MPK sita enam kilang proses plastik haram

KLANG - Majlis Perbandaran Klang (MPK) telah menyita enam buah kilang memproses plastik kitar semula tidak berlesen dalam satu Operasi Bersepadu Pemeriksaan Kilang di Kawasan Perindustrian Air Hitam di sini semalam.

Pengarah Komunikasi Korporat MPK, Norfiza Mahfiz berkata, tindakan tersebut diambil di bawah Undang-undang Kecil Pelesenan Tred Perniagaan dan Perindustrian (Majlis Perbandaran Klang) 2007.

Menurutnya, operasi bersepadu bersama Jabatan Alam Sekitar (JAS) negeri itu dilakukan susulan aduan daripada penduduk dan pengilang di kawasan berke-

naan berhubung aktiviti pembakaran terbuka sehingga mendatangkan pencemaran bau kepada penduduk sekitar.

"Hasil pemeriksaan yang dilakukan, sebanyak tujuh premis didapati menjalankan aktiviti memproses dan menyimpan plastik kitar semula tanpa lesen daripada MPK.

"Notis pemberhentian aktiviti serta-merta telah dikeluarkan kepada pemilik tujuh premis itu dan mereka akur dengan arahan diberikan untuk memberhentikan operasi," katanya dalam satu kenyataan di sini semalam.

Norfiza berkata, operasi bermula pukul 9 pagi dan berakhir dua jam kemudian itu disertai 30 anggota penguat kuasa MPK dan JAS negeri.

Enakmen pusat asuhan perlu dipinda

SHAH ALAM - Kerajaan Persekutuan dan pihak berkuasa tempatan (PBT) di peringkat negeri perlu bekerjasama bagi membuat pindaan terhadap enakmen berkaitan penubuhan pusat asuhan yang dilihat merumitkan banyak pihak.

Exco Kesihatan, Kebajikan, Pemberdayaan Wanita dan Keluarga Selangor, Dr Siti Mariah Mahmud berkata secara umumnya, taska dan pusat asuhan yang ingin ditubuhkan perlu memenuhi syarat ditetapkan oleh PBT namun terdapat beberapa perkara yang merumitkan sehingga menyukarkan urusan bagi pembukaan premis tersebut.

"Sebagai contoh, jika ingin tubuhkan taska di kawasan perumahan, pengusaha pusat asuhan perlu men-

dapatkan persetujuan daripada jiran-jiran terlebih dahulu dan jika mereka tidak bersetuju maka premis itu tidak dapat beroperasi.

"Jadi perkara-perkara sebeginilah yang memerlukan pindaan di dalam enakmen berkenaan bagi memudahkan proses untuk membuka taska atau pusat asuhan," katanya kepada pemberita selepas Majlis Penutup Rejuvenasi Taska Tempat Kerja Peringkat Negeri Selangor yang berlangsung di Pusat Konvensyen Shah Alam (SACC) semalam.

Difahamkan, majlis tersebut dilaksanakan sejajar dengan pengumuman Timbalan Perdana Menteri, Datuk Seri Dr Wan Azizah Wan Ismail pada Julai lalu yang menggalakkan semua agensi dan jabatan kerajaan mewu-

judkan taska di tempat kerja masing-masing menjelang Januari tahun hadapan.

Mengulas lanjut mengenai program berkenaan, Mariah berkata, penubuhan taska di tempat kerja melibatkan agensi kerajaan dan swasta dapat meningkatkan produktiviti pekerja serta memudahkan wanita berkeuarga untuk menyumbangkan kemahiran mereka dalam meningkatkan ekonomi negara.

"Kerajaan Selangor sedar akan kepentingan bagi menyediakan taska atau pusat asuhan yang berkualiti untuk pelapis generasi akan datang," katanya.

Mariah berkata setiap ketua jabatan dan majikan swasta bagi merealisasikan penubuhan taska di tempat kerja masing-masing.

Penduduk yang menetap di Jalan Tanah Lesen 2020, di sini, meminta Pejabat Daerah dan Tanah (PDT) Sabak Bernam mengganti segera papan tanda nama jalan kampung berkenaan.

Seorang penduduk, Shahbuddin Yusof, 52, berkata, penduduk hairan terdapat kesalahan pada papan tanda nama jalan kampung itu.

Menurutnya, papan

tanda jalan tertulis Jalan Desa Harmoni itu mula dipasang di laluan masuk kampung itu sejak enam bulan lalu.

"Walaupun ada tulisan kecil tertera Jalan Tanah Lesen kami tetap tak puas hati kerana nama utama jalan ini dah bertukar.

"Malah, kesalahan juga dikesan pada tulisan merah papan tanda ini yang tertulis Kampung Lubuk Pusing, sedangkan kampung ini terletak di Bagan Terap," katanya.

Shahbuddin berkata, sejak kesalahan tulisan pada papan tanda itu, ramai penduduk merungut berikutan surat tidak sampai ke rumah seperti sebelumnya.

"Kita minta supaya pihak berwajib mengambil tindakan serius bagi memastikan nama jalan ini ditukar kepada asal," katanya.

Mokhtar Sulaiman, 58,

"Kita harap, selepas ini pihak berwajib lebih peka tentang kesalahan ini di kawasan lain," katanya.

Sehingga kini, sebanyak dua aduan dilaporkan di daerah ini berhubung kesalahan pada papan tanda nama jalan termasuk Jalan Cik Ros 2 di Kampung Tebuk Rasidin.

Penduduk dakwa, Jalan Cik Ros 2 tidak pernah wujud kerana selama ini, jalan itu dinamakan Jalan Haji Ros.

