Cadangan elak banjir di Ijok

SAUDARA PENGARANG,

SETIAP kali hujan lebat, beberapa kawasan di Ijok, Kuala Selangor dilanda banjir terutama di laluan berhampiran Sungai Buloh melibatkan Kampung Seri Sentosa, Kampung Seri Aman, Kampung Ijok dan Kampung Parit Mahang.

Ini kerana wujud aliran air dari Kuala Lumpur, Kepong, Kampung Paya Jaras Hulu, Kampung Paya Jaras Hilir dan Kampung Sempak yang menjadi antara punca berlakunya banjir.

Oleh itu, saya ingin memberi beberapa cadangan kepada pihak berkuasa dalam mengatasi masalah tersebut yang sudah berlanjutan sejak sekian lama.

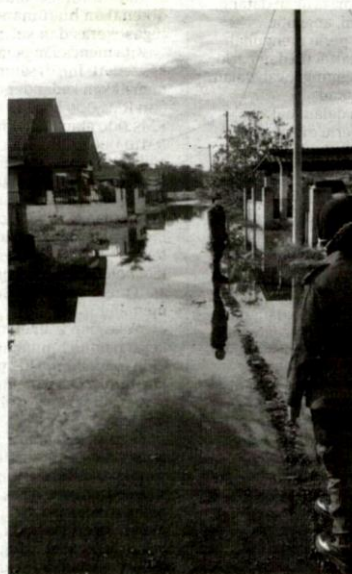

Ini termasuk membina kolam tadahan bagi menampung aliran air sungai yang banyak dan mendalamkan anak-anak sungai yang mengalir ke Sungai Buloh.

Selain itu, pembersihan anak sungai perlu dilakukan supaya tiada sampah, ranting kayu atau daun kering serta membersihkan parit agar memudahkan pengaliran air ke Sungai Buloh.

Dalam menjayakan perkara itu, peruntukan khusus perlu diberikan kepada Jabatan Pengairan dan Saliran (JPS) Kuala Selangor agar kerja-kerja penambahbaikan dapat dilakukan segera.

Semoga cadangan ini dapat membantu pihak berkuasa menangani masalah banjir di kawasan berkenaan.

ARMIZI MOHD. ATAN
Klang, Selangor

Bantuan peralatan sekolah

PRIHATIN dengan bebanan ibu bapa berpendapatan rendah, Federal Power Holdings Sdn. Bhd. membantu para pelajar melalui sumbangan peralatan sekolah untuk sesi pembukaan persekolahan tidak lama lagi.

Sumbangan berkenaan diberikan kepada 80 pelajar pra sekolah Jabatan Agama Islam Selangor (JAIS) Daerah Kuala Langat di Jenjarom, Banting, Selangor.

Ramai ibu bapa terjejas pendapatan akibat pandemik Covid-19, sekali gus mampu memberi kelegaan jika ada bantuan seumpama itu.

Pada majlis penyerahan sumbangan, Pengerusi Federal Power Holdings Sdn. Bhd., Datuk Seri Hisham Abdul Wahab hadir menyampaikan bantuan sambil diiringi Guru Penolong Kanan Kokurikulum Pra Sekolah JAIS Daerah Kuala Langat, Haizan Nazuha Mohd. Tarmizi.

2,433 kes jangkitan dilaporkan, Selangor tertinggi

Oleh Raja Noraina Raja
Rahim
rnoraina@hmetro.com.my

Kuala Lumpur

Kes jangkitan baharu Covid-19 terus mencatatkan empat angka apabila 2,433 kes dilaporkan semalam dengan sembilan kematian.

Ketua Pengarah Kesihatan, Tan Sri Dr Noor Hisham Abdullah berkata, jumlah keseluruhan kes positif Covid-19 di Malaysia meningkat kepada 135,992 kes dan

kebolehjangkitan pula 27,332 kes.

