SHAH ALAM: Kehilangan usahawan kosmetik, Muhammad Sajjad Kamaruzzaman atau lebih dikenali sebagai Sajat dipercayai disebabkan trauma susulan dirinya yang pernah ditahan baru-baru ini.

Menurut sumber kepada *Utusan Malaysia*, Muhammad Sajjad trauma selepas dipanggil untuk sesi soal siasat dan ditahan Jabatan Agama Islam Selangor (JAIS) secara beramai-ramai serta digari.

"Dia (Muhammad Sajjad) beranggapan tindakan JAIS seakan-akan seperti hendak mempermainkannya.

"Malah dia juga pernah mengatakan tidak mahu lagi membantu mana-mana pihak lagi seperti yang dilakukannya sebelum ini kerana berasa perbuatan tersebut hanya sia-sia," katanya di sini semalam.

Jelas sumber tersebut, kehilangan Muhammad Sajjad hanya menyebabkan kedua ibu bapanya risau memandangkan keadaannya

yang hilang tanpa khabar berita.

"Saya difahamkan mereka risau dan tercar-cari di mana anaknya dan dia juga tidak membalias mesel WhatsApp yang dihantar kepada padanya. Semua pihak berharap dia akan tampil agar dapat membantu kerana fin-

dakannya menghilangkan diri hanya menyebabkannya terus menjadi buruan," katanya.

Pada 23 Februari lalu,

Muhammad Sajjad dikenakan waran tangkap oleh Mahkamah Tinggi Syariah

di sini kerana tidak hadir sebutan semula kes berhubung menghina Islam.

Bagaimanapun, serbuan ke kediamannya di Seksyen 10, Kota Damansara, Petaling Jaya dekat sini yang dilakukan petugas JAIS dengan bantuan polis dari Ibu Pejabat Polis Daerah (IPD) Petaling Jaya itu tidak

menemukannya dan dia disyaki bersembunyi di lokasi lain.

Muhammad Sajjad membuat kejutan seolah-oleh berniat mahu menukar agama melalui sebuah video berdurasi satu minit 48 saat tular dalam media sosial yang tidak dapat dipastikan tarikh video itu dimuat naik sama ada baharu atau lama.

Muhammad Sajjad menghilangkan diri tanpa khabar selepas memberikan sijil cuti sakit (MC) kepada pe-

guamnya Isnin lalu.

Dalam pada itu penahanan Muhammad Sajjad oleh JAIS adalah bertujuan membantunya daripada tidak terus terpesong dengan ajaran Islam.

Pengerusi Majlis Agama Islam Selangor (MAIS), Tan Sri Abdul Aziz Mohd. Yusof berkata, pihaknya bersama JAIS sekadar ingin membantunya dan mengadakan perbincangan demi kebaikan semua pihak.

Pergolakan PKR-Amanah normal - Amirudin

SHAH ALAM: Pergolakan dalam antara PKR dan Parti Amanah Negara (Amanah) berhubung isu lompat parti sehingga wujud desakan supaya mengkaji kerjasama kedua-duanya adalah perkara biasa.

Pengerusi PKR Selangor, Datuk Seri Amirudin Shari berkata, ketegangan itu seumpama itu perkara biasa dalam sesetiap gabungan dan pernah berlaku beberapa kali sebelum ini.

Beliau yang juga Penggerusi Pakatan Harapan (PH) negeri turut memaklumkan bahawa hubungan antara kedua-duanya di Selangor masih kekal utuh.

"Semangat dalam PH dan Pakatan Rakyat (PR) selama ini adalah untuk berunding dan berbincang dengan baik dalam situasi berbeza. Pada 2008, PR juga beberapa kali hamper berpecah namun kekuatan kita adalah kemampuan untuk membuat keputusan.

"Oleh demikian, PH Selangor akan cuba mempertahankan hubungan baik antara parti komponen dengan mengambil kira kerangka kerja secara menyeluruh," katanya dalam sidang akbar selepas meninjau Pusat Operasi C5i Smart Selangor (SSOC) di Bangunan Sultan Salahuddin Abdul Aziz Shah, di sini semalam.

Utusan Malaysia sebelum ini melaporkan pemimpin Amanah menggesa kepimpinannya mengkaji semula kerjasama dengan PKR berikutan isu beberapa pemimpinnya dikatakan berliti memberi sokongan kepada parti berkenaan.

Sementara itu, Ahli Jawatankuasa Pimpinan Nasional Amanah, Dr. Siti Mariyah Mahmud berkata, tindakan dua Ahli Dewan Undangan Negeri (ADUN) Selangor yang melompat parti lebih kepada kepentingan peribadi semata-mata.

PETALING JAYA – Jabatan Agama Islam Selangor (JAIS) membenarkan pelaksanaan solat Jumaat dan solat fardu di semua masjid, surau kebenaran Jumaat dan surau bermula semalam.

Pengarah Jabatan Agama Islam Selangor (JAIS), Datuk Mohd. Shahzihan Ahmad berkata, seramai 100 jemaah dibenarkan untuk menunaikan solat Jumaat di surau kebenaran Jumaat, manakala 300 jemaah untuk masjid karjah dan 350 pula di masjid institusi serta masjid pengurusan.

Menurutnya, bagi solat fardu, seramai 50 jemaah dibenarkan untuk surau kariah, surau kebenaran Jumaat (50), masjid kariah (100), masjid institusi (200) dan masjid pengurusan (100).

“Ketetapan pelaksanaan solat fardu berkuat kuasa hari ini (semalam) sementara solat Jumaat akan berkuat kuasa esok sehingga suatu ketetapan baru dikeluarkan oleh jabatan ini,” katanya dalam pekeliling yang diedarkan kepada masjid di seluruh negeri semalam.

Menurutnya, jumlah jemaah

itu mengambil kira anggota pentadbir masjid dan surau.

Katanya, jemaah warga asing tidak dibenarkan menunaikan solat Jumaat sementara jemaah wanita juga digalakkan menunaikan solat di rumah.

Tambahnya, keputusan itu mengambil kira beberapa faktor antaranya pelaksanaan Perintah Kawalan Pergerakan Bersyarat (PKPB), kepatuhan pentadbir masjid dan surau terhadap prosedur operasi standard (SOP), tahap kawalan kendiri dan suntikan vaksin.

landasan yang tepat. Buat masa ini, kita beri ruang untuk seleksikan fasa pertama pemberian vaksin terlebih dahulu," katanya

ketika sidang akbar selepas mengadakan lawatan ke Pusat Operasi C5i Smart Selangor (SSOC) di sini pada Rabu.