Bakau penahan hakisan semulajadi

SABAK BERNAM - Tanaman pokok bakau mampu mengukuhkan zon penahan hakisan secara semulajadi bagi melindungi pantai dan sungai.

Pegawai Daerah Sabak Bernam, Nasir Mamat berkata, masyarakat perlu sedar tentang kepentingan penjagaan alam sekitar yang seimbang untuk kesejahteraan hidup.

"Alam sekitar ini tidak ternilai harganya dan kerosakan ke atasnya boleh mengundang malapetaka selain usaha untuk memulih semula pula mengambil masa serta kos yang tinggi," katanya.

Nasib mangsa kebakaran di Pangsapuri Taman Pendaras Indah 2, di sini Isnin lalu, mendapat perhatian Menteri Pertahanan, Mohamad Sabu yang tampil menghulurkan bantuan awal sebanyak RM1,000.

Ahli Parlimen Kota Raja yang lebih dikenali sebagai Mat Sabu itu berkata, bantuan selanjutnya akan diberikan kepada mangsa, P Subramaniam, 52, dan keluarga mengikut laporan yang diterima daripada bomba.

"Ia disalurkan menerusi peruntukan daripada Pejabat Parlimen Kota Raja, Pejabat Dun Sentosa dan Kerajaan Selangor.

"Kebakaran serius hanya melibatkan satu unit rumah, namun jika ada unit lain yang terkesan atau retak dengan insiden itu, kita minta penghuni buat laporan kepada bomba dan polis untuk diteliti sama ada masih selamat diduduki atau tidak," katanya selepas melawat rumah mangsa, semalam.

Turut serta, Ketua Bomba dan Penyelamat Zon Klang, Samsol Maarif Saibani.

Dalam kebakaran kira-kira jam 8.40 malam, Isnin lalu mengakibatkan Subramaniam dan keluarganya tinggal sehelai sepinggang manakala dua rumah jiran mereka mengalami kerosakan teruk.

Naib Ketua PKR Subang lapor SPRM

SHAH ALAM - Naib Ketua Cabang PKR Subang, Mohd Majeman Nyono membuat laporan kepada Suruhanjaya Pencegahan Rasuah Malaysia (SPRM) berhubung dakwaan pengundi ditawarkan wang berjumlah RM100 bagi memilih calon-calon tertentu sewaktu pemilihan parti itu baru-baru ini.

Menurut Mohd Majeman, pihaknya terpenggil untuk membuat laporan berkenaan susulan daripada seruan pucuk pimpinan parti yang menggesa agar ahli di peringkat akar umbi tampil bagi membuat pendedahan berhubung isu-isu melibatkan politik wang tersebut.

"Ini merupakan kali pertama insiden politik wang ini berlaku di Cabang Subang dan kami turut menyahut seruan kepimpinan parti agar membuat sebarang laporan kepada pihak berkuasa berhubung tindakan berkenaan," katanya selepas selepas

membuat laporan di Ibu Pejabat SPRM Selangor semalam.

Mengulas lanjut, Mohd Majeman mendakwa sebanyak kira-kira kurang daripada 50 orang ahli PKR cabang berkenaan ditawarkan wang bagi memilih calon-calon tertentu pada pemilihan parti tersebut.

Namun begitu, beliau berkata pihaknya tidak dapat membuat pendedahan secara terperinci berhubung per-

kara terbabit bagi memudahkan proses siasatan oleh SPRM selepas ini.

"Buat masa ini, kita tak boleh dedahkan siapa yang ditawarkan dan siapa yang menawarkan wang berkenaan sebab ia akan mengganggu siasatan SPRM," katanya.

Dalam pada itu, Mohd Majeman turut memaklumkan bahawa beliau juga akan merujuk perkara tersebut kepada Jawatankuasa Pemilihan Parti (JPP) selepas ini bagi membolehkan tindakan selanjutnya diambil.

Tambah beliau, pihaknya juga menggesa agar SPRM dapat menjalankan siasatan dengan terperinci bagi memastikan pihak bertanggungjawab dapat dihadapkan ke muka pengadilan.

"Kami juga harap agar JPP dapat membuat satu pemilihan baharu di cabang Subang sekiranya pihak terbabit didapati bersalah," katanya.

KLANG

Sebanyak enam kilang memproses plastik di kawasan Perindustrian Air Hitam, di sini disita dalam operasi bersepadu Majlis Perbandaran Klang (MPK) bersama Jabatan Alam Sekitar (JAS) Selangor, semalam.

Pengarah Jabatan Komunikasi Korporat MPK, Norfiza Mahfiz berkata, operasi dija-

lankan selepas menerima aduan daripada penduduk dan pengilang berhampiran terdapat aktiviti pembakaran terbuka sehingga mendatangkan pencemaran bau.

Katanya, hasil pemeriksaan mendapati, kilang terbabit beroperasi tanpa lesen dan mesin-mesin di kilang itu pernah disita sebelum ini kerana melanggar peraturan di bawah JAS.

"Bagaimanapun, pemilik kilang terbabit ingkar dan masih menjalankan aktiviti di premis itu tanpa memenuhi syarat-syarat yang ditetapkan seperti kebersihan sekeliling premis dan sebagainya," katanya.

Menurut beliau, pihaknya turut mengeluarkan enam notis di bawah Undang-Undang Kecil Pelese-

nan Tred Perniagaan dan Perindustrian (MPK) 2007.

