hotel

Seri Malaysia Bagan Lalang, Movenpick Hotel, Skytrex Adventure, Palace of The Golden Horses, Jump Street Trampoline Park, Cyberview Resort & Spa, Wet World Water Park, The Royal Town Klang Heritage Walk and Shah's Village Hotel. These operators will be promoting their special packages with unbelievable discounted rates not to be missed.

巴生17日讯 | 巴生区今年的3月份不到半个月已累积1316宗骨痛热症病例，首3个月的病例累积是去年同时期的3倍！

巴生市议员严玉梅透露，去年首3个月的骨痛热症数据显示，共累积有1899宗病例，但是今年1月截至目前为止，骨痛热症病例已累积4765宗，其中3月份不到半个月已有1316宗病例，紧逼2月份的数据。

严玉梅指出，巴生区的骨痛热症统计数据分别来自3个机构，分别是巴生市议会、巴生县卫生局以及莎阿南市政厅。

「其中，骨痛热症重灾区排名前3（第十周），分别是哥打

哥文宁有80宗（累积病例有855宗）；其次是圣淘沙有72宗投报（累积病例906宗），第三是巴生港口有39宗（累积病例有545宗）。」

「另外，有4区累积超过400宗病例的中等灾区，分别是巴生海峡有31宗（累积498宗）、班达马兰有34宗（累积476宗）、中路有40宗投报（累积405宗）以及土文达有17宗投报（累积402宗）。」

严玉梅指出，居民必须自觉地维护家居环境卫生情况，因为黑

斑蚊会在积水的地方滋长。例如，在百家利花园和永安镇住宅区，就因为旧厕所所损坏积水，屋主不知情下出现积水而滋长黑斑蚊。

屋内养蚊接罚单

严玉梅今早在百家利花园参与大扫除活动后，在记者会上如此表示。她也强调，如果骨痛热症情况严重，市议会和卫生局官员就会挨家挨户入门调查。

根据地方条例，一旦屋内发现孳子，当局就会开出罚单，罚款500令吉到1000令吉不等。

此外，百家利居民蔡进成（46岁）指出，本身家里有4名家庭成员轮流住院，包括岳母、舅子、老婆和女儿；其中3人是在去年12月初中骨痛热症，其中岳母情况危急而送进加护病房，接著是舅子。

「我当时跟太太和女儿出外旅行，回国后轮到女儿患上骨痛热症。直至今今年1月，再轮到妻子中骨痛热症。」

他指出，市议会曾前后两次前来调查，最后一次更发现附近一间租凭单位内的厕所滋养蚊孳。无论如何，他对于市议会官员挨家挨户寻找蚊孳根源，觉得官员态度可敬。

图为外劳养鸽寮，由于内部积水很难被发现，故容易滋长蚊虫。

吉打州数区配水

基于过去数月炎热天气影响水源供应，吉打州已在数个地区落实配水，即儒莫、班茶、美农、成杰、莪仑和新文英。

吉打州务大臣拿督斯里慕克里兹周日出席吉打区域发展机构会议后在记者会上表示，配水只是在以上特定地区落实，同时并未宣布紧急状态。「配水取决于水供受干扰的严重程度，若有需要，我们会从其他地区引水进入这些受影响的地区，同时我们也将密切监督情况。」

他补充，有关单位也已展开节省水源运动，以提高民众的醒觉。他也要求所有消费者节省用水。

他说，州政府也正与吉打达鲁阿曼水供公司和水源、土地和天然资源部讨论，以寻求解决方案。

杜绝环境污染 雪严打非法厂

莎阿南17日讯 | 为改善环境污染的问题，雪州政府将重启严打非法工厂行动，并且对症下药，双管齐下解决污染的源头！

雪州大臣阿米鲁丁表示，当局针对相关事件，与雪州行政议员黄思汉共商政策，并在3个月前作出这项决定。

他说，现阶段是找出这起事件的罪魁祸首，同时他也会与法律顾问商讨更有效的方法，以便制止环境污染事件的发生。

「我会参考法律顾问的意见，可能是目前采取的罚款或刑法，无法起到阻吓作用。所以我们会视情况，或改变机制对付不负责任单位不再重犯！」

与此同时，他表示，对巴生永安镇防洪蓄水池的清理工作有信心，并且预计能在今日内完成。

志警助减罪案

「我在16日收到进度报告，截至昨晚10时正，有关清理工作已完成62%。我们已控制住蓄水池的污染程度，现在的工作是抽走水中的化学废料。」

他于今日在出席大马志愿警卫局成立47周年庆后，向记者如是透露。

阿米鲁丁（中）强调，雪州政府将重启强打非法工厂行动，并且对症下药，双管齐下解决污染的源头。

另外，他在致词中也说，大马志愿警卫局（RELA）帮助减少雪州的犯罪率，他举例，在志愿警卫局努力下，雪州2018年每10万人口的犯罪率从10万611宗的犯罪案，减少至8万8662宗，减少1万1949宗。

他说，为减少当地犯罪率，志愿警卫局在全雪州一共进行了1万7397次的巡逻。他也说，大马志愿警卫局的成员和官

员应与其他处理灾祸和紧急事件的机构合作，扩大其在社区安全中的角色。

「国家安全理事会通令第20条文，已写明大马志愿警卫局在国家灾难处理机制上扮演的角色，而这角色的责任须被扩大，以让灾民的处理机制更加顺利。因此，他们必须时刻提高自身的能力，以便胜任这项重要的责任和角色。」

