Pandemik Covid-19 yang masih melanda negara ketika ini turut mempertinggi minat pelancongan terutamanya termasuk industri perhotelan yang rata-ratanya disebabkan suasana suram.

Hotel yang dulunya meriah diantara pelancong tempatan dan luar kini boleh dikatakan lengah dan banyak bergantung kepada kebijaksanaan pihak pengurusan untuk melakukau pelbagai cara bagi memastikan perniagaan hotel terus beroperasi pada waktu yang sukar ini.

Salah sebuah Hotel yang turun minyak nasib yang sedekian jahil Movenpick Hotel and Convention Centre KLIA (Movenpick KLIA), Seputeh, Kuala Lumpur pada Mac tahu 2020.

Untuk makluman, Bangunan Movenpick KLIA adalah milik Lembaga Tabung Haji (TH).

Beliau berkata, sebelum pandemik hotel itu banyak menerima pelancongan dari sektor korporat dan kerajaan yang rata-ratanya kerana merupakan destinasi pelancongan atau acara di pusat konvensyen itu yang pelancong tempatan turutnya semasa musim haji.

Apabila mudharalla wabak Covid-19 dan kerajaan wabak mengeluarkan peraturan bagi memastikan operasi hotel berjalan dengan sempurna dan selesa diperpar.

"Kambing yang digunakan adalah daripada baka White Dorper Sheep dari Australia. Kambing ini dipilih kerana kualiti dan rasa yang premium, lembut dan segar."

"Selain itu, ia juga mempunyai kadar lemak dan otot yang seimbang yang memudahkan pelancong supir semasa dengan rempah rasmia," katanya.

Firdaus berkata, antara keistimewaan kambing perap ini adalah keluasan rasa masam, manis dan pedas yang unik, berbeza dengan kambing perap yang terdapat di pasaran.

"Manakala, penyediaan kambing golek dudu, kata-kata leher dan hidung biasanya terdiri daripada dua bahagian, tarikan iki masih baik atau turun satu tingkat, jangan gunakan lif. Selain jimat elektrik dan penghawa dingin, apabila keburu bilik."

Ditambah lagi kambing perap ini adalah hasil olahan chef di Movenpick KLIA yang dida-

tangkan dengan pek 200 gram atau satu kilogram saos hidam dan kentang. Ia dijual secara dalam talian dan orang awam boleh membeli secara bawa pulang atau mengantara dalam radius 50 kilometer.

"Kambing perap ini biasanya kita tawarkan bersama menu bufer di hotel termasuklah penasihat Ramadhan dan ia sentiasa mendapat sambutan daripada pelanggan kami."

"Buat masa ini kami sudah menjual lebih 150 paket kambing perap sejak belum lama ini. Pelanggan yang datang ke kawasan hotel ini bukan kawasan kediaman," katanya.

"Ramuan perapan dan teknik perapan juga amat ditadbirkannya kerana ia mempunyai teknologi moden yang membantu untuk memastikan dalam konsistensi," katanya.

"Kambing yang dibuat menggunakan teknologi daripada vacuum meat tumbler juga membantu untuk memastikan dalam prosesnya ia tidak boleh lembut dan bergergeser."

Beliau berkata, dua jenis rasa iaitu Mongolian and Honey Glazed dipilih kerana kualiti dan rasa yang premium, lembut dan segar.

Contohnya, bahagian pentadbiran dan jualan, memandangkan pada masa ini mereka tidak boleh keluar dari catatan kerja mereka maka pekerja di bahagian ini kita minta mereka bantu pekerja di bahagian operasi," katanya.

Ia begitu sepi perniagaan, Wan Enderi berkata, pihak pengurusan memastikan penggunaan elektrik pada kadar minimum tanpa menjadikan operasi hotel selain melakukau nafkah pelabur insiatif jimat.

"Hotel ini mempunyai tiga blok, ladi blok yang tidak kuda kita akan tutup bekalan elektrik. Kami juga mendidik mereka untuk sentiasa membatasi penggunaan elektrik antaranya tutup lampu dan penghawa dingin, apabila keburu bilik."

"Satu lagi kita mengalakkan pelajar untuk gunakan tarikan iki mahu baik atau turun satu tingkat, jangan gunakan lif. Selain jimat elektrik ia juga bagus untuk kesihatan mereka," katanya.

Menurut Wan Enderi, memandangkan hotel tidak mempunyai tetamu ketika ini, pihaknya memohon kepada kerajaan untuk menjadikan hotel itu sebagai pusat kuaran dan terapi COVID-19. Ia boleh berfungsi sebagai pihak pengurusan TH untuk kegunaan jemaah haji Malaysia," katanya.

