Hanya sebuah kilang Top Glove beroperasi

PUTRAJAYA: Hanya sebuah kilang sarung tangan Top Glove beroperasi pada masa ini selepas kerajaan mengarahkan 28 kilang syarikat itu ditutup bagi membolehkan pekerja menjalani ujian saringan dan proses kuarantin.

Menteri Kanan (Keselamatan), Datuk Seri Ismail Sabri Yaakob berkata, sehingga semalam, sebanyak 5,795 ujian saringan dengan 2,684 kes positif di kawasan Perintah Kawalan Pergerakan Diperketatkan Secara Pentadbiran (Temco) direkodkan iaitu di asrama lelaki dan wanita pekerja syarikat berkenaan.

Menurut beliau, satu pasukan Task Force diwujudkan bagi me-

nyelaras gerak kerja melibatkan proses saringan, kuarantin dan penutupan kilang Top Glove dianggotai Majlis Keselamatan Negara (MKN) Selangor, Jabatan Kesihatan Negeri, Pejabat Daerah Klang, Majlis Perbandaran Klang dan Ibu Pejabat Polis Daerah Klang.

“Bagi mengelakkan penularan, pihak kilang diarah menjalankan saringan terhadap 2,263 pekerja yang tinggal di luar kawasan Temco dan mereka akan dikuarantin,” katanya pada sidang akhbar di Kementerian Pertahanan di ibu negara semalam.

Ismail Sabri berkata, kesemua pekerja yang disaring dan didapati positif dihantar ke hos-

pital untuk rawatan manakala yang negatif dikuarantin di hotel-hotel yang ditetapkan.

Beliau berkata, jumlah kes di kilang Top Glove itu merupakan penyumbang tertinggi kes Covid-19 di Selangor dan seluruh negara.

Daripada 1,623 kes direkodkan di Selangor kelmarin, sebanyak 1,511 adalah kes daripada kluster melibatkan kilang tersebut.

Sementara itu, Timbalan Ketua Polis Selangor, Datuk Arjunaidi Mohamed berkata, pihaknya menjalankan pantauan di kawasan itu 24 jam bagi memastikan kelancaran ujian saringan Covid-19 dan proses kuarantin.

“Kawalan keselamatan di lokasi PKPD dilakukan secara ketat sejak 17 November dan masih berjalan sehingga kini,” katanya ketika dihubungi *Utusan Malaysia* semalam.

Ditanya mengenai tular gambar pekerja Top Glove menyusup masuk dan keluar ketika PKPD, Arjunaidi menegaskan, perkara itu berlaku sebelum kawalan keta.

“Gambar tular ini sudah lama dan dipercayai diambil pada hari awal pelaksanaan PKPD ketika kita belum memasang pagar atau kawat duri.

“Setakat ini, tiada tangkapan melibatkan warga asing atau pekerja kilang tersebut,” ujarnya.

Careline provides much-needed emotional support to minors during MCO

By AZHA AHMAD
 ahmad@theonion.com.my

EMOTIONAL support for distressed children and adolescents is lacking at a time when it matters most, says a psychologist.

Dr. Azha Ahmad, a clinical psychologist, says that children and adolescents are currently facing a lot of challenges. They are not only dealing with the physical aspects of the MCO, but also the emotional and psychological aspects. They are feeling isolated, lonely, and stressed. They are also facing difficulties in their studies and social interactions.

Dr. Azha says that children and adolescents need a lot of support and care during this time. They need someone to listen to them, to understand their feelings, and to provide them with the necessary support and resources. Careline, a helpline for children and adolescents, is providing such support. It offers a safe space for children and adolescents to express their feelings and seek help. It also provides them with information and resources on how to cope with the MCO.

Dr. Azha says that Careline is a very important service during this time. It is providing children and adolescents with the support and care they need. It is helping them to cope with the challenges they are facing. It is also helping them to stay safe and healthy during the MCO.

Special helpline needed

A separate helpline for children and adolescents is needed. It should be staffed by trained professionals who can provide them with the necessary support and care. It should also be available 24/7, as children and adolescents may need help at any time.

Recap of Bully Bear

Bully Bear is a cartoon character that is used to teach children about bullying. It is a bear who is being bullied by other bears. The cartoon shows how the bullied bear feels and how the bullies behave. It is a very effective way to teach children about bullying and how to deal with it.

Coping with the pandemic

Dr. Azha says that children and adolescents need to learn how to cope with the pandemic. They need to learn how to manage their stress, how to deal with their emotions, and how to stay safe and healthy. They need to learn how to communicate with others and how to work together. They need to learn how to be resilient and how to bounce back from adversity.

Dr. Azha says that Careline is helping children and adolescents to learn how to cope with the pandemic. It is providing them with the support and resources they need. It is helping them to stay safe and healthy during the MCO.

Ease of payment afforded to Subang Jaya traders

By JADE CHAN
 jade@thestar.com.my

MORNING and night market traders in Subang Jaya have been given some leeway with regard to the renewal of licence fees for next year.

"Morning and night market traders cannot fully operate as usual during the Covid-19 pandemic. Those who used to occupy two to four lots can only operate from one lot now," said Subang Jaya City Council (MBSJ) president Noraini Roslan at yesterday's full board meeting.

"These traders are only allowed to work on alternate days or weeks, depending on the operations frequency of the markets.

"All these limitations on trading space are due to physical distancing measures."