王诗棋:约350亿 消费税退款激活市场

(吉隆坡 17 日讯) 无拉港州议员王诗棋说，雪州政府今年初开始分阶段，把约 350 亿令吉的消费税退款退还给商家，这笔巨额资金流入市场，必会激活市场。

慈缘宫济公诞晚宴

她日前出席吉隆坡旧古仔路慈缘宫济公活佛千秋宝诞庆祝晚宴时说，相信上述资金会对我国经济有帮助，只要国家经济好转，其他事就相对地较易办理。

她说，新政府执政日子还很短，难免有不足处，新政府的前进步伐，尚须大家配合，共同努力，提供有建设的意见，使国家稳健前进。

大会主席李庆进说，万事不离一个“善”字，只要一个人存有良善之心，并在日常生

活中实践，一定会得到心灵上的富足。

“善心是促进社会和谐祥喜的最佳途径。”

他说，所谓的善良，即时常对他人释出善意，只要人人心存善念，社会和谐可期。

“济公活佛是最接近老百姓的神明之一，关于济公活佛传奇故事，都与扶危济困有关，其诙谐形象深入人心。”

大会也为雪隆祥和福利会儿童之家即席筹款，筹获约 4400 令吉，过后慈缘宫理事会认捐 2000 令吉，共约 6400 令吉，由慈缘宫主席张超富交予该儿童之家院长李勇钢。

出席晚宴者包括加影市议员丘钦瀚、慈缘宫名誉主席冼世豪、大会顾问拿督斯里蔡振文、该宫主持简法祥师父及理事许添才等。

資源回收站旁竟成了非法垃圾場

As a U.I. team now and the gate is closed. The pile of rubbish is almost a daily affair. This place has become a dumping ground.

Expected if no one there to...
...definitely wrong local.

Unfortunately there are still a lot of ppl that are not civically minded and so long as the rubbish is not in their house, they are ok to throw it anywhere, there should be a CCTV there to monitor those that dump

图文并茂叙述资源回收站的现状。实达阿南社区的居民在社区论坛上

資源回收站淪垃圾堆

焦點社區 實達阿南中央公園

報導 蘇斯敏

(沙亚南17日讯) 靠近实达阿南中央公园停车场的资源回收站外面，被缺乏公德心者乱丢垃圾，以致出现一堆堆的“垃圾山丘”，成为垃圾堆成为拾荒者“寻宝”的天地？

由沙亚南市政厅与99Speedmart有限公司携手合作，在上述停车场旁建设一个耗资50万令吉的资源回收站，已全面竣工并于2月中操作。

不过，由于当局迟迟没有在资源回收站外设置附上资料的告示牌，以致实达阿南的网民在实达阿南社区论坛，图文并茂上载数张资源回收站的图片和贴文和非议，有者甚至询问该处是否有“旧衣回收箱”。

回收站挂开放时间横幅

不过，随着当局在近期已于资源回收站外张贴附上开放时间和联络人的电话号码的横幅，也给予民众方便。

尽管资源回收站外悬挂横幅，提示民众不要在该处乱丢垃圾，惟民众无视提醒，继续乱丢垃圾。

大門深鎖 民眾吃閉門羹

《大都会》社区报记者早前实地了解和观察后，发现尽管是下午过了午餐及未放工时段，该资源回收站确实是大门深锁，一些驾驶人吃了闭门羹后，无奈地驾车离开。

更甚的是，该资源回收站不时出现一些疑似拾荒者，步行或骑脚踏车到该资源回收站翻找值钱物品，偶尔还有一名印裔孩童推着手推车，大摇手摆从住宅区一带走向该地点。

民眾盼市政廳嚴密監督

记者向资源回收站对面住宅区一间托儿所的巫裔家长了解，该资源回收站经常出现来历不明的“寻宝人”。

一堆堆的“垃圾山丘”，成为垃圾堆成为拾荒者“寻宝”的天地。

一名摩多车骑士手脚俐落地捡起类似铁枝的物件，再快速奔驰而去。

市政厅已进行妥善规划和分类，方便民众到该处丢弃大型垃圾 (Sampah Pukal) 和电子废料。

纸张、铝或铁应分开放置在这两个专区内。

拉普迪促居民勿乱丢垃圾

沙亚南副市长拉普迪较后向《大都会》社区报记者专访时证实，该资源回收站已于2月中开始操作，开放时间是每周一至周五上午8时至下午5时，周六与周日是上午8时至中午12时。

他要求居民保持充分合作，不要乱丢垃圾，尤其是不具有回收价值的家具和厨余垃圾，并且要先将垃圾进行分类，再依不同的种类置入该资源回收站内的不同回收桶内。

民众在资源回收站外丢弃大型沙发、箱子、空啤酒箱等杂物。

蕭歡延：裝電眼監視回收站

萧欢延：沙亚南市议员萧欢延指出，市政厅原订将操作时间设为周一至周五，但经过他极力争取下，才增加操作天数，所以即连周六和周日都有开放。

他指出，前任沙亚南市长拿督阿末札哈林是于去年3月3日为该资源回收站主持动土礼，惟较后因面对需要修改图则、气候等一连串因素，造成原订于去年11月竣工的工程，延迟至今年1月中正式竣工，并于2月中开始操作。