Beliau berkata, sektor berkecemasan kambing perap ini mempunyai empat ratus status yang lebih dan dipangkas secara terbuka adaptasi dalam masa tiga tahun.

# Jais belum muktamad benar solat berjemaah

**Shah Alam:** Jabatan Agama Islam Selangor (Jais) belum membuat sebarang ketetapan berhubung kebenaran solat berjemaah di masjid dan surau bagi individu yang sudah lengkap dua dos vaksin di Selangor.

Pengarah Jais, Datuk Mohd Shahzihan Ahmad berkata, sehingga kini pihak Jais masih belum membuat sebarang keputusan walaupun Majlis Keselamatan Negara (MKN) sudah mengumumkan kelonggaran untuk jemaah lengkap vaksinasi.

“Untuk solat Jumaat dan solat fardhu lima waktu di masjid dan surau di Selangor, Jais belum membuat sebarang keputusan dan masih meneliti beberapa perkara dan bentuk pelaksanaan sesuai. Jika ada, akan dimaklumkan kemudian,” katanya semalam.

Sementara itu Masjid Saidina Ali di Rawang menerusi satu notis juga memaklumkan belum menerima sebarang arahan terbaru daripada Jais untuk membenarkan solat Fardu atau Solat Jumaat secara berjemaah.

**SEBUAH** hadis yang diriwayatkan daripada Abdullah 'Amr R.Anhuma, Rasulullah SAW pernah bersabda bahawa lakinat Allah kepada pemberi rasuah dan penerima rasuah.

Namun, rasuah masih berlaku apabila wujud manusia terlampaui cintakan dunia. Integriti dan amanah ditolak tepi. Matlamat menghalalkan cara.

Isu ini mendapat perhatian Sultan Selangor, Sultan Sharafuddin Idris Shah yang mengeluarkan titah sebanyak dua kali pada 27 Julai dan 5 Ogos lalu.

Sultan Sharafuddin menegaskan, mana-mana pegawai kerajaan dan ahli politik yang dikurniakan Darjah dan Bintang Kebesaran serta Pingat Negeri Selangor dan didapati melakukan kesalahan rasuah, maka kurniaan tersebut akan ditarik balik.

Baginda turut menyeru mahkamah supaya perbicaraan kes rasuah disegerakan dan tidak melayani penangguhan tanpa alasan yang kukuh berikutan

rakyat sudah muak dan bosan melihat pendakwaan kes rasuah yang berlarutan terlalu lama.

Penulis dan mereka yang sering mengikut prosiding di Mahkamah Sesyen (Khas Rasuah) Shah Alam, Selangor akan sentiasa diperingati Hakim Rozilah Salleh bahawa rasuah adalah perbuatan serius dan merupakan kesalahan akhir zaman.

Tegas Rozilah, pelaku mempunyai akal dan pilihan untuk menolak serta menghentikan amalan tersebut walaupun hanya pemberian RM1 bagi tujuan tertentu yang tetap dianggap rasuah.

Bagi Presiden Persatuan Pemimpin Muda Universiti Malaya, Lim San Shien berkata, konsep modenisasi menyebabkan generasi muda terikut dalam mengjar kekayaan dan nafsu tanpa menyedari perkara itu salah dari segi undang-undang.

Katanya, mereka lupa penerimaan atau pemberian rasuah itu akan memberikan kesan kemudian hari sehingga boleh memalukan diri sendiri dan keluarga apabila ditangkap.

"Saya rasa pembelajaran dalam bentuk sitcom dan ala-ala proses pendakwaan di mahkamah mampu menarik perhatian pelajar.

"Mungkin SPRM juga boleh mengetengahkan isu ini dengan

lebih dekat di sekolah dalam aspek pencegahan.

"Lebih baik kita hidup sederhana atau miskin daripada terjebak dalam rasuah," katanya.

Dalam pada itu, pakar kriminologi bebas, Datuk Shahul Hamid Abd. Rahim berkata, rasuah mampu mendatangkan ketagihan terutama kepada penerima yang seronok apabila menerima wang yang banyak.

"Ketagihannya sama seperti 'menghisap dadah', disebabkan wang mereka hilang pedoman.

"Jika dahulu, rasuah banyak berlaku dalam kalangan orang bawahan, namun kini sudah merbak di seluruh peringkat termasuk individu yang mempunyai kuasa," katanya.

Shahul Hamid berkata, setiap tindakan dilakukan SPRM sememangnya diekori rapat golongan netizen khususnya dalam mengetahui perkembangan sesuatu kes agar tiada sebarang unsur menggalakannya.

"Kita bimbang nanti ada tuduhan diletakkan di bahu SPRM terhadap kes-kes yang gagal mencapai kejayaan dikehendaki

"Setakat ini, SPRM melakukan kerja mereka dengan cemerlang dan orang ramai seharusnya bersama-sama dalam menyalurkan maklumat terhadap sebarang aktiviti rasuah," jelasnya.