Amirudin sebelum ini berkata, Selangor menerima sebanyak 78,000 dos vaksin jenis Pfizer BioNTech setakat 25 Februari lalu bagi fasa pertama imunisasi untuk petugas barisan hadapan dan pemimpin daripada agensi-agensi kerajaan negeri.

Beliau turut menerima dos pertama suntikan vaksin berkenaan di Hospital Shah Alam di sini Khamis lalu.

Mengulas mengenai suntikan berkenaan, Amirudin berkata, setakat ini beliau dan barisan Exco kerajaan negeri yang terlibat masih tidak menunjukkan sebarang simptom luar biasa.

"Saya dan Exco bergerak aktif walaupun menerima vaksin. Sehingga kini tiada se-

barang simptom," katanya.

Sementara itu, mengulas mengenai lawatan berkenaan, Amirudin berkata, SSOC adalah salah satu daripada 60 inisiatif Smart Selangor yang merupakan infrastruktur asas kepada pengurusan sebuah negeri pintar menjelang tahun 2025.

"SSOC juga berupaya memberi maklum balas serta maklumat terkini berkenaan usaha-usaha menangani Covid-19 di negeri ini," katanya.

Digital vaccine cert proposed for Asean economic relief

KUALA LUMPUR: Asean economic ministers have proposed a common digital vaccine certificate to speed up the reopening of hardest-hit sectors such as tourism, says Senior Minister Datuk Seri Mohamed Azmin Ali.

He, however, said there was no specific timeline set for when the common digital vaccine certificate would be introduced, as the matter would be brought up at the health ministers level meeting.

"This is a new proposal, I was informed (about it) by Brunei as chairman.

"There is no timeline imposed but I believe if it can be finalised in the near future, it will facilitate movements among Asean members," he said after the 27th Asean Economic Ministers Retreat here yesterday.

Azmin, who is also International Trade and Industry Minister, said during the meeting, the ministers also discussed the progress of the Asean Comprehensive Recovery Framework implementation as the region's recovery tool.

He said the ministers pledged to explore all avenues to deepen and broaden regional integration in areas of mutual interest that would contribute to the sustainability of livelihoods and regional economic resilience in Asean and beyond. — Bernama

Centre to provide public with data on S'gor govt's efforts

By JADE CHAN

THE public will soon be able to view selected data that is monitored and tracked at the Smart Selangor Operations Centre (SSOC), once the state government decides which data dashboard can be published for public viewing.

"Certain data such as tracking the Smart Selangor bus routes are already available publicly," said Selangor Menteri Besar Datuk Seri Amirudin Shari during his visit to SSOC in Dewan Jubli Perak, Shah Alam.

"We are considering to include other types of data such as tracking garbage truck routes for waste management."

The SSOC cost RM6mil to build, using funding from the Selangor 2020 Budget.

It has been in operation for two months and is run by Smart Selangor Delivery Unit.

"Some of the other data dash-

Langat District Council and Subang Jaya City Council.

He said SSOC, believed to be the first of its kind in Malaysia, was one of 60 Smart Selangor initiatives in line with the state government's efforts to make Selangor the premier smart state by 2025.

"SSOC was created to house a number of key agencies involved in day-to-day operations such as bus services, waste collection and security as well as quicker disaster man-

agement related to open burning, pollution and floods.

"SSOC is also able to provide feedback and the latest information on the state government's efforts to address the Covid-19 pandemic, through the Selangor Task Force Covid (STFC) which also operates here," he added.

According to its website, the SSOC "is a state-of-the-art situational awareness, operational intelligence and analytical dashboard integrated system and the best-of-breed integrated solutions capable of consuming numerous varieties of machine data to service a broad range of use cases."

"The system displays data from the Smart Selangor initiatives in a structured visualisation on the dashboard for quick analysis and response."

It operates based on a C5I principle — command, control, communication, computer, collaboration and intelligence.

On Selangor's Covid-19 economic

stimulus called Paket Kita Selangor, Amirudin said 32% of the RM73.87mil allocated for its 20 initiatives had been spent as of March 1.

"RM24.73mil has been spent to benefit 108,545 Selangor residents thus far.

"Six initiatives are also fully completed," he said, adding that Paket Kita Selangor data was also monitored at SSOC.

The completed initiatives are food aid for hospital frontliners (RM1.6mil), flood aid (RM2mil), write-off for Selangor Foundation student loans (RM7.7mil), SSOC and Smart Selangor Centre of Excellence operations (RM7.5mil), postponement of three months' rent for Skim Smart Sewa participants (RM1mil) as well as rent exemption or deferral for PPR and council housing (RM1.7mil).

Amirudin was accompanied by state secretary Datuk Nor Azmie Diron and six state executive councillors during his visit.

PJ parks and hiking trails to reopen

Residents suggest MBPJ implement measures to ensure visitors observe SOP

By SHEILA SRI PRIYA

PARKS and hiking trails in Petaling Jaya are set to reopen with the announcement of the conditional movement control order for Selangor, Kuala Lumpur, Johor and Penang.

However, Petaling Jaya mayor Mohd Sayuthi Bakar said the city council (MBPJ) would wait for a circular from National Security Council (MKN) with the latest standard operating procedures (SOP).

"We hope to receive the SOP in the next few days and then we will open the parks based on the guidelines given," he added.

Under the conditional MCO, which takes effect tomorrow for the four states, Senior Minister Datuk Seri Ismail Sabri Yaakob said tourism activities at places such as recreational parks and nature parks would be allowed.

When contacted, Petaling Jaya OCPD Asst Comm Nik Ezanee Mohd Faisal confirmed that parks and hiking trails in Petaling Jaya would be reopened.

"Since the senior minister has made the announcement to allow recreational parks and nature parks to be opened, we will allow

the parks in Petaling Jaya to be reopened," he said.

To ensure that everyone adhered to the SOP, Friends of Taman Aman chairman G. Rajendram said MBPJ could monitor the movement of people through CCTV cameras, which were connected to loudspeakers at the parks.

He added that MBPJ could limit the number of entrances and exits at parks and hiking trails for better crowd control.

The council could engage with resident groups such as residents association and Rukun Tetangga besides enlisting other volunteers to be its eyes and ears, he said.

"Some of the frequent park-goers can be these volunteers."

"In my neighbourhood, the seniors, who are mostly retired government servants and daily visitors to the park before the MCO, are good candidates."

"Even the tai chi instructor, who used to conduct lessons here regularly, can be among the volunteers."