Because of these adjustments, Noraini said morning and night market traders only needed to pay for one lot when renewing their licences for next year and that the payment had been split into two six-month sessions.

"Those who used to occupy several lots only need to pay for one lot for the first half of 2021," said the Subang Jaya mayor, assuring traders that they would get back their allotted lots when the situation returned to normal.

"If after June 2021 they are allowed to operate as normal, the traders will have to pay based on the original number of lots they were allotted.

"Payment has been staggered — the first and second half of next year."

Noraini said the payment rate remained the same at RM104 per year for one lot.

"Compared to some local councils that charge more than RM300 per year for one lot, MBSJ's rate is one of the lowest," she said.

"We were hoping to increase the rate next year, but decided against it in light of the pandemic since most traders' income have been affected.

"RM104 only covers the cost of rubbish collection. It doesn't include other expenses such as road maintenance and enforcement."

Noraini hoped traders appreciated the city council's gesture by ensuring the cleanliness of their trading space, including proper waste disposal and not damaging the roads by spilling hot oil.

MBSJ Licensing Department director Muhamad Azli Miswan said the city council started the renewal application for morning and night traders a week ago and the process was expected to end in the first week of December.

"The renewal of licence for this group of traders can only be done at the MBSJ Puchong Indah Hall in Puchong," he said, adding that most traders had agreed to the adjustments proposed by MBSJ.

"All traders have been given an appointment so they can only come on their appointed day, as we are processing applications for a

limited number of trading locations per day."

MBSJ councillor Thomas Low had raised concerns on whether a trader could come on another day if he was unable to meet his appointed slot.

"Some flexibility can be given if one person is unable to make it on a particular date," said Noraini.

"However, we urge traders to cooperate. The schedule has been set so we have a more controlled environment and all traders have a chance to renew their licence without overcrowding the hall."

She added that appointments had been given to traders two weeks prior.

Azli added that the licence renewal for morning and night traders could only be done in person at the hall, which is open from 8.30am to 5pm daily, as MBSJ was also using this opportunity to update its database of traders.

"It's easier for us to collect and update the traders' data in person," he said, adding that the data could be shared with other government agencies when required.

"We also need to update their

data as some phone numbers or addresses could be outdated or missing."

Meanwhile, Azli said most business operators (except those categorised as high risk or require temporary permits) could renew or submit new applications for business trade licences and advertising permits online.

Business operators who require extra guidance can also walk in to MBSJ's office to get the information they need.

On dengue, Noraini said 6,035 positive cases had been recorded as of Nov 21 in areas under MBSJ's jurisdiction.

"There are five hotspots as of Week 47, namely in USJ 3/2, Indera Subang Condominium USJ 6/2, USJ 6/5 to USJ 6/7, Bandar Kinrara 2 and Taman Serdang Jaya 2," she said.

Meanwhile, it was announced at the full board meeting that MBSJ's most recently appointed councillors had been assigned their respective zones.

Mohd Tarmizi Lazim has been assigned to Zone 7, which includes Taman Putra Heights and Kampung Bukit Lanchong.

Muhammad Khairil Khalid has been given Zone 8, which includes Kampung Kenangan, Kampung Batu 13 1/2, Kampung Tengah A and B and Kampung Kuala Sungai Baru.

The appointment of the two councillors from DAP marks the full quota of 24 councillors for MBSJ.

Errant market traders refused entry

21 sellers in municipality defy MPSepang's trading schedule in October

By VIJENTHI NAIR
vijenthi@thestar.com.my

SEPANG Municipal Council (MPSepang) found 21 traders in wet markets in the municipality not adhering to their trading schedule in October.

During the full board meeting, which was done virtually, council president Datuk Abd Hamid Hussain said enforcement officers on duty at the market, told errant traders to go home.

"Traders at all markets have been given a

trading schedule to ensure the standard operating procedures (SOP) outlined by the National Security Council, especially with regard to physical distancing, is observed.

"However, there are still traders attempting to enter the markets on days that they are not supposed to trade.

"Our enforcement officers will deny them entry into the markets.

"On a positive note, generally all 15 morning and night markets in the municipality were reported to have followed the SOP throughout October until Nov 23," he said.

The 21 errant traders comprised seven from Pasar Sari Salak, two from Pasar Sari Dengkil, one from Pasar Malam Taman Murni, two from Pasar Malam Dengkil, three from Pasar Malam Taman Mas, two from Pasar Malam PPSD/2 on Sunday, one from Pasar Malam PPSD/2 on Tuesday and three from Pasar Malam Taman Seroja.

On dengue, Abd Hamid said based on the report for the 47th week ending Nov 22, there were eight cases in the municipality.

"The last time MPSepang recorded a single digit in its weekly dengue case report was in

week 52 of 2014.

"For the last four weeks, it was reported that there were 17 cases in week 46, 13 cases in week 45, 20 cases in week 44 and 18 cases in week 43.

"In comparison to last year, the number of dengue cases dropped by 91 cases, to 2,334 this year," he said.

He added that the low figure in the latest report might have been the result of the conditional and enhanced movement control orders in the municipality, which led to less rubbish dumped indiscriminately,

Incentives for tourism operators in S'gor hit by Covid-19

By KARYN ANNE KRISHNAN

TOURISM operators in Selangor received RM553,000 under the state's economic recovery plan to alleviate losses suffered by them during the movement control order.