## 1,000 doses set aside for those in Selangor sports industry

SELANGOR has allocated 1,000 doses of Covid-19 vaccine in phase one of a programme for various groups involved in the state's sports industry in an effort to eventually reopen the sports sector.

The first phase saw 500 doses administered to athletes and coaches under the Selangor State Sports Council and 500 doses to members of the sports industry under the

Selangor Youth and Sports Department. The recipients were vaccinated at Hotel De Palma in Shah Alam, one of the vaccination centres under the Selangor Vaccination Programme (Selvax).

"Selangor is the first state in Malaysia to allocate a specific amount of vaccines to those in the sports industry under the Selangkah platform," said state human capi-

tal development, sports and youth generation development committee chairman Mohd Khairuddin Othman in a statement.

"The state government is aware that efforts such as this programme for the sports industry will go towards forming herd immunity and reopening the sports sector in Malaysia.

"Because of this, the state government is

working hard towards ensuring all adults in Selangor are vaccinated."

He added that there would be subsequent phases in other locations so that more people in the sports industry could be vaccinated.

Khairuddin also said that so far, some 3.55 million people in Selangor had received their first dose of Covid-19 vaccine.

### 'Improve contingency plan to ease hardship from unscheduled water cuts'

RESIDENTS of Taman Melati Flats in Wangsa Maju ushered in Awal Muhibarram on a low note because of an unscheduled water cut that began on Sunday at noon.

The three-day supply disruption – believed to have been caused by a burst pipe near a highway construction site – affected some 60 blocks.

Supply resumed around 4pm on Tuesday after Pengurusan Air Selangor Sdn Bhd completed repair work.

Wangsa Maju MP Datuk Paduka Dr Tan Yee Kew's assistant Andre Lai said water supply was supposed to have resumed at noon on Monday but it was delayed.

"We were told that it would take about six hours for the water pressure to stabilise after repairs were completed," he told *StarMetro*.

Lai said Air Selangor despatched three water tankers from its Gombak branch to the flats, but these were not enough to cater to all the blocks.

"The trucks could not reach some blocks," he said, adding that many residents had to walk farther to fetch water.

Lai, however, thanked Air Selangor for keeping the parliamentary office informed on the progress of repair works.

A resident, who identified himself as Amy Othman, urged the water concessionaire to have better contingency measures.

"Residents jostled to fetch water from the limited number of trucks.

"We did not stock up as no prior notice was given," he said.

## PKR sec-gen's suit against ex-VP Zuraida to go to trial

**KUALA LUMPUR:** Mediation between PKR secretary-general Datuk Seri Saifuddin Nasution Ismail and former PKR vice-president Datuk Zuraida Kamaruddin in a defamation lawsuit filed by the former has failed and the case is set to go on trial next year.

Lawyer Chiew Choon Man, who acted for Saifuddin Nasution, said the mediation, which was held via Zoom yesterday before Kuala

Lumpur High Court mediation division director Wan Fadhilah Nor Wan Idris, ended with no conclusive settlement.

"Case management is scheduled tomorrow (Aug 12) before High Court judge Justice Rozana Ali Yusoff to update the court on the outcome of the mediation and to prepare for the trial," Chiew said when contacted.

The hearing dates have been fixed

for Jan 19, 20 and 21 next year.

Saifuddin Nasution filed the lawsuit in August last year, claiming that the Housing and Local Government Minister had defamed him with allegations of corrupt practices involving the Kelantan government and Tabung Amanah Tok Kenali.

He claimed that Zuraida made the alleged defamatory statements at a Shared Prosperity Vision 2030

dinner at a hotel here on Dec 8, 2019.

In his court document, Saifuddin Nasution said the impugned words must be read in the context of the then power struggle between PKR president Datuk Seri Anwar Ibrahim and former deputy president Datuk Seri Azmin Ali.

"Zuraida was known as a vociferous supporter of Azmin while I am Anwar's supporter," Saifuddin

Nasution said in the suit.

He also claimed that Zuraida's statement was uploaded to a Facebook page, "Friends of Azmin Ali", and was subsequently shared on her own Facebook page.

Saifuddin Nasution is seeking general, aggravated and exemplary damages from Zuraida, as well as an injunction order to restrain her from making further derogatory statements.

# Selangor to hand out RM10,000 to Ziyad and Hafiz

**SHAH ALAM:** The Selangor state government will give out RM10,000 to their athletes heading to the 2020 Tokyo Paralympic Games.

