Inisiatif Selangor jadi peneraju aeroangkasa

Pengukuhan industri buka lebih banyak peluang kerja, lonjakan perniagaan

Oleh Alzahrin Alias

zahrin@bh.com.my

Selangor akan memperkuuhkan kedudukannya sebagai peneraju industri aeroangkasa di Malaysia berdasarkan kepada beberapa inisiatif yang sedang dan akan dilaksanakan.

Menteri Besar, Datuk Seri Amirudin Shari, berkata kerajaan negeri melancarkan beberapa inisiatif dan pelan jangka masa panjang tahun lalu, namun pelaksanaan agak sedikit terganggu disebabkan oleh pandemik COVID-19.

Beliau bagaimanapun berkata, pasca pandemik, Selangor akan melipat gandakan usaha bagi memastikan industri aeroangkasa kekal berdaya saing, sekali gus menjadi antara penyumbang utama

ekonomi negeri dan juga Malaysia.

“Ketika ini 65 peratus industri aeroangkasa Malaysia bertapak di Selangor dan kami yakin ia akan terus meningkat seiring dengan pelan jangka masa panjang terhadap industri ini.

“Malah, Selangor juga mempunyai ekosistem yang lengkap serta tenaga kerja berkemahiran tinggi dalam industri aeroangkasa ini. Ia menjadikan kami berada di kedudukan yang baik.

“Pengukuhan industri ini bukan sahaja akan memberi impak ekonomi kepada kerajaan negeri, tetapi turut membuka lebih banyak peluang pekerjaan dan lonjakan perniagaan berkaitan ekosistem aeroangkasa,” katanya.

Beliau berkata demikian selepas melancarkan Selangor Aviation Show (SAS) 2021 di Shah Alam, semalam.

Mengulas lanjut, Amirudin berkata, usaha pemulihan aeroangkasa perlu dilaksanakan bermula sekarang, walaupun industri dijangka hanya akan pulih bermula 2022 dan mencapai tahap pra pandemik pada 2024.

Justeru, beliau berkata, kerajaan negeri melalui Invest Selangor tetap menganjurkan SAS 2021 pada

tahun ini, bagi memberikan permulaan kepada pemulihan.

Katanya, sejak beberapa tahun lalu, Selangor membangunkan ekosistem aeroangkasa ini dengan mempromosikan pelaburan dalam subsektor industri seperti di syarikat penerbangan, lapangan terbang, infrastruktur aeroangkasa dan aktiviti perkilangan.

“Selangor turut melihat potensi yang besar untuk pertumbuhan yang dipercepatkan dalam subsektor industri lain yang kurang membangun seperti perniagaan dan penerbangan am,” katanya.

Amirudin berkata, bertemakan ‘Selangor, the ASEAN Business & General Aviation Hub’, SAS 2021 adalah pameran yang bakal menjadi pemangkin menghidupkan semula industri dalam persekitaran pasca COVID-19.

Beliau berkata, SAS 2021 membabitkan 43 pempamer dalam dan luar negara dan menyasarkan 5,000 pengunjung sepanjang acara yang berlangsung pada 25 hingga 27 November ini.

Katanya, penganjuran SAS 2021 akan terus mengukuhkan Selangor sebagai negeri yang mempunyai ekosistem lengkap industri aeroangkasa.

Akhbar	:	Harian Metro
Tajuk Berita	:	Peluang Selangor teraju aeroangkasa
Muka Surat	:	24

Subang: Selangor berada di landasan tepat untuk menjadi peneraju industri aeroangkasa di Malaysia disokong dengan ekosistem yang hampir lengkap bagi membangunkan industri itu menjelang 2030.

Menteri Besar Selangor, Datuk Seri Amirudin Shari berkata, industri aeroangkasa antara yang paling terkesan sejak pandemik Covid-19 melanda negara pada Mac tahun lalu.

Katanya, dengan program vaksinasi dan lebih ramai rakyat divaksin, pihaknya percaya ia akan membantu Selangor mencapai inisiatif pelan tindakan jangka panjang (2020 ke 2030) bagi industri aeroangkasa ini.

Peluang Selangor teraju aeroangkasa

"Jangkaan industri aeroangkasa ini akan mula pulih pada tahun depan ke atas dan berkemungkinan mencapai peringkat seperti sebelum pandemik dalam perniagaan dan aktiviti lain menjelang 2024."

"Justeru, kami percaya usaha membangunkan industri ini perlu dimulakan sekarang dan disebabkan itu Invest Selangor mengajukan dan melancarkan Selangor Aviation Show (SAS) 2021," katanya selepas melancarkan Selangor Aviation Show 2021 di sini, semalam.

SAS 2021 akan berlangs-

AMIRUDIN (tengah) bersama Pengurus Jawatankuasa Tetap Pelaburan, Perindustrian dan Perdagangan, Industri Kecil dan Sederhana (IKS) Negeri Selangor, Datuk Teng Chang Khim (kiri) dan Kerua Pegawai Eksekutif Invest Selangor Berhad, Datuk Hasan Azhari Idris (kanan) merasmikan Selangor Aviation Show 2021.

sung di Skypark RAC Subang pada 25 hingga 27 November depan.

SAS 2021 menyasarkan pembabitan 43 pempamer dalam dan luar negara serta 5,000 pengunjung sepanjang acara berlangsung.

Amirudin berkata, Selangor juga adalah hab utama sektor aeroangkasa dengan lebih daripada 65 peratus firma berkaitan industri itu bertapak di negeri itu.

Katanya, pengajuan SAS 2021 akan mengukuhkan Selangor sebagai negeri yang mempunyai ekosistem lengkap industri aeroangkasa.

Beliau menggalakkan pemain industri bekerjasama dengan kerajaan Selangor dan menyokong SAS 2021.

"SAS 2021 juga akan membuka peluang jalinan kerjasama syarikat tempatan dan antarabangsa, sekali gus meningkatkan lagi pelabur aeroangkasa," katanya.

SAS 2021 akan berlangsung tiga hari dengan dua hari pertama untuk pelawat perdagangan sebelum dibuka untuk kunjungan orang ramai pada hari ketiga peringanjuran.

Pelawat digalakkan merancang kunjungan mereka ke SAS 2021 dengan mendaftar dan memilih hari lawatan mereka di selango-aviationshow.com.

Lebih 1,000 Baucar Pelancongan Selangor 2.0 telah ditebus

SHAH ALAM -
Lebih 1,000 paket dan Baucar Pelancongan Selangor 2.0 telah ditebus oleh orang ramai menerusi aplikasi beli-belah Shopee bermula jam 12 tengah malam pada Jumaat.

Menerusi ciapan di Iaman Twitter, Tourism Selangor memaklumkan sebanyak 10,000 baucar 'Pusing Selangor Dulu' bernilai RM100 setiap satu ditawarkan kepada orang ramai bagi tempoh sehingga 31 Disember ini.

Tourism Selangor berkata, tempoh sah guna baucar berkenaan adalah sehingga 30 Jun tahun hadapan dengan melibatkan 170 paket pelancongan manarik.

"Rakyat Malaysia berusia 18 tahun layak untuk menebus baucar ini yang terhad kepada satu transaksi menerusi Shopee-Pay."

"Baucar berkenaan tidak boleh diganti dengan produk lain dan ia akan dihentikan selepas tempoh kempen berakhir," katanya.

Menerusi Baucar Pelancongan Negeri Selangor 1.0, kerajaan negeri memperuntukkan RM2 juta yang diagihkan kepada umum pada Januari lalu melalui Lazada dan Touch 'n Go eWallet.

Pada 18 Disember tahun lalu, Selangor melancarkan program Penebusan Subsidi Baucar Pelancongan bernilai RM200 setiap satu membabitkan 10,000 baucar untuk menginap di hotel dan inap desa berlesen serta taman tema.

Rakyat Malaysia berusia 18 tahun layak untuk menebus baucar ini yang terhad kepada satu transaksi menerusi Shopee-Pay."

Klang masih bandar selamat

KLANG - Isu keselamatan di Klang telah ditangani secara bersepada oleh semua agensi berkaitan mengikut bidang kuasa masing-masing.

Yang Dipertua Majlis Perbandaran Klang (MPK), Dr Ahmad Fadzli Tajuddin berkata, fakta juga menunjukkan indeks jenayah di kawasan itu masih selamat dan terkawal.

Ahmad Fadzli memberitahu, MPK sentiasa bekerjasama dengan semua pihak termasuk Polis Diraja Malaysia (PDRM) bagi memastikan bandar itu selamat di-duduki sejajar dengan konsep 'Klang Sejahtera'.

"Penyebaran berita yang mengaitkan Klang antara bandar berbahaya di Asia ditulis tanpa fakta dan boleh diragui ke-sahihannya," katanya ketika Program Jendela Klang yang berlangsung pada

Khamis.

