PENA DR. AYMAN
Dr. Ayman al-Akti

PADA hari ini, sedang berlangsung muzakarah yang sangat penting bagi umat Islam di Malaysia, iaitu Muzakarah Falak Peringkat Kebangsaan Tahun 2021.

Ia anjuran Jabatan Kemajuan Islam Malaysia (Jakim) dengan kerjasama Jabatan Mufti Kerajaan Negeri Negeri Sembilan di Klana Resort Seremban, Negeri Sembilan.

Bagaimanapun, penulisan ini bukan untuk mengulas tajuk atau perbincangan di dalam muzakarah tersebut. Sebaliknya memberi sedikit pencerahan kepada pembaca akan pentingnya ilmu falak atau astronomi bagi umat Islam.

Ilmu falak adalah ilmu mengkaji cakeraawala atau makhluk Allah SWT yang berada di luar angkasa seperti matahari, bulan, bintang, planet serta kaitannya dengan planet kita duduki iaitu bumi.

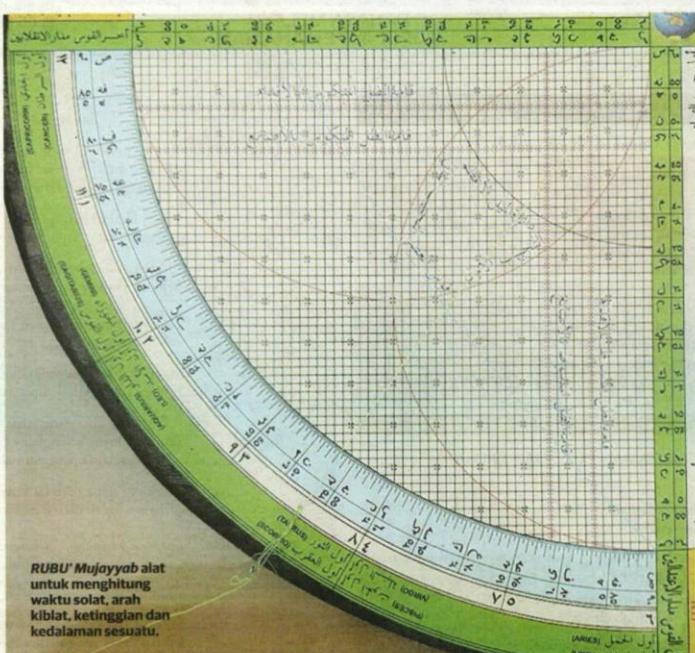

Umumnya ia sangat diperlukan manusia untuk mengetahui tarikh, waktu, perhitungan tahun, ramalan fenomena astronomi dan sebagainya.

Menurut Islam, ilmu falak termasuk ilmu yang sangat penting kerana ia berkait dengan ibadah setiap muslim seperti waktu solat, penentuan kiblat, penentuan masuknya 12 bulan hijrah yang baru, jangkaan terjadinya fenomena gerhana bulan dan matahari.

Maka, apabila waktu solat tidak dapat diketahui melainkan dengan ilmu falak, ilmu ini menjadi suatu tuntutan bagi mereka. Dalam kaedah Usul al-Fiqh yang terkenal terdapat pernyataan: Sesuatu yang wajib tidak akan sempurna melainkan dengan sesuatu itu, maka sesuatu itu juga menjadi wajib.

Ulama Islam pun sejak awal sudah mencurahkan kepakaran mereka dalam ilmu falak ini seperti Imam al-Khawarizmi (w. setelah 232H/847M). Beliau sudah menterjemah dan melakukan transmisi ilmu falak dan matematik dari Bahasa Latin ke Bahasa Arab dengan beberapa penemuan baru.

Pada abad ke-14 dan 15 Masih pula, lahir seorang sultan dari Dinasti Timurid

Kepentingan ilmu falak bagi umat Islam

bernama Mirza Ulugh Beg (w. 1449M) dan meninggal di Samarkand. Selain sebagai sultan, beliau juga seorang ahli falak tersohor yang berjasa menyusun jadual falak untuk penghitungan *imkan al-ru'yah* (kemungkinan melihat anak bulan), gerhana matahari dan gerhana bulan.