The state government handed out RM1,000 one-off special incentives to 553 tourism players during a cheque presentation event at the Bangunan Sultan Salahuddin Abdul Aziz Shah in Shah Alam.

Selangor tourism, environment, green technology and Orang Asli affairs committee chairman Hee Loy Sian said the RM553,000 sum would be divided among 553 recipients.

"The amount will then be subdivided to three groups comprising 486 licensed tour guides registered with Selangor Tourist Guide Association (SGTGA), 16 homestay operators licensed and registered with Tourism, Arts and Culture Ministry and 51 Selangor community hosts," he said.

He assured that the incentive was available to tour guides registered in Selangor, even if they were not born in the state.

"Tourism industry operators in Selangor are facing booking cancellations for events, travel packages, transportation and other services related to tourism, since the pandemic started," said Hee.

"Some operators had to shut down their operations during the movement control order and this has affected their income."

Based on a Tourism Selangor study, the average cash flow resistance of tourism players in the state was between one and six months, he revealed.

"Over 50% of respondents completely shut down operations because their business was deemed non-essential during the MCO," he added.

A research by Malaysian Association of Hotels (MAH) showed that the monthly occupancy rates until December 2020 was expected to be below 40%, hence hotels were operating without making a profit, he added.

"This will result in many industry opera-

tors having to shut down and face the possibility of going bankrupt if this difficult period continues," said Hee.

He shared that the economic recovery plan also outlined a tourism assistance package where tourism vouchers worth RM2mil would be issued.

"RM200 voucher will be given to Malaysians who want to travel in Selangor," he said.

He also said that the second economic recovery package for the tourism sector was being finalised and expected to be launched in mid-December 2020, depending on the Covid-19 situation.

He hoped the incentives and initiatives

would aid operators in reviving the tourism industry in Selangor.

"The state government through Tourism Selangor has intensified tourism promotion activities to boost the industry in Selangor."

"We are focusing on the domestic tourism market with the 'Pusing Selangor Dulu' (Go around Selangor first) campaign and the main focus is on ecotourism, sports, medicine, education, agrotourism and the homestay sector," he explained.

He said the campaign would include joint-venture programmes with hotels, tourist agencies, the media and airlines.

The campaign would be promoted via online and digital advertising initiatives as

well as on billboards in Johor, Kedah, Terengganu, Melaka, Kuala Lumpur and Penang, he added.

He stressed that the state would be mindful of the National Security Council's standard operating procedures amid the Covid-19 pandemic when carrying out its promotional activities.

"Integrated tourism promotions such as experimental tourism packages will be undertaken at nine districts and 12 local authorities in Selangor," he said.

He added that its programme "Jelajah Persona Negeri Selangor" too was aimed at capturing domestic markets such as Penang and Terengganu.

The Jelajah Selangor Bekerja job fair aims to address unemployment in the state.

Helping jobseekers find the right fit

MORE than 6,500 jobs were available at a two-day job fair organised by the Selangor youth, sports development and human capital development committee.

A total of 37 employers participated in the fair, with some setting up booths in community halls at Taman Gombak dan Saujana Utama, while others held online sessions with jobseekers at the locations.

The fair last weekend was the second and third instalments of the "Jelajah Selangor Bekerja 2020" programme, following the kick-off at the Kuala Selangor Indoor Stadium on Nov 15.

According to committee chairman Mohd Khairuddin Othman, the state government remains

committed to continue the job fair — albeit on a smaller scale than planned — and in line with the rules of the movement control order.

The programme, which was previously branded as Selangor Mega Job Fair 2020, serves the same purpose of providing job opportunities, especially to those living in the outskirts, and address the issue of unemployment caused by the pandemic.

Khairuddin said 9,696 applicants applied to attend the fair through its programme partner JobsMalaysia Selangor.

The next in the series of job fairs will be held in Hulu Langat (Nov 29) and Shah Alam (Dec 5 and 6).

Screening 1.7 million

The government wants no repeat of the Top Glove incident where Covid-19 positive cases have hit four figures and forced the manufacturer to close 28 of its factories for now. Besides imposing mandatory testing for nearly 1.7 million foreign workers, operators who crowd their dorms will be fined RM50,000 – per worker, a move which takes effect today.

RM50,000 fine per worker if

PETALING JAYA: Malaysia has imposed mandatory Covid-19 screening for 1.7 million foreign workers in view of the high number of cases involving the group.

And effective today, the authorities will also start imposing a fine of RM50,000 per worker if employers house their foreign workers in crowded spaces.

Senior Minister (Security Cluster) Datuk Seri Ismail Sabri Yaakob, who announced this, said the first phase of Covid-19 screening involving 888,342 foreign workers would be carried out in Selangor, Labuan, Kuala Lumpur, Penang and Negri Sembilan.

"The Human Resources Ministry would start enforcing the Workers' Minimum Standards of Housing and Amenities Act 1990 beginning tomorrow (Thursday)."

"Employers who flout the regulations would be fined RM50,000 per worker," he told a press conference yesterday.

He called on employers to take the initiative to get their workers to undergo Covid-19 tests first without waiting for a directive from the authorities.

"It is better to test early and pay the bill rather than waiting for the disease to spread, as factory operators will suffer greater losses when their premises are forced to shut down

to contain the spread of Covid-19," he said. As for the mandatory screening in phases, Socso would pay RM60 per employee for the rapid antigen test.