"Notis penutupan serta

merta dikeluarkan dan kesemua premis telah disita serta dipasang tali kuning bagi

menghalang sebarang aktiviti di kilang terbabit," katanya.

Tambah Norfiza, MPK

akan terus membuat pemantauan berkala bagi memastikan kilang itu tidak kembali beroperasi dan menghentikan aktiviti sepenuhnya.

"Operasi seperti ini akan diteruskan lagi di kawasan lain seperti di Telok Gong, Pulau Indah dan Pandamaran bagi menghentikan aktiviti di kilang haram.

"Kita juga akan terus bekerjasama dengan agensi lain untuk menyalurkan maklumat jika terdapat perkara menyalahi undang-undang di bawah bidang setiap agensi terlibat," katanya.

Operasi bermula jam 9 pagi dan berakhir 1 tengah hari itu diketuai Timbalan Pengarah Perlesenan MPK, Mohd Fharulisa Md Isa bersama 30 anggota penguatkuasa MPK dan kakitangan JAS.

Badge of shame in Sepang

Sungai Merab villagers at a loss over illegal rubbish dumping

Story and photos by GRACE CHEN

DIRTY diapers, rotting bags of food waste, bundles of used clothing and broken furniture. These are what motorists will see when they drive along the roads of Sungai Merab, a village in Sepang.

Long-time residents like Zulhelmi Seman, who has lived here for 15 years, remember Jalan Sungai Merab as a tranquil road flanked by lush greenery.

Today, it is an embarrassing eyesore where motorists are unwittingly assailed with the stench of rotting rubbish.

Over the past six years, it has worsened due to the growing population.

The unsightly trails of rubbish are often found at secluded stretches.

Three dumping spots were found along Jalan Sungai Merab during a visit.

One was at the junction turning into Kampung Sungai Merab Hulu while another was several metres from the roundabout turning into Jalan Haji Yusoff.

Newly elected Kampung Sungai Merab village head Aris Said acknowledged the age old problem has become the area's badge of shame.

In the past, Aris said the Sepang Municipal Council (MPSepang) put up notices and cleaned the areas many times, but shortly after that, the place filled up with rubbish again.

He added that Jalan Sungai Merab was surrounded by 30 housing areas where the rubbish management was handled by the council.

"The most likely source of the rubbish could be from the traditional villages, namely Kampung Sungai Merab Hulu, Kampung Sungai Merab Jaya and Kampung Sungai Merab. There are about 600 houses there."

In 2017, a research paper stated the average per capita generation of municipal waste in Malaysia was about 0.85 kg per person a day.

There are many deductions as to the culprits to the rubbish problem here.

Residents who pack their rub-

An abandoned kiosk becomes a dumping ground along a road in Kampung Sungai Merab Hulu.

Hikmat says rubbish bins went missing after people complained about the stench near their homes.

Md Derus suspects the rubbish problem is due to illegal private waste contractors.

bish in plastic bags and toss them out of moving vehicles are one of them while the other suspects are illegal private waste contractors.

"I know some villagers are paying these people to collect their rubbish daily for a monthly fee of between RM35 and RM50."

"However, these contractors may be taking the easy way out by throwing the waste by the roadside to save on tipping fees," said villager Md Derus Moran, who was born and bred in Sungai Merab.

MPSepang Health and Environment Department director Kuzaini Hamidon said in the

past rubbish collection services were not extended to traditional villages as they did not pay assessments.

But as of last year, the Selangor Government issued a directive to local councils to extend domestic waste collection services to these areas.

Following this, centralised bins were placed at specific junctions in villages to allow residents to dispose of rubbish, but this facility was abused by outsiders, namely hawkers, grocery shops and night market traders who filled these bins beyond their capacity.

Hikmat Surajat, who has lived

in Sungai Merab for 30 years and is head of the Indonesian community, revealed what happened to these bins.

"Because collection was done only every two days, excluding weekends, people living nearby started to complain about the stink.

"As no one wanted to have a smelly rubbish bin in front of their house, the bin went missing," said Hikmat.

In Sepang alone, dozens of these bins were believed to be stolen as suspected by the authorities.

Kumpulan Darul Ehsan Berhad Waste Management Sdn Bhd managing director Ramli Mohd Tahir said as the company responsible for waste collection in Sepang, he understood the villagers' plight and would visit the area before deciding on the next course of action.

"If we need to place more bins; we will do it," said Ramli.

MPSepang councillor Nor Mohd Zulkarnain Abdul Yazid said from what he has learned at council meetings, budget applications may see additional enforcement personnel being put on the council payroll by next year to beef up enforcement at illegal dumping hotspots.

CCTVs are also being considered to catch culprits.

MBPJ reminds food operators to maintain cleanliness

CHRISTINA LOW
christinalow@thestar.com.my

MANY restaurants and food stalls in Petaling Jaya are known for their endless array of flavourful delights, however not all of these are clean in the eyes of the Petaling Jaya City Council (MBPJ).

"When it comes to service I have to applaud the Indian-Muslim restaurants or the *mamak* outlets for their excellent customer service,

"The moment you step into an outlet, a waiter will be at your table," said Petaling Jaya mayor Datuk Mohd Azizi Mohd Zain during the award presentation to Clean Food Premises in the city.

Mohd Azizi said he enjoyed eating out and always made it a point to observe the shop's cleanliness.

"Whenever I go to a *mamak* restaurant, their table service is excellent but they lack in cleanliness and it is an issue that needs to be looked into," he said, adding that the city currently has 98 restaurants operating 24-hours a day.