Jadual ini dikenali dengan *Zaij Ulugh Beg*, ia diajarkan di pondok-pondok di alam Melayu seperti yang terkandung dalam kitab *Sullam al-Nayroin* karangan Kyai Muhammad Mansur al-Batwi (w. 1967M).

Mengetahui kemunculan terlihatnya anak bulan (hilal) di dalam Islam sangat penting. Ini kerana awal bulan hijrah ditentukan dengan melihat anak bulan pada 29 haribulan (hb). Apabila terlihat, maka tarikh hb bermula keesokan harinya. Jika ia tidak kelihatan, maka disempurnakan 30 hari.

Ini berdasarkan hadis yang

sahih dan tidak dipertikaikan lagi oleh ulama empat mazhab iaitu baginda SAW bersabda: *Berpuasalah kerana melihat anak bulan, berbukalah kerana melihat anak bulan, kalau mendung dalam kalian semua maka sempurnakan selayan 30 hari.* (Riwayat Muslim)

Ketika *hisab* dilakukan dan mengetahui misalnya tidak ada *imkan al-ru'yah*, maka Imam al-Subki dan Ibr Hajar berpendapat ditolaklah persaksian tersebut. Ini untuk menjaga agar tidak mudah terjadi persaksian palsu atau awan disangka bulan.

Di dalam tradisi falak Alami Melayu pula, tidak dapat untuk dilupakan adalah penggunaan *Rubu' Mujayyab (Sine Quadrant)* bagi penetapan waktu solat, kiblat, bahkan penentuan tinggi dan kedalaman sesuatu benda.

Atas ini sangat terkenal terutama di pondok-pondok sehingga banyak kitab

dikarang bagi mengajar murid cara menggunakan alat ini.

Pada hari ini, pihak Jabatan Mufti Negeri juga mengadakan kursus kepada pelajar yang berminat mempelajarinya. Di Negeri Sembilan misalnya, pengajian menggunakan *Rubu' Mujayyab* ini diajarkan di Masjid Negeri Negeri Sembilan, Seremban. Jabatan Mufti Negeri Selangor pula mengadakan kursus-kursus tahunan.

Mengetahui kemunculan gerhana bulan dan gerhana matahari dianggap signifikan kerana kesunatan melakukan solat sunat gerhana seperti yang termaktub di dalam berbagai sumber fikah.

Persiapan awal ketika mengetahui jangkaan tersebut dapat memudahkan umat dan pihak berkuasa agama menyediakan segala kemudahan kepada umat.

Walaupun ia hanya ibadah sunat, kepentingan perkara sunnah adalah ibadah yang

dapat membentuk generasi yang berjaya di bumi ini.

Dari segala fakta sejarah dan ilmu ini, menunjukkan walaupun ilmu falak sentiasa menerima perubahan dan pembaharuan, ia sentiasa diusahakan untuk selari dengan ilmu fikah yang menjadi teras mengapa falak ini diperlukan di dalam pengajaran Islam.

Ilmu falak tanpa panduan syariat dan fikah, hilang tujuan. Sedangkan ilmu fikah dengan tanpa bantuan ilmu falak maka ia adalah jumud dan menyusah umat. Apabila digabungkan kedua-duanya, maka majulah umat Islam dalam ilmu, amal dan tamadun.

Satu perkara perlu Malaysia syukur adalah kita dianugerahkan Allah negara makmur, hingga memiliki banyak balai cerap dengan fasiliti lengkap dan moden.

Balai cerap inilah menjadi pusat kegiatan mencerpak anak bulan, bintang, gerhana dan lain-lain. Dengan pelbagai fasiliti ini, sudah waktunya ilmu falak di Malaysia semakin disebarluaskan di seluruh fakultat pengajaran Islam Malaysia.

Latihan falak juga sepatutnya semakin diarus perdana agar ia tidak menjadi ilmu yang dikusasi oleh golongan elit akademik sahaja. Bahkan, ilmu falak yang berada di pondok-pondok dengan berbagai sumber *turath* (warisan) perlu dipertemukan dengan ilmu falak moden. Dua golongan ini sepatutnya duduk bersama, bermuzakarah dan saling berkontribusi agar saling membantu untuk pembangunan ilmu falak di Malaysia.