"Selangor melaporkan kes harian baharu tertinggi iaitu 730 kes (30.0 peratus). Daripada jumlah itu, 510 kes daripada kluster dan saringan kontak rapat Covid-19 yang aktif dijalankan di lapangan.

"Ini diikuti Sabah 403 kes (16.6 peratus) dan Johor 321 kes (13.2 peratus).

"Sebanyak 86 kes (3.5 peratus) dilaporkan berkaitan kluster di lokap, depot tahanan imigresen dan penjara membabitkan Kluster Penjara Jalan Harapan (79

kes), Kluster Pagar Siput (3 kes), Kluster Penjara Seberang Perai (3 kes) dan Kluster Tembok Choh (1 kes)," katanya dalam satu kenyataan media, semalam.

Dr Noor Hisham berkata, Kementerian Kesihatan Malaysia (KKM) merekodkan bilangan kes sembuh Covid-19 1,277 kes menjadikan jumlah kumulatif kes pulih 108,109 kes.

Tambah beliau, terdapat 171 kes positif Covid-19 dirawat di Unit Rawatan Rapi (ICU) dengan 76 kes memerlukan bantuan pernafasan.

Selain itu, katanya, terdapat pertambahan sembilan kematian semalam menjadikan jumlah kumulatif kes kematian 551 kes.

"Lima kes dilaporkan di Selangor iaitu empat lelaki dan seorang wanita berusia antara 51 hingga 78 tahun.

"Tiga kematian dilaporkan di Kuala Lumpur membabitkan wanita berusia 94 tahun dan dua lelaki bukan warganegara berusia 37 serta 60 tahun. Manakala satu kematian di Sabah membabitkan wanita berusia 83 tahun," katanya.

Sebuah kilang pembuatan berasaskan bahan kimia dikesan mencemari sungai

Sisa industri dibuang malam minggu

SISA kimia dialirkan ke longkang oleh pengurusan sebuah kilang di Shah Alam malam kelmarin.

Oleh MOHD. YUNUS YAKKUB

SHAH ALAM – Pembuangan sisa industri terus berlaku pada malam minggu apabila yang terbaharu, sebuah kilang pembuatan berasaskan bahan kimia dikesan berbuat demikian di daerah ini malam kelmarin.

Dalam kejadian kira-kira pukul 10.30 malam itu, perbuatan kilang yang telah beroperasi sejak enam tahun lalu itu terbongkar hasil pemeriksaan Jabatan Alam Sekitar (JAS) Selangor.

Pengarahnya, Nor Aziah Jaafar berkata, trend itu semakin menjadi-jadi sebagai jalan mudah bagi membuang sisa industri tanpa rawatan sewajarnya.

Katanya, pihak JAS juga mendapati rekod jumlah aduan pencemaran yang diterima adalah lebih tinggi berlaku pada hari cuti dan hujung minggu.

"Siasatan mendapati, kilang terbabit melepaskan effluen secara pintasan ke longkang awam yang boleh mengalir sehingga ke Sungai Klang, seterusnya mencemarkan sungai berkenaan.

"Notis Penahanan Operasi Kelengkapan (POK) di bawah Seksyen 38(1)(a) Akta Kualiti

PEGAWAI JAS Selangor mengeluarkan notis POK kepada sebuah kilang di Shah Alam malam kelmarin.

Alam Sekeliling, 1974 telah dikeluarkan bagi memastikan tindakan pembaikan diambil segera oleh pihak kilang," katanya ketika dihubungi semalam.

Bellau menambah, hasil siasatan mendapati kilang tersebut pernah dikesan melakukan pencemaran dua tahun lalu.

Nor Aziah berkata, fokus pemantauan dilakukan meliputi premis-premis kilang di beberapa kawasan perindustrian di Shah Alam, Bestari Jaya, Semenyih, Sepang dan Kuala Langat yang pernah diadu melakukan

pencemaran.