He suggested that the council could also create an app that allowed people to book a time slot to visit the park.

"With this sort of system, it is possible to control the number of people at a park at any given time," he said.

Residents have been exercising on the roads and walkways in and around Bukit Gasing area as parks and hiking trails are closed during the MCO.
— SS KANESAN/ The Star

Universiti Malaya Medical Centre consultant geriatrician Prof Dr Tan Maw Pin said Covid-19 infections could also happen indoors if the SOP was not followed.

She emphasised that it was ultimately important to empower the community and ensure people knew how to protect themselves.

"Guidelines can be set to limit the number of people in a park."

"It is dangerous for senior citizens, especially, to be exercising on main roads."

"Physical activity is important and lack of it can lead to other issues such as weight gain too," she said.

Although the government had

relaxed some guidelines, Friends of Bukit Gasing committee member Rajesh Mansuklia said not all hiking trails should be reopened.

"Bukit Gasing attracts between 4,000 and 5,000 visitors over a weekend and there are about five trails here."

"It is difficult to monitor these trails and people used to come in groups before the MCO," he explained.

"Unlike Bukit Kiara Park, Bukit Gasing is porous and keeping one-metre distance from other hikers is impossible."

"Bukit Gasing attracts hikers from other areas too and we do not want any clusters to form here."

Rajesh said the authorities should reconsider opening hiking trails and crowd control measures must be taken at Bukit Gasing.

However, a Bukit Gasing visitor, who did not wish to be named, said some people had been hiking in Bukit Gasing, approaching it from Bangsar area in Kuala Lumpur even during MCO.

"It is better if the hiking trails are reopened and the public is allowed to make their own choices since Selangor is now under the conditional MCO."

"We need to learn to make changes and take precautions and live in the new normal," he said.

'Need for proper handling of open burning issue'

By WANI MUTHIAH

KLANG: While the fire caused by open burning is still raging at the Kuala Langat Selatan Forest Reserve, state authorities are also saddled with simmering peat fires in Johan Setia here.

The Selangor government had in 2019 said it would confiscate land belonging to errant farmers who resorted to open burning and in October that year, some 20 landowners were identified and investi-

gated for carrying out open burning to clear their land of old vegetable crops.

Mentri Besar Datuk Seri Amirudin Shari, however, said that matters related to the legitimate farmers must be handled carefully.

"There has to be consideration and diplomacy. Johan Setia is the biggest producer of vegetables in the Klang Valley and if not handled properly, vegetable supply may be insufficient and we will have to depend on imports," he said.

On the Selangor Forestry

Department's proposal for all farmers in the state to be registered with the Selangor State Agricultural Development Corporation (PKPS), Amirudin described it as a good idea.

"We will be very happy as we will be able to monitor and identify good farming practices that will not create problems such as open burning and pollution," he said.

He added that PKPS was embarking on a food security exercise and taking the farmers under its wings could be part of the initiative.

Meanwhile, authorities said that another big problem in Johan Setia was identifying some of the land owners.

Klang Municipal Council deputy enforcement director Shahruh Hazri Abd Majid said many owners were oblivious to the exact location of their lots.

He said that given the land in Johan Setia was a huge parcel that was subdivided, many did not seek to find out the exact location as they did not have an urgent need to use the land.

dum of understanding on the implementation of non-tariff measures on essential goods under the Hanoi Plan of Action on Strengthening ASEAN Economic Cooperation and Supply Chain Connectivity in Response to the Covid-19 Pandemic that was signed in November 2020.

“With regard to the proposed number of products being considered for the expanded list, I suggested that we should be realistic on the quantum as the current number is a little too ambitious.

“The ministers also concurred on the need to further deepen ASEAN’s participation in global value chains (GVCs) to boost intra-ASEAN trade and investment which would enable greater businesses and job opportunities, especially for ASEAN to build back regional resilience during this global reordering,” he said.

Being a major disruptor, Mohamad Azmin said the pandemic has also brought to light existing gaps in the GVCs resulting from unexpected extreme fluctuations in demand and supply of essential products.

On the possibility of getting India to reconsider joining the Regional Comprehensive Economic Partnership (RCEP), Malaysia as the country coordinator for ASEAN-India economic relations would first discuss the ASEAN-India Trade in Goods Agreement (AITIGA) Review.

“AITIGA has been implemented for 10 years and it is time for us to review some provisions. We are waiting for feedback from India, and once received, we will initiate a committee to review AITIGA.

“At the same time, I believe we will be able to persuade India to revisit and review the decision not to join RCEP taken last year,” Mohamad Azmin said.

On another note, he said Singapore has assured Malaysia that the suspension of the Reciprocal Green Lane (RGL) between both countries, which is causing much difficulty for businesses on both sides of the border, is temporary.

He said his Singapore counterpart, Chan Chun Sing, said the RGL arrangement will resume once the Covid-19 situation improves, and the republic’s vaccination programme would also include Malaysians who are residing and working there.

Amirudin: Challenging year to woo foreign investors for Selangor

ISB will study data provided by Mida and explore the potential of Selangor's investment both from FDI and DDI

by AFIQ AZIZ

THE Selangor government will continue to retain a cautious attitude despite chalkling the highest foreign direct investment (FDI) of RM38.7 billion for 2020 amid restrictions and limitations caused by the Covid-19 pandemic.

Mentri Besar Datuk Seri Amirudin Shari said the record high, which is mainly contributed by the services sector, was driven by the state's efforts in wooing investors for the last four years prior to the outbreak.

"We were stuck for about seven months last year compared to 2019 when we managed to operate in full capacity to attract investors especially from overseas.

"Some of the collaboration was nearly sealed but it was halted due to Covid-19.

"We foresee a challenging 2021 as big investments need time to realise," Amirudin said in a press conference after visiting the new Smart Selangor Operation Centre (SSOC) in Shah Alam yesterday.

On Tuesday, the Malaysian Investment Development Authority (Mida) stated that RM164 billion worth of investments has been approved in Malaysia, lower than the RM211.4 billion recorded in 2019 due to the implementation of various Movement Control Orders.

Amirudin (right) showing a screen display of the SSOC. Also present is Selangor state secretary Datuk Nor Azmie Diron (second from right). Big investments need time to realise, says Amirudin

Of the total, Selangor recorded RM38.7 billion worth of investments last year, RM18.4 billion was contributed by the manufacturing sector, while the remaining were by services sectors.

One of the major projects is by China's Nine Dragons Paper (Holdings) Ltd, which will develop its plant in Banting, with a total investment value of RM4.2 billion.