Ismail Sabri said it would be a great challenge even if only 1% of the foreign workers tested positive for Covid-19.

"Where are we going to place them?" he said.

Ismail Sabri said Top Glove is the single biggest contributor to the country's Covid-19 cases, accounting for 1,511 cases of the total 2,188 recorded nationwide in a day.

"Of the 1,623 positive cases recorded in Selangor, 1,511 are foreign workers employed at Top Glove."

He said of the 28 factories, 27 had been ordered closed, while another would be ordered to be closed pending Covid-19 screening of all its employees and 14-day quarantine order.

"Overall, the Top Glove employed 11,215 workers. Until Nov 25, a total of 5,795 screening tests had been conducted, of which 2,684 had returned positive."

He said the authorities had imposed enhanced movement control order (MCO) at the male and female hostels effective Nov 17.

"And some 2,263 of its workers who are not staying in the hostels would also be quarantined."

"Residents nearby need not worry as all

workers are screened and placed in quarantine centres, including the Gold Coast hotel in Klang Sentral and a stadium in Pandamaran."

He said a task force had been set up to monitor the situation at Top Glove factories. The task force comprised Selangor National Security Council, state Health Department, Klang District Office, Klang Municipal Council and Klang police.

"The Health Ministry and the taskforce would continue monitoring and assess the situation from time to time," he added.

Ismail Sabri said they have also imposed an isolation programme for Kuala Lumpur International Airport cargo workers following an increase in number of positive cases

involving the Kaya cluster.

"Based on the Health Ministry's risk evaluation, we have agreed to implement the isolation programme for MASKargo workers who have tested negative for Covid-19, and confirmed healthy without any symptoms."

"This isolation programme is enforced for 14 days from Nov 26 to Dec 9."

"They will be placed at Tune Hotel KLIA Aeropolis, with stringent standard operating procedure and monitoring," he said.

EDUCATION FOR THE FUTURE

AS SOON as Prime Minister Tan Sri Muhyiddin Yassin announced the movement control order (MCO) in March 2020, the lives of every Malaysian were completely changed.

NOT only were citizens requested to stay home, but all outdoor activities were also restricted to stem the tide of Covid-19 infections in the country, with one of the affected groups being students at institutions of higher learning (IHLs).

As a result, the teaching and learning process moved from face-to-face to online through smart-phones or computers with internet facilities, but most importantly, the MCO did not break the process of teaching and learning at IHLs.

This remained the case even when IHLs were again tested by the conditional MCO starting Oct 14, since extended to Dec 6, with complete execution of online teaching and learning for 14 weeks.

This moment in time showcases the importance of technology in line with the fourth industrial revolution, such as the Internet of Things and big data, simultaneously with the launch of the ninth thrust of the Malaysia Education Blueprint 2013-2025 for world-class online learning, which varies the ways of teaching and learning online for tech-savvy students.

Accordingly, such attention has been given to the platform through the launch of the Data Plan package - in partnership with telecommunication companies including Celcom, Digi, Telekom Malaysia and as well as Yayasan YTL and Lembaga Tabung Haji - to IHL students, where students are given

Online learning such as MOOC is key for the future of education.

SIM cards.

This is in addition to various assistance and initiatives such as the RM50 cash aid, laptop assistance and special discounts from device manufacturers such as Acer and Samsung, which is intended to ease the burden of IHL students in ensuring smooth and effective online teaching and learning.

It is the hope of the Higher Education Ministry that the assistance provided is leveraged by students to enable the advancement of teaching and learning with the establishment of the Massive Open Online Course (MOOC) in public universities.

According to Kolej Universiti Islam Antarabangsa Selangor senior lecturer Dr Ghazali Zainuddin, the execution of MOOC must be widely encouraged as Generation Y is more

accepting of change and innovation and are quick to learn and adapt to e-learning. UPM was among the first public universities actively applying MOOC in its operations, having introduced PutraMOOC in April 2014 as a selected learning tool among students and lecturers. Thus far, around 28 MOOCs have been developed by UPM lecturers.

Some may still ask: What is MOOC?

In general, MOOC are courses that are conducted online with trending and current titles to attract student attention. These are developed by lecturers and range from general or niche courses to lifelong skills and professional development courses.

According to the MOOC Development Guidelines, the format of the course should be in the

form of a five-minute video on a topic, alongside interactive multimedia content to strengthen student understanding.

Each topic needs to have subtopics, the results of studying the topic and interactive topic content, followed by activities such as quizzes, problem solving and the like. In addition, assessments - including quizzes with multiple choice or answers and fill-in-the-blank formats - are also prepared by lecturers and automatically graded.

To add to the student's knowledge, the development of MOOC courses must also provide them with additional references like videos, journal articles in PDF and so on.

As can be seen, the process of developing an MOOC course is not simple, as lecturers have to choose the right members that are skilled

to become graphic artists, video crew, editors and more. That said, the challenge can be overcome as membership is not limited to only lecturers, but also students and support groups that are knowledgeable and skilled in technology.

The quality and originality of topics and content of MOOC courses are vital, which is why every MOOC course goes through a quality control process overseen by the quality assurance committee.

Although MOOC is an alternative for lecturers, it is also important to note that students must be guided in using MOOC as the two-way interaction will boost existing understanding.

As a result, students today known as Generation Y, do not only rely on face-to-face learning, as they require teaching and learning methods that are fast and easy, which is where MOOC comes in.