Their State Youth Generation Development, Sports and Human Capital Committee chairman Mohd Khairuddin Othman said the assistance would be for Ziyad Zolkefli, who is competing in the F20 shot putt event and Mohd Hafiz Jamali (*pic*), who is taking part in the 1km time trial C5 track cycling event.

"The amount given to the Paralympic athletes is the same as that given to the Olympic athletes previously," he said yesterday.

A contingent of 22 athletes, including four women, would represent Malaysia in nine sports at the Tokyo Paralympics to be held from Aug 24 to Sept 5.

The state government had given RM10,000 each to four Selangor athletes, Phee Jing En (swimming), Lee Hup Wei (high jump), Gavin Green (golf) and Farah Ann Abdul Hadi (artistic gymnastics) for their expenses during the Tokyo Olympic Games that concluded on Aug 8.

On the preparations by their athletes for the upcoming 2020 Johor Malaysia Games (Sukma), Mohd Khairuddin said they were still training individually at home under the supervision of their coaches via video and have to undergo a fitness test every fortnight.

"The postponement of the Sukma will not affect our athletes in their training while we wait for the new dates."

"We also plan to conduct training under the sports bubble but we need to wait until Phase Two of the National Recovery Plan begins," he said. — Bernama

ASSESSMENT TOOL IN THE PIPELINE

# MEASURES TO KEEP WORKPLACES SAFE

They are clear record keeping, contact tracing and monitoring of staff by employers

NURADZIMMAH DAIM  
KUALA LUMPUR  
news@nst.com.my

Professor Jamal Hisham Hashim

RECORD-KEEPING, contact tracing and monitoring of staff members by employers are among the key measures in keeping Covid-19 transmissions in workplaces at bay.

Public health expert Professor Jamal Hisham Hashim said each organisation's safety and health officer and person-in-charge played crucial roles in ensuring strict adherence to the procedures and regulations.

He said these were among the key areas that were given emphasis in a score-based Covid-19 Workplace Risk Assessment tool that he and his team were developing.

He said the assessment tool would help employers make informed decisions in preparing a safer environment for their staff, as workplaces were known to have contributed to a majority of

Covid-19 clusters since the emergence of the deadly virus last year.

"Allowing a workplace, whether or not to operate, should be based on its Covid-19 transmission risk record and potential. It does not matter whether it is an essential or non-essential operation as long it can manage and control the risks well."

Jamal is a visiting professor at Universiti Selangor (Unisel) and director at Provenue Corporation Sdn Bhd that funded the research.

Apart from the management,

other key factors in the assessment's Infection Assessment Critical Control Point (IACCP) are workers, housing, transportation and work area.

The overall value will determine the level of risks, with zero to 39 deemed as high, 40 to 69 moderate, and anything between 70 and 100 registered as low risk.

According to the IACCP, employees must be screened for body temperature, and signs and symptoms, and their entry and movements in their workplace recorded on MySejahtera.

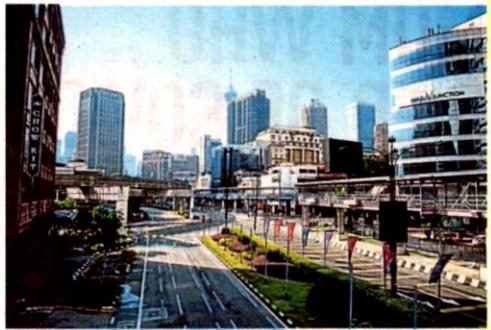

Workers' health profile, training, vaccination and personal hygiene should be maintained and could be used as reference.

Work area covers both outdoor and indoor places within the organisation's compound that the employees frequent, namely worksite, rest area, canteen and toilet.

Key points in keeping infection risks to the minimum are hand washing, physical distancing and sanitisation of touch surfaces like doors, desks and railings.

Housing covers hostel, houses, within-community area and on-site standard operating procedure compliance with factors, namely, crowding, ventilation, bedroom, kitchen, toilet and living room.

Jamal said the risk assessment tool was expected to be put on trial runs by end of the month by

The Covid-19 Workplace Risk Assessment tool aims to help employers make informed decisions in preparing a safer environment for their staff. FILE PIC

volunteering employers at worksites such as manufacturing industries and offices, including banks.

Jamal, who is also a health risk and impact assessment consultant registered with the Department of Environment, said the team planned to publish the tool in an international journal to make it freely available to the international community.

He said the research team based its Covid-19 transmission risk factors and criteria for assessment on established international best practices such as

those from the International Labour Organisation, United States Environmental Protection Agency, United States Occupational Safety and Health Administration, Health, Safety and Environment of Northern Ireland and the South African Department of Health.

It also made reference to the SOP set by the National Security Council and the Employees' Minimum Standards of Housing, Accommodation and Amenities (Accommodation and Centralised Accommodation) Regulations 2020, he added.