Amirudin said the arrangement for Hong Kong-listed firms to establish their footing in Selangor has been ongoing since

the last four years.

In a statement on Tuesday, Nine Dragon Paper said the plant will focus on test liner, kraft liner, corrugated medium paper, and paper and pulp. The project is expected to be in operation by 2022.

"The construction is expected to kick off by May or June this year," Amirudin said.

He said the state investment arm, Invest Selangor Bhd (ISB), will also study data provided by Mida and further explore the potential of Selangor's investment both from

Mida also said it had RM65.9 billion worth of potential investments being actively evaluated as at December 2020 and once approved, these projects are expected to be implemented in 2021-22.

Amirudin said Selangor is expected to publish more information gathered at the state data centre in Shah Alam for the public use.

The SSOC, which commenced operation early this year, is compiling real data related to security, waste management, public transportation, road congestion and disaster alerts on a daily basis administered by state officials.

However, as of now, the public only has access to some of the real time data gathered in the system such as the location of public busses.

The centre, which Amirudin described as the "brain" of the state, costs RM6 million to develop and is run by the Selangor State Delivery Unit (SSDU), and is part of the state government's plan to be a regional smart state by 2025.

SSDU MD Dr Fahmi Ngah said currently only four local councils have their systems connected to SSOC.

"The system infrastructure needs stable connection with large bandwidth, so we had to request a service provider to provide us with an Internet speed of 3Gbps and so far, only four councils have embarked on this."

"This year, we aim to have 12 agencies like district offices and other local councils to be part of this initiative," Fahmi said.

Six initiatives worth RM25m disbursed by Kita Selangor

THE Selangor government has disbursed RM24.7 million for six initiatives as part of the Kita Selangor Package.

Mentri Besar Datuk Seri Amirudin Shari said 32% of the RM73.4 million package, which was introduced as part of the state's project to mitigate the Covid-19 impact last year, has been distributed to the target groups.

He said among the programmes that have been implemented are the food assistance project to more than 14,000 frontline workers; the write-off of 762 education loans under Yayasan Selangor; and rental exemption for the state's affordable homes project for 2,365 households.

Selangor also distributed a total of RM2 million worth of aid to Terengganu, Kelantan and Pahang to assist the respective state governments in managing the flood crisis early this year.

Amirudin said 14 more initiatives are yet to be completed under the Kita Selangor Package.

"Other ongoing initiatives will be updated from time to time and are being monitored at the Smart Selangor Operation Centre (SSOC)," Amirudin said in a media conference at SSOC data centre in Shah Alam yesterday.

Connected to local councils in the state, SSOC will gather and process data relating to security, health, economy and state facilities with

an aim to improve efficiencies in its delivery systems.

The system will also allow the state to track down all its initiatives accordingly.

Meanwhile, Amirudin said the state vaccination programme is also on track with up to 900 people vaccinated as of Tuesday.

According to the Ministry of Science, Technology and Innovation, another 1,000 frontliners were inoculated yesterday, making the total of more than 2,000 people in the state having received the jab.

After being inoculated last week, Amirudin announced that Selangor will receive 78,000 doses of the Pfizer Inc-BioNTech SE Covid-19 vaccine in the Phase 1 of the National

Immunisation Programme.

He said frontliners from the healthcare sector, as well as security agencies such as the police and armed forces, district officers and local council presidents will be inoculated within the next few months.

State-wide, there are 70 vaccine dispensing centres (VDCs) based in 14 hospitals and 56 health clinics.

"Selangor has 68,000 frontliners, of which 17,000 are non-health personnel like arm forces and district officers and more than 14,000 are workers at private hospitals, while about 36,000 are Health Ministry's workers," Amirudin said.

Selangor has also requested for the first batch of the vaccine to include teachers following the reopening of schools this week.

The state is also considering acquiring its own vaccine supply and the state is in discussions with several brands to purchase between two and five million doses.

Phase 1 of the immunisation programme will be conducted in government hospitals and clinics, while Phase 2 and 3 — which will see more recipients — the state Covid-19 Immunisation Task Force has started discussions with local council presidents on identifying and gazetting public spaces such as stadiums to be made into VDCs.

拉吉夫：計劃進度僅達30% 吁2000單位速更換水錶

(八打灵再也3日讯) 武吉加星州议员拉吉夫指出，目前雪州更换个别水表计划进度仅达30%，尚有2000单位未申请更换水表，他促请住户们尽快申办相关手续，以免因部分住户拒缴水费，连累全体住户被切断水供。

拉吉夫说，更换个别水表前，共管委员会每月需把水费平分，当中免不了有些住户惯性拖欠水费或拒缴水费等，一旦共管委员会无能力缴费，整栋楼的水供将被切断，对其他准时缴费者极不公平。

“同时，共管委员会每月也得为水费一事烦忧，频密向住户‘追债’，面对住户赖帐的窘境。”

沒繳費將被切斷水供

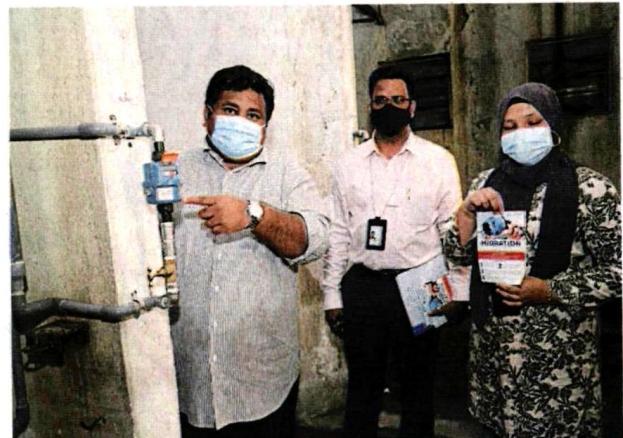

他今日连同雪州供水公司客户帐单部个别水表更换组副组长R.克里斯纳莫迪，及白沙罗碧斯达丽组屋共管委员会代表依达，巡视该组屋

更换水表时情况及召开新闻发布会时，这么指出。

拉吉夫说，更换个别水表后，所有住户将各自负责本身水费，没缴费就会被切断水供，不会殃及其他住户。

他解释，2014年前，共管委员会必须得到100%住户同意，才能申请更换个别水表，如今住户可先透过共管委员会申请，水供公司办好安装等技术程序，住户缴约300令吉押金和手续费，就能正式使用个别水表。