针对外来者在资源回收站外乱丢垃圾的事宜，他说，市政厅已在该资源回收站装置闭路电视，但主要是监视到回收站内的情况，因此他认为市政厅或有必要在闭路电视加装镜头。

“有时很难怪他们(居民)会乱丢垃圾，有时他们是早上出门前就把资源载至回收站，有时则是放工后，但资源回收站只是每天上班时段才有开放。”

他建议市政厅在该资源回收站设立告示牌和清楚标示出联络人的联络电话，以便为前往享用该服务站的人士提供便利。

居民在2月07日在论坛上载沙亚南市政厅悬挂的横幅，上面印有时间表与联络人的电话号码。

梳邦再也市會打造和諧環境 推行“組屋領養”敦親睦鄰

(蒲种17日讯)梳邦再也市议会今年起推行“组屋领养”计划，通过举办一系列的活动，加强组屋居民对社区的参与和贡献，同时拉近邻里间的关系，打造和谐的居住环境。

从各居委会选出领养组屋

梳邦再也市议员黄小真指出，市议会共有24个居民委员会（JKP），各居委会将选出并领养廉价组屋，以便在2019年里推行各项社区活动。

“活动可以是任何形式，包括大扫除、环保活动、社区建设、亲子教育等，此计划旨在鼓励居民多参与社区活动，从中培养对社区的关爱。”

她是负责梳邦再也市议会居委会第10区的市议员。她昨天出席在金銮高峰A期花园组屋举办的大扫除活动后，这样指出。

金銮区州议员黄思汉也到场参与活动，并派发30个书包予当地30名小学生，同时为当地的环保小站主持开幕仪式。

她指出，大扫除是今年首个进行的活动，在接下来会和组屋居民一起维修已损坏的篱笆。

策划活动鼓励居民参与

她说，地方政府建筑物专员（COB）和居民联合管理委员会（JMB）都会参与策划一些适合当地社会的活动，鼓励居民走出家门，并通过活动认识左右邻舍，此外能加强市议员官员和居民沟通与联系。

“我们也计划找义务老师教当地小孩补习、配合梳邦再也市议会的乐队教小孩子音乐课，打造社区菜园和举办嘉年华会等。”

Majlis Perbandaran Subang Jaya (MPSJ) launched `flat adoption` programme starting 2019 to strengthen flat residents` participation and contribution towards the community and foster closer relationships among neighbours and create a harmonious living environment through a series of activities. The MPSJ has a total of 24 Jawatankuasa Penduduk (JKP). Each JKP will select and adopt the PPR flat to launch all kinds of community activities in 2019. The activities could be any form, including massive clean-up, environmental protection, community building, parent-child education and so on which aim to encourage the residents to participate more in the community activities and cultivate care for the community.

陸兆福：效仿雪政府 各州應補貼佛學班學生

（吉隆坡17日訊）交通部長陸兆福呼各州政府效仿雪州政府給予佛學班學生補貼，落實包容性多元政策。

“雪州政府一年資助每名佛學班學生200令吉的做法值得讚賞，希望其他州屬，尤其是希盟執政的州政府能夠效仿。”

他昨晚在“向恩師致謝”（Tribute to our Teachers）音樂大匯演上致詞時說，讚揚佛教組織舉辦周末佛學班，讓青少年研習佛法，成為善良和有禮貌的人。

培養下一代尊重多元文化種族

“我們需要培養下一代，讓他們成為尊重多元文化和種族的好公民。我相信除了家人和學校的正規教育，佛學班也可以引導孩子向善。”

他也宣布撥出1萬令吉給佛教組織，以示支持。

陸兆福指出，希盟政府致力實施包容性政策，以保障我國所有社群的利益，打造更美好的新馬來西亞。

“鑒此，政府致力降低生活成本，讓經濟走上正軌，並打擊貪腐漏洞，為人民提供更好的基礎設施和交通系統。

陳再政（左）贈送紀念品予陸兆福。

黃世界：現代方式傳播佛曲

馬來西亞佛教節日慶主席黃世界表示，“向恩師致謝”音樂大匯演旨在展示過去50年來大馬佛教歌曲的發展，同時紀念已故達摩庵長老（Dr. K Sri Dhammananda）的百年冥誕。

“我們會用現代的方式傳播佛教歌曲，讓更多人能夠接觸和認識佛法。”

共有10組佛教信徒參與表演，分別為菩提工作坊、象牙塔、GeeBee樂隊、馬興達拉麻巴利文周日學校、真善美的旋律、維法樂、i-gems合唱團和亞洲音樂劇制作，並有逾60個佛教團體共襄盛舉。