"Kita memberikan amaran tegas kepada pihak industri supaya tidak sewenang-wenangnya melepaskan sisa pencemaran bagi mengelakkan sebarang pencemaran alam sekitar," jelasnya.

Kosmo! pada 31 Disember lalu melaporkan tindakan sebuah kilang makanan mengambil kesempatan melepaskan sisa pemprosesan terus ke longkang awam ketika hujung minggu terbongkar selepas dikesan pihak berkuasa di sekitar daerah ini pada 27 Disember lalu.

Akhbar	:	The Star
Tajuk Berita	:	40% drop in dengue cases
Muka Surat	:	4

By SHALINI RAVINDRAN
 shaliniravindran@thestar.com.my

THERE was an almost 40% drop in the number of dengue cases in 2020 compared to the previous year, says Selangor Health Department director Datuk Dr Sha'ari Ngadiman.

He said Selangor recorded 44,635 dengue cases last year compared to 72,543 in 2019.

"The districts with the highest number of cases were Petaling with 15,518 cases or 34.8% of the total, Hulu Langat with 9,842 (22%), Klang at 6,960 (15.6%), Gombak 6,642 (14.8%) and Sepang 2,400 (5.37%)."

"There were 37 dengue-related deaths last year compared to 56 cases in 2019," he said in a statement.

Despite the drop, Dr Sha'ari reminded the public not to be complacent and continue to take precautions.

"Ensure that your surroundings are clean so that Aedes mosquitoes cannot breed."

"Spend 10 minutes each week to ensure that there is no stagnant water and sprinkle Abate where needed," he said.

When contacted, Universiti Kebangsaan Malaysia's parasitology and entomology expert Assoc Prof Dr Hidayatul Fathi Othman said increased awareness of the dengue threat could be one of the factors contributing to the reduction.

"Cases have been steadily decreasing since the 32nd week of

40% drop in dengue cases

Selangor also sees fewer deaths in 2020 compared to previous year

2020. After a spike between week 25 and 30, there were increased reminders and efforts made by related agencies to reach out to the people," she said.

Assoc Prof Hidayatul added that these efforts were helped by community-led initiatives to eradicate Aedes mosquitoes.

"The Combi teams (Communication for Behavioural Impact) were actively taking charge of the situation in their respective communities as they know that government agency staff are short-handed," she said.

She added that managing dengue required a coordinated effort and that the search-and-destroy method against mosquito breeding grounds was still the main preventive action.

Despite the reduction in the number of cases, Selangor still topped the list compared to other states nationwide.

Based on Health Ministry data between Dec 27, 2019 and Jan 2, 2021, Malaysia recorded a total of 90,304 dengue cases, a decrease of 30.6% (39,797 cases) from the previous year.

There were 145 deaths in 2020, compared to 182 in 2019.

Johor is the state with the second

Assoc Prof Hidayatul says community efforts played a huge role in reducing the number of dengue cases in Selangor last year.

highest number with 11,622 cases and 43 deaths.

Kuala Lumpur and Putrajaya recorded 10,631 cases, followed by Sabah (4,078), Kelantan (3,889), Pahang (3,220), Negri Sembilan (2,891), Melaka (2,843), Perak (2,665), Sarawak (1,516), Penang (1,043), Kedah (780), Terengganu (404) and Perlis (80).

Tie-up features virtual tour of Shah Alam's popular sites

STUDENTS at the Management and Science University's (MSU) School of Hospitality and Creative Arts (SHCA) collaborated with Shah Alam City Council (MBSA) and Tourism Selangor to provide a virtual experience of Shah Alam's interesting tourist attractions.

MSU president Prof Tan Sri Dr Mohd Shukri Abdul Yajid said the Heritage Walk: Virtual Edition 2021 was a smart partnership where students worked together with MBSA and Tourism Selangor to create cultural awareness and promote 17 iconic tourist sites in Shah Alam.