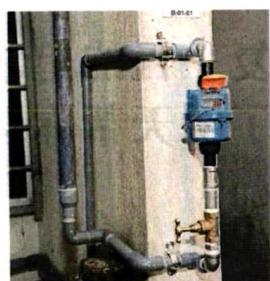

他指出，更换个别水表后，水费相对会更便宜，共管委员会也无须再

为水费事宜费心，一举多得。

拉吉夫提醒，若高楼层住户拒绝申请更换个别水表，国家水务服务委员会有权力开出罚单。

■拉吉夫（左）与R.克里斯纳莫迪（左2起）及依达一同到组屋巡视个别水表安装进展。

■宅区还未转换个别水表。
雪州目前仍有2000个高层楼住

拉吉夫指出，白沙罗碧斯达丽组屋是其州选区，最后一个申请个别水表的高楼层住宅区，个别水表将于两周后正式启用。

“届时，住户可独立处理各自水费，无需通过共管委员会，为双方省下不少麻烦。”

他说，该组屋分为4座，共有500个单位，仍有79个单位未申请转换个别水表，他呼吁住户尽快办理申请。

此外，依达指出，该组屋B座250个单位，平均每

月水费是7000令吉，共管委员会往往必须耗上整个时间处理水费事宜，所幸住户们都非常合作，每月水费欠款不会超过1000令吉。

(加影3日讯) 天气变化无常，加影及蕉赖区今午突然受到暴风雨来袭，短短20分钟内不但下起冰雹雨，强风更横扫加影辖区至少10个地方，其中蕉赖皇冠城第9区是重灾区之一，小贩中心20多个档口遭“夷为平地”，也有数辆汽车被倒树压中。

根据加影市议会收到民众的投报，被风灾洗劫地方包括蕉赖金山山

（安邦3日讯）狂风和冰雹雨今午袭击蕉赖金山花园（Taman Cheras Hartamas）时，该花园A1座公寓7楼顶端屋頂的锌板和木条从高空飞落，击中逾10辆轿车。

大雨是从下午5时45分开始，不到半小时，狂风就把A1座公寓7楼顶端屋頂的锌板和木条吹下。

水槽房屋顶幾乎被吹走

莲花苑州议员黎雅福接获投诉，到场视察后说，A1座公寓7楼顶端屋頂是升降机和水槽房，水槽房的屋顶有超过三分二被吹走。

他说，超过10辆轿车“中招”，车镜和车顶都被锌板击破。

他指出，该处共有7座公寓，A1座的情况最严重，另外A5座公寓也发生屋頂被吹走事件。

他表示，他会向雪州政府申请组屋复新计划（Skim Ceria）以抢修屋頂。

白沙羅碧斯達麗組屋目前421户住戶已作出“转换总水表至个别水表计划”的申请，并料在两个星期后启用个别水表。

拉吉夫：84%居民申請轉換個別水錶料2週後啓用

(八打灵再也3日讯) 灵市19区白沙羅碧斯達麗组屋(Pangsapuri Damansara Bistari)居民料可在两个星期后启用个别水表！

行动党武吉加星区州议员拉吉夫指出，该组屋共有500个单位，目前已421个单位(84.2%)居民申请转换总水表至个别水表。

“随着转换水表计划的基

础设备已完成安装，再等待完成手续，居民应可在两个星期后启用个别水表。”

管理层不用再收水费

他今日在该组屋B座巡视上述计划的进展后向媒体表示，在转换至个别水表后，雪州水务管理公司(Air Selangor)将会向个别住戶单位征收水费，因此管理层也省去

此前向住戶单位收取水费的工作及负担。

“在使用总水表时，偶尔管理层收集不齐水费而必须代缴，否则整栋组屋的水将被切断；而在使用个别水表后，水务管理公司就能切断未缴付水费的单位，而不是全部单位都受影响。”

他说，因此，使用个别水表的住戶也无需担心其住家供水会因其他住戶没有支付水费而遭切断。

他也说，转换至个别水表后，住戶能享有更低的水费计算率。

住戶沒換水錶或被罰款

拉吉夫也呼吁未申请更换至个别水表的住戶尽快向当局提出申请，并表示若住戶最终没有更换水表，未来或将面临遭罚款不超过1万令吉的情况。

“此计划目前是在鼓励形式的阶段，也可见对该组屋有逾84%的住戶提出申请。”

他提及，总水表转换至个别水表的计划在2008年时展开，旧时是必须得到100%住戶的同意才能进行，而该计划在2014年后不需要获100%住戶的同意，即能让已作出申请的住戶。

管理層：樂見其成

沙羅碧斯達麗組屋B座管理层代表依塔指出，B座组屋的水费每月平均逾2000令吉，管理层此前是先支付水费给水务管理公司后，再一一向住戶单位收取水费。

“需要在月头收取的水费，往往都是拖至尾月才能追讨回来。其中，有者只支付一部分的水费而已，因此衍生出需要等到尾月才能收到水费的问题，也有住戶拖欠最高数百令吉的水费。”

因此，她也乐见这项转换总水表至个别水表的计划在该组屋获执行。

雪水務：2000公寓組屋仍未換水錶

雪州水务管理公司客户服务部单部转换组第二副主席助理经理克里斯那莫迪说，总水表转换至个别水表的计划专注在2008年前的公寓或组屋、廉价组屋及公务员宿舍进行。

他说，雪州目前有少过30%，即1000个公寓或组屋已进行转换水表的计划，目前还

户，先进行转换个别水表的计划。

他补充，在此计划中，住戶需要开启个别水供戶头，并且需要支付一次性的抵押費及安装費等相关費用。

拉吉夫也说，武吉加星区内有3个组屋区，即已使用个别水表的加星英达(Flat Gasing Indah)及灵市17区的雪洲发展机构(PKNS)组屋；如今随着白沙羅碧斯達麗组屋即将启用个别水表后，其州选区的组屋也将完成转换总水表至个别水表的计划。

沙羅碧斯達麗組屋B座管理层代表依塔指出，B座组屋的水费每月平均逾2000令吉，管理层此前是先支付水费给水务管理公司后，再一一向住戶单位收取水费。

“我们目前正接触相关住區进行这项计划，同时也需要联合管理机构(JMB)或管理层的配合。”

他也说，在进行转换后，住戶的水费缴付率也随之提高，因为若个别水表的住戶拖欠水费，其住家的水就会被切断，且这不会涉及到总水表。

巴生英达岛原住民村

报道 ▶ 张淑媚

(巴生3日讯) “这些废弃衣服，哪里来的啊？”