出席者包括佛教徒聯誼會（BGF）主席拿督斯里黃泳錫和音樂大匯演籌委會主席陳再政。

“向恩師致謝”音樂會除了展示佛教歌曲的演進，同時也紀念已故達摩庵長老的百年冥誕。

黃思漢：羅里拋錨釀嚴重塞車 大道公司須檢討

（蒲种17日讯）一辆载着打桩机的重型罗里在白蒲大道抛锚后，导致蒲种发生有史以来最严重的交通大混乱，驾驶者苦困车龙数小时，行动党金銜区州议员黄思汉对此深表不满。

“虽然意外的发生是无法预见，但这也显示了大道公司在上述事故发生后没有采取有效的应对措施，导致往蒲种方向的交通大阻塞。”

没人指挥交通 恶化阻塞

他说，白蒲大道是蒲种的交通命脉，每当有意外发生都会牵一发而动全身，更何况此次故事导致车道关闭数小时，引发非一般的塞车程度，周边城市也因此受到牵连。

“相信不少住在蒲种、武吉加里尔、八打灵再也

及双威等区的居民昨天都因此被困在车龙。”

事故发生后，他接到了许多驾驶人士的投诉，指许多主要的路口没有交警或大道巡逻队指挥混乱的交通，车辆无法有秩序的改变道，进一步恶化阻塞。

他说，由于交通严重堵塞，其服务中心员工和志工采取了行动，到现场指挥交通，以舒缓情况。

也是雪州行政议员的黄思汉针对本月15日下午一辆载有打桩机的重型罗里抛锚在白蒲大道9小时后才被移走一事，发表文告这样指出。

他认为，大道公司既然知道白蒲大道相当“敏感”，理应一套紧急应对措施，以便一旦事故发生能及时开启应对措施，减低对驾驶人士的影响。

他说，白蒲大道公司有必要检讨应对紧急情况的作业程序，避免上述事件再度发生。

载有打桩机的重型罗里在上周五抛锚在白蒲大道9小时后才被移走，使得驾驶者苦困车龙数小时。（图片取自黄思汉脸书）

最

近天气十分炎热，在这样相对干旱的气候下，水供是否受到影响，是其中备受关注的课题。不过，国内暂时还没有拉响水供警报，只是在北马部分地区开始出现缺水情况。根据水供服务委员会的数据，国内水源储备目前仍处于安全水平。

尽管如此，我们还是得珍惜水源，在当下少雨的季节，一些没有必要的用水情况得克制，例如现在汽车中心如雨后春笋，很多人几乎每周都定时送爱车到这些中心，洗车的耗水量相当大，一家洗车中心一天的用水量如果省起来，可以供很多人使用在其他更有益用途上。

节省用水，珍惜水资源，要有危机

殺人的垃圾桶

意识，是每个国家地区面临水短缺时的必然口号。“把水用在刀口上”事实是每一天都应该做的事，无论是不是面临水短缺。一直以来人们把水供视为理所当然，在进行日常活动时都不自觉地浪费了很多水。气候变化下，极端气候的情况不断出现，如果我们依然不具备水源危机意识，要取得干净水源就必须付出更多资源的日子来临时，才来后悔就为时已晚。

地球表层即使70%被水覆盖，看似水不缺水，人类也能够通过各种技术取得净水，然而，人们相对无效甚至差劲的水源管理，才是最大的问题。

水源污染就是一个棘手的问题。虽然并非每一条河流都和水供有直接关系，然而从人们蓄意污染河川就足以反映我们对干净水源的意识。事实是，国内河流被污染进而影响水供的问题经常

发生，就证明人们对待河流的态度是多么的无知。

雪兰莪我凌河一年可以清理出35吨垃圾，可见人们是把河流当成垃圾桶了。如果河流是人，早就已经窒息了。垃圾充斥下，周遭的水质无不深受影响。改变人们随意乱丢垃圾的坏习惯是一个必须，不过，有关当局也必须同时加强执法，严厉对付那些不肖的个人和商家。

垃圾严重污染河流已是一个严重问题，化学废料被倾倒入河流则是更严重的问题了。今年2月，雪州士毛月一处空地被发现约有10个装有化学废料的铁桶遗弃在该处，污染了河流，幸亏发现得早，及时被清理，否则士毛月净水站一旦受影响被关闭，雪州地区又要重演制水情况了。

化学废料被倾倒入河流，不仅影

响水源，一旦发生类似柔州巴西古当金河化学污染的问题，影响的幅度就更加深远。金河河过去10年就屡屡被不良的业者当做倾倒化学废料的场所，长年累月下来，该河已经奄奄一息，河水变黑，散发异味，基本上已经不适合生物在该河生存。鱼儿已经不能生存，在流域生活的人，生活品质也将是恶劣的，从这一回发生的化学污染事件就可见一斑。

当局一再强调，金河河不是处于水供集水区，水供不受影响，然而，金河河流经之处有许多工厂和住宅区，即使河水被污染不会影响水供，化学污染除了散发毒气危害人体健康，污染对河流周边的土地和生态的伤害，会带来哪些连锁反应，也是当局必须去鉴定的问题。

当下不会发生的问题，不代表往

后不会出现后遗症；今天不受影响的事物，不意味着明天同样相安无事。今天的金河河很可能就是往后许多河流的命运。保护水源不可能只把心力放在和水供有关的河流，每一条河流和每一座湖泊，它们的整洁，水质的安全都务必受到当局重点维护，必须得到我们人类的尊重和爱护。