These eateries, he said need to take a two-hour break daily to clean up their premises but not all were following MBPJ's ruling. "We monitored 75 of the outlets and we found only 70% obeyed the ruling

Mohd Azizi (second from left) presenting an award to Original Penang Kayu Nasi Kandar owner and managing director Burhan Mohamed under the 24-hour restaurant category. to close between 4am and 6am,

"The city council cannot be going to every outlet, daily, so we hope restaurant owners will be more proactive in wanting to keep their restaurants clean," he said, urging Indian-Muslim operators to clean their premises regularly.

He said all areas in a restaurant should be kept clean at all times, not just the dining and kitchen

area.

"If a customer enters your outlet and finds the toilet is dirty, it may deter them from ordering food from your restaurant," he said, adding that customers who walk away after a bad experience would likely not return again.

At the event attended by restaurant owners and operators in Petaling Jaya, Mohd Azizi also

shared with them his visit to a rest and recreation stop near Bukit Jalil.

He had stopped over for a drink but when their orders arrived, his driver found a cockroach floating in his glass.

"My tea was okay but my driver's *teh ais* wasn't, we saw a cockroach floating in the drink. We will never go back there again," he said before presenting awards to winners from eight categories.

Mohd Azizi also urged restaurant operators to ensure their kitchen staff and waiters were well groomed.

"Cleanliness and safety includes the people working for you. Nowadays, customers are more social media savvy and they can tarnish the name of your outlet overnight by posting photos of dirty restaurants on the Internet," he said before presenting awards to 85 food premises.

The awards was introduced in 2010 and the city council wants it to be an annual affair.

It features 12 categories; air conditioned restaurants, non air conditioned restaurants, fast food outlets, restaurant in a shopping mall, 24-hour outlets, bakery, primary and secondary school canteens,

hotels, privately managed food courts, MBPJ food stalls and stalls in MBPJ food complex.

"Next year, we may reduce the number of winners or focus on just the top 20 cleanest outlets," he said adding the winners would then be featured and promoted by MBPJ.

Winners in the non-air conditioned category were Kanna Curry House (Section 17), Raju Restaurant (Section 5), Ana Patin House (Mutiara Damansara), Thong Kee Sea Park, Strawberry Fields Cafe, Mohd Chan Kitchen (Dataran Glomac), Macha & Co (Kota Damansara), Next Station Restaurant, Devi's Corner (Section 5), SS Gamelan, Ajmeer Curry House, and Hiong Seng Kitchen.

The bakery category saw only five winners; Baiwago Plus Cafe (SS2), La Bohemo One Utama, Bake & Brew, Kory (Starling) and Wondermilk while the air-conditioned restaurant category's 12 winners were Hometown Hainan Coffee (Sea Park), Taj Briyani House, George Town (Jaya 33), Restaurant Sri Thai, Eatscape Cafe, Restaurant Ratha, Mum's Place, Restaurant Sederhana, Stalkers Cafe, Vanilla Place Cafe, Restaurant Khatijah and Fei-Fei Crab.

Reshaping public spaces

By EDWARD RAJENDRA
edward@thestar.com.my

A COLLABORATIVE effort between the Selayang Municipal Council (MPS) and Taman Greenwood residents to redesign public spaces in Selayang is currently under way.

The initiative seeking to foster better understanding between residents and MPS will include stakeholders' suggestions on redesigning public areas.

Gombak Setia assemblyman Muhammad Hilman Idham, who is spearheading the "Greenwood, The New Outlook" project, said the rejuvenation effort was more than just about having better designs as it would focus on creating a social identity to uplift the area.

He said residents' feedback was required as the project was still in its infancy.

"We want to turn the stretch off Jalan Batu Caves from the intersections of DUKE Highway and Jalan Gombak into recreational open spaces.

"MPS held a discussion where urban planners tapped into residents' ideas and insights on how the open spaces should be utilised," said Muhammad Hilman.

MPS carried out site visits with residents and traders to determine details including entrance to the area.

He said that residents were eager to participate in the project because they wanted a play a role and have a say in the direction of Taman Greenwood's future.

"A collaborative approach between MPS' urban planners, engineers and the public is the most effective way to revitalise public places.

"With people's suggestions, the council can create a common vision for Taman Greenwood's public space," he said.

MPS councillor Anfaal Saari said engaging with the people to rede-

sign the entire stretch into a vibrant space would allow the project to kick off faster.

"Unlike rigid planning processes, we are now involving stakeholders to voice their aspirations for their neighbourhood.

"MPS will seek residents' feedback for other projects," she said adding that Muhammad Hilman's approach to the project would help the council overcome problems with regards to underused parks and development projects.

"Community input is important to ensure sustainable implementation of a project," she said.

MPS Gardens and Recreational Department director Mokhtar Affandi Abdul Ghani said softscape and hardscape landscaping would be incorporated in the project for residents' benefit.

New facilities at Shah Alam lake park

Canopy walk and bicycle track among latest draws for children

By EMIRA FARAHAZ
metro@thestar.com.my

CANOPY bridge, lookout tower, suspension bridge and bicycle track are among features children can look forward to at Taman Tasik Shah Alam.

The new facilities were launched by Raja Muda of Selangor Tengku Amir Shah Sultan Sharafuddin Idris Shah.

The 52ha man-made park is surrounded by housing areas, the Sultan Salahuddin Abdul Aziz Shah mosque, Sirim Bhd building and Shah Alam PKNS Complex.

The beautifully landscaped park has well-kept lawns and its freshwater lake attracts migratory birds such as pelicans.