Turut hadir, Ahli Parlimen Klang, Charles Santiago dan Ketua Polis Daerah Klang Selatan, Asisten Komisioner Shamsul Amar Ramli.

Kenyataan Ahmad Fadzli itu merujuk kepada laporan sebuah portal berbahasa Inggeris yang mendakwa Klang berada di tangga pertama sebagai bandar yang tidak selamat serta kadar keselamatan yang rendah di Asia Tenggara.

Selain Klang, Kuala Lumpur disenaraikan sebagai tempat kedua kawasan tidak selamat manakala Manila, Filipina di tangga ketiga.

Dalam pada itu, Ahmad Fadzli berkata, penyebaran berita tidak tepat itu bukan sahaja menjatuhkan imej Klang malah turut memberi persepsi negatif dalam kalangan masyarakat.

Tajuk Berita	:	PATI, pemilik tanah berdepan tindakan tegas
Muka Surat	:	25

Koordinat lokasi kebakaran
telah diambil untuk kenal
pasti pemilik tanah

Oleh ENGU SHARIFUL AZNI

KLANG

Tindakan tegas akan diambil ke atas pemilik tanah yang menyewakan tanah kepada pendatang asing tanpa izin (PATI) atau menggaji pekerja asing yang tidak mempunyai dokumen sah bagi mengelakkan berlaku pencerobohan di tanah pertanian di Kampung Johan Setia, di sini.

Ahli Dewan Undangan Negeri (ADUN) Sungai Kandis, Mohd Zawawi Ahmad Mugnhi berkata demikian berikutan kes pencerobohan tanah di sekitar kampung itu oleh sekelintir petani haram warga asing yang dilaporkan oleh *Sinar Harian* pada Rabu.

Menurutnya, semua agensi penguasa seperti Jabatan Alam Sekitar (JAS), Pejabat Daerah/Tanah (PDT) Klang, pihak

CEROBOK
TANAH PERTANIAN

berkuasa tempatan (PBT) perlu mengambil tindakan tegas kepada pemilik tanah mengikut bidang kuasa masing-masing.

"Selain langkah penguatkuasaan oleh pihak-pihak tersebut, jawatankuasa Majlis Pengurusan Komuniti Kampung (MPKK) boleh

membantu dengan membuat pemantauan, memasang kain rentang, papan tanda amaran dan hebahan melalui masjid-masjid berdekatan.

"Semua pihak perlu bertindak mengikut bidang kuasa masing-masing tanpa masuk campur tugas pihak-pihak yang berkepentingan," katanya kepada *Sinar Harian* pada Jumaat.

Dalam pada itu, Mohd Zawawi yang

juga Exco Hal Ehwal Agama Islam, Hal Ehwal Pengguna dan Industri Halal Selangor berkata, pemantauan di kawasan tersebut perlu diperketatkan dengan rondaan berkala setiap agensi berkaitan selain penggunaan drone.

Tambah beliau, pihak berkaitan juga perlu mendapatkan maklumat setiap petani dan pekerja sama ada tempatan atau asing bagi mengelakkan pihak yang tidak bertanggungjawab menceroboh kawasan tersebut sesuka hati.

JAS Selangor telah mengesan pembakaran terbuka di kawasan itu melibatkan tapak pelupusan sampah haram bersebelahan Lebuh Raya Shah Alam (KESAS) menerusi dron di kawasan Revolusi Hijau Johan Setia.

Menurut JAS, koordinat lokasi kebakaran diambil bagi mengenal pasti pemilik tanah yang menyebabkan atau membenarkan pembakaran itu dan kes dirujuk kepada PDT Klang untuk siasatan lanjut.

JAS Selangor mengesan pembakaran terbuka dekat Kampung Johan Setia.

DBKL seals 41 business premises for violating SOP

By SHALINI RAVINDRAN
shaliniravindran@thestar.com.my

AS MOST businesses in the Klang Valley are allowed to operate now, the authorities are ramping up their inspections on business premises to ensure compliance with the standard operating procedure.

In Kuala Lumpur, some 41 business premises were ordered shut by Kuala Lumpur City Hall (DBKL) for various offences, including not adhering to Covid-19 SOP.

Under Ops Patuh, DBKL inspected 419 premises between Oct 1 and 15, ranging from entertainment outlets, restaurants, clothing and tailoring stores, barbers and sundry shops that have been operating during the National Recovery Plan (NRP).

DBKL sealed one entertainment centre for operating without the authorities' approval, while 40 others were ordered to close for employing foreign workers without valid documents.

Action was taken under Section 17 of the Entertainment Act 1992 (WPKL) and Section 101 (1)(v) of the Local Government Act 1976.

"Three compound notices were issued under the Prevention and Control of Infectious Diseases Act (Act 342) to premises owners for failing to adhere to NRP SOP set by the Government.

"A further 114 compound notices were issued under DBKL by-laws for various offences," DBKL said in a statement.

The public is urged to channel any information to DBKL via adukl.dbkl.gov.my

Meanwhile, based on a tip-off, Selayang Municipal Council (MPS) officers inspected a business premises in Prima Selayang that was found to have disposed of waste improperly.

"The premises was issued a compound of RM1,000 for throwing polystyrene boxes in the back alley of the shop.

"Several other businesses were also inspected, which had valid licences and a letter of permission from International Trade and Industry Ministry.

"Checks on MySejahtera app were also done on employees and we found no SOP violations," MPS said in a statement.

The operation was a joint effort between MPS and the police to check on compliance among businesses in Selayang.

Akhbar	:	The Star
Tajuk Berita	:	Hee: Developers hold land titles for plots of Shah Alam forest reserve
Muka Surat	:	4

Hee: Developers hold land titles for plots of Shah Alam forest reserve

By JAROD LIM
jarodlim@thestar.com.my

PART of the Shah Alam Community Forest (SACF) in Selangor has been degazetted with the land titles issued to private developers, says Selangor tourism, environment, green technology and Orang Asli affairs committee chairman Hee Loy Sian.

"If the said plots of land had not been degazetted, land titles could not be issued," he told *StarMetro*.

He said this in reference to several non-governmental organisations claiming that SACF should remain a forest reserve as there was no gazette notification in the Selangor State Government Gazette.

Previously, Hee said in a statement that a development project near Bukit Cherakah Forest Reserve (BCFR) and SACF was not within the permanent forest reserve land.

The statement added that the road and housing development project was planned on part of BCFR land that had been degazetted by the previous state government.

"The NGOs should ask the previous state government about the move to degazette the land and why a notice was not published; those processes were not done by the present government."

"It is also not feasible for the state to take back the land as it involves a huge sum of compensation. Developers can also take legal action against us," he added.

On Oct 13, SACF Society urged the state government to stop all developments in BCFR and clarify the status of the forest.

Its representatives handed a memorandum to a representative of the state tourism and environment committee office in front of the Sultan Salahuddin Abdul Aziz building.

The memorandum was received by Hee's assistant Heiw Kim Boon.

Society representative Teckwyn Lim said Bukit Cerakah and SACF still had the forest reserve status as the Gazette Notification 1443 published in 2006 did not mention them.

Meanwhile, Hee said Shah Alam City Council had concluded the Shah Alam Local Draft Plan 2035 and the zoning of the land would be discussed by the State Planning Committee.

"Since the land title has been given, rezoning has to be done."

"Most of the land in question has been changed to either residential or commercial status."

"Now the state planning committee and state exco will decide on rezoning," he said, adding that the rezoning would likely be decided by this month.

Hee said the state would ensure that a minimum 20% of green area was included in future developments and the green lung preserved.

"When developers submit their building plans, we have to ensure they fulfil this criteria."

"For example, the proposed road across SACF will likely go through but we will ensure there will be an ecological corridor connecting the forests for the benefit of wild animals," he added.

23 October 2021

Akhbar	:	The Star
Tajuk Berita	:	When fate of forest reserves hangs in the balance
Muka Surat	:	7

JAROD LIM
jarodlim
@thestar.com.my

Citycism

PROTECTING forest reserves is an issue that constantly surfaces in the Greater Klang Valley as more and more people understand the importance of these green lungs to the ecosystem.

It has come to a point that stakeholders have to fight to prevent development from being approved by the authorities and to preserve a forest.

This was clear when the Selangor government retracted its decision to gazette 536.7ha of the Kuala Langat North Forest Reserve (KLNFR) for development following an uproar from various parties.

This is a solid example of the people's victory in stopping the degazetting of a forest.

However, not all forests are as fortunate.

Take Shah Alam Community Forest (SACF) for example.

SACF is part of the wider Bukit Cerakah Forest Reserve that was originally constituted on May 21, 1909 under the Selangor Forest Enactment.

Currently, 70% of SACF has been alienated for mixed commercial and residential development.