金河河事件后，很多人都有很多话要说，网络上习惯指责的声音更是不绝于耳。不幸的事情发生了，政府不能推卸责任，只是亡羊补牢也不够，后续要做的事还很多，要改善的环节更不能随着危机解决而放缓，甚至不了了之。人民方面，危机发生时，看到处理手法粗糙，效率不彰，愤怒是自然的反应，但是在谴责之余，也应该反省一番，在维护环境和各种自然资源，包括水源，自己又曾经做过什么？

史里肯邦安馬華開會 談沙登經濟民生問題

（沙登17日讯）马华史里肯邦安支会执委会会议将按期召开，加强执委的交流、沟通和联系，反映区内各项人民所面对的问题，同时积极推动党务与活动。

该支会日前召开由陈东庚主持的会议，讨论沙登社会经济与民生问题。

马华史里肯邦安支会执委会认为，多年来沙登社区的交通系统川行困难已重挫社区的社会经济发展，尤其是沙登大街双向道改为单向道后，不只无法为交通阻塞解困，更甚的是使整个大街的商业中心的商业成长已呈现萎缩，深感失望与关注。

他们促请代议士应向沙登人民解释，迟迟未兑现重建沙登旧巴刹的承诺的理由，以及为何梳邦再也市议会拖延在沙登柏兰岭南城广场前兴建天桥的承诺，为新村带来更大社会经

济发展动力。

该支会署理主席叶家生、副主席赖剑雄、秘书陈俊铭律师、马青团长许伟文及该会永

久名誉主席拿督叶炳汉也参与会议。

叶炳汉促请马华基层领袖不要因一些揶揄言论而自我沉

沦，重要的是如何从挫折中反省、检讨、重新拟定策略与提升政治分析力和观察力，做好反对党的角色。

“我们必须展开监督与制衡执政党的施政走向，聆听民意、了解民情，与社群打成一片，是马华基层领袖的重要工作任务与职责。”

■ 陈东庚（中）主持执委会会议。

本是雨季卻炎陽高照

雪2大壩水位或降

報導 ●劉淑美 (吉隆坡17日訊) 尽管正值季候风交替期, 是多雨季节, 奈何雪隆大坝和蓄水池集水区都“零”降雨量, 若情况持续至4月中, 雪州的2大水坝, 即雪兰莪河和双溪丁宜水坝随水量恐会下降至70%, 当中也只有40%的水可使用, 加上6至9月是少雨的季节而难以存水, 届时水供就会拉响警报!

大马水务与能源研究协会 (AMRE) 高级经理林素芳也为此促请雪州各级政府单位必须严正看待, 以做好准备应对, 并可制造人造雨和兴建蓄水池蓄水等。

每年5月至9月和9月至11月, 是季候风交替期, 也是雨量较多月份, 可是近数日来气候炎热, 部分地区已有数天没下雨。

根据雪州水供管理机构 (LUAS) 官网资料显示, 截至本月17日的7至9时, 雪州6个水坝, 包括峇敏、士毛月、冷甲、吉冷甲、雪兰莪河、梳邦湖, 双溪拉姆蓄水池和双溪丁宜, 皆曾无雨, 除了冷甲和吉冷甲水坝的储水量, 是82.32%或28.07百万公升和83.49%或21.27百万公升, 其余6个水坝的储水量都达90%以上。

林素芳: 一旦天气炎热和毫无降雨量的情况持续至4月, 雪隆2大主要水坝的储水量将会降至70%。

2014年的大水灾, 许多人都陷入扑水的日子而苦不堪言。

■雪兰莪河水坝和双溪丁宜水坝可说是最重要的水坝之一, 因两个水坝提供了50至60%的源水至滤水厂以再输送给使用者。(取自LUAS网站)

艾爾尼諾現象 不容忽視

艾爾尼諾每2至7年期间就会“发脾气”, 继雪州在2014年因发生艾尔尼诺现象而爆发水灾后的今年也已进入第5年而绝对不能忽视!

林素芳指出, 艾尔尼诺是有年历史的现象, 雪州近几年其实也有慢慢形成艾尔尼诺的现象, 不过因其他因素而未发生。

她说, 西雪州也曾在1997和2014年因发生艾尔尼诺现象而爆发大水灾, 政府也吸取了经验做好准备应对的工作。

她举例, 记得在2014年的大水灾时, 其实部分地区受影响的程度并不高, 可是却面对水压迫的问题, 因此也不知这类的课题是否已解决。

■森林的土壤主要吸收雨水, 而土壤的水分并在太阳照耀下形成水蒸气。

林素芳: 無效益水或難達標

林素芳指出, 雪州无效益水 (SRW) 在2016年是92.2%, 2017年则是31.5%, 可是与2008年时的数据比较, 仅减少了1至2%。

她说, 无效益水主要是因输水管破损, 导致输水过程里发生渗漏和用户偷水, 其中的水管陈旧破损, 占了无效益水70%。

她说, 根据世界银行研究指出, 先进国的无效益水是15%, 发展中的国家则是25%, 可是我国却超过30%。

“国家税务委员会早前宣布无效益水在2020年减至25%, 可是我们距离2020年也只有不到1年。”