The park is children-friendly and families are welcome to bring their own bicycles to cycle on the track.

Shah Alam mayor Datuk Ahmad Zaharin Mohd Saad said the close to RM1.9mil project started in December last year.

"Built inside the park compound, the bicycle track will make it easier and safer for children to enjoy cycling.

"The bicycle track also comes

with safety signboards and benches for parents to observe them.

"Another 46m-long bridge was built specially for children and the council has taken into consideration the safety of the users.

"Shah Alam City Council (MBSA) will maintain the beauty and cleanliness of this park.

"We also plan to do a series of green initiatives called Shah Alam Tree for Life which will be supported by private organisations.

"I hope visitors will take good care of all the facilities in this park and at the same time nurture the importance of maintaining a green and healthy environment for the younger generation," he added.

The new canopy bridge stretches for 147.6m and is 3m above the ground while the suspension bridge is 60m long.

Visitors can enjoy the best from the 6m-high lookout tower.

Taman Tasik Shah Alam has long been a place for recreational activities especially on weekends.

The newly added facilities are expected to encourage more residents to embrace a green and healthy lifestyle.

Children can now enjoy cycling on the new bicycle track as their parents keep an eye on them from the many benches placed in the park.

Stop-work order for contractor

Residents alarmed by soil dumping activity at hill slope in Taman Ukay Heights

By SHALINI RAVINDRAN
shaliniravindran@thestar.com.my

A CONTRACTOR for a slope strengthening and stabilisation project in Taman Ukay Heights, Ampang was issued a stop-work order following concerns highlighted by nearby residents.

The Ampang Jaya Municipal Council (MPAJ) issued the stop-work order to the contractor who was carrying out works on a privately-owned land along Jalan Teberau.

Residents were alarmed upon discovering the land clearing and earth filling activities carried out at the site – especially since a notice board at the entrance to the site stated the project was only for monsoon drain repair and slope stabilisation works.

Resident Tan Sri VC George said they assumed MPAJ was undertaking these works as the notice board carried the council's logo.

"But for the past month, we noticed relays of 20-tonne lorries dumping soil into the lot which is a ravine with steep slopes which has a gradient of more than 45 degrees. "We estimate that 60,000 tonnes

Taman Ukay Heights residents were alarmed when they saw lorries dumping earth and rubble into the ravine along Jalan Teberau.

of soil and rubble had been dumped and loaded on to the slope skirting the ravine at Jalan Tebrau," he said during a press conference yesterday.

Alarmed that contractors were not adhering to development rules, residents contacted Ampang MP

Zuraidah Kamarudin on Monday who directed them to liaise with MPAJ councillor D. Nallan over the issue.

"He immediately visited the site and contacted MPAJ to get clarification on the issue.

"It was only then that we learned

that the works were being carried out by the land owners and not by MPAJ.

"There is a significant danger for soil erosion as all the trees, shrubs and vegetation have been cleared," George said, adding any landslide could bring down houses above the work site as well.

A retired Court of Appeal judge, George also pointed out that filling up the whole depth of the ravine with soil and rubble would result in a change in the topography and contour of the slopes to create a dangerous situation that contravened the Town and Country Planning Act 1976.

Jalan Teberau resident Ming Tung said the situation was particularly worrisome as a stream that was running through the property had been diverted during the works.

"It was one of the major drainage system for Taman Ukay Heights and now water is flowing in different directions and may even be seeping underground," she said.

Resident Safinah Yaakob said a huge tree on the slope along Jalan Teberau almost crashed into her home more than a week ago as the

heavy vehicles plying the road had loosened the topsoil.

"It missed our house by three feet but damaged the water pipes and we have not had water since then," she said.

When contacted, MPAJ Engineering Department director Zafrul Fazry Mohd Fauzi confirmed that the stop-work order had been issued and served to the contractor on Wednesday following a site visit.

"The applicants were given approval to carry out slope stabilisation and strengthening works within their boundaries as well as rectification of monsoon drain.

"The slopes had signs of weakness which was why approval was given for earth dumping and compacting," he said.

He added the 14-day stop-work order was issued because of aggressive traffic flow and unsafe work conditions.

"The contractor will have to rearrange the traffic flow and then only will they be allowed to use one specific route in and out of the area.

"They will also have to build silt traps, wash troughs and repair the damaged roads caused by the heavy vehicles," Zafrul added.

MPK setting up committee to oversee complaints

By **BRENDA CH'NG**
brenda@thestar.com.my

A SMALL complaints committee will soon be formed at Klang Municipal Council (MPK) to improve the existing system.

The main problem is that residents do not receive feedback on their complaints.

"Even I am not aware of the status of complaints I have received and forwarded to the relevant officers," said MPK president Datuk Mohamad Yasid Bidin at the full board meeting.

"No one keeps me updated," he said, adding that residents should be updated and alerted on the status of their complaints.

The complaints committee idea was proposed by councillor Tan Jee Kian and will be chaired by Mohamad Yasid.

The committee will monitor all complaints and ensure they are attended to quickly.

"This committee will comprise no more than one third of councillors, as well as department heads from engineering, parks and health," he said, adding that these departments received the most number of complaints over the years.

Mohamad Yasid said complaints should be taken seriously as there were two cases, recently, where the complainants sued MPK demanding for compensation.

One of it involved a fatal accident in Pulau Indah due to a pothole.

"I received a complaint on the pothole in the evening and it was forwarded immediately to the engineering team.

"However, before we could take action the next morning, the accident happened the same night," he said, adding that MPK would take full responsibility and compensate the victim's family.