Conservation group SACF Society, however, found that there were no notifications in the Selangor government gazette about SACF being degazetted, hence it should still hold a forest

When fate of forest reserves hangs in the balance

Conservation should be the common agenda for the state and people

The mirror lake, known for its crystal-clear water, is one of the attractions at Shah Alam Community Forest.

reserve status.

However, state tourism, environment, green technology and Orang Asli affairs committee chairman Hee Loy Sian said that as the land title had been given to the private developers, it must be degazetted.

He also pushed the responsibility to the previous state government as the degazettement process was done before 2008.

With land titles being issued,

Hee might have a point that the land had been degazetted, with or without a gazette notification.

It would be unlikely for the state government to heed the public's call to regazette the land as a forest reserve because it would involve repurchasing the land at the current market price, which would be hefty.

The most that the state government can do is to control the development at SACF and Bukit

Cherakah.

No matter what the narrative SACF Society and the Selangor government tried to put forward to convince other parties about the forest status, the people's fight to protect SACF will continue until they can stop the development.

Such efforts by SACF Society and other NGOs championing the protection and preservation of forest reserves is indeed laudable, and

they have faced years of struggle to get their voices across.

It thus begs the question, why do the *rakyat* have to fight to protect green areas in the state?

Isn't protecting green space a shared agenda between elected representatives and the people who voted them in as the government?

Degazetting forest reserves to make way for development has always been a thorny issue among Selangor folks, as seen in both SACF and KLNFR.

Although it is the state government's policy to replace forest reserves that are degazetted, by gazetting other areas as forest reserve, the landscape will never be the same and the value of the greenery that is taken away cannot be replaced.

Sooner or later, there will be no more forest to take.

My plea is just the same as everyone else's — let forest reserves remain as such.

At the same time, the state government should strive to create more green space without compromising them for the sake of development.

If only the lawmakers had a chance to visit SACF, perhaps they might realise the negative impact that development would bring to nature's beauty.

Akhbar	:	New Straits Times
Tajuk Berita	:	KPS unit secures Air Selangor contract
Muka Surat	:	20

RM91.6M SUPPLY DEAL

KPS unit secures Air Selangor contract

KUALA LUMPUR: Kumpulan Perangsang Selangor Bhd's (KPS) 51 per cent subsidiary Aqua-Flo Sdn Bhd (AFSB) yesterday secured a supply contract from Pengurusan Air Selangor Sdn Bhd (Air Selangor) valued at about RM91.6 million.

The contract, which was secured via an open tender, will run for 14 months from Nov 1 to Dec 31 next year, with an option for extension upon request by Air Selangor.

It is expected to contribute positively to KPS' net assets and earnings in its financial years 2021 and 2022.

KPS managing director and group chief executive officer Ahmad Fariz Hassan said the deal would build on the strong business ties with Air Selangor and provide long-term solutions and

sustainable growth for the water industry.

AFSB will supply, transport, and deliver water chemicals to water treatment centres specified by Air Selangor or its subsidiary and associated companies.

He said the increasing demand for chemicals by the country's largest water operator displayed Air Selangor's confidence in AFSB playing a crucial role in ensuring the sustainability of clean and safe water supply in the state.

"This contract builds on AFSB's ambition to steadily grow market share in the potable water busi-

ness, leveraging the expected increase in water treatment plant capacity in meeting the rising demand for safe and reliable treated water.

Ahmad Fariz Hassan

"Previously, AFSB had won a two-year contract worth RM162.5 million from Air Selangor effective from Nov 1, 2018, to Oct 31 last year, which was extended by 12 months in a deal worth RM81.2 million.

"We expect organic growth in AFSB's order book as it strengthens its sales of chemicals and increases its revenue from the water meter and equipment business segments."

NOV 25 TO 27

SAS 2021 TARGETS 43 EXHIBITORS

Event seeks to revitalise pandemic-hit aviation and aerospace industries

AYISY YUSOF
KUALA LUMPUR
bt@nst.com.my

INVEST Selangor Bhd aims to attract a minimum of 5,000 visitors and 43 exhibitors representing the world's best aerospace and aviation industry players for the inaugural Selangor Aviation Show (SAS 2021).

Themed "Selangor, the Asean Business and General Aviation Hub", it is a networking exposition that allows stakeholders to hold dialogues and share knowledge and offerings to revitalise the industries in a post-Covid-19 pandemic environment.

Menteri Besar Datuk Seri Amirudin Shari said efforts to revive the aerospace industry should start now ahead of an anticipated recovery next year.

"That was why Invest Selangor decided to organise the inaugural SAS 2021 at the Skypark RAC Subang on Nov 25-27," he said at the launching ceremony yesterday.

He encouraged players in the business and general aviation subsector to work with the state government in supporting SAS 2021.

Over the years, he said Selangor had emphasised developing the aerospace ecosystem by promoting investment in industry sub-sectors such as airlines, airports, aerospace infrastructure and manufacturing activities.

"The state is also seeing the significant potential for accelerated growth in the lesser noticed business and general aviation subsector," he said.

Globally, many airlines have collapsing during the pandemic

except for cargo carriers. Air traffic for travellers has fallen significantly and it may take years for the aviation sector to recover.

"However, within all that downside, the business and general aviation subsector has proven to be more resilient as the rate of decline has been lower than airlines and the recovery much quicker and more sustainable," he said.

Since 2018, Invest Selangor has been engaging players in the business and general aviation community, particularly at Subang Airport.

Subsequently, it also conducted a study on the larger aerospace industry, which revealed growth

opportunities in the business and general aviation sector.

State industry and trade committee chairman Datuk Teng Chang Khim said SAS was first mooted in 2019.

"The idea of an airshow in Selangor was initially an ambitious one, with plans for participation from international and regional industry players.

"However, the travel restrictions arising from the pandemic forced us to opt for a smaller event driven by strong local participation."

He said Invest Selangor decided to proceed with the event this year in a bid to assist the pandemic-hit industry.

"SAS 2021 is the culmination of work done by Invest Selangor."

He said some hangars and apron space at the SkyPark Regional Aviation Centre would be deployed for exhibitions and other parallel activities, including static aircraft displays.

The exhibitors include Embraer SA, Dassault Aviation SA, ATS Turbine Service Ltd, Swiss Aviation and Turkish Aerospace Industries Inc.

SAS 2021 is supported by the Malaysia External Trade Development Corporation, the International Trade and Industries Ministry and the National Aerospace Industry Coordinating Office.

Akhbar	:	The Edge
Tajuk Berita	:	Nestle' Malaysia: Helping To Shape A Greener Future For All
Muka Surat	:	11

Nestlé Malaysia: Helping To Shape A Greener Future For All

Conserving the environment: Juan Aranols, Chief Executive Officer of Nestlé (Malaysia) Berhad at a tree planting event

About to turn 110 years in Malaysia, Nestlé, the world's largest food and beverage manufacturer, is a firm believer that sustainability needs to be a key driving force behind shaping the future of its business. At the heart lies the Creating Shared Value (CSV) approach, which is about having a beneficial impact on the communities where the company operates. Increasingly, CSV becomes more closely tied to stewarding the planet's natural resources for future generations and addressing the planet's environmental and climate change threats.

Today, Nestlé is utilising its size, scale and reach to take action on these matters. Accelerating this transformation is the Company's Net-Zero Roadmap, a timebound aggressive plan to halve emissions by 2030 and achieve net zero emissions by 2050. To attain this, Nestlé is scaling up measures against climate change with multiple initiatives to minimise the impact of its operations. This includes reducing the carbon footprint of all its brands, transitioning to renewable energy sources and partnering across its value chain to accelerate action. With a large part of CO2 emissions linked to its supply of raw materials, the company has recently embarked on a regeneration journey driving the adoption at scale of agricultural and farming practices that nurture the soil and protect biodiversity, enhancing its capacity to capture CO2 from the atmosphere.

In addition to the focus on climate change efforts, the company has been scaling up its war against plastic waste by reducing the amount of plastic it uses and creating systems to encourage increased levels of collection, separation at source and recycling.

Plastic waste generation worldwide has been rising at an alarming rate. According to a United Nations report, in the Asia Pacific region alone, plastic waste is expected to reach 140 million tonnes by 2030, with Malaysia among the top 11 contributing countries. Further compounding this problem is that much of this waste ends in oceans, rivers and other water bodies.

Juan Aranols, Chief Executive Officer, Nestlé (Malaysia) Berhad & Region Head of Malaysia, Singapore and Brunei is of the firm view that plastic pollution calls for rapidly shifting mindsets and creating capabilities to adopt a circular economy approach to plastic waste. "Circularity is about creating value by reusing and reprocessing used plastic waste as input to produce new packaging vs. using virgin plastics. We see every day the impact of the plastic waste problem in our shores, lakes and forests. This is why we are ramping up our efforts including working with like-minded stakeholders and consumers across all our businesses."