Pihak berkuasa tidak sepatutnya melihat ilmu semata-mata yang memiliki 'sijil akademik falak' sebagai pakar. Sebaliknya, beratus ulama falak di pondok-pondok seluruh nusantara, tidak bersifil falak. Namun karya mereka dibaca dan dikaji seluruh lapisan ilmuwan falak di dunia.

Ulama falak di pondok pula perlu mempelajari *hisab* moden agar hasil *hisabnya* tepat dan faktak. Maka benarlah kata-kata hikmah ulama:

al-muhafazah ala al-qadim al-salih wa al-akhuu bi al-jadid al-aslah (menjaga perkara lama yang baik dan mengambil perkara baru yang lebih baik). Selamat bermuzakarah!

KETETAPAN BAHARU JAIS

Jumlah jemaah ditambah lagi

Shah Alam: Berita menggembirakan kariah di Selangor apabila bilangan jemaah bagi solat Jumaat, solat lima waktu dan program mengimarahkan di masjid, surau serta musolla di negeri ini dibenar untuk ditambah.

Ketetapan baharu diumumkan Jabatan Agama Islam Selangor (Jais) semalam selaras titah Sultan Selangor, Sultan Sharafuddin Idris Shah kelmarin.

Pengarah Jais, Datuk Mohd Shahzihan Ahmad (**gambar**) berkata, penambahan bilangan jemaah ditetapkan mengikut kategorinya dan berkuat kuasa bermula semalam di seluruh Selangor sehingga ke suatu tempoh yang akan ditetapkan dari semasa ke semasa.

"Enam masjid di bawah kategori masjid negeri dan masjid diraja, ini termasuk Masjid Sultan Salahuddin Abdul Aziz Shah (Masjid Negeri), 3,500 jemaah termasuk pentadbir masjid bagi solat Jumaat, 500 jemaah termasuk pentadbir masjid bagi solat lima waktu.

"Manakala Masjid Raja Haji Fi Sabilillah, Cyberjaya pula, bilangan jemaah 2,000 termasuk pentadbir masjid bagi solat Jumaat, 400 jemaah termasuk pentadbir masjid bagi solat lima waktu.

"Bagi Masjid Tengku Ampuan Jameah, Bukit

Jelutong pula, 1,500 termasuk pentadbir masjid bagi solat Jumaat, 400 jemaah termasuk pentadbir masjid bagi solat lima waktu," katanya.

Mohd Shahzihan berkata, Masjid Diraja Sultan Suleiman, Klang dibenarkan 700 jemaah termasuk pentadbir masjid bagi solat Jumaat manakala Masjid Sultan Abdul Aziz, Puluau Indah dan Masjid Diraja Sultan Ala'eddin, Kg Bandar Jugra Banting pulă 400 jemaah.

"Bagi ketiga-tiga masjid ini, 400 jemaah termasuk pentadbir masjid bagi solat lima waktu," katanya.

Beliau berkata, bagi masjid daerah dan institusi pula, jumlah jemaah bagi solat Jumaat dan solat lima waktu, ketetapan dibuat bergantung kepada kapasiti masjid.

"Sebanyak tiga masjid daerah ditetapkan 1,000 jemaah iaitu Masjid Jamek Ar-Rahimiah, Klang; Masjid Jamek Sultan Hisamuddin, Sepang dan Masjid Jamek Ar-Rahimah, Hulu Selangor.

"Tiga masjid institusi pula dibenarkan sehingga 1,200 jemaah seperti Masjid Sultan Abdul Samad, KLIA, Masjid Sultan Ahmad Shah UIA dan Masjid Uniten.

"Bagi semua masjid daerah dan institusi ini, 300 jemaah termasuk pentadbir masjid bagi solat lima waktu," katanya.

Elak kawasan pantai sepanjang air pasang besar

SHAH ALAM -

Penduduk dan pengunjung berdekatan pesisiran pantai dan kawasan permukaan air dinasihatkan berwaspada berikutnya fenomena air pasang besar yang diramal melanda empat kawasan di Selangor mulai Jumaat ini.

Menteri Besar Selangor, Datuk Seri Amirudin Shari berkata, Jabatan Meteorologi memramalkan fenomena air pasang besar berlaku selama empat hari sehingga Isnin depan.

Menurutnya, empat kawasan di negeri ini yang mengalami fenomena air pasang besar iaitu Klang, Kuala Langat, Sabak Bernam dan Kuala Selangor.