The second case also involved a pothole on a road shoulder in Bayu Tinggi that damaged a car.

Some councillors proposed that safety barriers be put in place to warn other motorists.

On a separate matter, councillors voted against traders selling pre-mixed drinks or cordials as well as on-site cooking at festive bazaars in Klang.

This matter was raised after traders at the Deepavali bazaar in Jalan Tengku Kelana requested permission to cook at their stalls and sell drinks, which were usually sold in either plastic bags or cups.

"We cannot allow this due to safety concerns. We don't want visitors getting injured from the hot wok or a fire," he said, adding that the same rules would apply to Ramadan bazaar traders in Jalan Taiping.

Mohamad Yasid said MPK did not encourage the sale of drinks to prevent littering.

He said visitors to the Deepavali bazaar could go to the various restaurants along Jalan Tengku Kelana for their meals.

The topic of stray dogs caught by the council was also discussed.

MPK caught 5,867 stray dogs this year after receiving 1,672 complaints to date.

"We caught about 50 strays in Pulau Ketam alone recently," he said.

Last year, MPK caught 11,987 stray dogs.

He advised dog owners to apply for a licence that costs RM10 per dog a year which has to be renewed annually, and that 1,169 dog licences were issued this year compared to 1,345 last year.

Residents are also advised to stay safe and prepare to face the north-east monsoon until the end of the year.

"The state government has

requested all local governments to be prepared and monitor flood-prone areas.

"In Klang, they are Kampung Telok Gong, Kampung Perigi Nenas Pulau Indah, Bandar Puteri, Kampung Delek and Persiaran Hamzah Alang," he said.

Transit centres have been set up at community halls in Meru, Kampung Kuantan, Sentosa and Telok Pulau, Telok Nipah, Pulau Indah, Kampung Delek, SK Telok Gong and SJK(C) Lee Min Kampung Telok Gong.

"I've also requested for all our officers to be ready to provide logistics and manpower.

"It includes monitoring and cleaning all drainage channels in Klang, especially in flood hotspots to ensure smooth water flow," he said.

Its Pantas Squad is available 24 hours a day to monitor flood-prone areas and offer immediate assistance.

Mohamad Yasid assured residents in Bandar Puteri that the flash floods on Tuesday was not due to the monsoon season but ongoing drainage works by the Drainage and Irrigation Department (DID), scheduled for completion early next year.

為何公民華小逢雨必浸? 沙登華團促州政府解釋

(沙登1日讯) 沙登华团联合总会会长拿督叶炳汉及总秘书蔡惠丰联合促请雪州政府及梳邦再也市议会，公开解释为何对沙登公民华小校园逢雨必浸事件置之不理达8年之久，这对培育孩子的教育中心不公平且不合理的对待，这也显示阻碍华教发展的一项强烈讯息。

该华团也要雪州政府与市议会解释为何由代议士所宣布超过千万令吉拨款，作为解决沙登古腰河与史里肯邦安第5区及其他地区的水患问题，但水患依然持续发生的原因。

该华团接获有关上述地区居民申诉发生水患问题后发表文告作上述的表示。

需付出沉重維修費用

文告指出，沙登华团了解到昨日(31日)傍晚沙登公民华小再度遭受水患影响，该校从2010年开始至今受到逢雨必浸的威胁，校方从不间断把水灾实况以图并茂提呈至雪州大臣，市议会要求协助解决处理校园水浸问题，但水患依然发生，令使董家教和师生面对困难，并付出沉重维修费用。

文告指出，尽管耗资362万令吉在古腰河边装置3个电子化水泵已在5月间竣工，可是古腰河边的古腰路一带仍面对水患威胁，而史里肯邦安第5区一些民宅也因排水系统欠佳而遭受水患影响，居民苦不堪言。

文告说，沙登华团期望沙登与史里肯邦安地区的多年来水患问题能获得有关当局关注而彻底解决之。

住宅 屋身地上龜裂

(双溪毛糯1日讯) 莎阿南市政厅在双溪毛糯武吉拉曼博特拉花园 (Bukit Rahman Putra) 斜坡旁开辟新路，疑在施工期间没有妥当防范措施，在施工中泥土流失，以致1间位于角落的住宅单位屋身、地上龟裂。

屋主沈祺明指出，其房子是在新开辟道路上方，有关工程是2017年年中开始，于今年9月竣工，期间导致其房屋和屋地龟裂。

官員巡視5次沒下文

他向《中国报》记者投诉时，曾多次向莎阿南市政厅投诉，官员也来巡视了3次，可是现在却没了下文。

沈祺明说，承包商在进行工程初期，在施工中所发出震动，导致斜坡上方的泥土从地下流失，引起路面和屋子出现龟裂。

他屋子旁的院子地面出现裂痕，可

以看到砖片有高低裂缝、院内的小鱼塘也遭殃，水位每天都低4寸、5寸，以致需要每天加水。

他说，屋院外的沟渠壁也有裂缝，且每日都增扩，让人担心房屋的其它裂缝会加扩，最终酿成一发不可收拾的局面。

他指出，当时情况严重，加上每日的工程施工，即使在屋内，也会听到屋内的餐桌用具被震动发出声音。

“后来，承包商在斜坡处打桩，打入铁柱来巩固土石，才维持现状，可是，我们并不知道路下的泥土结构状况，担心情况会加剧。”