巴生英达岛原住民村码头河岸惊现堆积如山的“垃圾衣”，这些衣物还经常落入河内，导致渔民乘船出海之际，船的引擎会被衣物卡住，无法行驶，惹怒渔民！

巴生港口区州议员阿兹米占向《大都会》社区报记者表示，上述地点不知何故沦为他人丢弃衣物的地点，数以千计的衣物堆积如山，形成一个“奇景”。然而，垃圾衣除了对住在这处的村民及渔民造成不便之外，还会污染生态环境。

“我前阵子接触当地村民及渔民的投诉，指该处河岸旁突然间出现很多种类的废弃衣物，当地村民也不知该如何是好，于是向我求助。”

他表示，当地村民都会乘船出海捕鱼，由于堆积在河岸旁的衣物常一件件地滚落河内，导致渔民乘船出海捕鱼欲启动船上引擎时，螺旋桨就会“卡”住衣物，船只动弹不得，让他们很是无奈。

阿兹米占（站着右一）站在堆积如山的衣物中，巡视周围环境。

阿兹米占：應循正確管道丟棄衣物

阿兹米占表示，他于2月28日时，在巴生市议会“快速队”（Skud Pantas）的陪同下，到当地巡视；岂料映入眼帘的，竟是堆积如山的衣物，在场人都大吃一惊！

他说，若民众需要丢弃衣物，应透过正确管道，并非将衣物丢弃在一旁就不了了之；一些比较新颖的衣物，其实还可以捐去慈善中心。如今，这些堆积在肮脏区的衣服，也须经过清洗才能转送给别人。

他严厉谴责，将衣物丢该处的不负责任之徒。

“这里不是垃圾场，不是随意可以乱丢东西的地方！”

“我们须知道，鱼儿若吃人过量衣物纤维，遭殃的是人类；因为鱼儿最终将被吃进人类的肚子里。”

劝村民勿再公开焚烧

他也透露，由于当地也时常发生非法焚烧垃圾事件，因此当

地村民，勿再露天焚烧垃圾，以免再次污染空气和环境。

他指出，他已向市议会反映此事，日后市议会也将派人到该村巡视。他劝请“垃圾虫”，勿再将衣物丢该处。

“我也会和负责掌管雪州地方政府和环境的行政议员探讨法律上的方案，严惩这些将衣物丢空地或焚烧的人士。”

他也促请当地村民充当“耳目”，若看见有可疑之人将衣物运来该处丢弃必须向市议会或该服务中心进行投报，以阻止这些罪魁祸首乱丢衣物。

阿兹米占看着一堆“垃圾衣”，深深地叹了一口气。

巴生市议会“快速队”到该处巡视，并在周围系上警戒线，防止有人继续丢弃衣物。

数以千计的衣物，全堆积在巴生英达岛原住民村码头河岸边，令人乍舌！

另一方面，阿兹米占透露，位于巴生港口英达岛拉古纳园（Laguna Park）的水闸门已损坏，导致水闸门水位突然增高。“我接获当地民众投诉后，才知道此事；居民担心万一水位过高，或会发生淹水事故。因此，之后我前往当地查看，才发现水闸门真的坏了，无法发挥作用。”

他表示，他已向水务灌溉局（JPS）反映此事，并希望当局尽快派人抢修水闸门。

遭查封續開工 非法熔金 烏雪縣會取締2廠

(乌雪3日讯) 峇冬加里MIEL工业区一家于上个月17日遭查封的塑料厂业者阳奉阴违，躲在已上锁的厂房内继续开工，再度遭闻讯而至的乌雪县议会对付，5部卸货车被充公和面对法律制裁。

县议会公关组发表文告指出，该厂在早前是因为滥用营业执照，暗中从事物品回收的工作而被查封，当时国家水务服务委员会(SSPAN)、雪州水供管理局(LUAS)也基于厂内的过滤池不符合规格和疏于打理，存有导致污水流入峇冬加里河的风险而开罚。

用无人机高空侦查

“在2月25日总共出动了27名县议会各级官员的突击检查中，我们发觉尽管工厂大门依然深锁，锁头也没有遭破坏的迹象，但厂内却传来异声。我们使用无人机在高空侦查，发觉有外籍劳工在四下窜逃，机械等也如常运作。

“厂主阳奉阴违的行为已抵触2007年营业执照、商务和工业微型法令，以及乌雪县议会地方微型法令第43(1)(a)和(b)项条文。县议会援引1976年地方政府法令第109项条文，充公厂内的5部卸货车和准备提控厂主。”

文告指在同一天的行动中，亦取缔叻思Zuhrah工业区的一家非法熔金厂。

“在大队抵达工厂时，厂内员工正在熔解铜器，发出强烈的化学异味。为了阻止扰民的非法熔金活动，我们充公了4部起重机做为调查和采取更进一步行动的呈堂证据。”

60天內減重可贏獎金

古纳拉加（前排右三）为“挑战60天减重竞赛”主持推介礼，欢迎圣淘沙居民热烈响应，营造健康乐活。

（巴生3日讯）挑战自己在60天内减轻重量，你有信心吗？

为了鼓励巴生圣淘沙居民营造健康生活和体态，公正党

圣淘沙州议员古纳拉加服务中心，特别举办一项“60天活出健康生活的减重挑战赛”，还“重赏之下，必有勇夫”，为根据BMI（身体质量）指数减幅最多的参赛者，提供200至1000令吉的5份奖金。

古纳拉加日前下午为这项活动主持推介礼指出，这项60天减重挑战赛的对象，是无健康问题的年龄18至60岁圣淘沙居民。

3月8起至5月6来挑战

他指出，比赛生效日从3月8日起至5月6日为期60天，分成让BMI指数超过25的肥胖人士参加的“健壮圣淘沙”（Fit Sentosa）和一般人士的“健康圣淘沙”（Healthy Sentosa）2个组别。

他说，参赛者都需支付20令吉报名费，所有款项将捐赠给圣淘沙区的孤儿院为慈善公益。参赛者可获一件T恤、2公升饮水、24堂免费线上尊巴（zumba）教学和8堂线上健康秘密讲座。