This means that MOOC will continue growing as the newest and latest concept in virtual teaching and learning, by continuously improving the current systems according to current needs.

As Universiti Tun Hussein Onn lecturer Dr Mohd Erfy Ismail's research shows, the use of MOOC has managed to raise the motivation and interest of students by making learning more interesting, which in turn means that the usage of MOOC should be expanded further to all lecturers for the future of education.

Dr Akmur Hayati Ahmad Ghazali is an Associate Professor at Universiti Putra Malaysia and a guest writer for MoHE.

Police reopen Teoh Beng Hock case

THE police have reopened investigations into the death of Teoh Beng Hock, a political secretary to a state executive councillor, under Section 342 of the Penal Code (Wrongful Confinement).

In a written reply on the Parliament website, the Home Ministry said the earlier investigation papers had been referred to the Attorney-General's Chambers (AGC) on Feb 24 and police were told to continue with the investigations.

"The police have been directed to submit the papers to the AGC when investigations are completed.

"The police have recorded statements from 13 witnesses so far and investigations are in progress," the ministry said in response to a question from Lim Lip Eng (PH-Kepong).

Lim had asked for the latest update on the case and the number of witnesses whose statements have been recorded to facilitate investigations into Teoh's death.

Teoh was found dead on the fifth floor of the Plaza Masalam building in Shah Alam on July 16, 2009.

He had earlier been interviewed by the Malaysian Anti-Corruption Commission at its office on the 14th floor

of the same building.

Teoh was then political secretary to Local Government, New Village Development and Legalising of Factories Committee chairman Ean Yong Hian Wah, who was also Seri Kembangan state assemblyman.

On Nov 18 last year, the police set up a special investigation team involving the Selangor and Bukit Aman criminal investigation departments to reinvestigate Teoh's death following a directive from the AGC on July 16, 2019. The case was previously classified as "sudden death". - Bernama

疫情結束攤格數量不變

巴利業者無需擔心

(梳邦再也25日訊)梳邦再也市政廳向擁有多个攤格的巴利業者保證，雖然目前因疫情關係，只能在1個攤格營業，但在疫情結束後將能恢復原狀，取回原有的攤格數量。

梳邦市長諾萊妮說，目前梳邦再也區因新冠疫情所致，早市巴利與夜市業者雖能繼續營業，惟規定業者只能用1個攤格營業。

“有的業者可能有3至4個攤格，但如今只能利用1個攤格營業，同時市政廳只徵收1個攤格的執照費用。”

她說，有的業者擔心會因此失去原本的攤格，但她保證不會出現此情況。

她指出，待恢復正常後，業者原有的攤格都會保留。

她今日主持常月會議後，在記者會上如是指出。

她說，目前小販只能用1個攤格營業，因此執照費也只是徵收1個攤格，若小販還是依舊支付全額，市政廳會將余額抵消來年的執照費。

只收1攤格執照費

她指出，在更新明年執照上，市政廳也依原業者狀況，將其分為半年制。

“過去執照是一次過更新1年，

■梳邦再也召開常月會議，討論各項事務。

不過目前業者可以只繳交明年上半年的執照費。

她說，若明年6月能夠恢復正常，業者能全面恢復營業後，執照費也會恢復原狀，按照其擁有的攤格計算。

出席者還有副市長朱古納因。

僅武吉英達禮堂設櫃台更新執照

諾萊妮說，過去市政廳會安排流動櫃台，方便小販更新執照，今年仅在武吉英達的禮堂設立櫃台。

“我們2周前已通知巴利或夜市業者，並安排他們在不同時段前往更新執照。”

她說，若業者無法在安排好的日期前往，也可以在其他時段前往更新。

她希望業者盡量在安排好的日期前往更新，以免其他日子出現太多人潮。

她說，目前早市巴利或夜市業者仍需线下更新執照，而其他業者則可線上更新。

■梳邦再也升格為市後，全體市議員與市長再次拍攝，左3起朱古納因、諾萊妮、市議員叶國榮。

諾萊妮：擱置調漲小販執照費

諾萊妮說，市政廳原定今年調漲小販執照費，但因疫情關係而擱置。

她指出，梳邦再也區的執照費是全雪州最便宜，每年僅104令吉，雪州最高者是每年300令吉以上。

“我們原本要在今年調整，但現今情況不適合，如今就當

是給予業者津貼，調整執照費一事在疫情好轉後再談。”

她指出，市政廳徵收的執照費，其實只夠支付清潔巴利的費用，其中包括清理垃圾，每個攤格每周需2令吉清理費用。

她說，其餘市政廳重鋪巴利道路、執法等，都沒有另外收費。

她指出，市政廳對小販慷慨，也希望業者們合作，照顧好本身的營業場所，減少垃圾，保持營業場所的清潔衛生。

“業者們是在路上擺攤，我們希望業者能減少對道路的損傷，如不要把油、水等潑在路面上，延長道路的使用壽命。”

她說，業者也應盡量把垃圾分類，可以再循環的就再循環，不能的就打包好等待承包商清理，避免垃圾掉入溝渠。

市政廳收入2億5200萬近達標

今年截至11月22日為止，市政廳收入為2億5200萬令吉，已達預計的98%。

諾萊妮指出，今年因疫情影响收入，市政廳也因此修正預計收入，從原本的3億500萬令吉，下調至2億5600萬令吉，減少15%或4800萬令吉。

“這項修改已考量到來自中央政府及州政府的經濟振興配套。”