■屋后的裂缝令人担心是否会再扩

■沈祺明屋子后方的墙壁和地面之间出现裂缝。

沈祺明：拒随便修補建議

沈祺明说，市政厅曾给的建议是以石柱来做屋院外的沟渠壁支撑，可是他认为，这并不是一个一劳永逸的解决方案，且没有说服力，因此拒绝了当局的相关建议。

他控诉，承包商的工人曾尝试用洋灰来修补裂缝，可是也被他拒绝。“这么随便、儿戏的修补工作，怎么让人接受？”

沈祺明指出，除了屋身和道路出现龟裂，承包商在施工时拆除了斜坡围篱，竣工后也无把围篱修回，导致许多外来人从斜坡处爬进住宅区，引起治安方面的不安。

本报记者尝试联络莎阿南再而也市政厅的双溪毛糯分局，并向当局反映屋主面对的问题和投诉多次不果一事，对方回应指，将重新呈上投诉，转交给相关的单位。

杨志明：保障宗教声誉 神庙联合会可杜绝神棍

(巴生 1 日讯) 巴生皇城道教联合会会长杨志明说，成立联合会不仅可团结巴生神庙，同时杜绝神棍问题，保障宗教声誉及保护信徒免受受害。

“成立联合会后，神庙之间得以互通信息，彼此关照合作，让神棍无所遁形，伤害无辜信徒。为保障神庙获得健康发展，联合会希望继续凝聚大

家的力量，并以维护神庙利益为使命。”

他日前出席巴生加埔路三支兰斗班让幸福花园的崑崙坛，庆祝萧公圣君暨诸神举行千秋宝诞平安宴时这么说。

崑崙坛主席陈传安指出，崑崙坛是巴生唯一使用扶鸾进行各项庆典与同事的神庙，此传统道教文化值得发扬光大，

因目前设在住宅区花园，场地受限，希望雪州政府拨出庙地，供设立宽敞空间，进行上述庆典活动。

该庙也捐助 2 个慈善团体，即巴生仁爱之家和莲花生慈善之家，由陈传安代表移交捐款，由顾问江保璋、姚亚坤、总务吴多庆与法律顾问阿耶沙米律师等见证。

出席友庙包括西天宫郑添宝、寿龟庙主席庄乙豹、白音宫陈民、林之龙、中和宫潘先春、拿督陈盛发、云丹宫师父及该庙顾问等。

诺菲查：市议会不允许工

(巴生1日讯) 巴生市议会今早突击黑水村，发现7间洋垃圾厂非法操作，马上查封了6间并充公所有机器。

市议会放话将全面和非法洋垃圾场宣战，这个月会继续获雪州环境局、移民局、雪州水供公司、国能等各单位配合，到各地展开突击行动，特别是常被投诉洋垃圾厂林立的地地区。

目前已圈定的“热区”，除了今早取缔的万津路黑水村外，还有直落昂、英达岛及班达马兰一带。

巴生市议会公关诺菲查说，市议会是接获投报后，今早由环境局官员配合，30余人联袂展开行动，结果大有所获。

她说，当地共有7间塑料再循环厂，全部违例操作，市议会发出警告并马上查封其中6间。

充公所有机器

市议会官员是援引2007年贸易、商业及工业执照费法令(巴生市议会)查封这些工厂，环境局也依据相关法令，充公这些工

厂的机器。

她说，目前，这些工厂无法继续操作，市议会将在工厂入口处围起警戒线，直到业者获得准证为止。

她也说，这并非市议会首次取缔，环境局曾经充公过机器和查封非法工厂，但业者冥顽不灵，在当局执法后又偷偷操作。

她说，这些违法工厂不只非法处理塑料，甚至露天焚烧塑料导致工业区飘散臭味，市议会也不断接获投诉。

她强调，环境污染破坏大自然和影响居民健康，市议会将继续严厉执法，确保不会再有违例洋垃圾厂。

厂内的洋垃圾堆积如山，至少有三四个成人的高度。

公民华小又水灾 沙登华团促解释

吉隆坡1日讯 | 沙登公民华小昨晚再次一雨成灾。对此，沙登华团联合总会促请雪州政府及梳邦再也市议会公开解释，为何斥资打造的治水计划依然无法解决问题。

该会会长拿督叶炳汉及总秘书蔡惠丰联合发表文告批评，雪州政府及梳邦再也市议会对沙登公民华小校园逢雨成灾的问题置之不理长达8年之久。

文告说，这是对培育孩子的教育中心不公平且不合理的对待，同时也是阻碍华教发展的一项强烈讯息。

殘障無阻為民服務

潘銀珠積極視察社區民生

▲潘銀珠期望八打灵再也未来能够成为宜居、模范与无障碍的城市。

（八打灵再也1日讯）有句话说，健全人有义务帮助残障人士跨越障碍；不过，需依靠轮椅代步的八打灵再也市议员潘银珠，反而积极帮助广大市民处理民生问题，证明身体残缺并不会阻碍与限制她迈向前！

“虽然残障，但是我也可以帮助他们（居民）处理民生问题！”

现年36岁的潘银珠，今年7月受委为八打灵再也市议员，任期2年，成为八打灵再也市政厅第3名残障市议员，之前的残障市议员分别是安东尼西瓦兰和谢秀贞。

潘银珠的选区包括SS23（东南亚花园）、SS24（美嘉花园）及SS26（美阳花园），当时宣誓不久后的潘银珠便拜访选区居民，了解当地的民生问题。

開車訪領養區居民感動

潘银珠接受《大都会》社区记者专访时说，她第一次拜访SS26的居民的那日刚好遇上雨天，她选择自己开车过去，因为她认为残障不会限制她为民服务，这个举动感动了居民。

“我那时刚受委，所以我要去访问选区和认识居民。虽然下雨，不过我还是自己过去，他们看到觉得很感动。”