他表示，只有健壮圣淘沙组别的参赛者可获得现金奖，健康圣淘沙组别参赛者则是幸运抽奖环节。

依最大减幅定下前5名

主办单位根据参赛者身体质量指数的最大减幅，来定下前5甲优胜者，即冠军获1000令吉现金、亚军700令吉、季军500令吉、第四名300令吉和第五名200令吉。

因此，有关组别的参赛者，必须在挑战日期前后，到指定地点进行身高和体重的测量，才能得出完整的身体质量指数变化数据。

据了解，市议会在去年已通知蕉賴爱兰镇商业区经营生意的商家必须尽速拆除，或在洋灰盖挖掘一个洞口，但商家无动于衷，令到沟渠堵塞情况恶劣。

涉及在沟渠违建洋灰盖的商家，分别坐落在17、19及21路，而拆除行动在明天会持续进行。

杜·萊在场视察情况后向《大都会》社区报记者指出，该商业区的沟渠堵塞问题严重，最大原因是店主不配合，不愿将违建洋灰盖拆除，造成清洁队无法进行清沟。他表示，市议会已给予足够时间让有关商家自行处理，只有少部分的商家愿意配合，大部分商家没有理会。“该商业区在明早（星期四）会有一项大扫除活动，市议会已安排人手协助清洁工作，包括挖出沟渠的垃圾和泥沙，如果不将违建洋灰盖拆除，则无法进行清沟工作。”

大臣：求同存異 “雪希盟關係穩固”

(沙亚南3日讯)雪州大臣拿督斯里阿米鲁丁指出，在一段“联盟”关系中，总会出现问题和面对压力；惟最重要的是，勿忘联盟的目标，而且强调希望雪州盟党的关系是稳固的。

他说，雪州也曾因州议员

来去事件而受到些许影响；不过，希望精神就是求同存异，就像2008年民联执政雪州的年代，几次就差点闹得断交。

“所幸盟党各阶层领袖包括中央领袖和州领袖，不断地坦诚和作出适当商议，最终还是达

成协议，也让团队越变越强。”

阿米鲁丁今午巡视“精明雪州营运中心”(C5I Smart Selangor Operation's Centre)或称(SSOC)后，针对记者询问诚信党领袖要求领导层检讨与公正党的合作关系一事，这么指出。

他说，希望的目标，是要打造一个公平、公正的政府，而且相信今次的风波，都能在领导的智慧下，获得解决。

監督各單位數據 預先發警示信息

精明雪州營運中心成立

(已生3日訊) 耗資600萬令吉打造的“精明雪州營運中心”(C51 Smart Selangor Operation's Centre)或稱(SSOC)

地方政府，包括瓜雪議會、烏雪縣議會、瓜冷市議會及梳邦再也市政廳；未來則將涵蓋更多的地方政府。

可統一指揮調

精明雪州營運中心除了是州內各信息的匯集點，也是提供州政府在領導上，進行決策的參考數據，并在出現問題時，能統一進行指揮、協調及督辦。

至于C51當中的5個C，是指Command（指揮）、Control（控制）、Computer（電腦）、Communication（溝通）及Collaboration（合作）；惟則是指智慧（Intelligence）。

這個類似“指揮中心”的機構，主要涉及州政府多个重要單位。監督和分析州日常運作數據，如精明巴士、收垃圾、治安問題、公開焚燒、污染、水災及冠病等。

目前鏈接該營運中心

阿米魯丁（右一）聆聽關於精明雪州營運中心所負責的工作項目。

大臣：中心連接社區100台電眼

雪州大臣拿督斯里阿米魯丁今日下午為“精明雪州營運中心”主持推介禮，并介紹該中心負責的任務；該中心設在雪州政府大廈旁的銀禧礼堂內(Dewan Jubli Perak)，屬於精明雪州传递单位旗下机构。

他说，現在該中心所连接的社区閉路电视共有100台，未来将连

接至各社区的閉路电视，以更有效监督治安問題。就如八打灵市政厅和沙亞南市政府的“社区安全”计划。

一些地方政府，至今或沒独立的指挥中心；也有地方政府的閉路电视已残旧，所以未来经提升后，

就可以直接连接至精明雪州营运中心，进行统一的监督和数据分析，

并且也能和警方合作，打击罪案。”

可精准预测巴士抵达时间

他说，州政府也能通过中心的警报系统(Alert System)，在天灾事故上发出预警和灾情讯息，包括水灾、水坝水位及水质問題；还能和精明巴士链接，精准预测巴士抵达时间。

“州政府会进一步商议，将中心可分享的数据和分析資料公开给

民众，让民众能在第一时间获得可靠資訊。”

他說，其实该中心早已在两个月前投入工作，只不过还有一些部分需要加强和提升，并且会考虑在中心外的空地处做展览，开放给民众参观。

出席者包括雪州秘书拿督阿兹米、雪州行政议员拿督邓章钦、黄思汉、许来贤、柏汉及扎瓦威

“我們雪蘭莪配套”已完成6項

另一方面，阿米魯丁披露，截至3月1日为止，雪州政府所推行的“我們雪蘭莪配套”(PAKEJ KITA SELANGOR)特別援助計劃，已完20項的其中6項，其余14項還在進行中。

他说，配套的總撥款是7387萬令吉7000令吉，目前

已動用32%撥款，即2473萬998令吉，受惠人達到10万8545人之多。

“至于已完成的6項計劃，包括前线人員補助計劃、雪州精明組屋計劃、水災援助計劃、成立精明雪州營運中心、公共組屋和政府組屋的豁免和延期償還租金及KDEB食物銀行計劃。”

目前專注完成前線疫苗接種

此外，前述及雪州疫苗一事，阿米魯丁則說，州政府希望能在5至6月期間，順利購買疫苗，而現阶段则会专注完成前线人员接种疫苗工作。

他说，第一阶段接种的雪州前线人员有约6万8000人，包括1万零700名非医药

前线，如警方、军人及国州议员、约1万4000名私人医院职员及3万6000名卫生部职员等。

“据科学、工艺及革新部长莫里的推特显示，雪州至昨日为止，已有2047人完成接种疫苗。而他也说，将会为教师准备疫苗接种工作。”

冷岳2濾水站裝水管工程

即起全天施工至月杪

報道 ▶ 林海霞

(安邦3日讯)位于安邦太子园商业区布雅马瓦2路(Jalan Bunga Mawar 2)，逾500公尺长的冷岳2滤水站水管安装工程将从今天起至3月尾，全天候进行。