她說，市政廳考量人民困苦，也提供多項援助給業者及居民，包括豁免3個月租金、分期付款繳付門牌稅、豁免違章罰款、給予交通罰款50%折扣、归还喬成月市集訂金等。

她說，為了增加市政廳現金流，市政廳鼓勵民眾使用線上繳費系統，如加強一站式中心的線上繳費系統，在線上申請執照與更新，讓民眾可透過電子錢包繳費門牌稅等。

骨痛熱症病例累計6035宗

諾萊妮說，截至11月21日，梳邦市共出現5個骨痛熱症黑區。

她呼籲民眾，照顧好自己的居所，別讓蚊蟲在居所滋生。

她指出，在第47周，即11月15日至21

梳邦再也市政廳常月會議

疫情特殊處理

夜市小販只需繳1攤格租金

(首邦市25日讯) 由于受到冠疫情影响, 以新常态运作的夜市, 每个小贩只允许摆1个摊位格, 而梳邦再也市政厅也允诺暂时减收1个摊位格的租金, 并承诺将保留他们其余的摊位格。

梳邦再也市长诺莱妮今日主持梳邦再也市政厅常月会议时表示, 部分夜市小贩拥有数个摊位格, 但最近受冠疫情影响, 在夜市重新营业后, 夜市小贩只允许摆1个摊位格, 拥有数个摊位格的小贩也不例外。

“在这段期间, 市政厅只向夜市小贩收取1个摊位格的租金, 并允许他们分2次缴还明年的租金。”

小贩其余摊格获保留

她说, “市政厅也承诺会保留他们其余的摊位格, 直到日后夜市如常营业及小贩摆回数个摊位后, 才向小贩收取全数摊位的

租金。我们明白部分夜市小贩的生意受到影响, 收入不如从前。同时, 夜市小贩赞同我们的做法, 并在夜市重开后, 如常开档营业。”

她也说, 即使市政厅在现场设有柜台向夜市小贩讲解, 但她明白夜市小贩的担忧, 担心无法保留摊位格。

“单单设柜台跟小贩讲明是不够的, 我们将发出通告给小贩, 以解除小贩的担忧。”

勿将热油倒柏油路

另外, 她也吁请夜市小贩在摆摊营业的同时, 也要配合维持环境卫生, 尤其不要随地丢垃圾及不要将热油倒在柏油路, 避免破坏柏油路的表层。

“欲更新营业执照的夜市小贩, 可根据市政厅安排的时间表, 到市政厅位于蒲种英达的礼堂办理。同时, 我们也要求夜市小贩更新个人资料, 以方便我们给予援助。”

疫情影响减15%

市廳今年進賬2.56億

诺莱妮表示, 市政厅今年的预算总收入为3亿零500万令吉, 惟受冠疫情影响, 预计收入会减少15%或是4800万令吉, 即只得2亿5600万令吉。她说, 该预算包含联邦政府及州政府的振兴经济配套。

“截至目前, 市政厅共收到2亿5200万令吉收入, 即预计总收入的98%。另外, 市政厅共有1亿2100万令吉储备金。”

她说, 作为关怀人民的地方政府, 市政厅透过数个援助计划支援有需要的民众, 包括豁免市政厅管辖的组屋、档口及美食

中心的3个月租金、允许分期付款缴还门牌税、豁免迟交门牌税的罚款、交通罚单折扣50%以及归还斋戒月市集的订金等。

“同时, 为减少接触, 民众受促使用电子钱包或线上银行缴交市政厅的费用及使用网上申请及更新执照。”

不邮寄门牌税省60万

她也说, 为节省费用, 市政厅改用电邮及电话方式寄出门牌税单, 民众可打印门牌税单或使用网上方式缴付门牌税。

“透过此方式, 市政厅可每年省下60万令吉费用。”

梳邦市厅向巴刹业者保证 疫后恢复原有摊格数量

(梳邦再也 25 日讯) 梳邦再也市政厅向拥有多个摊格的巴刹业者保证，在疫情结束后，让业者取回原有的摊格数量，恢复原状。

梳邦市长诺莱妮说，目前梳邦再也区因冠病疫情影响，早市巴刹与夜市业者虽能继续营业，惟规定业者只能用 1 个摊格营业。
 “有的业者可能有 3 至 4 个摊格，如今只能拥有 1 个摊格营业，而市政厅也只征收 1

个摊格的执照费用。”

目前 1 业者 1 摊格

她说，有的业者担忧会因此失去原本摊格，但她保证不会出现此情况。

她今日主持常月会议后指出，目前小贩只能用 1 个摊格

梳邦再也常月会议

营业，因此执照费也只是征收 1 个摊格，若小贩是支付全额，市政厅会将余额抵消来年的执照费。

执照费为半年制

她指出，更新明年执照方面，市政厅体谅业者状况，将其分为半年制。

“过去执照是一次过更新 1 年，不过目前业者可以只缴交明年上半年的执照费。”

她说，若明年 6 月能够恢复正常，业者可全面恢复营业后，执照费会恢复原状，按照其拥有的摊格计算。

出席者还有副市长朱古纳因。

市厅暂不调涨执照费

诺莱妮说，市政厅原定今年调涨小贩执照费，因疫情关系而搁置。

她指出，梳邦再也区的执照费是全雪州最便宜，每年仅 104 令吉，雪州最高者是每年 300 令吉以上。

“我们原定今年调整，但现今情况不适合，如今就当是给予业者津贴，调整执照费一事在疫情好转后再谈。”