她也坦言, 为了让民众节约用水, 曾建议市面上的任何与水有关的电器产品可清楚标注为节约用水或节省用水, 一旦设立最低用水率的标签就可呼吁居民购买这类电器产品, 以有效节水, 可是这类建议似乎并未严厉执行和执法。

水壩	水位 (公尺)	儲水量 (百萬公升)	儲水量 (%)	降雨量 (毫米)
峇都 (截至3月17日早上8時)	101.48	29.35	91.72	0.00
士毛月 (截至3月17日早上7時)	110.92	38.79	99.51	0.00
冷甲 (截至3月17日早上8時)	217.86	28.07	82.32	0.00
吉冷甲 (截至3月17日早上8時)	93.42	21.27	83.49	0.00
雪蘭莪河 (截至3月17日早上8時)	216.80	207.02	90.11	0.00
梳邦湖 (截至3月17日早上8時)	38.18	4.03	93.84	0.00
雙溪拉姆蓄水池 (截至3月17日早上7時)	44.40	9.10	98.09	0.00
雙溪丁宜 (截至3月17日早上8時)	58.32	105.82	92.42	0.00

森林成發展洪流 導致降雨量減少

基于森林覆盖范围和集水区的减少导致降雨量减少而难以降雨, 同时不排除是艾尔尼诺 (El-Nino) 即将形成所致!

林素芳指出, 其实目前是季候风的交替期而有很高的雨量, 很多人都会因此不想去下雨而感到担忧, 甚至担心2014年的大水灾事件重演。

她说, 我国是个热带雨林的国度而应有雨有森林, 可是事实是森林覆盖范围和集水区都已减少而不断被开发作为发展用途。

她说, 森林扮演了重要的角色而可控制100%周遭的气候, 尤其每逢下雨, 森林的土壤就会吸收雨水, 而土壤的水分并在太阳照耀下形成水蒸气。

她指出, 水蒸气会形成积雨云, 而积雨云累积后就会下雨, 而雨水会直接由土壤吸收, 所以水循环不断的循环, 即是水循环 (Water Cycle)。

“可是目前因森林的减少, 根本没有足够的土壤吸收水分, 所以根本无望形成积雨云的形成。”

■基于森林覆盖范围和集水区的减少，导致降雨量也受到影
响而减少。

若下月沒下雨儲水量或剩70%

← 文接C1

林素芳接受《中国报》电访时指出，在雪隆多个水坝中，雪兰莪河和双溪丁宜水坝最重要，因这两个水坝提供了五六十巴仙水源至滤水厂过滤再输送给使用者。

她举例说，目前两个水坝的储水量都已查超过90%，可是如果至到3月尾都持续没下雨，或降雨量很少，两个水坝储水量会降至80%。

“万一到了4月中，一直没有下雨或降雨量不足，储水量很

可能只剩下70%，可是要知道在这70%只有40%的水可使用，因储水量一旦降至30%就是紧急状态而导致水供不应求，若最终储水量只有10至15%就更危险，因剩下的这些水源营养过于丰富而被称之为“死水”而不能过滤使用。”

她指出，6至9月虽是西南季候风的季节，可是会比较少雨，加上雪兰莪河水坝是在彭亨边境，而双溪丁宜水坝的集水区比较小而难以存到水，这段期间民众依然会使用水而造成水坝储水量不断下降。

புதையல் தேடும் போட்டிக்கு அமோக ஆதரவு

(ஆர்.குணா)

செர்டாங், மார்ச் 18- புதையல் தேடும் போட்டியினை செர்டாங் தமிழ்ப்பள்ளியும் பெற்றோர் ஆசிரியர் சங்கமும் பிரம்மாண்டமாக நடத்தி சுற்று வட்டார மக்களின் கவனத்தை கவர்ந்தன. ஒரு மாத காலமாக திட்டமிடப்பட்டு வந்த இந்த புதையல் தேடும் போட்டியின் நோக்கும் போக்கும் மாணவர் நலன், மாணவர் மேம்பாட்டு நலன், கல்வி சார்ந்த நலன்கள் சம்பந்தப்பட்ட அம்சங்கள் என்று பள்ளியின் தலைமையாசிரியை விஜயலட்சுமி விவரித்தார். பள்ளியினை சார்ந்தவர்கள் மட்டுமின்றி, மற்ற இந்தியர்கள், சீனர்கள் வழங்கிய பங்களிப்பு சிறப்பானது.

புதையல் தேடும் போட்டிக்கு வெளி மாநிலத்தவரின் ஆதரவும் வரவேற்பும் வெகுவாக இருந்தது.

பெற்றோர் ஆசிரியர் சங்கத்தின் உறுப்பினர்கள் இந்திரனும் சின்னாவும் ஒருசேர பெருமிதமாகத் தெரிவித்தனர். பள்ளிக்கு நிதி திரட்டும் நோக்கத்தை கொண்டது

இந்த போட்டி, பள்ளி நலன் சார்ந்த நடவடிக்கை மேற்கொள்வதற்கு வருடந்தோறும் ஏறத்தாழ 80,000 வெள்ளி தேவைப்படுகிறது என்றும் தெரிவிக்கப்பட்டுள்ளது. 25 வாகனங்கள் போட்டியில் பங்கேற்று ஊர்வலம் வந்தன. ஒவ்வொரு வாகனமும் போட்டியில் பங்கேற்க பதிவுக் கட்டணம் 300 வெள்ளி செலுத்தப்பட்டிருந்தது.