"Penduduk dan pengunjung dinasihatkan berwaspada selain memantau keadaan cuaca," katanya dalam satu hantarannya di Facebook beliau pada Isnin.

Amirudin berkongsi infografik berhubung notis berwaspada yang mengingatkan penduduk dan pengunjung menjauhi pesisiran pantai sepanjang tempoh air pasang besar.

Menerusi infografik berhubung notis berwaspada dikongsi Amirudin di Facebook, beliau turut mengingatkan penduduk dan pengunjung menjauhi pesisiran pantai sepanjang tempoh air pa-

sang besar.

Amirudin juga mengingatkan penduduk supaya memantau keadaan cuaca yang berpotensi meningkatkan risiko banjir kilat, limpahan air laut dan banjir pantai.

Sepang's new tourism campaign aims to pull in more domestic tourists >4

By JAROD LIM

SEPANG Municipal Council (MPSepang) has introduced a tourism campaign to attract more domestic visitors to the municipality.

Named "Sepang Dihati, Jom Bersegi @ Sepang" (Sepang in the heart, let's holiday @ Sepang), the programme replaces Visit Sepang Year 2019, which could not be carried out last year because of the Covid-19 pandemic.

MPSepang president Datuk Abd Hamid Hussain said RM6500,000 had been allocated by the Housing and Local Government Ministry to upgrade the Sirip Biru Jetty and food courts in Bagan Lalang.

"The allocated funds will be used to give these attractions a new lease of life."

"Now that Selangor is in Phase Four of the National Recovery Plan, tourists have started coming in."

"To help the local tourism industry recover, MPSepang is helping industry players by promoting their services," he said during a visit to Sirip Biru Jetty in Bagan Lalang, Selangor.

Based on Tourism Selangor Sdn Bhd data, Abd Hamid added that 749,775 visitors were recorded in Sepang last year.

"Out of this figure, domestic travellers were 461,663 while the rest were international tourists."

"As Sepang has various water-based activities and fresh seafood

products, we are optimistic that tourism here will pick up soon," he said.

Visitors can rent a boat to get to raft houses on Sungai Sepang and enjoy fishing from the wooden structures.

Kayaking is also available along the river and the area is known

for fresh fruits as well.

HL Nursery Trading is popular with visitors for its dragon fruit farm.

Besides touring the farm, visitors can learn about dragon fruit and try out chicken curry stuffed buns and dragon fruit juice at HL Restaurant and Cafe.

Tajuk Berita	:	Aviation show in Selangor to feature 43 companies
Muka Surat	:	9

By C.Y. LEE
cheyoong@thestar.com.my

THE inaugural Selangor Aviation Show (SAS 2021) from Nov 25 to 27 will focus on re-energising the business and general aviation industry following the impact of the Covid-19 pandemic.

Hosted by Selangor government and organised by Invest Selangor Bhd, the aviation show will take place at SkyPark Regional Aviation Centre in Subang and is expected to draw more than 5,000 visitors.

Some 43 local and international companies from the aerospace and aviation industry will participate in the event, either on the tarmac or at exhibition booths at the venue.

"After several delays in fixing the event dates, we decided earlier this year that we needed to proceed with the event to assist the industry after the devastation caused by the pandemic," said Selangor investment, industry and trade, small and medium industries committee chairman Datuk Teng Chang Khim during the launch.

"SAS 2021 will mainly focus on the business and general aviation community in and out of Subang Airport."

"We announced a target of about 30 exhibitors in March this year and we are happy to update that we have exceeded that target for this year's edition."

Teng also said that the event would be the culmination of work done by Invest Selangor over the past several years stemming from the formation of the Selangor Darul Ehsan Aerospace Industry Coordination Office division, formed under the recommendation of the Selangor Aerospace Action Plan 2020-2030.

"SAS 2021 will be open to industry professionals and trade visitors for the first two days and to the public on the third day, especially to tertiary students to inspire them

to consider the aerospace industry as their calling for a career when their time comes."

Some hangars and apron space will be deployed for the exhibitions and other parallel activities, including for static aircraft displays at the venue.

"Despite the interest both from the industry and the public, we are targeting around 5,000 visitors for this inaugural show in light of the current pandemic situation and to

allow for proper SOP and enhanced social distancing," Teng added.