她指出，市政厅征收的执照费，其实只够支付清洁巴刹的费用，其中包括清理垃圾，每个摊格每周需 2 令吉清理费用。

她说，其余市政厅重铺巴刹道路、执法等，都没有另外收费。

她指出，市政厅对小贩慷慨，希望业者们合作，照顾好自己的营业场所，减少垃圾，保持营业场所的清洁卫生。

“业者是在路上摆摊，我们希望业者能减少对道路的损伤，如不要把油、水等泼在路面上，延长道路的使用寿命。”

她说，业者也应尽量把垃圾分类，可以再循环的就再循环，不能的就打包好等待承包商清理，避免垃圾排入沟渠。

武吉英达礼堂设更新执照柜台

诺莱妮说，过去市政厅安排流动柜台，方便小贩更新执照，今年仅在武吉英达的礼堂设立柜台。

“我们 2 周前已通知巴刹或夜市业者，安排他们在不同时段前往更新执照。”

她说，若业者无法在安排

好的日期前往，可在其他时段前往更新。

她希望业者尽量在安排好的日期前往更新，以免其他日子出现太多人潮。

她说，目前早市巴刹或夜市业者仍需线下更新执照，而其他业者则可线上更新。

截至 11·22 市厅收入 2.52 亿

今年截至 11 月 22 日，梳邦再也市政厅收入为 2 亿 5200 万令吉，已达预计的 98%。

诺莱妮指出，今年因疫情影响收入，市政厅因此修正预计收入，从原本 3 亿 500 万令吉，下调至 2 亿 5600 万令吉，减少 15% 或 4800 万令吉。

“这项修改已考量到来自中央政府及州政府的经济振兴配套。”

她说，市政厅考量人民困苦，也提供多项援助给业者及居民，包括豁免 3 个月租金、分期付款缴付牌照费、豁免迟缴罚款、给予交通罚款 50% 折扣、归还斋戒月市集定金等。

她指出，为了增加市政厅现金流，市政厅鼓励民众使用线上缴费系统，如加强一站式中心的线上付费系统，在线申请执照与更新，让民众可通过电子钱包缴付牌照费等。

梳邦再也升格为市后，全体市议员与市长拍摄纪念照。左三起为古纳因、诺莱妮及党鞭叶国荣。

截至 21 日累计 6035 蚊症

诺莱妮说，截至 11 月 21 日，梳邦市共累计 6035 宗青

痛热症病例。

她指出，在第 47 周，即

11 月 15 日至 21 日，梳邦市共出现 5 个青痛热症病例。

她呼吁民众，照顾好自己居所，别让蚊虫在居所滋生。

此外，她指出，截至本月

23 日为止，梳邦市共有 360 宗 2019 冠状病毒病确诊病例。

她希望民众遵守标准作业程序，减少病毒传播。

雪政府拨款千万元 改善士加末河防洪

（加影 25 日讯）雪州政府拨款 1000 万令吉提升士加末河（Sungai Segamat），以期解决冷岳河河水泛滥，导致加影与无拉港地区水灾的问题。

雪州行政议员许来贤说，这项提升工程包括加深河床及兴建河堤，工程涉及 10 公里河道。

他今午在水利灌溉局乌冷

县工程师卡莱和加影市议员林金瑛陪同下，巡视甘榜双溪士加末的河段时，这么指出。

他说，该河段之前有承包商进行挖沙工程，惟挖沙工程破坏了河岸边及没有照顾环境，3 周前被州政府下令停工。

他希望河道提升后可改善冷岳河河水泛滥的问题。

水利局拨逾68万 冷岳河展6防洪计划

许来贤说，自从 7 月 18 日发生加影大水灾后，雪州水利灌溉局拨款 68 万 6693 令吉在冷岳河各地区河段进行 6 项防洪计划。

“这包括修复双溪玛斯花园河段的河堤、巴西莪玛斯花园河段的河堤、甘榜占布河段的河堤以及亲善花园河段的河

堤，并已竣工。”

此外，位于曼达岭巷的河段，河堤修复工程已完成 95%，而甘榜双溪士加末的河段，修复工程完成了 95%。

他说，这些防洪计划是在今年 7 月发生加影大水灾后进行，工程涉及的地区包括加影州选区和无拉港州选区。

廉价酒店充隔离中心 巴生居民挂横幅反对

报道
 潘丽婷

(巴生 25 日讯) 巴生区廉价酒店充作外劳隔离中心，引起民众不满和反弹，甘榜十一里就有民众挂起横幅反对！

巴生市议员李富豪指出，这事件是从两星期前发生，惟迄至未有官方代表解释或回应此事。

应透明化处理

他接受《南洋商报》访问时直言，民间的忧虑、疑问不断在发酵，早前就有人在社交媒体发表不满，目前则在甘榜十一里首现挂上横幅反对。

“我非反对酒店充作隔离中心，而是官方需要对外透明宣布，包括用意、采取的标准作业程序、有否限制外劳行动、警员有否 24 小时驻守，防隔离者移动等。”

“酒店业者的员工或供应商是否知道酒店现状？担心若是有所隐瞒或疏忽的情况，会交叉感染给身边亲友。”