As part of the Company's sustainability roadmap, Nestlé has made a global pledge to ensure that 100% of its packaging is recyclable or reusable by 2025 and to cut virgin plastic in its packaging by one third by 2025. Four main pillars support this commitment.

Pioneering adoption of environmentally-friendlier packaging solutions

As part of its commitment to achieve a waste-free future, Nestlé continuously innovates to create more sustainable packaging solutions while improving product quality. Providing expertise to develop disruptive, high-quality and safe packaging are scientists and packaging specialists that Nestlé teams up with through its Institute of Packaging Sciences in Lausanne, Switzerland.

The Company has already achieved important breakthroughs. This includes implementing 100% paper straws across its entire UHT range, making Nestlé Malaysia the first large-scale food and beverage company in ASEAN to do so and phasing out over 200 million plastic straws per year in Malaysia.

More than 80% of Nestlé product packaging already features on-pack recycling guidelines

reduced hundreds of tonnes of usage of virgin plastic by eliminating redundant packaging or reducing its idle headspace. We are now advancing to move our entire RTD bottles range to recycled PET, eliminating the use of virgin new plastic. Today, 90% of Nestlé Malaysia's packaging is already designed for recycling with well-over two-thirds of our plastic packaging being already recyclable," said Aranols.

The Company has also heightened its recycling drive by developing new packaging communication aimed at educating consumers on how to properly recycle Nestlé products. This is featured already across a wide variety of Nestlé brands and products.

"Improving the environmental performance of our packaging has become one of the key actions under our sustainability agenda. We have already

Building alliances and partnership to accelerate the roll out of solutions at scale

Recognising that transformational change requires a collective effort, Nestlé leverages the power of multistakeholder partnerships to work towards common sustainability goals.

Established in 2012, MILO® UHT collaborated with Tetra Pak® to launch the CAREton Project to collect used beverage cartons (UBCs) to be recycled into 'green' roofing tiles and panel boards for the construction of sustainable homes. nearly 200 million drink packs have been collected and upcycled. As an example, the different elements of the packs are separated and converted into roofing tiles and panel boards that are used to build homes for Orang Asli communities partnering with EPIC Homes, as well as for community projects in Johor and Selangor.

Additionally, Nestlé recently teamed up with 10 other large FMCG companies in Malaysia to establish the Malaysian Recycling Alliance (MAREA), a voluntary Extended Producer Responsibility (EPR) initiative to further foster circular economy efforts.

A family home using Project CAREton roofing tiles made from recycled drink packs

Encouraging behaviour change and engaging communities to increase recycling rates

To encourage good recycling habits amongst local communities and help to organise collection and separation at source, in 2020, the Company joined hands with the Petaling Jaya City Council (MBPJ) to launch a Recycling and Door-to-Door Collection programme in Petaling Jaya (PJ) as a voluntary EPR initiative, with the aim of implementing a more effective and integrated system of solid waste management.

The programme has reached eight townships in PJ, benefitting over 20,000 households. With a participation rate of close to 80% and collection of over 700 tonnes of recyclable waste, the initiative has been recognised by both the United Nations Environment Programme and Ministry of Environment Malaysia. It is currently being expanded to reach the residents of Subang Jaya and Shah Alam in partnership with the Subang Jaya City Council (MBSJ) and Shah Alam City Council (MBSA).

"We are very pleased that our collection programme is achieving high participation rates and sees a very good response from the community. This is very encouraging and talks highly about the willingness of Malaysians to do their part for the environment.

By providing convenient access to recycling, such as setting up regular waste collection services and educating the public on how to easily segregate waste at home, we are making recycling an easy option for everybody," said Aranols.

Through this programme, the Company aims to drive greater awareness on post-consumer waste and expand the recycling mindset and behaviours to more Malaysian households. The current programmes are set to collect around 2,000 tonnes of waste yearly from 2022 and Nestlé is willing to continue partnering with new cities and states in this programme. This is also supportive of the Government's target to reach a National Recycling Rate of 40% by 2025.

Walking the talk with Nestlé Volunteers

Since 2019, Nestlé Malaysia mobilises every year Nestlé employees who volunteer their time to drive Nationwide Beach Clean-ups. Additionally, some of them participated in the first underwater clean-up event in 2020. In 2020, smaller scale events were done adhering closely to COVID-19 prevention protocols as mandated by authorities. The Company has collected more than 8,000kg of waste at over 20 locations around Malaysia to date.

"Protecting the planet is a shared responsibility. Nature has provided us with an abundance of resources that we have in some ways collectively taken for granted and often squandered. It is this generation's obligation to stop adding more damage to nature and to explore all possible ways to restore the damage done. We owe it to our children and to all next generations to come," concluded Aranols.

Akhbar	:	The Edge
Tajuk Berita	:	Nine bidders for construction of Rasau water treatment plant
Muka Surat	:	22

NEWSBREAK

Nine bidders for construction of Rasau water treatment plant

BY JOSE BAROCK

The tender for the construction of a 700 million litres a day (MLD) Rasau water treatment plant, which closed earlier this month, is understood to have attracted as many as nine bidders.

The tender — valued at between RM1.7 billion and RM2 billion — was called in May by Pengurusan Air Selangor Sdn Bhd (Air Selangor), which has the mandate to supply treated water to Kuala Lumpur, Selangor and Putrajaya.

A contract is likely to be awarded at the end of the year while the construction of the water treatment plant is to be completed in 2024.

Air Selangor executives declined to comment when contacted, citing it as "improper" to reveal any information on the bidders. There is also likely to be confidentiality agreements and requirements in place with regards to the tender process.

Nevertheless, it is understood that of the nine bidders, two are Selangor state-controlled entities while another four are strong public-listed companies, namely IJM Corp Bhd, Gamuda Bhd, Taliworks Corp Bhd and Salcon Bhd. The rest of the bidders are not known and could be smaller private companies.

A source says George Kent (M) Bhd — which has been involved in various segments of the water sector since the early 1990s and undertaken jobs in Port Moresby, Papua New

Guinea — could be partnering with one of the Selangor state-controlled entities bidding for the contract.

"There is a lot of lobbying going on, but I feel the Selangor state entities have a good chance [of winning the contract]," says another source.

A market observer familiar with the water sector questions the high price tag of between RM1.7 billion and RM2 billion, saying that the rule of thumb is that it costs RM1 million per MLD.

An executive with a water treatment concessionaire, however, explains, "What needs to be understood is that the dirtier the water [that needs to be treated], the higher the cost will be. In this case, we are not looking at treating water from the Alps [which is pristine, but quite the opposite in this case]," he says.

The bidders

As far back as 1996, IJM had a 36% stake in the Binh An water treatment plant, which had a 25-year concession to supply treated water to parts of Ho Chi Minh City in Vietnam. In 2009, IJM, Shimizu Corp and UEM Builders Bhd, as part of a consortium, won a RM1.3 billion contract to construct a 45km tunnel through the Titiwangsa mountain range and build a pump station as part of a multibillion-ringgit Pahang-Selangor inter-state water transfer project.

For its first quarter ended June 2021, IJM chalked up a net profit of RM65.68 million from RM1.31 billion in revenue. At the stock's closing price of RM1.88 last Wednesday, the group had a market capitalisation of RM6.85 billion.

Gamuda, meanwhile, held 40% equity interest in Syarikat Pengeluar Air Sungai Selangor Sdn Bhd (SPLASH), the concession holder of the Sungai Selangor Water Supply Scheme Phases 1 and 3, which controlled about 45% of the treated water supply to Selangor, Kuala Lumpur and Putrajaya.

However, in August 2018, SPLASH was sold to Air Selangor for RM2.55 billion. Nevertheless, Gamuda still operates and maintains the Sungai Selangor Dam and the Rasa and Bukit Bandong water treatment plants, which produce as much as 2,000 MLD a day.

For its financial year ended July 2021, Gamuda registered a net profit of RM588.32 million from RM3.52 billion in sales. Its shares ended trading at RM3.26 last Wednesday, translating into a market value of RM8.19 billion.

Salcon is a known water treatment player locally, and had expanded into China, but sold out of those businesses in 2016. Back home, it has a 36% stake in the 1,130 MLD Langat 2 water treatment plant, which was constructed after Salcon and its partners secured a RM1 billion contract in April 2014.

For the six months ended June this year, Salcon made a net profit of RM8.6 million from a turnover of RM303.12 million. Its share price ended at 22 sen last Wednesday, valuing the company at RM222.73 million.

Taliworks' wholly-owned unit Sungai Harmony Sdn Bhd has an operations and maintenance contract for Phase 1 of the Sungai Selangor water treatment plant. Until October last year, the company also operated the water supply and distribution in Langkawi, Kedah.