Selangor Menteri Besar Datuk Seri Amirudin Shari said that while expectations were for the aerospace industry to start recovering from 2022 onwards and potentially reach pre-pandemic levels of travel and activity by 2024, the state government believed that the effort should start now.

"Across the world, we saw many

airlines collapsing during the pandemic except for cargo carriers. Air traffic for travellers has reduced tremendously, and it will take years for the sector to recover.

"However, business and general aviation had proven to be more resilient as the rate of decline was lower than airlines and the recovery was much quicker and more sustainable."

"Over the years, Selangor has emphasised the need to develop

the aerospace ecosystem by promoting investment in industry sub-sectors such as airlines, airports, aerospace infrastructure and manufacturing activities.

"Going forward, Selangor is seeing the significant potential for accelerated growth in a lesser noticed sub-sector of the industry, that of the business and general aviation sub-sector."

Amirudin also urged business and general aviation industry players to work closely with the state government.

"Put aside the uncertainties and pessimism and take the opportunity that SAS 2021 presents a 'reset button' for the industry as we start to emerge from the pandemic," he said.

Two major international business aviation original equipment manufacturers — Dassault Aviation and Embraer — will be participating in Selangor's maiden air show and will be bringing their aircrafts to be displayed at SAS 2021.

The event is supported by Matrade and its strategic partner, the International Trade and Industry Ministry and National Aerospace Industry Coordinating Office.

The event will be open to the public on Nov 27. However, visitors must register and schedule their visits accordingly for the organiser to monitor the crowd.

Those interested in attending the show can visit www.selangoraviationshow.com for details.

Air Selangor completes RM1b SRI sukuk, MTN issuance

KUALA LUMPUR: Pengurusan Air Selangor Sdn Bhd (Air Selangor) has completed a RM1 billion issuance under its RM10 billion sukuk murabahah programme.

Air Selangor said in a statement yesterday the issuance comprised its inaugural RM430 million sustainable and responsible investment (SRI) Sukuk Kelestarian Air Selangor and its second tranche of RM570 million Islamic medium-term notes (MTN) across four series ranging from seven to 20 years.

"Proceeds from the SRI Sukuk Kelestarian will be used to finance eligible projects in compliance with Air Selangor's Sus-

tainable Development Sukuk Kelestarian Framework that include sustainable water supply and sustainable water management projects, all of which are in line with Air Selangor's sustainability strategies," it said.

Bank Islam Malaysia Bhd, CIMB Investment Bank Bhd and OCBC Al-Amin Bank Bhd are the joint lead managers of the sukuk issuance.

"The sukuk murabahah programme has been reaffirmed the long- and short-term ratings of 'AAA', with 'stable' outlook and 'P1', respectively, by RAM Rating Services Sdn Bhd on Sept 13," it added. **Bernama**

Akhbar	:	The Sun
Tajuk Berita	:	When the music dies
Muka Surat	:	1

■ BY SHIVANI SUPRAMANI
newsdesk@thesundaily.com

PETALING JAYA: The music for restaurant owners has been less than entertaining lately. Thanks to unclear and inconsistent enforcement of the law, some restaurant owners have been penalised for playing background music in their premises while the melody continues to flow for other business establishments.

"There has been a lot of confusion, and it is a headache for us in the food and beverage (F&B) industry," Restaurant and Bistro Owners Association vice-president Jeremy Lim told *theSun*.

Lim sees it as selective enforcement and victimisation of his segment of the F&B sector.

"If you walk into a fast food chain, salon or grocery chain store, there is music in the background but the owners of these premises are not slapped with a RM25,000 fine," he pointed out.

He was referring to a recent local news portal report that a restaurant owner in Petaling Jaya was fined RM25,000 for playing piped-in music at his premises in March.

According to the report, the Majlis Bandaraya Petaling Jaya cited the restaurant owner for playing music without an entertainment licence.

However, Lim said the entertainment enactment in Selangor specifies that exceptions have been made for music played on a smartphone.

"I believe the enforcement team did not know the enactment in detail, nor did they take a business friendly approach," he said.

He pointed out that almost all music played in restaurants and bistros are streamed through a smartphone. "However, if a licence is required, tell us so and we'll apply for the

licencce. Also, make sure there is no red tape," he added.