வெற்றியாளருக்கு முதல் பரிசு 650 வெள்ளி, இரண்டாம் பரிசு 500 வெள்ளி, மூன்றாம் பரிசு 300 வெள்ளி. மற்றவர்களுக்கு ஆறுதல் பரிசுகள். ஆனந்தம் இங்கே ஆரம்பமாகட்டும் என்று வெற்றியாளர்கள் துள்ளி குதித்தது

புதையல் தேடும் போட்டிக்கு முத்தாய்ப்புவைத்தது போல் இருந்தது. 40 கேள்விகளை முன்னிலைப்படுத்தி இப்போட்டிக்கு வடிவமைக்கப்பட்டது. சுபாங் ஜெயா நகராண்மைக்கழக உறுப்பினர் மோகன் சிங் சிறப்பு வருகை தந்தார். இத்தகைய பொது நலன் போட்டிக்கு அனைத்து தரப்பினரும் அருந்துணையாக இருக்க வேண்டும் என்று மோகன் சிங் அறைகூவல் விடுத்தார். இது ஒரு பெருமிதமான போட்டி என்று பெற்றோர் ஆசிரியர் சங்கத்தலைவர் டாக்டர் ஜீவன் வர்ணித்தார். போட்டியை தொடக்கி வைத்தவர் தலைமை ஆசிரியர் விஜயலட்சுமி.

தேசிய நூலகத்திற்கு அருகில் நிலச்சரிவு!

கோலாலம்பூர், மார்ச். 18-
தலைநகர் ஜாலான் துன் ரசாக்கில் அமைந்துள்ள தேசிய நூலகத்தின் அருகிலுள்ள பகுதியில் நேற்று முன்தினம் நிலச்சரிவு ஏற்பட்டது.

சிலாங்கூர் நீர் விநியோக நிறுவனத்திற்குச் சொந்தமான குழாய் உடைந்து நீர் வெளியேறியதால், மண் அரிப்பு ஏற்பட்டு அங்கு நிலச்சரிவு நடந்துள்ளது.

மாலை 5.06 மணிக்கு அது பற்றிய தகவல் கிடைத்ததும் தீயணைப்பு வீரர்கள் அங்கு விரைந்தனர். எனினும் அந்த நிலச்சரிவு கட்டடத்தின் நிர்மாணிப்பு கட்டமைப்பை பாதிக்கவில்லை என்றும் அது பொதுமக்களுக்கு ஆபத்தைக் கொண்டு வராமல் இருக்க, முன் எச்சரிக்கை நடவடிக்கைகள் எடுக்கப்பட்டு வருவதாகவும் அறிவிக்கப்பட்டுள்ளது.

கிள்ளான் ஆற்றிலும் ரசாயனக்கலவை

சா.ஆ. மார்ச் 18-குப்பைகள் அகற்றப்பட்டு சுத்தமாகக் காட்சியளிக்கும் கிள்ளான் ஆற்றிலும் ரசாயனம் கலந்திருக்கும் செய்தி மக்களுக்குப் பீதியை ஏற்படுத்தியிருக்கிறது.

ஜோசூர், பாசீர் கூடாங் சுங்கை கிம் கிம் ஆற்றில் கொட்டப்பட்ட ரசாயனப் பேரிடரின் ஈரம் காயும் முன்னமே நாட்டின் பல பாகங்களிலிருந்தும் ரசாயன செய்திகள் வந்த வண்ணம் இருக்கின்றன.

அண்மையில் புக்கிட் மெர்தாஜும் பகுதியிலும் இதேபோன்ற அசம்பாவிதம் இருந்ததாக அறியப்படும் அதேவேளை, கிள்ளான் ஆற்றிலும் ரசாயனம்

கொட்டப்பட்டிருக்கும் செய்தியால் ஆற்று நீரின் இயற்கை வளம் நீண்ட நாட்களாகவே பாதிக்கப்பட்டிருக்கிறது என்பதை யூகிக்க முடிகிறது.

பொறுப்பற்ற நபர்களின் இந்த நடவடிக்கையால் ஆற்றின் மீன் வளம் முற்றாக அழிந்துவிடும் அபாயம் இருக்கிறதென்று பொது மக்கள் புகார் செய்திருக்கின்றனர். மீன்கள் விஷத்தன்மை கொண்டதாக இருக்குமோ என்ற அச்சமும்

ஏற்படுவதாகப் பொதுமக்கள் தெரிவித்தனர்.

இப்பிரச்சினை தொடர்பில் லுவாஸ் எனப்படும் சிலாங்கூர் நீர் கட்டுப்பாட்டு இயக்குநர் டத்தோ ஹாஷிம் ஓஸ்மான் கருத்துரைத்தார். கிள்ளான் தாமான் ஹெங் ஆன் பகுதியில் ரசாயனம் ஆற்றில் கொட்டப்பட்டிருப்பதால் அப்பகுதியை பாதிக்கப்பட்ட பகுதியாகவும் அறிவித்திருக்கிறார்.