她指出，有些居民向她反映，他们针对某个问题向有关部门投诉长达一年，却无人理睬与处理。直到有她接手跟进处理，令居民感到开心，而潘银珠则视为鼓励和推动力。

潘银珠表示，她所接触到的民生问题大部分都是路灯、路洞、沟渠阻塞、流浪狗、公园设施、没有修剪树枝等问题。

盼靈市成宜居模範城市

潘银珠说，市议员的身份，加上担任市政厅社会小组及发展小组的成员，她需要到市政厅出席的会议也增加。

她指出，她希望居民明白，市议员可以跟进或给予建

议，但是最终还是得交由市政厅去推动或批准。

潘银珠期望八打灵再也居民的投诉会越来越少，那么大家住在这个城市也会开心、和谐，让八打灵再也成为宜居、模范与无障碍的城市。

盼提升無障礙設施

潘银珠说，担任市议员后，她出外的次数变得比以往多，除了自驾以外，她有时候也会选择乘坐市政厅免费提供的Transit OKU无障碍客货车（van）视察民生问题的地点。

她说，她所开的自动排挡轿车是经过改装，可以用手操作油门和刹车器，上车前后自行抬轮椅进出轿车。

因为本身是名障友，潘银珠更懂得障友的需求，她

希望八打灵再也能够提升无障碍设施，让灵市有朝一日成为模范城市。

她分享说，SS24商业区是旧式商店，缺乏障友停车位，而且地势高低及走廊设计对行动不便的人士不友善，这些都需要时间改善。

此外，她也将建议市政厅提供的灵市城市巴士服务扩大至其选区，包括东南亚花园，让当地市民受惠。

市議員互相幫忙提點

潘银珠也是美门残障关怀基金会的副总书记，她说，她非常感谢行动党雪州主席兼白沙罗区国会议员潘俊伟和其它推荐人推荐她，让她代表非政府组织出任八打灵再也市议员。

她说，当时是行动党万达镇镇议员嘉玛莉亚和市议员王绥生找她，表达推荐之意。

“我感到很惊喜，但也很担心自己无法胜任，所以考虑了数个星期。”

“感动的是美门管理委员会主席、董事给予鼓励，最后我也答应（担任市议员）了。”

作为毫无议员经验的新人，潘

银珠非常感恩遇到一支具有凝聚力和团结的队伍，与嘉玛莉亚、万达镇选区旗下的区（zone）的市议员相处融洽，大家都会互相帮忙和提点。

获王绥生嘉玛莉亚指导

除了潘银珠，其他在万达镇选区旗下的市议员是王绥生、梁启靖、卢宜斯和古拉杜莱茵。

“我们会定期在每个星期开一次会议，不然也会至少2周开一次，大家讨论各区面对的问题，大家一起讨论如何解决。王绥生和嘉玛莉亚上届都曾担任市议员，有一定的经验，所以都会指导我们如何处理民生问题。”

殘障領袖培訓中心明年啟用

另一方面，潘银珠指出，位于SS2/24路及SS2/59路的美门总部和残障领袖培训中心大楼工程目前还在等待完工及符合证书（CCC），获得有关证书后即可进行装修工作。

她说，一旦装修工作完成，预计明年2月可以启用，3月3日举办开幕典礼。

潘银珠表示，残障领袖培训中心所提供的课程包括自立生活课程、烘焙课程及缝纫课

程等，而美门也计划从明年开始，让障友把咖啡豆制成咖啡粉，包装之后对外售卖。

如果障友有兴趣学习上述课程，可直接联系美门残障关怀基金会（03-7873 6579、03-7875 8609）。

另外，美门残障关怀基金会将于11月9日（星期五）晚上7时，在吉隆坡甲洞翠华楼酒家举办“25银禧庆典感恩慈善晚宴”，同时筹募2019年全马8所中心营运费。

劉天球：擔心罪案增加

（雪邦1日讯）
双溪比力区州议员刘天球再次强调，他坚持反对废除死刑。

他补充，废除死刑就表示这个国家没有死刑了，就算犯下奸杀、持枪抢劫杀人、绑票撕票和贩毒也不会死刑。

“一旦废除死刑，可能会有更多人犯罪、贩毒或者乱来，这是我们所担心的，所以千万不能废除死刑。”

他日前出席雪邦太极气功十八式十五周年庆祝晚宴时发表谈话。

他说，根据警方资料，今年1至10月，我们13万人涉毒被捕，有死刑都这样了，没有死刑，犯罪人数岂不是更多。

堅持反對廢死

▲刘天球（左五）与陈任如（左四）等人一起切蛋糕。

已致函首相

“我公开反对废除死刑，而且很多人，包括来自雪邦、双溪比力、八打灵再也和巴生民众告诉我，他们也反对，所以我已在两三周前写信给首相敦马哈迪，告诉他我反对废除死刑，最多只能接受废除强制性死刑，这是因为强制性死刑可能会冤枉好人。”

他举出例子，曾经有一个德

士司机因在警方路障中被搜出一把乘客留下的手枪，但没有办法证实不是他的，所以法官只好依法判强制性死刑。

其他出席活动的嘉宾包括雪邦市议员蔡志雄、雪邦新村村长戴祖兴和双溪比力新村村长余东发。

雪邦太极气功十八式目前有45名成员，年纪最大83岁，他们每逢周一至周六早上7至8时都在队长陈任如的指导下，在斯里雪邦花园（五十间）篮球场练功。