Prof Shukri launched the Heritage Walk: Virtual Edition 2021 in the presence of Shah Alam

mayor Datuk Haris Kasim, MSU SHCA Dean Azizul Jamaludin and Tourism Selangor general manager Azrul Shah Mohamad at the university in Section 13, Shah Alam.

Prof Shukri said virtual tourism was not well received prior to the Covid-19 pandemic.

"Now, we have people turning to virtual tourism as a result of lockdowns, quarantines and self-isolation."

"The combination of multimedia, such as narration, music, sound and images gives an immersive experience to virtual tourists who will come to appreciate the iconic sites of Shah Alam," he added.

He said among the sites in the

virtual tour were Sultan Alam Shah Museum, Sultan Salahuddin Abdul Aziz Shah Mosque, Sultan Salahuddin Abdul Aziz Shah Building, Shah Alam Royal Mausoleum, Raja Tun Uda Public Library, Gallery Shah Alam, Shah Alam Royal Theatre, Shah Alam City Council and Shah Alam Botanical Gardens.

Prof Shukri said the virtual tourism programme would help people discover destinations in Shah Alam and equip students with marketing tools that could be applied once the pandemic was contained.

At the event, SHCA handed a mock cheque of RM15,000 to MSU Foundation. — By EDWARD RAJENDRA

Two ministers quarantined

Redzuan and Saifuddin self-isolating after sitting next to Tok Pa

By ZAKIAH KOYA, MARTIN CARVALHO, HEMANANTHANI SIVANANDAM and JO TIMBUONG
 newsdesk@thestar.com.my

PETALING JAYA: At least two ministers are now self-isolating after they sat next to Datuk Seri Mustapa Mohamed, who tested positive for Covid-19, during a meeting in Putrajaya on Jan 6.

Also ordered to undergo testing are Parti Pribumi Bersatu Malaysia leaders who attended a party meeting with Mustapa on the same day.

Minister in the Prime Minister's Department Datuk Seri Mohd Redzuan Md Yusof and Communications and Multimedia Minister Datuk Saifuddin Abdullah confirmed they had been identified as close contacts and were now in isolation as a precautionary measure.

"Throughout the Cabinet meeting, there was no physical contact. We were not only physically distanced but there was also a screen between us. Also, we were all wearing masks.

"However, as an identified close contact, I will undergo a swab test as well as remain in isolation as directed," said Mohd Redzuan.

During the meeting, ministers said Prime Minister Tan Sri Muhyiddin Yassin was seated about

Staying away: (From left) Mustapa, Redzuan and Saifuddin.

seven chairs away – about 7m – from Mustapa.

Saifuddin said while he had not experienced any symptoms, he was monitoring himself under home surveillance order (HSO).

He said he would also be undergoing a swab test and would remain in isolation until given full clearance by the Health Ministry during a second screening.

Mustapa, the Minister in the Prime Minister's Department, confirmed in a statement yesterday that he had tested positive for Covid-19 on Saturday.

He was tested as soon as he reached Kota Baru on the morning of the same day.

Mustapa, who had tested negative in an earlier screening on Jan 1,

is reported to be in stable condition at Hospital Raja Perempuan Zainab II in Kota Baru.

"All his close contacts from Jan 1 to 9 are advised to undergo screening as soon as possible. He has apologised for the inconvenience caused," said his office.

Religious Affairs Minister Datuk Seri Dr Zulkifli Mohamad Al-Bakri had in early October also tested positive for Covid-19 after travelling to Sabah.

This led to those in close contact with him, including Cabinet ministers and Muhyiddin, to undergo health screening and self-quarantine.

Meanwhile, Bersatu leaders, who attended its supreme leadership council meeting on Jan 6 with

Mustapa, were ordered to undergo Covid-19 tests immediately.

Its information chief Wan Saiful Wan Jan said Mustapa had attended the meeting, which was conducted according to SOP.