For the six months ended June this year, Taliworks posted a net profit of RM24.95 million from RM127.54 million in sales. Its share price closed at 83.5 sen last Wednesday, giving the company a market value of RM1.68 billion.

For its first financial quarter ended June, George Kent raked in RM11.79 million in net profit from RM61.28 million in sales. Its shares ended trading at 70.5 sen last Wednesday, translating into a market capitalisation of RM396 million.

While the tender for the Rasau water treatment plant, which is under the first package, closed earlier this month, the tenders for packages two and three — which make up the piping, pump station and retainer pond, or loosely termed the distribution system, valued at around RM1 billion — are understood to have closed in August, but the details are not readily available.

■雪隆21世纪福利会决定筹办“关心社会福利事业，关爱社会弱势群体”活动，筹款目标为30万令吉。

雪州旅游优惠券2.0 可通过Shopee索取

（莎阿南22日讯）即日起，价值雪州旅游优惠券2.0已可通过“Shopee”购物平台索取！

为重振雪州旅游业，雪州政府早前已宣布将于10月发放1万份价值100令吉的雪州旅游优惠券2.0，民众可通过“Shopee”购物平台索取，体验州内的住宿、主题公园之旅。

《当今雪州》报导，雪州旅游局在推特宣布，州旅游优惠券2.0即日起已可索取，可兑换至12月31日，而可使用至明年6月。

雪州旅游优惠券2.0可购买州内35间州旅行社，所提供超过170种有吸引的旅游套餐。

凡是年龄超过18岁的公民，杰克兑换这价值100令吉的优惠，惟每人只限一份及必须通过“ShopeePay”的方式付款。

“这些优惠是不能作为兑换其他产品，兑换优惠券将在索取完毕后后促销期结束后停止。”

Tajuk Berita	:	SelVax Remaja starts, 3,416 students will be vaccinated first
Muka Surat	:	4

(吉隆坡22日讯)

“雪州青少年冠病疫苗接种计划”(Selvax Remaja)启动啦，州内3416名学生将率先接种！

雪州大臣拿督斯里阿米鲁丁发布文告指出，雪州政府将于10月24日启动“雪州青少年冠病疫苗接种计划”，为州内12岁以上的青年接种，地点在巴生班达马兰再也民众会堂，此举是为了加速青少年的接种速度，因雪州个教育学府将陆续恢复实体课程。

[下载SElangkah代碼預約](#)

“雪州青少年冠病疫苗接种计划”的接种中心，主要落在巴生港口州选区、丹绒士拔州选区、武吉兰璋州选区和班达马兰州选区等，时间为早上9至下

午5时。
3416 學生將率先接種計劃

此计划将采取早前的预约方式，即是申请者必须下载SElangkah后透过代码预约。

阿米鲁丁指出，截至目前，共有3416名学生将接种疫苗，包括1235名来自寄宿学校(MITS)、1181名来自宗教学校(SRAI)，以及1000名来自州内50间马哈可兰经私立学校(Maaahad Tahfiz)的学生。

他说，为了确保接种过程顺利展开，校方将会获取一个特别代码，让学生直接透过SElangkah自行预约。

“Selcare会协助没有智能手机，或SElangkah应用程序的学生登记预约，校方必须提供一份疫苗接种同意书，由学生父母让孩子接种前填写。”

■雪州政府将启动“雪州青少年冠病疫苗接种计划”。

公開給已輟學本地學生

除了在籍学生，上述计划也公开给已辍学的本地学生，只要尚未接种或早前透过Selvax，错过次剂者都可前去接种。

阿米鲁丁强调，为了确保雪州没有任何人被遗漏，雪州社区疫苗计划(SelVax Komuniti)将从本月28日至11月1日，在州内所有Selcare诊所提供接种服务。

泥水。
周三一场长命雨，导致高阳苑水淹1尺高，还掺杂黄

作。
水灾发生时，许多垃圾「卡」在水泵，导致水泵发热、难以操

巴生水灾關乎LRT3工地？ 查爾斯吁市會徹查

（巴生22日讯）尽管巴生周三发生大水灾，主要肇因是破纪录的降雨量和涨潮，惟巴生国会议员查尔斯仍提醒各涉及单位不能忽视其它因素，包括要求巴生市议会调查，轻快铁第三干线（LRT3）工地是否是水灾导因之一。

他说，已脱离水灾黑区污名的高阳苑，周三（20日）也宣告失守。

“我周四（21日）联同市议会工程小组、市议员、居民协会代表、水闸水泵维修承包商等，前往当地进行实地考察和讨论。”

他说，水灾发生时，许多垃圾流入水闸，“卡”在水泵，导致水泵过热而影响正常操作，对此，他要求环境服务小组为水闸进行清洁工作，防止水闸在下大雨时，再次“超载”。

“一旦下午超过1小时，市议会必须指示维修承包商到水闸驻守，确保水泵不会受阻，随时都能正常操作。”

有必要提升防洪池

较早前，居民拍下视频，显示当地雨水掺杂黄泥水，高呼市议会主席关注是否与轻快铁工地有关，因此查尔斯也要求市议会进行鉴查工作，确认轻快铁工地是否也造成水灾的可能性。

“当地的防洪池也有必要提升，我已要求市议会进行提升估价，以便尽快展开提升工程。”

他说，在美拉威斯花园方面，市议会其实在2周前已经在令当北昔路（Jalan Lintang Besi）一带展开清沟工作，当时也指示务必清理峇贡路（Jalan Bakong）和令当北昔2路的沟渠。

他指出，当地也将在丹绒路（Jalan Tanjung）兴建一座防洪池、提升该花园一带的排水沟等，预料明年4、5月动工，工程需时约18个月。

■查尔斯（中）向官员们了解巴生周三大水灾的肇因。

促巴生人要有公民意識

今次大水灾，许多垃圾被“冲”上沟渠表面和路边，查尔斯因此呼吁巴生人必须有公民意识，不要再乱丢垃圾，尤其是塑料瓶、家具及其它实物，否则将阻碍排水顺畅，引发水灾。

他说，通常巴生区在2至4个小时内的降雨量超过60毫米，便会发生水灾，而根据雪州水利灌溉局，周三巴生14个测水站，平均值为110毫米至146毫米降雨量，加上涨潮，导致各地沦陷，发生突发水灾。

“14个测水站中，有10个于当天超过100毫米，班达马兰、拉惹鲁慕及肯文路更超过130毫米。”

他指出，为展开长期防洪方案，他已致函巴生市议会、巴生县土地局、雪州天灾管理委员会、雪州水利灌溉局等相关单位，立即安排一场县级灾难委员会特别会议，以便讨论日后如何防止大水灾再度发生。

■阿米鲁丁(左)代表雪州苏丹主持乌雪县议会线上升格仪式。

烏雪縣會升格為市

雪大臣線上主持換新徽章

(乌雪21日讯) 乌雪县议会正式升格为市议会，今日在线上进行升格仪式，同时换上新的市议会徽章。

雪州大臣拿督斯里阿米鲁丁在线上代雪州苏丹主持升格仪式。

乌雪市议会主席莫哈末哈斯里指出，从2000年开始，市议会年收入已达到2000万令吉水平，现今更上升至接近1亿令吉收入。

他在线上致辞时说，市议会也就2019年至2023年乌雪县议会策略蓝图，成立了乌雪县议会捐赠基金 (Tabung Endowment Mdhs)。

成立捐赠基金

“乌雪是首个成立这个基金的地方政府，这个资金是用于支持可持续发展的活动。”

他说，这个基金的目标对象多注重在学生群，确保乌雪范围的学生都有受教育的

机会。

他提及，乌雪县2035年地方发展定下6个发展目标，分别是维护大自然遗产、可持续的社区环境、精明发展概念、道路衔接与完善基建设施、具吸引力的投资配套，以及有竞争力的人文发展。

他指出，市议会朝著上述发展目标，希望在2035年时，乌雪人口可达50万，且将乌雪县打造成运输制作的枢纽。

他说，乌雪会定下4个方向，即是提供公平的发展和经济机会、持续性管理天然资源、打造和谐社区，以及高效率的行政管理。

“我们确保乌雪发展为永续发展、精明和亲投资者的城市。”

冀吸引更多投資者帶動各行業

雪州大臣拿督斯里阿米鲁丁指出，乌雪县议会升格为市议会不仅是名字上的改变，而是要让居民感受到正面的提升。

他说，地方政府状态的改变也意味著行政带来新的转变，要带来更大效益和意义。

“希望乌雪能吸引更多投资者，让当地旅游业和制造业腾飞。”