Lim said he has also received reports from members of the association that when they submit an application for an entertainment licence now, they are turned away on the basis that any form of entertainment is still prohibited.

Under the movement control order to curb the spread of Covid-19 introduced last year, entertainment such as "live" shows have been disallowed.

He said the lack of alignment between the

standard operating procedures (SOP) issued by the National Security Council (NSC) and the local authorities' by-laws has been causing

Lim said representatives of the association were scheduled to meet Selangor Menteri Besar Datuk Seri Amirudin Shari in August to discuss the issue but the meeting was postponed. That was their third failed attempt to meet the menteri besar.

He said he had written to Selangor state legal adviser Datuk Salim Soib to seek clarity on the matter but has yet to receive a response. "It's been a week now," he said.

Lawyer Xenia Z.C. Lok explained that under Section 2(f) and 4(1) of the Entertainment Act, the "transmission of music by way of telephony and radio" is not considered entertainment.

By that definition, it would mean that restaurant owners who play music streamed through their smartphones for the listening pleasure of customers would not be running foul of the law.

However, music that is played on mediums apart from smartphones, such as CDs, is considered entertainment and therefore must be licensed.

Lok pointed out that under Article 75 of the Federal Constitution, if state or local government laws are inconsistent with federal legislations, then the federal legislations should prevail.

front
page

Councils should have own policies

Similarly, those who have been issued compounds for allegedly breaching the Covid-19 SOP introduced by local authorities could take the matter up for judicial review if they are convinced that it is inconsistent with NSC's SOP.

Citing some examples, Lok said there have been instances when hawkers have taken local authorities to court after being penalised for breaking the SOP on the grounds that the actions contravened Articles 5 and 8 of the Federal Constitution. The hawkers had been cited for continuing with their businesses despite not being fully vaccinated.

Former MBPJ councillor Farhan Haziq Mohamed said under the Entertainment Act and 1995 of Selangor, which applies to all local authorities in the state, "entertainment" is defined as a "reproduction or broadcast by any means for any music, song or speech".

"By that definition, intended or otherwise, it would mean that whoever wants to play music at his premises must have an entertainment licence, whether or not the premises are used for entertainment activities. In this case, it affects restaurant owners," he told *theSun*.

Nonetheless, he said local councils should have their own policies to help them decide whether to penalise businesses for playing piped-in music.

"After all, shopping malls are already doing it without a hitch," he added.

民众兜转多圈还找不到泊车位时，就随意把车辆泊在诊所前的路旁、转角处或是双重泊车，甚至把车辆泊在安邦美华2路住家前。

双泊阻挡进出

安邦美华2路居民对于民众把车辆泊在他们的住家前，阻挡他们进出而深表不满。

安邦再也市议员彭小芳接获投诉后，今日与市议会工程组官员哈京和助理阿立到场视察。

彭小芳向《大都会》社区报说，市议会将把诊疗所前的安邦美华大路将改为单向道，并试跑一段时间。

“试跑期间，我们会进行观察，确保在改道后，该地区的交通堵塞问题获得改善。”

更多空间方便病患上下车

她说，有关的单向道路线将由市议会规划，诊所前的大路改为单向道后，会有更多空间，也方便病患家人在诊所前让病患上车或下车。

她表示，除了把诊所前的大路改

紓緩交通堵塞

为单向道，市议会也会重新规划该处的泊车位和重新画线，并竖立市议会的告示牌，避免民众随意泊车。

她说，市议会在该处竖立告示牌也是避免发生非法收泊车费的问题，目前，市议会未在该地区实施泊车收费制。她表示，为免民众乱泊车，他们鼓励民众把车辆泊在成功中心的泊车场，不过，需缴交2令吉的泊车费。

德士停驻候客阻碍交通

她指出，目前，除了民众胡乱泊

车导致交通堵塞外，德士停在诊所前候客也阻碍交通，这些问题都需要重新规划。

“另外，市议会已指示承包商清理诊所前的建筑材料，该诊所刻进行扩建工程。”

她也说，该诊所提供的疫苗接种服务至明年3月，若不调整该地区的交通路线，堵塞问题将无法解决。

她表示，学校在今天已重新开课，诊所前的大路可衔接到底安邦华小，在放学时段，将会出现交通堵塞。

德士、摩托车和轿车堵在诊所大门处，救护车要进入也面对问题。

(加影1日讯)无拉港多区也因午后豪雨而发生闪电水灾!