"However, as a preventive measure, all council members who attended the meeting have been ordered to take a Covid-19 test immediately," he said in a statement on the party's Whatapp group yesterday.

Those involved would also have to adhere to the required SOP issued by the Health Ministry, he said.

Among those at the meeting were Wan Saiful, party vice-president Datuk Seri Dr Ronald Khandee, supreme council members Datuk Seri Azmin Ali, Saifuddin and Redzuan.

Also present were Srikandi (Women) chief Datuk Seri Rina Mohd Harun, Armada (youth) chief Wan Ahmad Fayshal Wan Ahmad Kamal and Srikandi vice-chief Datuk Mas Ermeyati Samsudin.

Azmin is the International Trade and Industries Minister while Rina is the Women, Family and Community Development Minister. Khandee is the Agriculture and Food Industries Minister.

The meeting, which was chaired by Bersatu president Muhyiddin, was held in light of calls by several Umno divisions to withdraw support for Perikatan Nasional.

Perak teacher wins Canada contest award

A TEACHER from a Tamil school in Pengkalan Hulu, Perak, has won a special award for her essay at the International Invention Innovation Competition in Canada, *Makkal Osai* reported.

She submitted an essay on innovation, written in collaboration with her father, who is also a school teacher. They won a special committee award and a commendation certificate.

> Seven councillors being sworn in to the Klang Municipal Council took their oaths by reciting excerpts from a volume of Tamil hymns written by a ninth century poet, the same daily reported.

The set of hymns is considered among the most important literary works in Tamil.

SECOND YEAR OF PANDEMIC

'WE NEED COVID-19 ADVISORY PANEL'

It can address new challenges that require multisectoral, transdisciplinary action, say experts

THARANYA ARUMUGAM
 KUALA LUMPUR
 news@nst.com.my

MALAYSIA urgently needs to form an independent Covid-19 Advisory Committee to plug the gaps in virus detection, prevention and care, as the pandemic enters its second year with no signs of abating.

Health experts cautioned that this year could present new challenges and changes, which would require complex and coordinated multisectoral, transdisciplinary action to improve the country's Covid-19 response.

Drawing parallels with advisory committees established in the United States and New Zealand, the experts said such a panel of local experts was crucial to aid the authorities in coming up with

clear, holistic and effective mitigation measures.

Epidemiologist and biostatistician Associate Professor Dr Malina Osman said setting up an advisory committee would be a positive development in pandemic management.

She said it could address blind spots of current strategies, provide specific advice in specific situations, empower the community, show transparency in the government's approach to tackling the virus, offer wider options of the relevant data analysis and improve the trust deficit.

"The committee can provide valuable information and feedback to enhance outbreak management, offer suggestions and allow the relevant data to be analysed timely.

"Proper and specific platforms for the discussion should be arranged with the specific objectives and related performance indicators," she told the *New Straits Times*.

She said the committee should

be made up of strong-minded local public health experts from academia, ministries and/or former Health Ministry personnel.

She said those in the National Pharmaceutical Regulatory Agency, physicians and surgeons who served as frontliners (including those in the private sector), occupational safety and health experts, infectious diseases researchers, mathematicians, statisticians and data modelling experts should be roped in.

"There is a need to have relevant stakeholders share their distinct views consistently and continuously in the country's battle against Covid-19.

"Currently, the Health Ministry, through specific platforms and meetings, invites experts to share their views, but sharing is limited to the discussion duration and is usually done ad hoc."

Universiti Selangor visiting professor of environmental health Professor Dr Jamal Hisham Hashim said more could be done in pan-

demie assessment and control.

"The main clusters are the Sri Petaling *tabligh*, Sabah election, prison and workplace clusters. Only the Sri Petaling cluster has been well resolved.

"The other clusters from prisons and workplaces are still highly challenging.

"We have not come up with an effective strategy to prevent future outbreaks from similar clusters."