ஆற்றிலிருந்து நீர் சேகரிக்க

கப்பட்டு பரிசோதனைக்கு அனுப்பப்பட்டிருப்பதாகவும் அவர் குறிப்பிட்டார்.

இது போன்ற சுகாதாரக் கேடுகளை விளைவிக்கும் பொறுப்பற்ற நபர்கள் தங்கள் விபரீத விளையாட்டை நிறுத்திக் கொள்ளும்படி எச்சரித்திருக்கிறார்.

இது குறித்து மாநிலத்தில் இயங்கும் சுற்றுச்சூழல் பிரிவிடம் தெரிவிக்கப்பட்டிருக்கிறது என்ற சிலாங்கூர் மாநில மந்திரி பெசார் அமிருடின் ஷா, கிள்ளான் ஆற்று நீர் சுத்திகரிப்பு வேலை இன்னும் ஓரிரு தினங்களில் நிறைவு பெறும் என்றும் தெரிவித்தார்.

இரு பிள்ளைகளுடன் சாலை ஓரத்தில் தங்கி இருந்த இளம் பெண்ணுக்கு பிபிஆர் வீடு

(எம்.மாரியப்பன்)

புச்சோங், மார்ச் 18-வீடு வாசல் ஏதுமின்றி இரு பிள்ளைகளுடன் புச்சோங்கில் சாலை ஓரத்தில் தங்கியிருந்த இளம் பெண் ஒருவர் மீட்கப்பட்டதுடன் அவருக்கு பிபிஆர் வீடும் வழங்கப்பட்டுள்ளது.

பக்கம்-11

முதல் பக்கத் தொடர்ச்சிகள்...

இரு பிள்ளைகளுடன்...

பழைய கிள்ளான் சாலை ஓரத்தில் அப்பெண் சில நாட்களாக தன் பிள்ளைகளுடன் தங்கி வந்திருக்கிறார். இது குறித்து பொதுமக்கள் சிலர் வழங்கிய தகவலின் பேரில் சமூகநல ஆர்வலர் ஒருவர் அந்த இளம் பெண்ணை சந்தித்து ஏன் இங்கு தங்கியிருக்கிறீர்கள் என்று கேள்வி எழுப்பியுள்ளார்.

தான் பூச்சோங் செல்ல வேண்டுமென்று மட்டும் அப்பெண் சுருக்கமாக பதில் கூறியதால், அவர்களை அங்கிருந்து அழைத்துச் சென்று பூச்சோங்கில் விட்டுச் சென்றதாக அந்த சமூகநல ஆர்வலர் தெரிவித்தார்.

மறுநாள் அதே குடும்பம் அங்குள்ள ஓர் ஆலயத்தில் தங்கி இருப்பதாக அவருக்கு தகவல் கிடைக்கப் பெற்றுள்ளது. உடனே அங்கு சென்று அந்த இளம் பெண் எதிர்நோக்கும் பிரச்சினைதான் என்ன என்பது பற்றி தெளிவாக அவர் கேட்டறிந்தார்.

அதன் பொருட்டு அடையாள அட்டை பிரச்சினையால் கணவருக்கு வேலை கிடைக்காமல் போனது. பிள்ளைகளின் கல்விக்கும் போதுமான பண வசதி இல்லை, வீட்டு வாடகையும் செலுத்த முடியாமல் போனது. இதனால்தான் அங்கிருந்து வெளியேறி கண்ணில் படும் இடங்களில் எல்லாம் தங்கி வருகிறோம் என்று அவர் கூறினார்.

உடனே அந்த சமூக ஆர்வலர் பூச்சோங் நாடாளுமன்ற உறுப்பினரும் அமைச்சருமான கோபிந்த் சிங்கின் சிறப்பு அதிகாரி செனட்டர் சுரேஷ் சிங்கை சந்தித்து இவ்விவகாரம் குறித்து கூறினார்.

அந்த இளம் பெண்ணின் இக்கட்டான நிலையை அறிந்த சுரேஷ் சிங்குபாங் ஜெயா நகராண்மைக்கழகத்திடம் பேசி தற்காலிகமாக அவருக்கு பிபிஆர் வீடு ஒன்றை பெற்றுக் கொடுத்திருக்கிறார்.

விரைவில் அவர்களுக்கு நிரந்தர வீடு கிடைக்கப் பெற ஏற்பாடு செய்து தருவதாகவும் அவர் கூறினார்.

அவற்றுடன் சமூகநல சங்கத்தின் ஏற்பாட்டில் அந்த இளம் பெண்ணுக்கு முதல் கட்டமாக 1,000 வெள்ளியும் வழங்கப்பட்டதாக அதன் தலைவர் டாக்டர் பன்னீர் செல்வம் கூறினார்.

இத்தனை நாட்களாக அந்தப் பெண்ணுக்கும் அவரின் பிள்ளைகளுக்கும் பூச்சோங் கின்றாரா அர்சித்தா உணவக உரிமையாளர் கணேஷ் இலவசமாக உணவு வழங்கியுள்ளார்.

அவற்றுடன் சுபாங் ஜெயா நகராண்மைக்கழக உறுப்பினர்களான மேகநாதனும் மோகன் சிங்கும் அவருக்கு சில தளவாடப் பொருட்களை வாங்கி கொடுப்பதாகவும் கூறியுள்ளனர்.