行动党无拉港州议员王诗棋今晚8时许在脸书贴文指出，无拉港区包括无拉港新村、首都镇第四区、万年花园、金沙花园等地方均面对不同程度的水灾问题。

目前她正在等待水利灌溉局的报告，并尝试通过因积水导致严重塞车的道路，以前往金沙花园巡视。

据本报记者了解，无拉港新村2/13路水灾后，导致该区两间屋子淹水，居民非常无奈。

斯里沙登出现闪电水灾情况。

(圖由受訪者提供)

(沙登1日讯)午後豪雨，加上兩小時的降雨量達127毫米，又再造威沙登多個地區傳出闪电水灾和數宗樹倒報！

据了解，这次发生闪电水灾的地点包括古腰路（Jalan Kuyoh）、金马7路（Jalan Jinma 7）、沙登岭部分地区、沙登新村的SK5/2路、SK9/6路及沙登拉也的乌达玛路、沙登怡麗園一带和斯里沙登部分地区等。同时，在沙登火车站前的双向车道也因积水而无法通车，部分车辆和摩托车纷纷被迫转进商区等水退，导致该路出现车龙。

据了解，尽管沙登火车站前双向车道在以往是“积水灾区”，但在近期的闪电水灾中，都没有再重演积水，但今午雨量太大，最终再发生水灾。

沙登火车站中断服务

此外，马来亚铁道公司（KTM）也在脸书发帖指出，沙登火车站的服务因水灾原因被迫暂时中断，火车将在其前后一站，即南湖镇（Bandar Tasik Selatan）或加影站折返。

他补充，当水位高涨后，古腰河水泵抽水系统就已开始运作。

水位一度达到成人膝盖

据了解，部分地区的水位一度达到一个成年人的膝盖位置。

另外，当地居民表示，今午4时许开始下雨，期间也曾停雨，高涨的水位有稍退的迹象，惟之后暴雨复返，积水又随之升高。

创建集团推介太子城梦之家

(吉隆坡讯) 林木生集团(LBS)旗下涉及建筑与房地产发展的子公司，即创建集团(MGB)宣布正式推介位于太子城(Bandar Saujana Putra)的Idaman BSP可负担房屋计划。太子城梦之家是创建集团此前获颁建造6项我的雪兰

莪MBI梦之家(Rumah Selangorku IdamanMBI)下首推出的项目。创建集团将以其工业化建筑系统(IBS)，预制构件技术建造合计7210间我的雪兰莪MBI梦之家下的可负担房屋。

创建集团与雪州投资有限公司(PNSB)建筑私人有限公司联营组成PCSB- 创建财团，旨在策略地理位置，建造我的雪兰莪MBI梦之家可负担房屋。其中，包括位于太子城梦之家、位于龙溪的KITA梦之家和Melur梦之家、坐落本查阿南的Perdana梦之家、莎亚南Ca-haya梦之家、以及蒲种Sari梦之家。这些三卧二浴室的高层房屋售价从25万令吉起，最小建筑面积为1000平方尺，配备两个停车位、3台冷气机、1台电视机、电视柜、厨柜、3个衣橱、冰箱和热水器。

6项我的雪兰莪MBI梦之家当中，太子城梦之家位于快速发展的太子城镇，靠近赛城和蒲种，可轻松链接主要高速公路，前往临近城镇。同时，方便前往便利公共设施，包括警察局、医院、消防局、学校以及购物商场，预计2022年

底前推介另外5项我的雪兰莪MBI梦之家。

我的雪兰莪MBI梦之家是由雪州政府发起的房屋计划，为符合资格的公民提供可负担房屋。此计划下，凡在雪州工作或居住的国民，年满18岁，且家庭月入介于3001令吉至1万令吉之间的房屋首购族。

创建集团执行副主席丹斯里林福山表示：“我们很高兴能在2021年第四季度推出太子城梦之家，并支持雪州政府在2025前，建造3万间可负担房屋的目标。我们正逐渐摆脱疫情，因此目前正是推介此房屋计划的好时机。感谢政府对我们交付项目的信任，我们非常重视开发项目的质量、效率和交付时效，将努力不懈以确保所有我的雪兰莪MBI梦之家项目顺利建竣。”