He said data gathered on the Covid-19 risk assessment, management and communication had shown that the two main contributors to the public's exposure to the virus were environment and behaviour, so these two aspects should be beefed up.

"There are some aspects of the pandemic control that are beyond the Health Ministry's scope.

"Two of these are prisons and workplaces, which come under the Prison Department and Human Resources Ministry, respectively.

"An advisory committee would help us put together a multi-pronged approach in assessing and strategising our targeted approach towards Covid-19 control."

Melaka Manipal Medical Col-

lege's Community and Occupational Medicine Professor Dr G. Jayakumar said the special committee should complement the Health Ministry, especially in addressing issues particular to different states.

"We need to recognise that the Health Ministry has been successful in handling the pandemic, but fatigue can set in and affect the medical officials, especially the frontliners.

"An independent committee will contribute to controlling the further spread of Covid-19 by understanding and working holistically with relevant agencies and ministries."

He said the committee would need leadership from and collaboration between national and state public health leaders, academicians, public health physicians from professional bodies like the Malaysian Medical Association and Academy of Medicine Malaysia, as well as other experts.

Malaysian Public Health Physicians Association president Datuk Dr Zainal Ariffin Omar said the association was keen to be part of the advisory committee should the government agree to its formation.

破裂水管獲修復 瑟令路恢復水供

(吉隆坡9日讯) 蕉赖双溪瑟令 (Taman Sungai Sering) 瑟令路 (Jalan Sering) 水管破裂事故, 历时10小时终完成修复, 提前恢复水供。

雪州水供管理公司 (Air Selangor) 指出, 参与工作的有380人, 包括该公司员工和承包商, 从周五下午1时抢修至夜晚11时才完工, 只为确保用户在疫情期间能获得水供。

该公司劝请用户, 恢复水供后先将黄褐色的肮脏水排走, 直至水源变得清澈, 才进行洗手、沐浴或烹煮。

瑟令路 (Jalan Sering) 自本月2日开始进行工程, 造成水管破裂, 吉隆坡、八打灵县和乌冷县121区, 从周五下午1时断水, 原定周六凌晨3时恢复供水, 但提前于凌晨2小时逐步恢复水供。

■瑟令路水管破裂, 雪州水供管理公司的员工和承包商, 抢修10小时才完工。

部分被委者资格遭质疑

莎市议员展延宣誓

一个署名为“民主行动党班达马兰北区联合会”的网页，在巴生市议会面簿留言攻击洪建华的学历。

(八打灵再也 10 日讯) 雪兰莪州市议员被指学历不够格，莎阿南市政厅更有市议员疑因“背景不合格”之故，造成明天宣誓仪式被展延！

本报获悉，莎阿南地方政府原定明天上午举办市议员宣誓仪式，惟，期间发现被委任的一些市议员并不符合要求资格，公关也在下午发信息证实展延宣誓仪式，惟没有说明原因。

有关市议员被质疑资格的原因包括未取得大马教育文凭资格、背景有污点、种族分配不均等。

除此，昨天在巴生市议会面簿专页里，也出现一个署名为“民主行动党班达马兰北区联合会” (Gabungan Cawangan & Cawangan DAP Pandamaran Utara) 及班达马兰 N47C 区市议员 (Ahli Malis Zon N47C Pandamaran) 的网主连名带姓称，班达马兰州议员梁德志所遴选的市议员洪建华未取得大马教育文凭的学历。

巴生马来市议员少引不满

此次更有人民公正党党员在面簿撰文不满心声，指巴生市议会的马来市议员人数少于华裔，即只有 7 人，后者加起来共有 16 人。

根据雪兰莪州政府提供市议员申请表显示，申请者需填写学历资格，最低学历为大马教育文凭，国语成绩及其他学历等。

黄思汉：若有污点会刷下 不存在种族分配不均

掌管地方政务事务的行政议员黄思汉向本报指出，此次被遴选市议员皆通过背景调查、学历考证，相对，更不存在有关种族分配不均等问题。

他说，首先州政府确实有向警方、反贪会等核实遴选者的背景，但在等待回复期间，州政府还是须按本身调查机制进行，让符合资格者通关受委。

“若随后执法单位出炉报告显示被遴选者确有污点，州

政府也有权将他们刷下，就如早前土团党跳巢，公正党员被开除党籍的市议员，都在任期间直接被取消市议员资格。”