有民众在甘榜十一里挂上横幅，反对当地廉价酒店被充作外劳隔离中心。

富皇酒店面簿澄清 收容手套厂康复员工

(巴生 25 日讯) 旗下多家廉价酒店成为顶级手套劳工“住所”的巴生富皇酒店 (Comfort Hotel) 澄清，该酒店没有收容任何确诊者，而是收容康复者，希望外界不要恐慌和担忧。

该酒店在面簿发表三语贴文，承认该酒店确实让顶级手套的员工充作隔离中心，但收容的该厂员工都是已康复的病患者。

“该厂宿舍目前已关闭消毒，这些员工暂时无法回到原来的宿舍。”

文告说，顶级手套为了在这段时间，解决员工的住宿问题，才会选择将员工送到酒店。

该酒店强调，会与顶级手套严格遵守防疫标准作业程序，同时会定时在酒店进行消毒工作，继续严格执行所有的预防措施。

頂級手套員工宿舍很糟 人資部長指示勞工局調查

(八打灵再也25日讯)“員工宿舍很糟糕!”人力资源部长拿督斯里沙拉瓦南指出,他曾亲自巡视顶级手套的员工宿舍,发现环境与卫生条件都极为糟糕,已指示劳工局专注调查顶级手套工厂的工作和员工住宿条件,预料可在一周内完成调查。

“我去过他们的员工宿舍,那里的居住条件真的很差。我已指示劳工局官员进行调查,如果我们没有采取行动,这个感染群可能失控。”

忧感染群病例失控

他接受英文《星报》访问时表示,若发现工厂违反条例,该部将毫不犹豫地采取行动。

他也要求资方负责改善员工宿舍环境。

雪州新冠确诊病例近日激增,昨日更高达1632宗,其中大部分涉及巴生中路顶级手套工厂的“莲花路感染群”。

沙拉瓦南指出,有关公司必须严格遵守国家安全理事会的指示,分阶段关闭工厂。

顶级手套在全国共有超过2万1000名员工,而在巴生共有28间工厂。国安会日前已指示分阶段关闭工厂,以便卫生部对员工进行新冠病毒检测。(TSO)

蓮花路感染群確診率69.8% 5777人檢測4036確診

(巴生25日讯)根据卫生部的最新资料显示,由顶级手套工厂所引发的“莲花路感染群”,在5777人接受新冠病毒检测中,共有4036人证实确诊,确诊率高达69.8%;其中本地公民有190人,外籍人士则有3846人。

由于莲花路感染群的确诊病例激增,国防部高级部长拿督斯里依斯迈沙比里于23日宣布,巴生中路的28间手套工厂将分阶段关闭,好让顶级手套能为全体员工进行新冠病毒检测。

頂級手套首阶段关7厂

位于巴生中路莲花路的顶级手套7间工厂,即日起被令关闭14天,直至12月8日。至于其余被指示要关闭的工厂,则按阶段陆续关闭。

不过,据顶级手套日前发出的文告,公司的16间工厂自11月17日已停产,其余的12间则以约20%的产能运作;但之后会分阶段关闭,好让员工可以进行新冠病毒检测,并对厂房进行全面消毒。

巴生县卫生局局长玛希达今日上午前往巴生莲花路的顶级手套F4工厂张贴关闭通知后,向媒体指出,随着顶级手套工厂员工的新冠病毒确诊激增,卫生部为此下令7间工厂即刻关闭,停止运作。

她说,该局今早援引1988年传染病预防和控制法令,向这7间工厂发出关闭指令,以遏制新冠病毒疫情持续扩散。

她披露,首阶段有7间工厂今日起关闭,其余的工厂则会陆续关闭。

“卫生局会分4个阶段,来逐步关闭顶级手套受影响的工厂。”

玛希达说,在关闭的14天中,工厂管理层必须为全体员工进行新冠病毒检测,并且为工厂消毒和遵守防疫标准作业程序。

武吉丁宜出現確診者

莲花路感染群可谓“遍布”巴生区,如今连远在巴生南区的武吉丁宜也有人中招。

根据巴生武吉丁宜2维亚利斯特花园(Taman Vialis)居民协会昨晚证实,该花园31C路一住家出现一名确诊病例,家属确认确诊者为顶级手套员工。

目前确诊者仍在等卫生部医护人员接走,家人暂时都不外出。居协发文告,希望卫生部能为确诊者住家消毒,以降低社区传播。

居协愿意遵循政府的指示,若要隔离该住家可告知,居协给予协助,确保社区的健康受保障。居协同时促请居民遵守防疫标准作业程序。(ITE)

充頂級手套康復員工宿舍 富皇酒店沒收確診者

(巴生25日讯)因近日屡传巴生有酒店收容新冠确诊者的消息,饱受谣言困扰的巴生富皇酒店(Comfort Hotel)澄清,酒店没收确诊者,促外界勿恐慌。

富皇酒店通过脸书发布三语帖文,澄清酒店确实给予顶级手套工厂员工充作隔离中心,但收容的都是已康复的病者,但因顶级手套工厂的宿舍目前关闭,员工暂时无法回到宿舍。

顶级手套公司为了了解员工的住宿问题,才将员工送到酒店。

酒店强调,会与顶级手套公司严守防疫标准作业程序,同时会定时在酒店各处消毒。

富皇酒店希望各界勿传递不实的信息,避免引起恐慌,相反大家应该为抗疫尽一分力,全力对抗疫情。(ITE)