他说，乌雪县议会成立于1975年1月1日，乌雪县是雪州最大的县署，面积为17万5630.11公顷，占雪州总面积的22%。

他说，乌雪目前人口大约23万7000人，扮演著推动乌雪发展的动力，带动各行各业蓬勃发展。

他指出，工业发展是雪州

其中一个主要经济贡献来源，故2035年雪州发展大蓝图将根据一些工业区现有的能力和潜质聚集在一起。

“乌雪现有的汽车工业 (Industri Automotif) 是乌雪工业投资里面最大经济贡献的领域，占60.5%。”

阿米鲁丁在线上代雪州苏丹主持升格仪式时指出，周四（21日）是一个历史性的日子，不过由于现在面对新冠肺炎大流行，所以升格仪式也必须根据新常态，在线上进行。

他也分享乌雪县议会的历史，包括提及旧时候乌雪以采矿活动为主，双文丹、古毛和叻思都是以锡矿为主的城镇、在1883年发生古毛水坝裂导致淹没了整个古毛城镇等。

提及市议会过往的优异表现

■提及市议会过往的优异表现，他

升格前已有優異表現

乌雪县议会在升格之前已年地方政府改造计划的地方政府之一。

在2020年生产力及创新挑战 (APIC) 获得金奖和2019年国际品管圈大会 (ICQCC) 获得银奖殊荣。

莫哈末哈斯里指出，乌雪县议会也是雪州数码基础设施的初期使用者和大马2020

年地方政府改造计划的地方政府之一。

他说，乌雪县议会透过可持续能源低碳建筑评估，获得2枚钻石证书。

“在雪州地方政府无现金先锋计划，将新古毛宣布为零现金区。”

Muka Surat	:	3

(莎阿南21日讯)雪州资讯科技及数码经济机构(SIDEC)推介第6届大马电商人气大赛，即日起接受报名。

该项大赛AFFIN BANK为主要赞助商。掌管雪州投资、工商及中小型工业事务的行政议员拿督邓章钦在线上主持推介礼。在场者包括AFFIN BANK Executive Director, Enterprise Banking林其雍及SIDEC执行长杨凯斌。

SIDEC前身为雪州资讯科技与电子商务理事会(SITEC)。自2015年中以来，SITEC积极与本地电商社群互动，而大马电商人气大赛是其中一个为本地中小企业量身定做的活动。

24日截止

这项大赛是大马电商顶尖奖项，以奖励最佳创意的本地电商。参与者更可以获得进一步认可，以及在业界打响品牌。

今年参与者有机会在11月3日至16日举行的线上销售比赛脱颖而出。是项赛事放眼200家公司参与。

大赛也增设直播赛事环节，鼓励本地商家使用直播卖货。直播环节占据总分数的10%。全部入围的商家必须在电商平台或线上商店在2021年11月16日前，直播至少10分钟，并且获得至少30人即时观赏。

报名截止日期为10月24日(星期天)晚上11时59分，报名可浏览<https://www.sidec.com.my/topecm2021/>。

電商人气大赛速報名 雪資訊科技及數碼經濟機構推介

鄧章欽：電商趁機轉型

■鄧章欽

邓章欽致词时指出，各行各业面对多项限制，就连电商也面对种种限制，被迫停顿生意。

“无论如何，我很高兴看到许多商家，参与州政府推动的种种活动，趁机进行商业转型，强势归来。”

他说，雪州政府通过旗下机构SIDEC，落实数个活动，持续培养州内电商。

林其雍说为了持续支援电商界的新创企业，已晋入第2年的AFFIN BANK新秀奖再度重返。这项奖项旨在发掘有潜能增长，并在未来获利的商家。

他强调，AFFIN BANK，为新创企业量身订造的交易、金融、保险、谘询、支援等一系列全面的产品服务，来协助他们扩充生意，并在本土及区域内持续增长。

楊凱斌：設立4獎項

SIDEC执行长杨凯斌说，电商人气大赛为SIDEC一大项目，来有意提升和加强大马电商生态圈。

“这项近3个月的赛事共有4万零500令吉现金及其他诱人奖品。”

“评审团将由电商行业翘楚所组成。评分标准分成5大核心，包括产品、平台、宣传、商业潜能以及销售订单数量。”

今年，大马电商人气大赛设立4个奖项，包括最佳人气电商奖、线上100&品牌100商家奖、雪州线上市集商家奖及AFFIN BANK新秀奖。

AFFIN BANK新秀奖设立3大赢家，胜出门槛包括生意潜能、营运少过3年以及必须入围最佳人气电商40强。

民局逮捕和提控上法庭。

诺萨迦的案件目前仍在审讯，但她已在泰国申请到联合国难民卡，并声称获得澳洲政府的庇护，大马警方则尝试将对方带回国。

她日前在社交媒体直播时透露，她已出售在马来西亚的所有生意，并打算在澳洲重新生活及做生意；她也否认此举是逃跑，而是迁移(hijrah)。

■于角落的单层独栋屋子。
 ■诺萨迦在澳洲坎特伯雷的新家，是位

跨性别企业家诺萨迦赴澳寻求庇护

若真有官员性骚扰

雪宗教局：交警调查

警方：依標準作業程序調查

警方被指过度关注跨性别企业家诺萨迦的案件，引起民间抨击，雪州警方刑事调查组主任聂依查尼高级助理总监指出，警方仅是依据标准作业程序调查！

聂依查尼周四（21日）接受大马工业发展金融公司(MIDF)总经理拿督查隆线上访问时指出，警方是依据法庭发出的逮捕令，才展开追捕诺萨迦的行动。

他强调，警方也展开其他案件的调查，不存在忽略其他更重要的案件或过度关注诺萨迦案件的说法。

(吉隆坡21日讯)跨性别企业家诺萨迦控诉过去被宗教执法单位传召问话时，遭官员压在地面“上下其手”后，雪州宗教局(JAIS)回应，若涉及执法人员真的有性骚扰诺萨迦，该局交由警方调查和指控对方。

雪州宗教局总监拿督莫哈末沙兹汉告诉“自由今日大马”，该局早在今年1月，针对诺萨迦的指控报案。

“如果我的官员真的有罪，就交由警方提控他。为什么我要为犯错的人辩护。”

莫哈末沙兹汉也要求人在澳洲寻求庇护的诺萨迦，回国证明这起性骚扰指控确有其事。

“她可以回马报案，或提交任何类似报告。”

他说，诺萨迦做出这样的指控，那么就必须证明，当人们在没有证据的情况下指控时，其他人也可能在没有证据的情况下否认指控。

诺萨迦是在接受美国《纽约时报》访问时声称，她今年1月被宗教执法单位传召问话时，遭至少3名官员压在地面“上下其手”搜身和踹踢，事后还被关押在男性拘留所。

(烏雪22日訊)雪州大臣拿督斯里阿米魯丁表示，配合2035年发展结构大蓝图重整而成的双文丹双溪珠—武吉柏伦东汽车工业区，不仅能让外资信心大增，也将推动乌雪市成为国家交通装配枢纽中心。

他说，随着各大举世闻名的汽车公司如第2国产车、陈唱父子汽车有限公司、组装飞机引擎和轻快铁车厢的LMW Aerospace以及SMH Rail等大型机构纷纷进驻该工业区，使得区域性的经济成长充满活力，并占乌雪市工业发展的60.5%投资额。

“州政府提升和改善此工业区的部分努力，包括计划将之易名为双文丹高值和工业花园区，通过乌雪市广泛的绿林、自然美景和资源，结合现代化的生态系与基本建设，打造成可吸引国内外投资者的高端工业品牌，为居民提供更多就业机会。”

烏雪升格市吸引外資

阿米鲁丁是在代表雪州苏丹主持乌雪升格为市的线上庆典，发表演讲时这么表示。

他说，在有关大蓝图之下，除了划分出双文丹双溪珠—武吉柏伦东汽车工业区，与干净能源有关的行业也将被迁移至冷巴柏冷京一安南再也的特选区进行集中发展。

“因此，州政府相信随着乌雪升格为市，不仅对旅游业和区域性工业有所帮助，也将吸引更多外地投资者。”

哈斯利：6前提4基礎治理

另一方面，烏雪市议会主席哈斯利在致词时，也宣布将16大前提和4大基础治理本市。

他说，6大前提包括在积极发展乌雪市的同时，维护大自然和历史遗产、重建废置逾10年的屋业计划和改善居

民的生活品质、奉行精明管理、打造高效交通系统与基本设施、提供更有吸引力的投资配套，以及培养更具竞争力的人材。

“我们认为公平分享本市财富，是地方政府是治理的基本原则，所以4大基础中将

以公平发展和分享经济机会为首，认真管理和保护自然资源次之。第3和第4分别是社区发展上的提昇与和谐，确保各族和平共处，以及市议会须以更高的效率推行行政工作。”