他强调，希望委任市议员也不存在种族分配不均的问题，因为受委任者主要看其表现能力，并由各盟党按本身遴选机制选出。

“至于大马教育文凭学历也不是最主要遴选资格，没有该文凭者仍可获州政府安排参加考试通过，有关考试主要通过

黄思汉

过实务、政策等课题来测试考生的马来理解、阅读能力等。”

他指出，洪建华是其中一名参与考生者，并且也通过了有关测试，在数名参与考生者当中，就只有 2 人不合格，而无法获选为市议员。

梁德志：虽没大马教育文凭 洪建华通过州政府考试

班达马兰州议员梁德志受询时坦承，洪建华确实没有大马教育文凭学历，不过，其已通过完成州政府安排的考试资格，因此仍是符合担任市议员资格的。

“有关指责不确实，而且，大马教育文凭也非担任市议员必备的资格，若相关人士未取得该学历，也可通过参与州政府安排的考试取代，洪建华就于去年 11 月参加了有关

考试，并取得合格的成绩。”

针对洪建华被攻击一事，梁德志表示，主要是一小撮人表达不满心声，但本身也有委任市议员的要求和准则，尤其必须与本身配合协助解决州选区民生课题、能够建议地方政府拟定政策、专注市议员工作等。

“一些人或有他们的专业和学历，不过，同时也忙于本身工作，以致无法全程参与市

梁德志

议会会议、活动，甚至解决民生问题等，这可能就无法达到我的遴选要求了。”

“我只能说，无法满足所有人的要求，最重要的是选区民生工作能够获得处理而已。”

 சிலாங்கூரில் உள்ள சில
 முக்கிய இடங்களில் நீர்
 விநியோகத் தடை ஏற்படும்
 என்று வெளியாகியிருக்கும்
 அறிக்கையால் மனம்
 குமுறிப் போயிருக்கின்றனர்
 அப்பகுதில் வாழும் மகளிர்.
 வரும் 12 ஆம்
 தேதியிலிருந்து 14 ஆம்
 தேதி வரை ஷா ஆலாம்
 பகுதியில் புதிய
 நீர்க்குழாய்கள் மாற்றும்
 நடவடிக்கைகளுக்காக
 குடிநீர் நான்கு நாட்களுக்கு
 திறுத்தப்படும் என்ற
 தகவல்கள் வானொலி,
 தொலைக்காட்சி மற்றும்
 சமூக வலைத்தளங்களில்
 பரவலாக வெளியிட்டு
 வருவது குறித்து பலர்
 தங்களின் அதிருப்தியை
 வெளிப்படுத்தியுள்ளனர்.
 கிள்ளான் மாவட்டத்தில்
 நான்கு பகுதிகளிலும் ஷா
 ஆலம் வட்டாரத்தில் 22
 பகுதிகளிலும் பெட்டாலிங்
 மாவட்டத்தில் 10
 பகுதிகளிலும் நீர்
 விநியோகம் நிறுத்தப்படும்
 என்பது பெரும் சிரமத்தை
 ஏற்படுத்திவிடும் என மனம்
 குமுறுகின்றனர்.
 வரும் 14ஆம் தேதி

பொங்கல் தினத்தன்று நீர் விநியோகத் தடையா

சிலாங்கூர் நீர் நிறுவனம் பரிசீலிக்குமா?