上述工程从1月中开始，首阶段工程已完成，今天起是在靠近太子园早市入口处的太子摊档周遭进行。

工程进行的同时，进出上述地区的通道将封锁，有的商贩基于工程进行时对他们造成不便，也将在这段时间暂时休业。

莲花苑州议员黎潍禡今日与安邦再也市议员蔡耀宗到场视察。

冷岳2滤水站水管安装工程将全天候封路进行。右起为黎潍禡、蔡耀宗及第22区居民委员会委员费道斯。

蔡耀宗：商販同意全天施工加速完工

蔡耀宗向《大都会》社区报说，首阶段工程进行时，是从晚上8时至隔天上午10时封路。

不过他说，由于一些事故，包括挖掘工程进行时泥土松软而影响工程的进度，导致工程拖到下午1至2时。

“基于此，第二阶段工程进行前，我们安排承包商与商贩讨论，以便全天候进行工程，且工程进行时，该处将封路。”

工程没影响周五夜市

他说，经讨论，商贩也同意全天候进行工程，以便该工程能在短时间内顺利完成及把影响层面减到最低。

他表示，做决定前需与人民讨

论及听取他们的意见，事情才能顺利进行。

他指出，首阶段工程时，曾发生因泥土松软导致摊档墙壁出现裂痕和栏杆倒下等问题，承包商接获投诉后也马上处理。

蔡耀宗说，上述工程的进行没影响逢星期五在该地区摆卖的夜市，且承包商会在星期五当天把道路填平，让夜市小贩开档做生意。

须待泥土巩固才全面重铺

他指出，道路被挖烂后，会暂时性填补，不过，有者却误会以为该工程进展欠佳，挖烂的道路没全面重铺。

他说，全面重铺道路需要等两个星期至一个月，即泥土巩固后才能全面重铺，否则道路会下陷。

由于工程全天候进行，因此附近的商贩将在这段期间暂时休业。

工程进行时，道路也封锁。

同时，部分驾车人士认为，市议会应在单向道的人口显眼处，多设立“不准驶入”或“不可左转”等交通指示牌，让驾车人士能容易察觉到。

有些则认为单向道措施不合理，尚有改善的空间，希望有关当局再加研究和改进。

他在面簿上载视频时也说，本身和行政议员们接种后没有感到不适，并继续履行职务。

另外，阿米鲁丁提到雪州有数个地点可进行疫苗接种，

阿米鲁丁宣称，雪州已有 700 人接种疫苗。

分别是 8 家医院和 30 家政府诊所。

他指出，虽然雪州的冠病累计数据在 3 月 1 日突破 10 万大关，但值得开心的是单日

“当天新增 453 宗确诊，是第 3 波疫情以来，单日新增最低的一天，为雪州带来希望。”

资 600 万令吉延续社区目标性筛检活动，从 2 月 6 日起继续为高风险群体免费检测，放眼惠及 5 万人。

这项社区筛检将着重在人口稠密的地区，如八打灵、巴生和莎阿南，锁定的目标群体包括乐龄人士（尤其居住在老人院的长者）、肾病患者、B40 低收入群和雪州大学生。

已拨2473万完成6计划 雪州配套惠及10万人

（八打灵再也 3 日讯）雪兰莪州政府迄今共拨出 2473 万令吉，并全面完成了“我们的雪州配套”（Pakej Kita Selangor）中的 6 项计划，让 10 万 8545 名居民受惠。

总额 7387 万 7000 令吉的“我们的雪州配套”（Pakej Kita Selangor），是由雪州大臣拿督斯里阿米鲁丁于 1 月 20 日公布推出，以通过 20 项计划帮助因冠病疫情及行动管控令影响的雪州人民。

阿米鲁丁今早参观了智能雪州行动中心（SSOC）后说，上述 6 项已完成的计划，包括为医护人员和前线人员提供膳食援助、水灾援助、注销雪州教育基金贷款、智能雪州 C51 行动中心以及智能雪州卓越中

心（CoE2）的营运、展延精明组屋居民 3 个月租金，以及豁免和展延人民组屋及公民住所

租金。

他说，其余 14 项计划正由相关机构逐步落实，其中包括针对性的冠病筛检、为低风险的冠病患者提供运输帮助、提供食物篮、电子厨房计划及达鲁益善商业计划等。

雪政府朝数字化迈进

阿米鲁丁也提到，州政府继续朝数字管理迈进。

他说，冠病大流行迫使社会各阶层人民，为了自保和保护他人健康而减少亲密接触，而无论是购买基本必需品、学习和工作，数字化已成我们生活的必然，而不是选项。

他说，智能雪州行动中心（SSOC）正是州政府致力在行政工作实施数字化的努力，以协调政府机构的工作并提高为雪州人民提供的服务质量。

“SSOC 是智能雪州的 60

项举措之一，这是管理智能州的基础设施，也和州政府希望雪州在 2025 年之前成为首要智慧州的意愿相符。

“SSOC 的创建是为了容纳数个关键机构，这些机构涉及公共交通、废物收集和安全等日常运营，以及更快的灾难管理，例如露天焚烧、污染和水灾。”

他说，SSOC 也能提供州政府通过雪州冠病防控专案小组（STFC），解决冠病大流行所做努力的反馈和最新信息。

耗资600万 精明雪州营运中心启动

莎阿南3日讯 | 精明雪州营运中心正式启动，耗资600万令吉，目标通过大数据分析和数码化管理来改善各地方政府服务素质，迈向2025年精明雪州目标。

雪州大臣拿督斯里阿米鲁丁披露，营运中心目前收集地方政府的精明巴士服务、垃圾收集服务、精明停车位数据，以及雪州防疫专案小组的疫情数据进行分析。

他指出，目前连接瓜雪县议会、乌雪县议会、瓜冷市议会，以及梳邦再也市政厅。部分地方政府原只能处理30%的垃圾投诉，

在连接行动中心后可提升至处理90%的投诉。

他透露，数据管理在未来将扩充至雪州所有地方政府，监控范围包括社区治安、农业地露天焚烧、河流水位上升，甚至管理雪州惠民计划的数据，确保真正让雪州子民受惠。

阿米鲁丁于今午为精明雪州营运中心进行推介礼，并介绍该中心负责的事项；该中心设立在雪州政府银禧礼堂大厦内（Dewan Jubli Perak），属于精明雪州传递单位下辖机构。

他表示，有关耗资600万令

吉的精明雪州营运中心（Smart Selangor Operation's Centre或称SSOC）是雪州计划于2025年迈向精明雪州的重要指标之一。

他强调，虽然其他州属都有数据收集或闭路电视监控中心。不过，雪州是全国唯一建设大数据库，并通过数据分析，然后反馈并建议地方政府，以改善地方政府服务素质。

今日陪同巡视的包括州秘书拿督诺阿兹米、州法律顾问拿督莫苏海米、州行政议员拿督邓章钦、许来贤、黄思汉、西蒂玛丽亚及扎瓦威等。