哈斯利表示，烏雪自2000年以来便每年达到2000万令吉的收入，而今年更达到1亿令吉收入的高峰，各领域的发展是显而易见的。

随着乌雪在昨日（21日）正式升格为市，哈斯利也宣布将改用全新设计的标志。

会议的哈迪雅·沙希拉·哈斯利宣布。

摸黑上路，怕怕！

从吉兰丹瓜吉赖至文冬的中概大道的第5阶段工程—文冬绕道（Bentong Bypass）在月初已正式通车，日前我从吉隆坡准备返乡时，正好路经该路段，有幸抢先走上新路。

我经过文冬收费站后，直接从加叻大道转入文冬绕道前往劳勿，再也不必经过文冬市区，可省下不少时间。

每次返乡，我都习惯在大半夜开车，不仅天气凉爽还不塞车。但这次，我转入文冬绕道后，却发现半段开车的“堵处”，因为文冬绕道上绝大部分的路段，都处于完全没路灯的情况。

由于这还是个新路，并没有多少人使用，半夜的时候更是毫无光影，让我在四周漆黑一片及不熟悉路况的情况下，只能全程打高灯慢速行驶。

幸好，文冬绕道的道路指示牌基本已设置好，让我不会走到“冤枉路”，经过了一段心惊胆战的路段后，终于驶入劳勿，让我放心不少。

总归来说，使用文冬绕道的首次体验还是很不错的，道路宽阔笔直，对于很容易晕车的人来说，绝对是一大福音。我也希望下次再使用文冬绕道时，可以再体验一次摸黑上路。

梳邦SkyPark機場11月25辦展 引領航空業衝上雲霄

(沙亚南22日讯)雪兰莪投资促进机构(Invest Selangor)将于11月25日至27日在梳邦SkyPark机场的区域航空中心举办“第一届雪州航空展”，雪州政府将带领航空业走出疫情“阴霾”，引领行业复苏。

5国际航空机构参与

该航空展主题为“雪州，东盟的商务及通用航空枢纽”，将有55个参展单位，展览包括小型飞机、直升机、喷射机等，并有5个国际的航空机构参展，分别来自巴西、法国、美国、瑞士、土耳其，预计将吸引至少5000人到访。

雪州大臣拿督斯里阿米鲁丁出席雪州航空展推介礼表示，我国从去年3月封锁至今，航空业是受影响最严重的行业，但如今随着人们已经广泛接种疫苗，相信趋势会转变。

航空业明年复苏

他预计航空业在明年开始复苏，并在2024年达到疫情前的水平，因此必须从现在开始努力，这就是为何举办法第一届航空展。

他指出，全马的航空工业，有至少65%设在雪州，梳邦则是其中一个重要的据点，这是自2014年开始收集数据及资料，有超过200间相关公司设在雪州。

他也说，雪州政府也成立了雪州航空委员会，接着推出雪州航空工业行动蓝图、雪州行动计划，并在去年成立雪州达鲁益山航空工业协调办公室(S-DAICO)，雪州有几乎完整的航空生态系统，因此对行业复苏充满信心，该航空展将展示这个生态系统的未来发展。

阿米鲁丁(中)为第一届雪州航空展主持推介仪式。左为邓章钦及右为哈山。(陈敬晖摄)

雪大臣：續吸引高水平投資

阿米鲁丁指出，在2020年，尽管冠病疫情带来挑战，但雪州的经济增长了2.09%，而全国的国内生产总值却萎缩了5.6%。雪州继续吸引高水平的投资，制造业投资额达184亿令吉或45亿美元。

此外，在今年上半年，雪州继续成为我国的主要投资目的地之一，并获得总值46亿令吉的制造业批准投资额。”

他指出，雪州多年来也一直强调通过促进航空业附属领域，如航空公司、机场、航空基础设施和制造活动等投资来发展航空生态系统。

“我们看到了该行业一个不太受关注的附属领域，即商务和通用航空，他们有加速增长的巨大潜力，也是该航空展的主题‘雪州，东盟的商务及通用航空

枢纽’。”

他解释，在世界各地，除了货运航空公司外，许多航空公司 在疫情期间倒闭，旅客的空中交通量大幅减少，该行业需要数年时间才能恢复，然而在这些不利因素中，商务和通用航空已被证明更具弹性。

私人飞机用途广泛

他进一步说明，在疫情期间，许多旅客会选择乘坐私人飞机来降低冠病传染的风险，而且私人飞机在向偏远地区分发医疗和个人防护装备用品方面发挥关键作用，以及私人飞机如何在航空公司无法进入的地区提供紧急医疗服务和流动。

他也说，即使到了今天，私人飞机在冠病疫苗分发上也发挥着关键作用。

鄧章欽：着重商務及通用航空領域

雪州行政议员拿督邓章欽表示，该航空展的构想概念从疫情之前的2019年开始提出，州政府在2019年第四季度推出从2020至2030年雪州航空工业行动蓝图，并在去年5月特别成立雪州达鲁益山航空工业协调办公室(S-DAICO)。

他指出，该展将着重在商务及通用航空领域，将一连3天

举办梳邦机场举办，将公开展给公众、专业人士、业者参与，以在疫情后复苏航空领域。

他说，该展是由雪州政府主办、雪兰莪投资促进机构主办，获得马来西亚对外贸易发展机构(MATRADE)支持，策略伙伴是国际贸易及工业部及国家航空业协调办事处(NAICO)。

一场长命雨，导致高阳苑水淹1尺高，还掺杂黄泥水。

查尔斯促巴生市会 “勿忽视水灾其他肇因”

(巴生 22 日讯) 尽管巴生周三发生大水灾，主要肇因是破纪录的降雨量和涨潮，惟巴生国会议员查尔斯仍提醒各涉及单位不能忽视其他因素，包括要求巴生市议会调查，轻快铁第三干线 (LRT3) 工地是否是水灾导因之一。

他说，已脱离水灾黑区污名的高阳苑，周三（20 日）也宣告失守。

“我周四（21 日）联同市议会工程小组、市议员、居民协会代表、水闸工程师维修承包商等，前往当地实地考察和讨论。”

垃圾流入水闸

他说，水灾发生时，许多垃圾流入水闸，“卡”在水渠，导致水泵过热而影响正常操作，对此，他要求数环境服务小组清洁水闸，防止水闸在下大雨时，再次“超载”。

一旦下午超过 1 小时，市议会必须指示维修承包商到水闸驻守，确保水泵不会受阻，随时都能正常操作。”

较早前，居民拍下视频，显示当地雨水掺杂黄泥水，高呼市议会主席关注是否与轻快铁工地有关，因此查尔斯也要求市议会调查，确认轻快铁工地是否造成水灾的可能性。

“当地的防洪池也有必要提升，我已要求市议会提高估价，以便尽快展开工程。”

他说，在美拉威斯花园方面，市议会其实在 2 周前已经指令北普路一带展开清沟工作，当时也指示务必清理青瓦路和令当北普 2 路的沟渠。

他指出，当地也将再在丹绒路兴建一座防洪池、提升该花园一带的排水沟等，预料明年 4、5 月动工，工程需时约 18 个月。

查尔斯（中）向官员们了解巴生周三大水灾的肇因。

促拟长期防洪方案

今次大水灾，许多垃圾被“冲”上沟渠表面和路边，查尔斯因此呼吁巴生人必须有公民意识，不要再乱丢垃圾，尤其是塑料瓶、家具及其它废物，否则将阻碍排水顺畅，引发水灾。

他说，通常巴生区在 2 至 4 个小时内的降雨量超过 60 毫米，便会发生水灾，而根据雪州水利灌溉局，周三巴生 14 个测水站，平均值为 110 毫米至 146 毫米降雨量，加上涨潮，导致各地沦陷，发生突发水灾。

“14 个测水站中，有 10 个于当天超过 100 毫米，班达马兰、拉惹鲁慕及肯文路更超过 130 毫米。”

他指出，为展开长期防洪方案，他已致函巴生市议会、巴生县土地局、雪州天灾管理

许多垃圾“卡”在水渠，导致水泵发热、难以操作。

委员会、雪州水利灌溉局等相关部门，立即安排一场县级灾难委员会特别会议，以便讨论日后如何防止大水灾再度发生。

大臣：重新推动航空业 雪州航空展充前锋

(吉隆坡 22 日讯) 雪兰莪州将通过举办 2021 年雪州航空展，作为重新推动航空业的前锋。

雪州大臣拿督斯里阿米鲁丁说，人们期待航天业会从 2022 年恢复操作，并可能在 2024 年达到疫情肆虐前的旅

游水平。

他今日为首届 2021 年雪州航空展 (SAS) 主持推介时，这么指出。出席者包括雪州行政议员拿督邓章钦。

2021 年雪州航空展将于 11 月 25 日至 27 日，在梳邦空中公园举行。

虽受疫情行管令影响 雪生产总值增长 2.09%

阿米鲁丁说，我国于 2020 年期间，在疫情和行动管制令的影响下，导致国内生产总值萎缩了 5.6%，但雪州却也创下 2.09% 的增长纪录，通过制造业获得 184 亿令吉投资总额。