மகளிர் கோரிக்கை

Air Selangor

பொங்கல் விழா
 கொண்டாடப்படவுள்ளது.
 அதற்கு முதல் நாள் போகிப்
 பண்டிகையும் நடைபெறும்
 என்பதால் இந்த இரண்டிற்கும்
 இடைப்பட்ட நாளில் நீர்
 விநியோகம் நிறுத்தப்பட்டால்
 என்ன செய்வது என

வருத்தத்தில் உள்ளனர். முதல் நாளை வீட்டை சுத்தப்படுத்தி
 தயாராகும் நடவடிக்கைகள் அனைத்தும் ஸ்தம்பித்துப் போகும்
 என்ற நிலை ஏற்படுவதால் சிலாங்கூர் நீர் நிறுவனம்
 மேற்கொள்ளும் இந்த நடவடிக்கையை சற்று தள்ளி போடும்படி
 கண்ணம்மா கதிர்வேலு, மா.இந்திராணி, லதா நாதன்,
 ஜெயலெட்சுமி, வீ.புவனேஸ்வரி ஆகியோர் கேட்டுக்
 கொள்கின்றனர்.

கோவிட்-19 நம்மை கடுமையாக
 சூழ்நிலைப்பதால் கடந்தாண்டு
 தீபாவளிப் பெருநாளைக் கூட
 நம்மால் சிறப்பாக கொண்டாட
 முடியாமல் போனது. தற்போதைய
 நிலையில் பிள்ளைகள் பள்ளிக்
 கூடங்களுக்கு போகாமல்
 வீட்டிலேயே இருப்பதால் குடும்ப
 உறவுகளோடு பொங்கலை
 மகிழ்ச்சியாக கொண்டாடலாம் என்றிருக்கும் சூழலில்
 தண்ணீர் விநியோகம் நிறுத்தப்பட்டால் நிலைமை என்னாவது
 என கேள்வி எழுப்பினர். வீட்டை சுத்தப் படுத்தி கரும்பு,
 மாவிலை, தோரணங்கள் கட்டி வீட்டிலேயே குதூகலமாக
 கொண்டாடப்படும் இவ்விழாவன்று நீர்
 நிறுத்தப்பட்டகூடாது என அனைவரும்
 கேட்டுக் கொண்டனர். சிலாங்கூரைப்
 பொறுத்தவரையில் நீர் விநியோகத்தை ஒரு
 மாதாந்திர திகழ்வாகவே மாறிவிட்டது.
 அத்தகைய சிக்கலான காலகட்டத்தில்
 எத்தகைய சிரமத்தை நாங்கள்
 எதிர்நோக்கியிருக்கிறோம் என்பது
 எங்களுக்குத் தான் தெரியும். அந்த
 வேதனையை பொங்கல் போன்ற நல்ல
 நாளிலும் நாங்கள் அனுபவிக்க வேண்டுமா
 என தங்களின் ஆதங்கத்தை மக்கள்
 ஒசையிடம் வெளிப்படுத்தினர்.
 நீர் குழாய்கள் புதிதாக மாற்றியமைத்து
 சீரமைப்பதும் அவசியமான ஒன்று.
 தொடர்கதையாகி வரும் மாநில மக்களுக்கு
 ஒரு நிரந்தர தீர்வு வேண்டும் என்பதில்
 எங்களுக்கும் அக்கரை உண்டு. ஆனால், அந்த நல்ல
 நடவடிக்கையை இரண்டு நாட்கள் தள்ளிப்போட்டு செய்தால்
 நாங்களும் நிம்மதியாக பொங்கலை கொண்டாடுவோம்
 என்பதால் சிலாங்கூர் நீர் நிறுவனம் எங்களின் கோரிக்கையை
 திரும்பிப் பார்க்கும் என பெரிதும் நம்புவதாக கண்ணம்மா,
 இந்திராணி, ஜெயலெட்சுமி, லதா, புவனேஸ்வரி ஆகியோர்
 கேட்டுக் கொண்டனர்.