“今年上半年，雪州依旧成为全国首选的投资地点，制造业的投资额也达到 46 亿。”

他说，雪州将通过其经济实力逐渐复苏其它行业，包括航空和航天业。

商务和通用航空复苏快

阿米鲁丁说，全国各地除了货运航空公司外，很多航空公司都倒闭，需要数年才能恢复元气，但在所有不利因素下，商务和通用航空 (General Aviation) 更具弹性，复苏度比航空公司更快。

他说，疫情期间，可以看见有者使用私人飞机以减低感染病毒的风险，私人飞机在运

送医疗设备到偏远地区也扮演一定的角色。

他说，自 2018 年雪州投资促进机构就开始积极接触商务和通用航空界人士，尤其是在梳邦机场，并认同商务和通用航空存在增长的潜能。

因此，他鼓励商务和通用航空业者与雪州政府密切合作，支持首届的 2021 年雪州航空展，重振航天业。

阿米鲁丁（中）为 2021 年雪州航空展主持推介礼。左为邓章钦。

邓章钦：重点关注领域 航空展助拯救航天业

邓章钦说，通过举办雪州第一届 2021 年雪州航空展，将有助拯救受到疫情重创的航天业。

他说，航空业已成为雪州的重点关注领域之一，雪州投资促进机构于 2019 年推出《2020-2030 雪州航空工业行动计划书》，打造雪州成为本区域航空工业的枢纽。

他说，2021 年雪州航空展将汇聚全球 30 家顶尖的参展商及 5000 名访客参与，为雪州创造无限的投资商机。

原定 8 月 12 日至 14 日举

办的展览，受到疫情影响，展延至 11 月 25 日至 27 日举行。为期 3 天的雪州航空展，首 2 天仅开放给商务人士，最后一天开放给公众。展会将备有飞机展示、论坛、教育机构开放日及行业参与者的博览会。

有关活动是雪州政府通过雪州投资企进机构举办，并获得马来西亚对外贸易发展机构和国家航空业协调办事处 (NAICO) 支持，今年主题为“雪州，东盟商业 & 航空业枢纽”的航空展。

警：只接獲被打投報 努沙加沒提遭性騷

(八打灵再也22日讯)

本地化妆品企业家兼网络红人努沙加 (Nur Sajat) 申诉他被雪州宗教局执法人员逮捕期间遭性侵犯，雪州总警长拿督阿尊奈迪就此强调，警方仅接获他遭到殴打的投报，而投报中并没提到性侵犯或性骚扰事宜。

阿尊奈迪向网媒“mStar”说，警方迄今并没接获任何有关努沙加被雪州宗教局执法人员逮捕期间被性侵犯的投报。

对于努沙加被殴打的指控，他披露，警方目前援引刑事法典第323条文（蓄意伤人）调查。

努沙加控诉，她年初被宗教局官员传召问话时，遭官员脚踢和推倒在地，甚至遭到猥亵。他在接受美国《纽约时报》采访时说，他于今年1月期间被雪州宗教局传召问话，当时有执法人员把她当成男性，触摸她的私处和胸部，对待他的方式无丝毫同情心或人性。

網紅：他們說我是男人沒關係
“宗教局官員猥亵我”

（吉隆坡讯）本地化妆企业家兼网络红人努沙加 (Nur Sajat) 申诉他被雪州宗教局执法人员逮捕期间遭性侵犯，雪州总警长拿督阿尊奈迪就此强调，警方仅接获他遭到殴打的投报，而投报中并没提到性侵犯或性骚扰事宜。

事件发生后，努沙加向警方报案，几天后，警方称已传召一名宗教局执法人员录供。

努沙加因男扮女装被指贬低伊斯兰，于今年1月被控上庭，她否认有罪后缺席庭审，并于2月逃到泰国，后被判非法入境罪，同时也被我国警方通缉，要求引渡她回国受审。

目前持有联合国难民证的努沙加，随后申请移居第三国家，她日前在社交媒体上载照片，声称已获得澳洲政府庇护，并将迁入在悉尼郊区的新家，准备重新开始。（TSI）

Akhbar	:	Guang Ming Daily
Tajuk Berita	:	There are many causes of flooding in Klang, including monsoons, high tides, and rubbish
Muka Surat	:	4

(巴生22日讯) 周三下午连续下了一场5小时连绵不断的大雨，且遇上涨潮，导致巴生多个住宅区或道路闪电水灾。惟巴生国会议员查尔斯却不排除还有其他肇因，对此走访各个水灾区，以寻找出水灾恶化因素，并向巴生市议会提出多项对症下药建议。

■巴生多个地区水灾后，查尔斯（左二）等人立即安排实地勘察，以了解个别地区的水灾肇因。

季候風 漲潮 垃圾 巴生水患肇因一籬筐

查尔斯周四下午巡视水灾区后向媒体说，据水利灌溉局的数据，巴生区过去2至4小时内的降雨量超过60毫米，便会发生水灾。

“巴生14个测雨站，在周三测到的降雨量平均值为110毫米至146毫米，加上遇上季候风关系，大雨降得比较频密，导致各地沦陷，发生闪电水灾。”

他指出，14个测水站中，有10个于当天超过100毫米，班达马兰、拉惹鲁慕、肯文路更超过130毫米。

查尔斯说，当天下雨的那个时段，刚好也遇上涨潮，雨水无法排出流向大海，因此水闸当天也必须两度关闭，避免海水倒灌进内陆，所以种种因素下，巴生周三多处大水灾。

他披露，由于服务中心接获不少民众和商家的投诉，指今次的闪电水灾，造成了财物和车子受损，对此他隔天就联同市议会工程小组、市议员、居民协会代表等，前往巴生高阳苑巡视，以实地进行考察。

根据了解，当天下大雨时，许多垃

圾流向水闸，并“卡”在水泵，导致水泵过热而影响到操作。对此，查尔斯也要求环境服务小组为水闸进行清洁工作，避免水闸在下大雨时再次“超载”。

他指出，一旦下雨超过1小时，市议会必须指示维修承包商到水闸驻守，确保水泵随时都能正常操作。

查尔斯也建议市议会需尽快定下高阳苑提升工程的拨款，好让提升工程能尽快动工。（TSI）

**雪今起發放旅遊券2.0
1萬份100元等着你**

(八打灵再也21日讯) 从明天起至12月31日，雪州政府将发放雪州旅游优惠券2.0，共有1万份各价值100令吉的旅游券等着你！

雪州政府将会通过网购平台虾皮(Shopee)发放1万份各价值100令吉的旅游券，届时民众在购买雪州旅游产品时可取得100令吉的回扣。

雪州旅游局今日在脸书贴文指出，这项计划共有来自35个雪州旅游机构所推出的逾170个旅游配套。

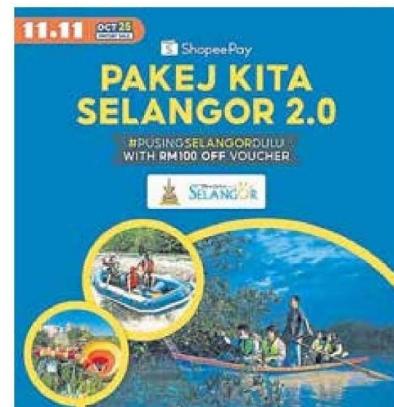

贴文说，符合资格的民众可在有效

期期间使用ShopeePay电子钱包付费购买，以及获得100令吉的回扣。

据官网显示，兑换或旅游有效期则是从明日起至2022年6月30日。获取旅游券的条件包括必须是持有大马卡的国民、以及年满18岁，每人只可领取一份价值100令吉的旅游券。

欲知更多详情，民众可浏览官网 www.selangor.travel。(TSI)

瓜冷沙白安南多爛路 雪財案關注補鄉區路

(沙亚南21日讯)雪州政府将在11月26日提呈雪州2022年的财政预算案，由于目前许多破烂的道路都集中在瓜冷及沙白安南，因此其中一个重点将著重发展和修复乡区的道路设施！

雪州行政议员柏汉昨午出席州政府活动后向雪州官媒《当今雪州》说，修复工程本来就能进行，但受到行管令的影响而被迫暂停，不过如今已陆续动工。

■雪州大臣阿米鲁丁（右二）移交环保袋给官员。右为柏汉（照片取自行政议员脸书）

他指出，在年底公布的财政预算案，其中一个的重点，将著重发展和修补乡区的道路设施。

此外，柏汉披露，由于甘榜的垃圾处理并没有系统化处理，导致垃圾四处，有碍美观，所以州政府将在甘榜集中兴建垃圾处理站。

“州政府也会加强甘榜的行政与管理，好让各甘榜的村长能更系统性管理。”（TSI）
